Barry

153-18-1

Copy for 153-18-1

153-18-6

Ottawa,
February 4, 1941.

Dear Sir:

I am in receipt of your letter of the 27th ultimo enclosing Captain Barry's report of his recent inspection of the Katzie Indian Day School. I agree with your recommendation that the school should be inspected again about May or June and you will no doubt make the necessary arrangements in this regard with Inspector Barry.

After carefully considering the contents of Inspector Barry's report I am under the impression that we should dispense with the services of Miss Daly at the end of the current academic year unless Inspector Barry finds, on his next inspection, that there has been a very decided improvement both in the work and in the teacher's attitude toward it. In order to permit a month's notice being given to Miss Daly in the event of her dismissal it would be advisable to have the school inspected early in May.

I cannot agree that there is any advantage in reducing the length of the academic year at this school so drastically as suggested by Inspector Barry. Every endeavour should be made, however, to increase the attendance at this school.

Yours truly,

Major D.M. MacKay,
Indian Commissioner,

INDIAN AFFAIRS when
letter is signed

Personal

Ottawa, November 26, 1940.

Dear Mr. Cruickshank:

I have for acknowledgment your letter of November 20, in which you refer to a misunderstanding that appears to have arisen between Miss L. M. Dynes, clerk at the New Westminster Indian Agency, and Miss Maureen Daly, teacher at present in charge of the Katzie Indian Day School, Port Hammond, B. C.

The officials of the Indian Affairs Branch inform me that teachers in charge of Indian day and residential schools are encouraged to attend teachers' conventions wherever it is convenient for them to do so. It is usual, however, for our teachers to secure written permission from Indian agents before abandoning their schools. It is just possible that Miss Daly, being a recently appointed teacher, failed to secure the Indian agent's consent.

I can only express regret that this misunderstanding has arisen. It is my hope that the explanation I am sending forward will enable Miss Daly to secure the time necessary to attend any conventions she may care to attend in the future.

Yours sincerely,

W. J. F. PRATT

MEMORANDUM

Nov. 22, 1940

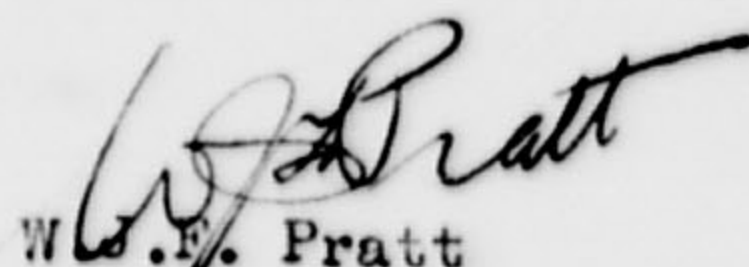

THE DEPUTY MINISTER

Katzie Indian Day School, Hammond, B.C.
re- Miss Maureen Daly, teacher.

Mr. George Cruickshank, M.P. has written me confidentially on behalf of Miss Daly, in the matter of certain criticism by Miss Dynes of the New Westminster Indian Agency office of Miss Daly's action in closing her school for a day to attend a B.C. Teachers' Convention. A copy of Mr. Cruickshank's letter is attached hereto.,- dated Nov. 20.

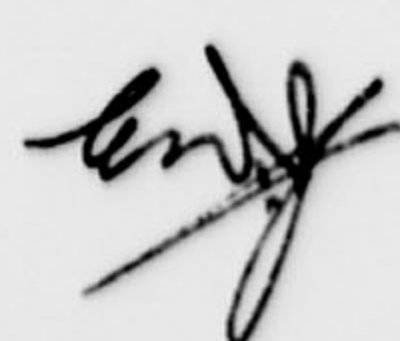

Please let me have a draft reply fully covering the case, and also his enquiry in the last paragraph.

W.E. Pratt
Private Secretary.

Encl.

Dr. McGill -

For draft reply as requested.

C o p y

HOUSE OF COMMONS
Canada

OTTAWA,
November 20, 1940

CONFIDENTIAL

Mr. W.J.F. Pratt,
Private Secretary to the
Minister of Mines and Resources,
O T T A W A.

Dear Mr. Pratt:

Miss Maureen Daly, teacher at the Katzie Indian Day School, Hammond, B.C., closed her school for a day in order to attend a B.C. Teachers' convention, and Miss Dynes, stenographer at the Indian Agency Office at New Westminster, came to her school and demanded a written apology for the action in closing the school. Miss Daly refused to give this apology and apparently there is a great deal of friction over the matter.

Surely it is right for a teacher at an Indian Day School to attend a Teachers' Convention for a day and try to keep up with her work, particularly as I understand their appointment is merely temporary, and she may have to leave shortly to teach in the ordinary provincial schools.

Would you please advise me if it is contrary to the instructions of the Superintendent of Education for teachers in the Indian Department to attend an ordinary Teachers' Convention.

Yours very truly,

sgd) George Cruickshank

ARCHIVES PUBLIQUES

CANADA

Ottawa,
November 6, 1940.

Dear Madam:

With reference to your letter of the 3rd instant your salary rate is \$90.00 a teaching month. From this the following deductions are made:

1. National Defence tax -- which must be paid by all wage earners -- 2% \$ 1.80
2. An Order-in-Council recently passed provides that in the case of those engaged since September 1, 1939, a deduction of 5% of their salary must be made. This amount is funded and interest allowed at the rate of 4%. When you retire as teacher of an Indian day school the amount of the deduction, plus interest, will be paid to you. The 5% deduction amounts, monthly, to 4.50

You will note from the above that there is a total monthly deduction of \$6.30 which makes the amount you receive, namely, \$83.70, correct.

Yours truly,

Miss Maureen Daly,
Teacher,
Katzie Indian Day School,
Port Hammond, B.C.

Dear Sir:
I have just received my salary
cheque for Oct. and notice that it is
only for \$83.70 instead of \$90 clear per
month — \$810 clear for nine months —
as Capt. Barry, School Inspector, assured
me it would be. That was our
agreement.

I should be much obliged
if you would look into this matter
at once. I am also writing to Capt.
Barry about it.

Yours truly,
(Miss) Maureen Galy.

Dear Sir:

153 - 18 - 6
Replying to your letter of the 3rd instant with reference to Mr. Inspector Barry's inspection report of Katzie school, dated the 23rd ultimo, I would advise that while the services of Miss Daly, the teacher, are considered satisfactory and she would be retained during the academic year 1941-42, the Inspector is of the opinion that she would endeavor to secure an appointment at a white school. Meanwhile, no further action is being taken in the matter until I hear definitely that she wishes to resign.

Yours faithfully,

For D.M. MacKay,
Indian Commissioner for B.C.

Dear Madam:-

Your letter of the 24th instant, addressed to the Secretary, Indian Affairs Branch, has been referred to this office for reply.

Under Treasury Board Minute No.201263, of the 9th December, 1940, authority is given, effective January 1, 1941, for the deduction and transfer to the Province of British Columbia of 1% from the salaries of all Dominion Government employees residing in British Columbia.

The salaries of unmarried persons are exempt from the above-noted to the extent of \$600 per annum. Therefore in your case only \$40 a month is taxable (\$90 - \$50) at 1% = .40¢, the amount deducted from your salary from January 1, 1941.

Yours truly,

L.W. McCutcheon

AIR MAIL

Dear Sir:

I am forwarding herewith an application received from Miss M. Daly, teacher of the Katzie Indian Day School, New Westminster Agency, for permission to attend the Teachers' Convention on November 10th next.

Inspector Barry informs me that the Provincial Department of Education and the School Boards in British Columbia almost invariably give teachers in their employment permission to close school for one day in order that such teachers may attend the local Teachers' Convention.

I would recommend that Miss Daly be given permission to close the Katzie Indian Day School on November 10th without loss of pay. The Department's decision is requested by air mail in order that the teacher may be informed as soon as possible.

Yours faithfully,

D.M. MacKay,
Indian Commissioner for B.C.

Re: Katzie Day School

Dear Sir:

I desire to acknowledge receipt of your letter of the 12th instant and also a letter of resignation received by you from Miss Maureen Daly as teacher of the above-noted school.

It is noted that you have asked Archbishop Duke to nominate a teacher for the vacant position.

In this connection I have been wondering if any action could be taken to encourage teachers to give at least one month's notice when retiring from positions at our schools. We have been deluged with a large number of resignations recently and it is almost impossible for the Department to secure teachers at this comparatively late date. If teachers in charge of public schools acted in this way, their certificates would be immediately cancelled by the Department of Education. This is a matter you might well discuss with the provincial authorities during one of your visits to Victoria.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

NEW WESTMINSTER, B.C.
September 8th, 1942.

Your File No. 215-9-86.

Dear Sir:-

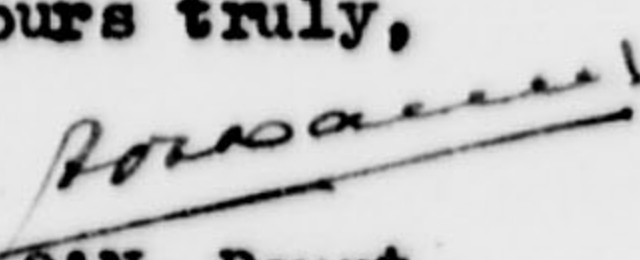

I beg to acknowledge receipt of your letter dated September 5th, enclosing a copy of the resignation submitted by Miss Maureen Daly of her position as teacher at the Katzie Indian Day School.

This School, since it was opened in 1923, has been a difficult one to keep up to quota, and for the last two or three years the Department has paid for the operation of a ferry-boat from the south bank of the Fraser River, in order to assist in this direction. Even with this assistance, the average attendance has only been nine pupils. The children arriving at school age this summer will barely balance the discharges, so we cannot hope for any improvement in this condition. So far as attendance is concerned, therefore, I do not think this School warrants its continuation.

On the other hand, however, the question arises of what we are to do with this average of nine pupils? The St. Mary's Mission Indian Residential School is full to capacity and they cannot be taken in there. Langley Municipal Schools on the south shore, and Pitt Meadows, on the north shore of the Fraser, are not very conveniently situated for the Reserves, even if the local Authorities were willing to accept Indian children.

It would seem that if these children are to continue to receive an education, we have no option but to endeavour to get a new teacher and continue to operate the school for the time being.

Yours truly,

A.O.N. Daunt.

P.O. BOX 70
VANCOUVER, B.C.

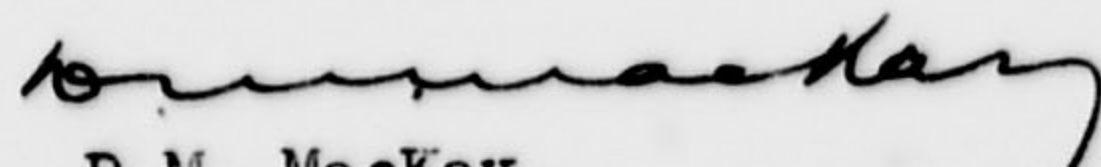

September 23, 1942.

Dear Sir:

With reference to your letter of the 17th instant, file 153-18-1, in connection with the resignation of Miss Maureen Daly as teacher of the Katzie Day School, I would advise that this teacher gave ample notice of her resignation, this being dated August 31st last. It was not immediately forwarded to the Department, however, as enquiries were being made of Mr. Indian Agent Daunt as to whether he considered it advisable to continue this school in operation, copy of his reply of the 8th instant being enclosed herewith.

The present difficulty of teachers resigning on short notice has been due to the demand for them in the various war services in the Province and in view of the grave shortage of teachers for Provincial Schools it is doubtful if the Provincial Department of Education would agree to cancel the certificates of our teachers who are resigning without giving sufficient notice. However, I will discuss the problem with Dr. Willis when I am next in Victoria.

Yours faithfully,

D.M. MacKay,
Indian Commissioner for B.C.

Dear Sir:-

x

x

x

No teachers have as yet been found for the Chehalis and Katzie Indian Day Schools. Many of the families are, however, away so it is not such a hardship as might at first appear. Attendance at both the Skwah and Pemberton Schools have been affected by the absence of families who are working at distant points.

Re- Katzie School.

The roof of the above named school is in need of repair. Although it has not functioned for several years, it nevertheless should be reshingled as it is leaking and if allowed to remain as is, the lining, ceiling and flooring will be damaged. An amount of \$203.00, was placed in the current year's estimates for this work.

Jordan's, General Merchants at Port Hammond, had their building contractor make a survey, and their tender is attached for \$232.40, plus \$55.00 for paint work. Every window-pane in the building is broken. The cost of supplying the glass and glazing, will according to Jordan's cost \$97.50.

These repairs may be held in abeyance, pending the reopening of the school. The windows are boarded up, and I think no further damage will be done.

The Indians of Katzie have requested that the school be reopened. I am gathering data as to the number of children etc, and will submit a report in the very near future.

J. Gillett,
Indian Agent.

Repairs to Buildings - The only Departmentally owned Buildings in the Agency are four Day Schools, viz:- Pemberton, Chehalis, Skwah and Katzie. These are all in fair repair, except Katzie. This latter School has been closed for two years, and most of the windows were broken by boys. We boarded them all up, so no further damage is possible. The roof is also in poor condition, and we stopped actual leaks with such material as was on hand. The desks were all shipped to Skeena Agency in January. Both Chehalis and Skwah Schools should be painted and redecorated, but it is impossible to interest people in submitting tenders at the present time. When there is more work available in the cities and towns than can be attended to, no workmen are anxious to go out in the country on jobs. The buildings will really come to no harm until after the war, but they should certainly be attended to then.

PLEASE QUOTE
FILE 1-8-E.

NEW WESTMINSTER, B.C.
August 13th, 1946.

Major D.M. MacKay, Indian Commissioner, Vancouver, B.C.

Your File No. 215-8-4814.

Attached hereto is a resolution of the Katzie Band of Indians, requesting the establishment of their School.

I have made a survey of the number of children belonging to the Band, and my findings are on the enclosed list, for the years 1946 to 1952 inclusive.

I have recently canvassed the homes, and I doubt if it would be advisable to reopen the School for the following reasons:-

1. Four parents only, comprising nine children pledged to send their children to School.
2. Four of the nine children would have to be transported daily by boat at a cost of \$3.00.
3. Two children living on the Reserve on which the School is situated can attend a White School.
4. Ten children will be at the Canneries with their parents indefinitely.

I would recommend, therefore, that an expenditure of \$287.40 for repairs to the roof only be authorized for the time being.

J. Gillett

Indian Affairs Branch, Dept. of Mines and Resources,
Ottawa, Ont.

I am forwarding Mr. Indian Agent Gillett's
letters of August 2nd and 13th in connection with
the Katzie Indian Day School.

It will be noted that the available pupilage
amounts to nine, four of whom have to be transported
daily across the river by boat at a cost of \$3.00 a
day. I agree with Mr. Gillett that it would not be
advisable to reopen the school until there is an increase
in the available pupilage, but as it is considered
advisable that the school building be kept in good repair
I would recommend that an expenditure of \$287.40 be
authorized to repair the roof.

Katzie Indian Day School.

Ref. your 215-8-4890 of August 15, 1946.

The Department concurs in your recommendation that the above school should not be re-opened at the present time for the following reasons:

- (a) . Shortage of teachers
- (b) . More immediate need of teachers at other Indian schools with larger attendance in British Columbia.
- (c) . Small pupilage available in the vicinity of this school for regular attendance.

I would recommend that the Indian Agent try to get as many as possible admitted to the Provincial Schools at the usual tuition rates.

I will write you further on the expenditure of \$267.40 for repairs pending the passing of our Supplementary Estimates.

Re: Proposed School, Hope I.R.#1
Your file 816-1 (E)

I have to refer to Mr. Neary's letter of August 3rd which, although headed Katsie Indian Day School, should properly refer to Hope I.R. #1, at Katz, B.C.

We have, since receipt of Mr. Neary's letter referred to, received active representations from a well-meaning group of white citizens in that locality for the establishment of a school at this point, but apart from the fact that we are finding it almost impossible to secure Catholic teachers for one or two schools which are already established, a survey of the available pupilage on Hope I.R. No. 1 indicates that the enrolment would not likely warrant the operation of a school at this point.

It is considered that the matter should be left in abeyance for this year at any rate.

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St. John's Indian Day School for the Quarter ended June 30 19 40

Teacher Mary M. M. Winter

P.O. Address Post Hammond P.O.

Dated July 15 19 40

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

Thomas
Indian Agent.

Dated at New Westminster
this 2nd July 19 40

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. I.A. 409
9537

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation of this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of ten teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Indian Affairs Branch, Department of Mines and Resources, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

SIR:-

I beg to forward you herewith, the
Report of Miss Maureen Daly, teacher at the Katzie
Indian Day School, for the quarter ending December
31st, 1940.

In connection with the holiday shown
as "Teacher's Convention", I may say that Miss Daly
wrote me saying she was going, but the letter arrived
here, on the morning of the Convention, when she had
already left the school, so I was unable to stop her.
She has since been told by both the School Inspector,
and myself, that she must not leave her duties without
proper sanction.

Your obedient servant,

A.G. N. Daunt,
Indian Agent.

Encl.

8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. I.A. 409

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation of this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of ten teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Indian Affairs Branch, Department of Mines and Resources, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Katzie Indian Day School for the Quarter ended March 31st 1941

Teacher Maureen Daly,

P.O. Address Port Hammond, B.C.

Dated March 31st 1941

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

R. W. [Signature]
Indian Agent.

Dated at New Westminster,
this 2nd April 1941

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. I.A. 409

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within return is a true and faithful statement of the attendance and tuition at the Katzie Indian Day School for the Quarter ended June 30th 1942

Teacher (Miss) M. Daly

P. O. Address Port Hammond, B.C.

Dated June 30th 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at New Westminster this 7th July 1942
Indian Agent [Signature]

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. 144

INDIAN DAY SCHOOL REGULATIONS

All Indian schools shall be kept open for not less than 200 days in each year.

Schools shall be opened after the summer holidays on September 1, unless this date should be Labour Day, and shall close for Christmas holidays on December 22.

The winter term will commence on January 3, and end on June 30 in each year.

The following holidays will be allowed during the year:—All Saturdays, Labour Day, all local, municipal, Dominion or Provincial, public fast or thanksgiving days, Victoria Day, the King's Birthday, Good Friday, Easter Monday, the remainder of the week following Easter Monday.

In addition to the above, the Roman Catholic schools will be allowed as holidays a limited number of holy days of obligation, not exceeding five in all, which will be accounted as teaching days and for which payment of salary will be allowed.

Where in the interest of the school work such action may be desirable, the holidays allowed during the summer (two months) may, upon the recommendation of the local Agent, be taken at some other time of the year; but no change is to be made without the express approval of the Department.

The morning session shall be from 9 a.m. to 12 noon, and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes.

Salaries of teachers will be paid on a basis of ten (10) teaching months in each school year, open during one month in the quarter ending September 30 (unless special permission has otherwise been granted), payment of salary for that quarter will be for one month only. During each of the other quarters in the school year—if school is regularly taught—three months salary will be paid at the end of the quarter.

Summer holidays are not taken into account in payment of yearly salaries. Each school year shall begin and end on the dates mentioned above, and the yearly salary allowed will be paid for the period taught between those dates only, unless, as heretofore stated, special provision has been granted for a change in the holiday period.

All teachers will be required to give at least one month's notice of their intention to resign.

All questions relating to the day school should be referred to the local Indian Agent.

(Original on No. 153-18-1.)

Ottawa, January 8th, 1925.

Sir:

I have your letter of the 31st ultimo, enclosing a communication which you received from Miss Mabel Boeur, teacher of the Katzie Indian Day School, in which she requests an increase in salary in lieu of living quarters which are provided in the case of the other two teachers in your Agency.

In reply I beg to say that the Department will allow Miss Boeur an increase of \$100 in her salary from the 1st instant. This will ^{raise} her salary from that date at the rate of \$900 per annum, which will be supplemented by the bonus provided by law. This is the full amount that we can provide for a teacher's services at this school. Kindly inform Miss Boeur accordingly.

Your obedient servant,

J. D. McLean

Sir:

I have your letter of the 10th instant, enclosing the resignation of Miss Mabel Boeur, teacher of the Katzie Indian Day School, to take effect March 31st, next. In reply I have to say that the resignation of Miss Boeur is accepted from the date mentioned.

It is noted that you will endeavour to obtain the services of a teacher to succeed Miss Boeur, and it is hoped that you will be able to nominate a qualified teacher to begin duties on or about April 1st, next. Please forward the name, qualifications and experience of the teacher whom you recommend be appointed. This matter should receive your early attention.

Sir:

I have your letter of the 5th instant, enclosing the application of Miss Mary Winter for the position as teacher of the Katzie Indian Day School, to begin duties May 1st, next. Copies of the testimonials from the Principal of the Provincial Normal School and the North Vancouver High School regarding the qualifications of Miss Winter were also received.

The Department will approve of the appointment of Miss Winter to succeed Miss Boeur, and to begin duties on the date mentioned above. The salary allowed Miss Winter will be at the rate of \$105 per teaching month. Please inform her of her appointment, and arrange with her to begin duties on the date mentioned. I have to request that you will give her every assistance you can in her work at this school.

JAN 18 1934
NEW WESTMINSTER, B.C.
January 13th, 1934.

SIR:-

We have received at this office Department Cheque No. 006978 for the sum of \$183.50, in favour of Miss Mary Winter, Teacher of the Katzie Indian Day School, Port Hammond, B.C., in this Agency, and on the cheque is marked, "December Quarter Salary".

This cheque should be for \$283.50, but I have turned it over to Miss Winter, as she is urgently in need of the money, but would ask that the balance due her of \$100.00 be forwarded here at your very early convenience, in order that she may receive her total salary for the December Quarter.

Your obedient servant,

A. M. D. Yates

for
A.O.N. Daunt.
Indian Agent.

Sir,-

Before the end of the current month, you will receive the March quarter salary cheques of the teachers of the Chehalis and Katzie Indian Day Schools.

Provided the teachers have been on duty during the quarter, you can deliver their cheques to them and, at the same time, secure the March quarter returns, which should be promptly forwarded to the Department.

Your obedient servant,

J. D. Sutherland.
Acting Supt. of Indian Education.

March 16th, 1939.

PLEASE QUOTE
FILE 1-8-E.

SIR:-

I am informed by Miss Mary Winter, Teacher of the Katzie Indian Day School, that her requisition for school and janitor supplies, dated the 26th of December, has been incompletely filled.

She requested six copies of high roads readers, primer, and received none. High roads readers, book one, six copies and received one. High roads readers, book two, requested four copies and received one. High roads readers, book three, requested four and received one. High roads readers, book 4, copies requested three and got one.

On the second page of her requisition, she asked for the following, which were not authorized by the Department:-

Plane (5½ in.)
Brace and Bit.
Colorless varnish.
Axe
Two Brooms
2 Pails
2 Gallons of floor oil.
2 Dozen cakes of soap
8 Lengths of stove pipe.
120 Feet of halliard wire for flag pole.
Lumber for building a cupboard for
woodwork tools and a bookshelf.

(The boys will perform this work them-)
(selves in connection with manual)
(training.)

If the Department are not prepared to authorize the above, I would be obliged if you would let me know.

The Inspector of School, Captain G.H. Barry, is pushing the handicraft work, and he lays particular stress on the "High Roads Readers", and expects to find them on hand, when he inspects the various Schools throughout the Agency.

Your obedient servant,

A.O.M. Daunt

Ottawa,
March 23, 1939.

Dear Sir:

With reference to your letter of the 16th instant you may purchase the following articles for use at the Katzie day school:

Plane (5½ in.)	2 Pails
Brace and bit	2 Gallons of floor oil
Colorless varnish	2 Doz. cakes of soap
Axe	8 Lengths of stove pipe
Two brooms	120 Ft. halliard wire for flag pole. Lumber for cupboard and bookshelf

The account covering the cost of the above should not be forwarded until after April 1.

With regard to the Highroads Readers I may say that 1 copy of the Primer, Book 1, Book 2, Book 3 and Book 4 were ordered from the Government Stationery Office and if they have not yet reached the school will no doubt be delivered in the near future. These have been forwarded for supplementary reading purposes. I must say that I do not see the connection between the handicraft work and the supplying of the Highroads Readers.

For some time past the Katzie day school has been supplied with the Corona Readers and as far as we are aware these readers have been quite suitable for this school.

Yours truly,

A. O'N. Daunt, Esq.,
Indian Agent,
New Westminster, B. C.

153-18-11.

Ottawa, November 9th, 1939.

Dear Sir:

With reference to your letter of the 3rd instant, File 1-8-E, I regret that Miss Winter's requisition of August 29th for manual training supplies was inadvertently overlooked.

The only books requested were Highroads Readers and Corona Readers. While Inspector Barry had been urging the teachers at certain Indian schools in British Columbia to secure the Highroads Readers, I discussed the matter with him when I was in British Columbia in August and it was decided that he would not insist on these Readers being used in future. Under these circumstances, the Highroads Readers were not ordered.

The only other articles on the above requisition were as follows: jack hammers, 4 back saws, 1 lb. nails, 48 sheets sandpaper, 36 coping saw blades, 3 bottles Lepage's glue, 1 quart orange shellac, 1 package sizing glue, 1 quart varnish stain, 6 spools white thread, 6 children's thimbles, 12 balls knitting wool, 4 pairs knitting needles, 24 skeins embroidery wool, 24 skeins embroidery cotton, 2 yards burlap, 1 yard curtain net. If you consider that good use will be made of these articles, you may purchase any or all of them.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa, September 28, 1943.

Mr. A. O'N. Daunt, Indian Agent, New Westminster, B.C.

The Stationery Office, has forwarded to me S.D. No. 251524 on which you make the following notation "This school is not operating and supplies should not be sent unless requisitioned for". I agree with what you say but these special books were ordered by the Minister, and we were instructed to send them to all the schools. At the time these books were shipped we were hopeful that we would obtain a teacher for that school.

Of course, there is another side to the question, and that is, if we delay shipping the supplies for any schools until it is actually in operation, the teacher inevitably complains that she has no supplies to work with. As you know there is always a delay in shipping supplies from the Stationery Office to the schools in British Columbia and especially at the present time when materials are hard to obtain, and due to congested railways deliveries are uncertain.

As to the six books to which special reference is made you may either keep them until the Katzie school re-opens or send them to other schools in your agency which are in operation.

Philip Phelan,
Chief, Training Division.

Dear Sir:-

I beg to acknowledge receipt of your letter dated the 18th of November, in connection with two parcels containing school supplies for the Katzie Indian Day School at Hammond, B.C.

We collected these from the Post Office in Hammond, and are holding them pending the appointment of a teacher.

No supplies have yet arrived at the Freight Office, but when they do so, the Agent at Hammond, will forward them here.

Yours truly,

A.O.N. Daunt

Dear Sir:

We have been advised that there are one or two parcels containing school supplies for the Katsie Indian Day School at the Hammond, B.C., Post Office. A shipment of supplies was also made by freight during recent weeks, at which time we were not aware that we would be unable to secure a teacher.

I would appreciate it if you would get in touch with the Postmaster and Freight Agent at Hammond, B.C., and arrange to accept delivery and have the supplies carefully stored at the school until a teacher is secured.

Yours truly,

Philip Phelan,
Chief, Training Division.

Sir:

I have your letter of the 12th instant, enclosing a requisition from the teacher of the Katzie Indian Day School, for various supplies for use at the school.

In reply I have to say that you may arrange for the purchase and delivery of the following:-

- 3 dozen screws for desks,
- 2 gallons of floor oil,
- 8 yards towelling,
- 4 yards plain cotton,
- 12 thimbles,
- 6 spools of thread,
- 6 packages needles,
- 1 rake,
- 1 hoe.

Please obtain itemized accounts, in triplicate, covering the cost. These, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, February 10, 1934.

Sir:

I have your letter of the 3rd instant, enclosing a communication from the teacher of the Katzie Indian Day School, in which she gives an estimate of the cost of kalsomine, floor stain and labour to clean the interior of the school building. It is noted that the entire cost would be \$9.50. The Department will approve of the supplying of the materials and the expenditure in connection with the labour, to the above stated amount.

You should arrange to have the work carried out when considered timely by the teacher, at a time when it will not interfere with the regular classroom activity. When completed, please forward an account, in triplicate, properly certified, covering the cost of the material and for the labour employed.

Your obedient servant,

A. F. MacKenzie

INDIAN OFFICE
NEW WESTMINSTER

FEB. 3 1934

Dear Mr. Daunt,

In reply to your letter
re kalsomning the school, I have
made enquiries, and I could get
one of the Indians to kalsomine the
whole building for \$3.00

This would make the
total cost of Kalsomine, labor, &
floor stain \$9.50

If the Department thinks
the cost too great, we could
manage without the floor stain,
which would make the total
cost \$6.00

Yours truly,
Ernest Winter.

1 Report
153/18/5

EXTRACT FROM REPORT OF MR. G. H. BARRY, INSPECTOR
OF INDIAN SCHOOLS, ON HIS INSPECTION OF THE KATZIE
INDIAN DAY SCHOOL ON DECEMBER 15, 1933.

Original on #153-18-6.

The inside of the school should most certainly be rekalsomined. This has been recommended previously in my reports of February and November, 1932. From a health point of view, if from no other, this rekalsomining should be carried out during the summer vacation of this year, 1934.

The teacher has done her best to keep this school in a sanitary condition as reported last year. She even bought material herself to kalsomine the interior of the toilets, as has been previously reported.

The school is in other respects in a satisfactory state of repair, and the toilets are clean.

IN FORWARDING THE ABOVE, ASSISTANT COMMISSIONER C. C. PERRY, WRITES AS FOLLOWS:

In regard to the proposed expenditures it should be pointed out that in the Agency Estimates of 1934-35 under the heading of "Indian Education" we included an item of the sum of \$500 for repairs to three day schools, viz., the Chehalis, the Katzie and Skwah Schools, and it is presumed that if the services mentioned by the Inspector are to be installed the Department will give the necessary directions to the Indian Agent to proceed with the work.

Katzie Indian Day School
East Hammond B.C.

April 21, 1934

Mr. A.O. N. Daunt,
The Indian Agent,
New Westminster B.C.

Dear Mr. Daunt,

The following is the estimate
given by Mr. J. Riddle for repairs for
the school. It includes both materials & labor

To repair leaks in roof	\$ 3.00
16 gal. coal tar for roof (@ .40¢ per gal.) & labor	\$ 11.40
Galvanized top for chimney (to prevent smoke coming ^{into room})	\$ 3.00
To repair steps (back & front)	\$ 3.00
New door for woodshed & hinges)	\$ 2.50
New floor for woodshed	\$ 5.00
	\$ 22.90

I have placed these in
order of importance that they need
doing. Would you kindly let me
know if we may have these done.

Yours sincerely,
Mary Winter

Sir:

I beg to acknowledge receipt of your letter of the 24th ultimo, with reference to certain repairs required at the Katsie Indian Day School.

You may expend an amount of approximately \$22.90 in repairing the roof and steps and supplying a new door for the woodshed.

It will not be possible to authorize the amount required for a floor in the woodshed.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir:-

I beg to forward you herewith, a letter received from Miss Mary Winter, teacher at the Katzie Indian Day School, in which she requests that an additional window be placed in the school.

I went into this matter with Miss Winter, at the school on May 20th, and instructed her to obtain estimates of the cost, as I consider the work necessary.

In her letter, she states that Mr. A.S. Hampton, Contractor, of Hammond quotes Thirty-six dollars, for the work, and I would recommend that authority be obtained from the Department to undertake the improvement as soon as the school is closed for the holidays.

Yours truly,

A.O.N. Daunt,

A. O. N. Daunt Esq.,
The Indian Agent,
New Westminster B.C.

Dear Mr. Daunt:—

On account of the
Katzie School being so dark, I beg
permission to have a window put
in, which will remedy this condition.
This window will give an additional
thirty square feet of light to the room.

I have heretofore been
able to manage, on account of
having so few pupils, by using only
the half of the room closest to the
windows. Since more pupils are
expected with the opening of school
in the fall, I will be obliged
to use the whole room.

The following estimate
was given by Mr. A. L. Hampton,
Contractor, Hammond.

Dear Sir:

I am in receipt of your letter of the 3rd instant with reference to electric lighting for the Katzie Indian day school.

The matter has received very careful consideration but as our funds are quite limited at the present time I regret that it is not possible to favourably consider incurring the expenditure that would be required.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Major D. M. MacKay,
Indian Commissioner,

December 3, 1938.

Dear Sir: Re Your File 153-18-5.

I have to refer to Mr. Hoey's letter of November 19th re electric lighting for Katzie Indian Day School. As Captain Barry had other work in the New Westminster Agency in the vicinity of the Katzie School, I asked him to visit the School and let me have a further report on the proposal submitted by Mr. Daunt with respect to the installation of the electric lighting. This report has now been received, and a copy is attached for your information.

There would appear to be sufficient justification for the extension of the electric light system to include Katzie School, and I would recommend that the amount involved in having this done be authorized.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

I have read Departmental letter 153-18-5 of November 19th last with reference to the proposed electric light installation at the Katzie Indian Day School, New Westminster Agency. I also visited the school yesterday for a routine inspection, and have discussed the matter with Mr. Indian Agent Daunt.

The B.C. Provincial Department of Education has never as far as I know discouraged the use of electric lighting in Provincial day schools; but on the other hand has encouraged its proper use in an effort to prevent harm to the eyes of the children attending such schools in such places as the electric light was available.

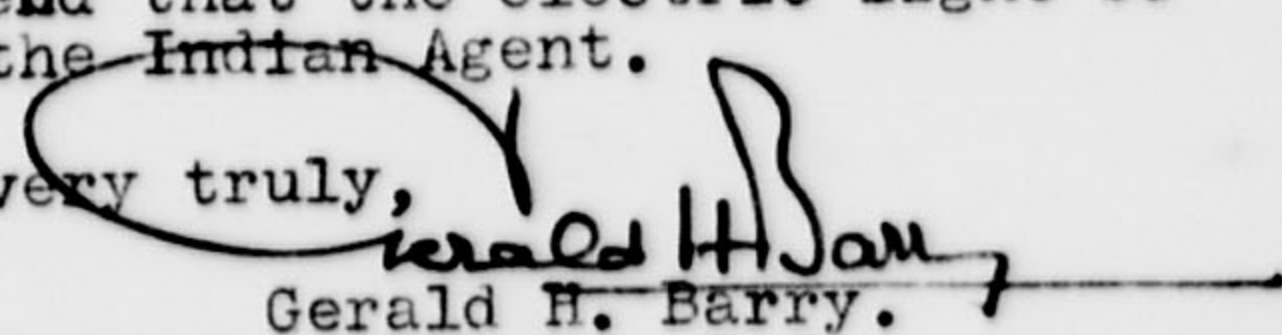

There would be only a very small expenditure for the replacement of electric light bulbs, of which only six are I find necessary. There should be four drop lights each of 150 watts in the schoolroom, one of 60 watts in the entrance hall and one of 60 watts over the porch.

Extra windows were placed in this school to improve the lighting, which they did, but on dull winter days the schoolroom is rather dark and there is a strain on the pupils' eyes in working from material on the boards.

The charge for connection to the B.C. Electric Power Lines is more or less nominal as in any case the lines will be passing very near the school house. One dollar a month minimum charge for current, itself very reasonable, would be the largest expense in connection with the proper lighting of this small school.

I would recommend that the electric light be installed as recommended by the Indian Agent.

Yours very truly,

Gerald H. Barry.

GHB.

Inspector of Indian Schools, B.C.

EXCD.

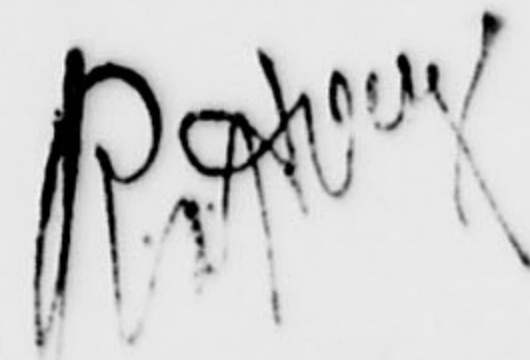

Dear Sir:

I am in receipt of your letter of the 12th instant with reference to providing electricity in the Katzie Indian Day School.

I understand that some of the Provincial Departments of Education discourage the use of electric light in day schools. It increases the fire hazard and in addition there is generally a considerable expenditure for replacement of electric light bulbs.

I note from your letter that the Katzie School is inadequately lighted. Possibly something could be done to improve the school in this regard. Before deciding to install electricity I should appreciate it if you would give the matter further consideration and let me have your opinion.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

I beg to forward herewith a letter from Mr. Indian Agent Daunt, in which it is suggested that the Katzie Indian Day School be provided with electric light. The proposal has been discussed with Capt. Barry, Inspector of Indian Schools for British Columbia, who expressed himself as strongly in favor of Mr. Daunt's suggestion. The cost of installation would be \$125.00, and the minimum fixed current charge would be \$1.00 per month. The circumstances outlined by Mr. Daunt and Capt. Barry are such that I consider an expenditure warranted here, and I would recommend the proposal for favorable consideration.

Yours faithfully,

D. M. MacKay.

PLEASE QUOTE
FILE **1-8-E.**

New Westminster, B.C.
October 28th, 1938.

Dear Sir:-

The British Columbia Electric Railway Company are putting in a Light and Power line from the village of Hammond to Mr. Chatwin's farm, which lies to the west of the Katzie No. 1, Indian Reserve, upon which we maintain an Indian Day School.

This line passes a short distance from the school, and I was wondering whether the Department would care to take advantage of the fact, to provide satisfactory lighting in the building. Apart from the understood question of adequate light during the dark winter afternoons, this school is not particularly well lighted at any time, and I think Captain Barry will agree with me, that there are or will be, a number of ordinary winter days, when artificial light over the blackboards would be an advantage.

For your information, I checked up the cost of connection, with the B.C. Electric, and am told that this will amount to \$125.00. This includes the line from the school to the Power Line right-of-way on the Dyke, nine lights in the school, being four on the blackboards, two in the school-room, one in the store-room, one in the hall-way, and one on the porch. The inside wiring would be done in conduit pipes, as is required in public buildings. Switches are also covered by the quotation.

The minimum charge for current would be \$1.00 per month.

As this line had not been considered by the Company at the time our Estimates went in, I made no provision for such an expense, but am now bringing it to your attention, in case the Department may consider such service beneficial to the school, and well-being of the pupils.

Yours truly,

Major D.M. MacKay,
Indian Commissioner, for B.C. A.O.N. Daunt,
Box 70, Vancouver, B.C. Indian Agent.

Major D. M. MacKay
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

I have read Mr. Daunt's letter 1-8-E dated October 28th last with reference to the provision of adequate lighting at the Katzie Indian Day School, New Westminster Agency.

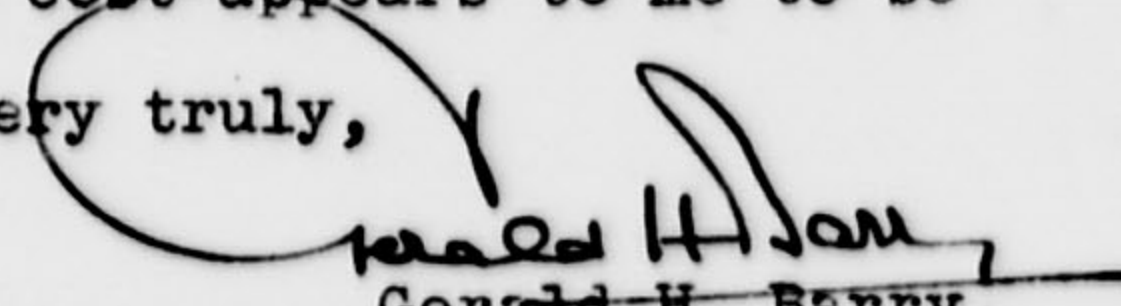

I may say that I certainly do agree with Mr. Daunt that the above mentioned school is not well lighted at any time and particularly in winter, when it is quite difficult to make use of the Blackboards during the afternoon session.

The usual method of lighting a country schoolroom is by means of four drop lights placed some distance from each corner and about over the outside rows of desks. Such lights are better than any special lighting near the actual Blackboards, and the desk tops are thus properly illuminated.

May I suggest to Indian Agent Daunt and the Department that the provision of what is called SIGHT SAVING CHALK a new product in which a little yellow pigment is introduced into the ordinary hard blackboard crayon would make it much easier for the children to read the work on the Blackboards, particularly if the electric light is brought into the school.

I am very strongly in favour of the Indian Agent's suggestion that the above school be connected with the B.C. Electric mains and the light used by the teacher when necessary. The cost appears to me to be very reasonable.

Yours very truly,

Gerald H. Barry.

January 25th, 1939.

SIR:-

Miss Mary Winter, teacher at the Katzie Indian Day School, has requested that lunches be served to the children attending that school.

Several of them come from across the Fraser River, and are not properly provided for in this respect, and the teacher considers them to be under-nourished.

She has submitted the attached estimate of the monthly cost for this service, and which comes to \$4.95.

I would therefore recommend that permission be given to incur a monthly expenditure of \$5.00, for the provision of lunches at this school.

Your obedient servant,

A.O.N. Daunt,
Indian Agent.

Schools
SIR:-

Under date of February 1st, File No. 153-18-5, you authorized an expenditure, not to exceed \$5.00 per month, for the months of February, March, and April, in order to provide supplies for a midday meal for some of the pupils at the Katzie Indian Day School, who came from the No. 3, Reserve across the Fraser River, and could not return at noon for lunch.

I am now enclosing a letter received from Miss Mary Winter, the teacher, asking that this concession may be continued until June, as the children in question have so greatly benefited.

I would recommend that if it is possible to do so, this request be granted.

Your obedient servant,

A.O.N. Daunt
A.O.N. Daunt,
Indian Agent.

A.O. M. Daunt Esq.,
The Indian Agent,
New Westminster B.C.

Dear Mr. Daunt: -

I wish to make application for the grant of five dollars a month for the lunches of the two little Pierre boys for the months of May & June.

They have benefited so much from the extra nourishment, seeming more alert & concentrating more on their studies.

Hoping this will receive your favourable consideration

Yours sincerely,

Mary Hunter

EXD.

Dear Sir:

With reference to your letter of the 7th instant the Department will allow an amount of \$5.00 a month for a noonday lunch for the children of the Katzie Indian day school. It is considered that the serving of a lunch will be discontinued at the end of March next.

You may also expend an amount not exceeding \$7.50 in redecorating the interior of the school.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Sh
SIR:-

I beg to apply for authority to
expend an amount up to \$5.00 per month, so that
a noonday lunch may be provided for the children
of the Katzie Indian Day School.

Some of the children are brought
by boat across the river, and the Teacher
recommends a lunch for them.

Your obedient servant,

A.O.N. Daunt

AIRMAIL.

SIR:-

With reference to my letter of March 21st,
under cover of which I forwarded you Agency Voucher
No. 1056 for \$21.00, covering services as ferryman
for the Katzie Indian Day School during March, by
Leonard Adams, and requested you to trace payment
of his January account for \$31.50.

I have just now received word from the
teacher, that Adams has had no payment for January,
February, and of course for March, and that he is
giving up the service from April 5th, unless payment
is received by that date. He has had to go in debt for
his gasoline, and cannot carry on further.

Will you please look into this at once, as if Adams
fails us, we must give up trying to get the children from
the south bank of the river to school.

Your obedient servant,

A.O.N. Daunt
A.O.N. Daunt,

SIR:-

EXD.

I beg to enclose herewith, Agency Voucher No. 1056, for \$21.00, in favour of Leonard Adams, and covering ferry services for Indian children living on the South bank of the Fraser River, to the Katzie Indian Day School, for the month of March.

Miss Mary Winter, the teacher, has drawn my attention to the fact that Adams has not yet received his cheque for services during January. This account went forward for payment, under Agency Voucher No. 893, for \$31.50, on February 5th, and I will be much obliged if you will trace it. Owing to slow payment of his accounts, this man has had to go in debt for his gasoline, and I have had difficulty in keeping him running the service.

Your obedient servant,

Encl.

INDIAN OFFICE
NEW WESTMINSTER

MAR. 7 1940

Dear Mr. Daunt: -

As the grant of \$5.00
a month for the children's lunch,
expires at the end of this month,
I wish to make application to
have the grant continued for the
months of April, May and June.

From this amount
I am able to give all the children
who come from across the river
(eight in all), hot cocoa at noon,
and two of them a complete lunch.

The two who receive
lunch come from a poor family
who are not providing their children
with sufficient nourishment.

They seem to benefit from
the extra food. I remain,

Yours sincerely,
Mary Winter

Department File No. 153-18-5.

SIR:-

Under date of September 14th, 1939, you gave authority to incur an expenditure of \$5.00 per month for a noonday lunch for the children attending the Katzie Indian Day School. This authority expired last March.

I would recommend that permission be given to continue this service from the 1st of November, 1940, to the 30th of April, 1941, as many of these children are brought by boat across the river, and have no way of obtaining a noonday meal.

Your obedient servant,

A.C.N. Daunt.
Indian Agent.

TEACHER'S NAME, QUALIFICATIONS, SALARY, AGE, CONDITION, SUCCESS, SUGGESTIONS, ETC.

John J. Murphy - 25 yrs. Age - no certificate - good progress in reading, sub-teacher in England. Salary 50 per month. He has taken his first year in arts at the Royal University of Ireland. Mr. Murphy is a bright and energetic young man. He should make good. The pupils are making good progress in reading, spelling and writing. The Standard boy was reading Goldsmith's Deserted Village. He read fluently. Tested them in Arithmetic and received some good work. Twice each day the pupils perform physical exercise the teacher leading them. The school is open and closed with prayer, the pupils taking part in the exercise.

BUILDINGS AND PREMISES.

The school-room was an Indian house. It has been thoroughly over-hauled. Additional windows have been put in it. When completed it will be fairly comfortable.

There were 8 Indians working around the building at the time of my visit. They expected to finish the next day.

There is a large area of cleared land which will make a good playground for the pupils.

GENERAL REMARKS.

Two of the pupils were from Sechart Boarding School. The parents expect to have them in the Day School. There were also four pupils that have spent some time in St. Mary's Mission Boarding School. I was not able to discover whether these pupils had been discharged from Boarding schools or not, before enrollment.

The Indians seem to be intensely interested in the school and say they will send their children regularly.

BUILDINGS AND PREMISES.

5 Indians were working at the building at the time of my previous visit, Oct. 30, but did not quite complete their work. No chimney has been built. The stove was up and the pipes running out to an opening in the side of the building. I urged the completion of the work.

There is a good playground surrounding the building.

There was some litter, pieces of lumber etc. - lying around. I advised the teacher to take half a day with his pupils and tidy up the premises.

GENERAL REMARKS.

The interest of the Indians in the school is evidenced by the regularity and punctuality of the pupils.

This school was opened in August and the pupils have made considerable progress.

This school was previously inspected Oct. 30, 1914.

 do out of School... fair

SCHOOL FURNITURE.

The pupils' desks are second-handed, but answer the purpose well. They are in a fairly good state of repair. The teacher's desk was made by an Indian.

INVENTORY... Teacher's Desk 1 Desks 14
 Benches 0 Chairs 1 Cupboards 0 Blackboards 2 Stoves 1 Stovepipes 14 Wash-basins 0 Brooms 1 Axes 0 Soap 0
 Towels 2 Pails 0 Drinking Cups 0 Looking-glasses 0

TEACHER'S NAME, QUALIFICATIONS, SALARY, AGE, CONDITION, SUCCESS, SUGGESTIONS, ETC.

John J. Murphy.
 Age 25 years; no certificate; he was a pupil-teacher in England. He has taken his first year in arts at the Royal University of Ireland.
 Salary \$50 per month

The pupils are making rapid progress in the acquisition of English. Their reading, spelling and writing were very good. The boy in the fifth standard is taking full school work. The arithmetic is fair. The teacher takes with the older pupils once each day what he calls General Knowledge. This is a very good idea for Indian children. Calisthenics are taught.

age on the Reserve **16** Boys **8** Girls **8** NUMBER of children claimed by teacher to be of his own FAITH **16**
NUMBER of children that should attend this school **16** NUMBER of children enrolled **16**, being **100** per cent
of those that should attend. AVERAGE ATTENDANCE for months being of those enrolled.

N.B.—The Inspector is specially requested to answer all the above questions.

REASONS GIVEN FOR UNSATISFACTORY ATTENDANCE, REMEDIES SUGGESTED, &c.

Average attendance for quarter
ended:

December 31, 1918 **8.97**
March 31, 1919 **10.37**

The attendance is good. They had
no notice of my visit. There were
14 present out of an enrollment of
16. On the day previous there were
15 present. This is a good indi-
cation of the interest of the
pupils in the work of the school.

EXAMINATION.

BUILDINGS AND PREMISES.

The building was formerly an Indian dwelling. It has been renovated and answers the purpose fairly well. It makes a fair class-room. The windows drop from the top, making it possible to ventilate the room. One of the Indians loaned his Organ to the school. This is quite a contribution to the school. There are two toilets and a playground. The school has a flag.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

Miss Coughlan does excellent work. She wins the confidence and good-will of her pupils. The tone of the school is splendid. Her teaching is scientific and systematic.

The pupils read with expression. They spell accurately. They are taught to add without counting. The tables are learned and used. The simple rules are applied to practical problems. The class-room work is very satisfactory.

Physical exercise is practised, but so far it is difficult to get them to enter into it with any degree of enthusiasm. Pupils are lined up outside and marched into school in an orderly manner. They also go out orderly.

This is another Day School that justifies its existence. I am pleased with the work. Here again the main factor in the success of the work is an interested and trained teacher. Sometimes a trained Teacher fails to make good; sometimes a teacher who has not been trained makes good. There is certainly a wide difference in these two classes. I would be pleased to see our schools in the hands of trained teachers.

Spector's Report on the Katzie **(Day)** JAN 9 1919 **Indian School**
situated on Katzie **Reserve New Westminster Agency**

DENOMINATION Catholic SCHOOL INSPECTOR on Dec. 13, 1918 INSPECTOR ACCOMPANIED by
NUMBER of pupils present 10 Boys 3 Girls 7 NUMBER of children of School
age on the Reserve 15 Boys 6 Girls 9 NUMBER of children claimed by teacher to be of his own FAITH 15
NUMBER of children that should attend this school 15 NUMBER of children enrolled 14 being 93 per cent
of those that should attend. AVERAGE ATTENDANCE for months being of those enrolled.

N.B.—The Inspector is specially requested to answer all the above questions.

REASONS GIVEN FOR UNSATISFACTORY ATTENDANCE, REMEDIES SUGGESTED, &c.

Average attendance for the
month of September was; 9.70

The girl who is not enrolled
is out of school owing to eye
trouble.

School was closed from October 18
to November 27 owing to an epidemic
of Influenza raging throughout the
Province.

The parents of these pupils take
an interest in the education of
their children.

The sympathetic attitude of the
teacher has much to do with the
satisfactory attendance.

EXAMINATION.

All Public School subjects are
taught.

TEACHER'S NAME, QUALIFICATIONS, SALARY, AGE, CONDITION, SUCCESS, SUGGESTIONS, ETC.

Miss Helen Coughlan.
She has a Tird Class Certificate
with full Normal training.
Salary \$700.00 per annum.
Age 20 years.
She is in her second year in this
school.

Miss Coughlan uses her Normal
methods, adapting them to local
conditions. She is a real teacher.

BUILDINGS AND PREMISES.

The building is quite comfortable, and by the use of some paint and paper it is clean and attractive inside.

The windows drop from the top making it possible to secure proper ventilation.

There is a toilet with a partition dividing it.

There is ample space for a playground.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

These pupils are making progress. They read well, pronouncing their words distinctly. They spell accurately, and write plainly.

In arithmetic they do the simple rules, adding rapidly and accurately.

Geography is taught from the maps, the pupils drawing maps for themselves. The teacher gives simple talks on the laws of health.

All manual work is well done. They do paper folding and weaving.

Singing and calisthenics are practised. One of the Indians over a year ago brought his Organ to the school so that the teacher might be the better able to teach these subjects. It is still in the class-room.

I noticed that the pupils were comfortably dressed, some of them having rubber boots on. On inquiry I found that eleven of the men of this village were working in the shipyards making good wages. There were no deaths from influenza. This is exceptional.

BUILDINGS AND PREMISES.

The class-room has been very much improved since my last visit. The walls have been papered and the floor oiled. This has been made an attractive room at small cost.

Ventilation and light are satisfactory.

The toilets are in fair condition. Lime is used as a disinfectant. There is a playground.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

This school is in a hopeful condition. Miss Baughman is an efficient teacher. She has an objective and is working toward it.

All manual work is good - writing, drawing, paper folding, and paper weaving.

The pupils practice singing and calisthenics. The progressive reading, spelling, composition, and number work is satisfactory. All of the pupils speak English well.

BUILDINGS AND PREMISES.

The class room is an Indian house. It has *been* repaired since my last visit. The ceiling has been painted, and heavy building paper will be put on the walls at once. It has been very much improved. The windows drop from the top. There is also good light.

There is one toilet with two apartments. These are sanitary. There is lime to be used as a disinfectant. There is a good playground.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

I visited some of the homes and talked with the parents. They are pleased with Miss Coughlan and are prepared to co-operate with her. In this way good results are attained.

The Indians have brought an Organ from one of their homes to the class room. The pupils are learning to sing. They sang two pieces. They did well. Their voices are musical and it was surprising how well they did.

Two of the pupils are in the Second Reader. They read, spell, add, and write well. They are also doing some crayon work. The general knowledge is satisfactory. These pupils have good English, due largely to the fact that the parents use English in the homes.

I hope Miss Coughlan may remain on after Christmas. She can get higher wages in a Public School. She is doing such excellent work and is so interested in the Indian children, I should like to see her remain. Perhaps an increase of \$5.00 per month would decide her to remain.

BUILDINGS AND PREMISES.

This is a poor building. Its use was intended to be temporary, to see if the attendance would warrant a new building.

There is plenty of ground on which the pupils might play but it is not fenced. There are two toilets.

Extract on bus

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

Mr. Mc Garrigle is the third teacher during the year. Mr. Murphy and Mr. Wilson, the firsts, enlisted. It will be understood that things have been somewhat upset by such numerous changes. However, on my way home I called at New Westminster and discussed the problem with Mr. Agent Byrne.

I visited the reservation and met the Chief. He informed me that they wanted a teacher with a certificate. I think a female teacher with a certificate is a possibility here, as a good boarding house can be secured within a reasonable distance of the school house.

Sir:-

I have just returned from a trip to Kootenay and Cariboo. I left Vancouver the last week of April. You will therefore understand why my report did not ~~reach~~^{reach} you earlier in May.

Six schools were inspected before I went to the interior of the Province. These I am forwarding to-day. The others I will send with my May report.

Herewith, I enclose report of inspection of the following schools:-

1. Squamish Boarding School.
2. Sechelt Boarding School.
3. Sliammom Day School.
4. Homalco Day School.
5. St. Mary's Boarding School.
6. Katsie Day School.

There is also a Special report concerning Manual Training for the boys of the Sechelt Boarding School.

Your obedient servant,

T.H. Cairns

Inspector of Indian Schools for B.C.

ARCHIVES PUBLIQUES

CANADA

BUILDINGS AND PREMISES.

The building is not up to date. It is a house fixed up to use for a time to see if conditions would justify a new building.

There are water closets and a wood shed.

Plenty of light and air.

The teacher and the pupils are planting some flower seeds.

There is a good playground.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

Mr. Murphy magnifies his work. He thinks his pupils do excellent work. He says they compare favorably with pupils in rural schools.

This school is situated about one mile from the village of Hammond, through which passes the main line of the C.P.R.

It is only a few hundred yards from the Fraser River.

This school is progressing and in a few years the pupils will stand out well. I would like to see trained teachers taking the place of untrained teachers.

When changes are made every effort should be made to get trained teachers. (normal)

If Mr. Murphy had normal training he would be very much more efficient.

In fact he would be a splendid teacher.

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

BUILDINGS AND PREMISES.

The building has been so improved that the class-room is now a fairly good one.

At the time of my visit the room was warm and comfortable. The windows were down from the top. The air in the room was excellent.

One of the Indians brought his organ to school for the use of the teacher in practising singing and calisthenics

There are two toilets in good condition.

A flag pole has been erected, the flag was floating in the breezes.

There is a playground.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

Mrs. Coughlan does excellent work. She is sympathetic and the pupils respond to her efforts. Her teaching is systematic, persistent, and scientific.

Singing and calisthenics are practised. These pupils were examined in reading, spelling, arithmetic, hygiene, geography, and Canadian History.

All manual work is well done. The exercise books were neat and clean.

Of the nine present: One was in the Third Reader, four were in the Second Reader, three were in the Second Primer, and one was in the First Primer.

BUILDINGS AND PREMISES.

It is an old building-once used a dwelling house. It has been fixed up so that it looks fairly well inside, but the teacher informs me that the wind whistles through the cracks and makes the room uncomfortable at times. There is plenty of opportunity for the pupils to play. I took the pupils outside and gave them a lesson in Calisthenics. I also suggested to the teacher that she get outside with the pupils and teach them to play some games. I took them for a run. The pupils were delighted and entered into the spirit of the game. There is an Organ in the class-room. It was loaned the school by one of the Indians. It has been there for nearly two years. I was pleased to see the British flag floating in the breeze as I approached the school.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

A little girl, Bertha Johnson, died February the 8th. 1920. She was six years of age. She had stomach trouble. This was the only death during the winter. There has been no epidemic among the pupils. Some four or five had colds at the time of my visit which accounts for the number absent.

The Department pays to some Doctors a sum of money annually. Many of these Doctors are conveniently located and should be asked to visit any schools in the territory in their jurisdiction. There should be at least one visit each year and a thorough examination of all the pupils. I most respectfully recommend this policy to the careful consideration of the Department.

I found Doctor Wilson of Alert Bay doing this work very thoroughly. His idea was that when a weakness was discovered in a pupil, to follow it up and apply the remedy.

One of the pupils read an Address in which it is declared that this Band appreciate what the Department has done in giving them a school. WE desire that you convey to the Indian Department our devotion and loyalty to the Government of CANADA.

BUILDINGS AND PREMISES.

The old building is
leaving out. The roof leaks.
About the only remedy is
a new building.

Ventilation is carefully
looked after by the teacher.
The light is satisfactory.

There are two toilets in poor
condition.

This school has a flag which
was flying on the day of my visit.

There is plenty of opportunity
for the pupils to play.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

Miss Coughlan ordered from the Provincial Health Depart-
ment twenty-four pamphlets dealing with the subject of Con-
sumption. This she uses in connection with her health lessons.
Some of them were given the ex-pupils.

Preparation is being made for a Christmas Concert. The
Program will be rendered by the pupils. They are now learning to
sing and recite. They do remarkably well.

These pupils speak English well. They seem to understand
English better than the pupils of most Indian Day Schools. The
parents must use English in the homes.

BUILDINGS AND PREMISES.

~~The~~ building is old and the roof leaks. The windows drop making ventilation possible. The teacher is particularly careful about having plenty of fresh air.

The flag was up. The grounds around the school building were wet and muddy. There has been much rain during the Winter and Spring. The pupils have been somewhat hampered in their play. There are two toilets.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

There has not been any serious illness among the pupils since my visit in November. The teacher has distributed the Provincial Health Department's pamphlet on Consumption.

The pupils are not brilliant, but good steady work is carried on.

The intelligence of the pupils is being developed.

BUILDINGS AND PREMISES.

The class-room is fairly ^{comfortable} during the mild weather. It was an Indian home, but some six or seven years ago (into a class-room) it was converted into a class-room. Some steps were taken during the past year to build a new building. The teacher observes closely the heat and ventilation of the class-room.

The playground is somewhat wet at certain seasons of the year. The school has a flag. There is plenty of good wood. One of the Indians, three years ago, brought an organ for the use of the school. It has been in the class-room ever since. This, to me, is strong evidence that the Indians are gradually becoming interested in the education of their children.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

These pupils sing fairly well. They are practising so that they may present a programme the closing day previous to the holidays. They practise calisthenics.

There has been some sickness among the pupils since my last visit. One of the girls has had trouble with the glands of her neck. She spent considerable time in the hospital and is now in school, being somewhat improved. One boy eight years old was stricken with tuberculosis and died in June 1921.

Two boys left here recently attend The Kuper Island Industrial School.

BUILDINGS AND PREMISES

I understeed that the sum of \$1000.00 was placed in the estimates last year for the erection of a new schoel house in this Village.

The present building will do till Autumn. Some thing should be done before Winter sets in.

There are two toilets in fair condition. There is a playground which is alright for Summer. In the Winter it is wet and cannot be used.

This schoel has a flag.

GENERAL REMARKS

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

The health of the pupils has been fairly good. One of the girls was in the Hospital at New Westminster for two months with tubercular glands. She has returned home and is now in school.

Miss Coughlan, the teacher, had a severe attack of Influenza at Easter time. She may have to go to a dry climate in the Autumn.

BUILDINGS AND PREMISES.

The building is not in good condition. I understood that the Department was going to erect a new building. It is now too late to build and we will make the best of what we have. The grounds are wet in Winter around the building. The toilets are rather battered in appearance.

E. M. W. S.

GENERAL REMARKS.

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

The health of the pupils, on the whole, has been good. One pupil was sent to the hospital on the advice of Doctor Drew. One little girl who was in school on the day of inspection is not looking robust. She spent considerable time in the hospital last year. She is much better than she was. These two are the only pupils that are weak. All others are well.

REASONS GIVEN FOR UNSATISFACTORY ATTENDANCE, REMEDIES SUGGESTED, &c

The average attendance for
October, November and December
was14.67

The average attendance for
the month of January....11.19

The attendance on the whole,
everything being considered, is good.

The two Johnson boys have gone to
Deroche for the winter. One girl
14 years of age has not been in
school since January 25th. As far
as I could learn there is no
legitimate reason for her being
absent. I will take the matter up
with Mr. Agent Daunt.

ORDER, CLEANLINESS AND DISCIPLINE

Order, Cleanliness and discipline
are satisfactory. The ground
around the school buildings is
of clay formation and in the
winter it is difficult to keep
the classroom in good condition.
However, I found things tidy,
and as clean as could be expected.

BUILDINGS AND PREMISES

The school is being carried on in the same old building. It is certainly not in good condition.

A new blackboard has been placed on the walls since my last visit.

There are two toilets in fairly good condition. The playground is low land, the water inclined to lie upon it, and at the time of my visit the frost was coming out of the ground so that the pupils gathered considerable mud on the playground, on their shoes.

This school has a flag.

GENERAL REMARKS

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

Health: Francis Johnston, a pupil of the Kuper Island School till July died November 8th 1922. He was 12 years of age.

The Chif's daughter who is thirteen years of age was not in school as she is having trouble with the glands of her neck.

Miss Doyle understands and practices modern methods in her work.

She is capable of doing excellent work and appears to me to be

interested in her work. I had a conference with her regarding the details of the work of this school. Good results are being attained. I may further add that the majority of the pupils

of this school are not particularly bright, however, they are capable of undertaking a course that will be beneficial to them in after life.

BUILDINGS AND PREMISES

Inspectors will please mention the number of buildings, indicate their ownership and comment on their condition.

The buildings belong to the Department, and are in good condition. Everything in and around the premises is tidy and clean. This is comparatively a new building.

In my inspection I took in the fact that the building was clean and neat. The floors were clean. The wood was nicely piled and the whole premises make a splendid object lesson for the Indian children.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

It being All Saints' Day, the teacher closed the school for the day. I had a conference with Miss Boeur. She was within her rights as the Indian Act makes provision for this being a holiday. I also met one of the pupils of the school. I think that my visit to the school will do good. Miss Boeur will likely be more careful in the matter of taking holidays without consulting a representative of the Department.

*Miss Boeur has
taught six years.*

BUILDINGS AND PREMISES

Inspectors will please mention the number of buildings, indicate their ownership and comment on their condition.

This is a comparatively new building. It was erected by the Indian Department in the year 1923. There are a woodshed and two toilets in connection with the school.

Light and ventilation are satisfactory.

The schoolroom is clean, tidy and attractive. The walls are adorned with pictures and the work of the pupils.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Miss Boeur has her school well organized and the pupils are making progress. The tone of this school is pleasing.

There has been sickness among the pupils. Measles, influenza and colds have been prevalent, and one had rheumatism.

Has a flag.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Miss Boeur has the goodwill and hearty cooperation of her pupils. I tested Grade 5 in spelling, the class made 70% in the written test. The reading of this school is very good. All the children speak English fluently. I advised the teacher to introduce Canadian history and in every way try to interest her class in this subject.

The pupils received instruction in singing and calisthenics.

There are ten pupils on the roll.

Eight of them were present. One of them was sick and the other was helping with some work at home.

Miss Boeur informed me that she would be quite willing to remain another year. I consider that we are fortunate to be able to retain the services of a young and bright girl as teacher. She has had one year's experience in a Public School, and three years' in an Indian School.

Inspectors will please mention the number of buildings, indicate their ownership and comment on their condition.

There is a new building opened in 1923, erected by the Department.
It is in good condition. There are two toilets and a woodshed.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Health of the pupils is good. The pupils are making progress in all their work. The B.C. Course of Study is pursued. The school has a flagpole and a flag, which was floating in the breeze.

The people with the exception of the Chief do not appear to be very much interested in the work of the school.

BUILDINGS AND PREMISES

Inspectors will please mention the number of buildings, indicate their ownership and comment on their condition.

This is a new building, erected by the Indian Department and opened Sept. 1923. There are a woodshed and two toilets in good condition.

Immediately in front of the Entrance there is a mud hole. I advised the teacher to ask some of the Indians to bring some gravel and put things in good shape.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Health of the pupils has been fair. There was some sickness in January but nothing serious.

The Indians seem to be satisfied with the work of Miss Boeur. The two girls one in Grade 5, the other in grade 4 are doing excellent work. The exercise books are neat and tidy. Nine out of eleven pupils were present. The two absent are accounted for, one away with her mother and one with a broken arm.

One boy eleven years old has scrofula. He does not attend school, as there is an open sore and it would not be fair to the other children.

BUILDINGS AND PREMISES

If ~~the~~ inspectors will please mention the number of buildings, indicate their ownership and comment on their condition.

A new building was erected here last year by the Department. In addition to the classroom there are also a woodshed and two toilets.

There is a portrait of the King and Queen on the walls.

There is an organ in the classroom.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Health: Whooping-cough has been prevalent. There were no deaths.

The pupils are now looking fairly well.

These pupils do excellent manual work. Their reading is fair;

Spelling: accurate.

They are inclined to be a little noisy in the classroom, but it would be an easy matter to remedy this.

I have not been able to ascertain why Miss Doyle left so suddenly.

The engagement of the new teacher was brought about by Mr. Agent Daunt and the Rev. John Welch, C.M.I.

Miss Boeur is well qualified and should be able to attain results in her work.

BUILDINGS AND PREMISES

New building has been erected this year. It was not completed at the time of my inspection. It will be finished and furnished in time for the re-opening of school in September.

This school has an Organ donated by one of the Indians.

This school has five pupils that would be classed sub-normal.

GENERAL REMARKS

(Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.)

Miss Doyle does good work. She understands modern methods. She was not fully decided as to what she would do next year. She has been thinking of returning to High School to study for a Second class certificate. She will notify me in due time.

Victoria, B.C.

December 8, 1932.

C.C.Perry, Esq.,
Assistant Indian Commissioner,
P.O.Box 666,
Victoria, B.C.

Dear Sir;

I have the honour to forward herewith my report on the Katsie Indian Day School, New Westminster Agency, which I inspected on November 14th last.

Miss M. Winter, the teacher of the above school, is doing everything in her power to make the school a success. Though the attendance is not large, I consider the school to be a success.

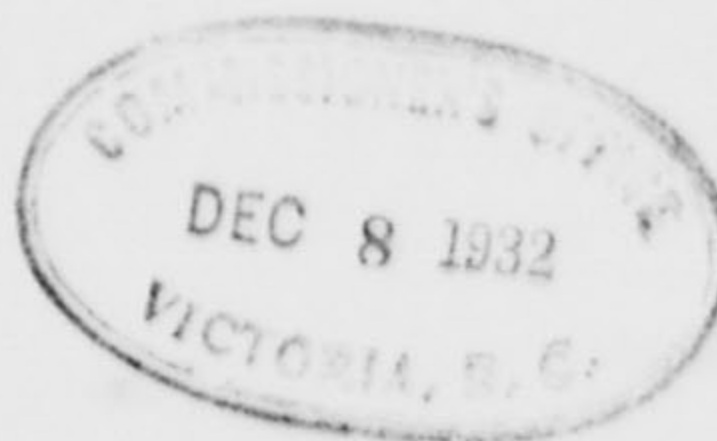

Your obedient servant,

Gerald H. Barry

Gerald H. Barry.

GHB

District Inspector of Indian Schools, B.C.

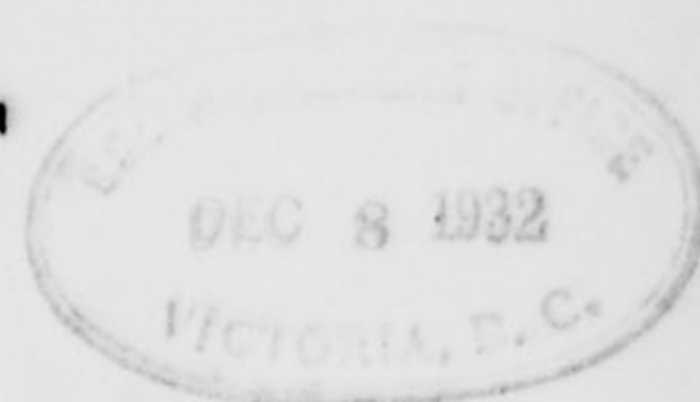

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

DEPARTMENT OF INDIAN AFFAIRS
INSPECTOR'S REPORT
ON

KATZIE INDIAN DAY SCHOOL
(New Westminster Agency.)

Date of Inspection November 14, 1932.

Number of Pupils present { Boys 6 All the Boys were present. 6
Girls 4 There was 1 Girl absent 5
Total on Roll 11
Number of Classrooms and number of desks in each One; with 23 Single Desks.

THE TEACHER

Name Miss Mary Winter Age 27
Salary \$1050.00 per annum less 10% with \$25.00 per annum for janitor work less 10% for the present year.
Qualifications B.C. Second Class Permanent Certificate. Trained Vancouver Normal School. Experience three years as substitute teacher in Vancouver, and three years in this school. Provincial Summer School Course Certificate 1932 in Rural and Indian Work.
Health Health is Excellent.
Success A small bright and clean school doing "Good" work. Arithmetic is a rather weak subject; but the teacher will try to raise the standard of this during the year.
Suggestions More attention must be given to Arithmetic.

Achievement Tests: The teacher obtained these tests herself and found that the Mid Score of her Grade 5 was 31, and the Grade 4 23. These are low scores. The teacher learned to carry out this testing while at Summer School. Moves: Since my last report one boy of 17 years of age left school. One boy of 15 went to work, and one girl of 15 went home.

REMARKS RELATIVE TO THE EXAMINATION OF THE PUPILS

Arithmetic: Grade 1B can recognize the numbers to 10. They should start on the Combinations and Separations at once. Grade 2 have a "Fair" knowledge of the Extensions on which they are working. Grade 3 can Add and Subtract. They should be working with the Multiplication Tables. Grade 4 is working Long Division and Grade 5 is starting their work on Fractions. Grades 3, 4, & 5 have the new prescribed Texts. The work of these Grades was further tested with the All Canada Test in the Fundamentals. Grade 3 made a Mid Score of 5, the Norm for this Grade being 7. Grade 4 made a Mid Score of 16, the Norm for this Grade being 18. Grade 5B made a Mid Score of 13, the Norm for this Grade being 24. The Arithmetic may therefore be classified as "Weak".
Exercise Books: These are neat in all Grades.

ATTENDANCE PROBLEM, REMEDIES SUGGESTED, Etc.

The attendance is "Satisfactory". The parents are interested in the progress of the children, though not to any very great extent. I went into the question of the number of children who are of school age and who should attend, and found that, on the statements made by the teacher, all the children with perhaps one exception were attending school.

The average attendance for the Quarter ending March 1932 was 8.71
 Quarter ending June 1932 was 8.91
 Quarter ending September 1932 was 9.68

Classification:

Grade:-	Boys:-	Girls:-	Total:-
1B	3	0	3

BUILDINGS AND PREMISES

Inspectors will please mention the number of buildings, indicate their ownership and comment on their condition

The buildings belong to the Department. They consist of a school house and two toilets, with a small shed for coal and wood. There is a leak in the school house roof, this should of course be repaired. I understand that some time ago the Indian Agent had some work done on the roof, but this does not seem to have been entirely successful. I have not seen the Indian Agent for some time and he has not been made aware of any part of this report.

As recommended last year the inside plaster of the schoolroom and halls should be realsomined. The schoolroom is kept perfectly clean. The teacher varnished the desks since my last report.

The Boys Toilet has been repaired since my last report. The teacher has kalsomined the inside of the toilets with the help of one of the children. She bought the material herself, and in my opinion should be highly commended for her efforts to keep the school buildings in a sanitary condition.

Report on School Work Continued.

Reading: Grade 1B The teacher taught a lesson from the Blackboard and from the Every Day Canadian Primer Page 28. This lesson was well taught. The children used markers. Their reading is too much of the "word for word" type. The class has been working in the Reading Work Book for Beginners. On the whole their work is "Very Satisfactory."

Grade 2 are reading slowly from the Corona Primer I.
Grade 3 are reading well from the Corona Reader Book 2 Part 1 Page 62.
Grade 4 are at Page 230 of Part 2 of the Corona Reader Book 2 and
Grade 5 are at Page 52 of Part 1 of the Corona Reader Book 3.
The Reading of the school is much better than the Arithmetic.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Spelling: The Grades from 2 to 5 were tested with the Morrison McCall Scale.

Grade 2 made a Mid Score of 3 which is the Norm for a Grade 1.5
Grade 3 made a Mid Score of 20, which is the Norm for a Grade 3.9
Grade 4 made a Mid Score of 27, which is the Norm for a Grade 5.1
Grade 5 made a Mid Score of 29, which is the Norm for a Grade 5.4

Art Work: This has been entirely ruined as far as colour is concerned by the poor paints supplied by the Department to this school. These cheap inferior paints are not permitted in most schools. A very simple paint box is all that is required, Reeves' New Watercolour Box No. 81 is by far the best for our schools. Spectrum Refills may easily be obtained for the New Box, which originally costs retail about \$4.00 per Dozen.

Control: The teacher's control of the class is "Good".

General: The teacher has small bright curtains at the sides of the windows. The schoolroom is well heated, clean, and bright, and suitable small pictures and cut outs are displayed on the walls. I certainly consider this a very satisfactory small school, at which satisfactory standards, with the exception of Arithmetic, are being maintained.

Very Good Reading and Number Charts have been constructed by the teacher as a result of her course at Summer School. The teacher keeps a Time Table and Preview.

DEPARTMENT OF INDIAN AFFAIRS
INSPECTOR'S REPORT

ON

KATZIE INDIAN DAY SCHOOL
(New Westminster Agency.)

Date of Inspection February 3, 1932.

Number of Pupils present { Boys..... 4 present and 2 absent 6
Girls..... 6 present and 0 absent 6
10 2 12

Number of Classrooms and number of desks in each One; with 23 single desks.

THE TEACHER

Name Miss Mary Winter Age 26.

Salary \$1050.00 per annum, with \$25.00 per annum for janitor work.

Qualifications Trained in the Vancouver Normal School, and holds a B.C. Second Class Permanent Certificate. Experience of three years as substitute teacher in Vancouver and two years in this school.

Health Excellent health.

Success A small but successful school.

Suggestions This teacher has made a very real effort to follow out all the suggestions made at the last inspection. The Arithmetic texts recommended in my last report have been obtained, and the various charts made by the teacher. The teacher has taken much trouble over these charts and some are very good indeed.

The school is quite definitely below the required standard in the subject of Arithmetic. I have asked the teacher to give special attention to this subject during the next year. The free use of the new Work Books will also improve the results.

REMARKS RELATIVE TO THE EXAMINATION OF THE PUPILS

Reading: The Grade 2 children are at different places in the Second Canadian Reader. The children speak well and their reading is good. Grade 4 are at Page 123 of the Fourth Canadian Reader. Grade 5 are starting the Fifth Reader, and Grade 6 are at Page 198 of the Fifth Reader. All these children speak with rather soft and low voices. The reading is however satisfactory.

Writing: This is good in all grades.

Art Work: Pictures and cut outs are on the walls. The colour design work of the children has been made less effective by the use of the very inferior paint boxes last supplied to this school. It is quite impossible to teach any colour work with such inferior material, the use of which would not be permitted by any teacher in a B.C. Provincial School[OVER]

BUILDINGS AND PREMISES

Inspectors will please mention the number of buildings, indicate their ownership and comment on their condition.

The buildings belong to the Department. They consist of a school house, and two toilets, with a small shed for coal or wood.

The schoolroom is in very good condition. The inside plaster of the schoolroom and halls should be rekalsomined this summer.

The woodwork of the interior appears to be in very good condition.

The ventilation is excellent. The lighting is very good.

The toilets were clean when I inspected them.

The door of the Boys' toilet was off its hinges and resting against the wall of the toilet. A few minutes work and the use of some large screw nails would remedy this state of things. One of the adult Indians could very easily do this repair work, if so instructed by the Indian Agent.

Report on School Work Continued.

Arithmetic: Grade 2 have finished the Combinations & Separations. They have also worked through the Extensions, and are working at Addition and Subtraction.

Grade 4 are about finished the work on the Multiplication Table in their new Text, Sheffield and Brown's Arithmetic, Book 1.

Grades 5 & 6 are at work in the Second Book of the New Canadian Arithmetic by Sheffield and Brown. None of these children in Grades 4, 5, & 6 are up to the required standard for their grade. This was very evident when the children were tested with the All Canada Test. In this test Grade 4 made a Mid Score of 10, the Norm being 20. Grade 5 made a Mid Score of 16, the Norm for the Grade being 26. Grade 6 made a Mid Score of 31, the Norm for the Grade being 31.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Singing: No singing is taught in this school.

Spelling: The Morrison McCull Scale was used in testing the Spelling.

Grade 2 made a Mid Score of 11, which is the Norm for a Grade 2.5

Grade 4 made a Mid Score of 23, which is the Norm for a Grade 4.5

Grade 5 made a Mid Score of 29, which is the Norm for a Grade 5.4

Grade 6 made a Mid Score of 31, which is the Norm for a Grade 5.8

It will be seen from the above results that the Spelling of the school is about normal.

Control: The teacher's control of the class was good.

General: The teacher has small bright curtains at the side of each window. The schoolroom is well heated clean and bright, with suitable small pictures on the walls. I consider this to be a very satisfactory little school, at which normal standards, with the exception of that in Arithmetic, are being maintained. The teacher will give extra attention to the Arithmetic before the next inspection.

A copy of the list of recommended books is given on the next page:-

INSPECTOR'S REPORT
ON

KATZIE.....INDIAN DAY SCHOOL

Date of Inspection.....February 27, 1931.

Number of Pupils present { Boys.....1
Girls.....3

Number of Classrooms and number of desks in each.....One: 23 desks.

THE TEACHER

Name.....Miss Mary Winter.....Age 25
Salary.....\$1050 with \$25 per annum for janitor work.
Qualifications.....Trained at Vancouver Normal School; 2nd. Class Permanent
Certificate. Victoria Summer School Primary Certificate:
Three years as substitute teacher Vancouver, one year Indian.
Health.....Excellent.
Success.....A very successful little school.

Suggestions.....Suggested to this teacher that she obtain the new Sheffield &
Brown Arithmetics for the children:- Book I for Grades III & IV
and Book II for Grades V & VI. These are Free-texts.
I also suggested that she should prepare for the children
Reading and Number Charts and a Colour Chart for Art Work.
I explained how these could be made for a few cents.

REMARKS RELATIVE TO THE EXAMINATION OF THE PUPILS

Grade VI read well, but should speak up better. In Grades
V, IV, & III the reading was good. Children were tested in
Arithmetic with the All Canada Test with the following results.
VI made 23 Norm being 30, V made 19 Norm being 26, IV made 9
Norm being 20 and III made 9 Norm being 10. The children are
backward in Mechanical Arithmetic.
The Reading throughout was very satisfactory.
Spelling was tested with Morrison-McCall Scale.
Grade VI made 26 Norm for Grade 4.9: Grade V made 28 Norm for
Grade 5.2; Grade IV made 25 Norm for Grade 4.7 and Grade III
made 19 a Norm for Grade 3.7 The spelling is satisfactory.

BUILDINGS AND PREMISES

Inspectors will please mention the number of buildings, indicate their ownership and comment on their condition.

One school house and two toilets.

The buildings which were opened in 1923 belong to the Indian Department. They are in good condition. Everything in and around the premises is tidy and clean.

The ventilation is excellent and the light good.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

The teacher has, and follows the 1930 Programme of Studies.

She has her Time Table on the wall. She reads professional literature and so keeps up to date.

There were good Health and Nature Charts on the walls.

The Art Work on display was good.

The teacher has prepared very good Seat Work for the children.

This is well looked after and kept when not in use in envelopes.

The teacher had a Christmas concert for the children and the little children of the reserve and the parents came to this.

The children are taught to sing. I did not test this as there were so few present when I inspected the school.

This is a very satisfactory little school.

VICTORIA, B.C., December 9, 1932.

IN YOUR REPLY REFER TO
No. 15/27345.
ALSO TO DATE OF THIS LETTER

Sir:-

I beg to transmit herewith letter dated December 8th, instant, received from the Inspector of Indian Schools, B.C., together with his report on the inspection on November 14th, ultimo, of the Katzie Indian Day School in the New Westminster Indian Agency.

The repairs suggested by the Inspector, on the school building, were not provided for in the 1933-34 Indian Agency Estimates, but I should point out that on the last page of the Commissioner's Estimates for that fiscal year, an item appears to cover miscellaneous and unforeseen expenditures. If the Department is disposed to allow a grant for the repair and reconditioning of this school building, the Indian Agent might be asked to submit an estimate of the probable cost.

Your obedient servant,

P/KD.

Enclosure:-

Chas. C. Berry,
Asst. Indian Commissioner for B.C.

C. C. Perry, Esq.,
Assistant Indian Commissioner,
P.O.Box 666,
Victoria, B.C.

Dear Sir;

I have the honour to forward herewith my report on the Katzie Indian Day School, New Westminster Agency, which I inspected on December 15th last.

May I be permitted to draw your attention to the fact that the inside of this school requires to be rekalsomined. This fact has been reported upon in each of the two previous reports on this school, to which I should like to draw the attention of the Department. The cost of such rekalsomining is very small and I am quite certain that the work could be undertaken by one of the Indians, though not by the children of the school.

Your obedient servant,

Gerald H. Barry.

DEPARTMENT OF INDIAN AFFAIRS
INSPECTOR'S REPORT

ON

KATZIE

INDIAN DAY SCHOOL

(New Westminster Agency.)

Date of Inspection

December 15, 1933.

Number of Pupils present { Boys 6
Girls 5

Number of Classrooms and number of desks in each One; with 23 Single Desks.

THE TEACHER

Name Miss Mary Winter Age 28.

Salary \$1050.00 per annum less 10% with \$25.00 per annum less 10% as janitor.

Qualifications B.C. Permanent Certificate Second Class. Trained Vancouver Normal School. Experience of three years as substitute teacher in Vancouver, and four years in this school. Holds Provincial Summer School certificate in Rural & Indian Work 1932.

Health Health is Excellent.

Success A small bright clean school doing very good work. Arithmetic continues to be a weak subject. The teacher is much interested in the progress of the children and is very active in everything that is for their welfare.

Suggestions Much more attention should be given to Arithmetic, in as far as this subject is taught in the Primary Grades. The children in Grades 3 to 5 have improved somewhat in this subject since the last inspection.

REMARKS RELATIVE TO THE EXAMINATION OF THE PUPILS

Arithmetic: Grade 1B can read and write the numbers to 5. They have no knowledge of the Combinations and Separations. These should be started at once. The teacher has been so informed. Grade 1A are working the Combinations and Separations to 12. This work is "Good". Grade 2 is working with Grade 3 at Multiplication to the table of 5's Grade 4 is working Long Division and Grade 5 is doing Fractions. In the All Canada Test in the Fundamentals, Grade 3 made a Mid Score of 8 the Norm for this Grade being 8. Grade 4 made a Mid Score of 12 the Norm being 19. Grade 5 made a Mid Score of 23, the Norm being 25. Grade 3 is slow, and it will be seen that Grade 4 is "Weak" in this subject.

BUILDINGS AND PREMISES

Inspectors will please mention the number of buildings, indicate their ownership and comment on their condition

The buildings belong to the Department.

They consist of a school house, two toilets, and a small shed for coal and wood. The floor of the woodshed is in poor repair; but repairs to this are not absolutely necessary at the present time.

The inside of the school should most certainly be rekalsomined.

This has been recommended previously in my reports of February and November 1932. From a health point of view if from no other this rekalsomining should be carried out during the summer vacation of this year, 1934.

The teacher has done her best to keep this school in a sanitary condition as reported last year. She even bought material herself to kalsomine the interior of the toilets, as has been previously reported.

The school is in other respects in a satisfactory state of repair, and the toilets are clean.

The Rev. A. Gillen O.M.I. the Principal of the Mission Residential School, and the new representative of the Oblate Order for the various Missions and Catholic Schools of the Archdiocese of Vancouver drove me to the Katzie Day School, and was present during my inspection.

I was anxious to have him actually with me during an inspection of a Day School so that he would be in a position to understand my methods of inspecting such schools. He had spent some considerable time with me during the inspection of the Mission Residential School, and I am very glad to have had the cooperation of the Rev. Father Gillen in this work.

General Condition of Schoolroom:-

The teacher has small bright curtains at the sides of the windows. The schoolroom is well heated, clean and bright. Suitable small pictures and cut outs are displayed on the walls.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Reading:- Grade 1B are reading at Page 12 of the Primer Two Little Indians, and are making use of the Work Book, Joe and Ruth and ordinary Flash Cards. These children speak well; but do not know very many words yet, possibly only about 20.

Grade 1A are at Page 38 of the Corona Primer II. They have read several primers and can read quite well for such a Grade.

Grade 2 can read in a fair manner from Book 1 of the Corona Readers.

Grade 3 have finished the Corona Reader for this Grade and are at work on the Third Canadian Reader. Grade 5B are reading well from Book 3 of the Corona series. Reading Exercise Work Books in Silent Reading are used.

Spelling: The spelling of the children is very good. In the Buckingham Ayres' Test the following results were obtained

Grade 3 made a Mid Score of 95% the Norm for the Grade being 60%

Grade 4 made a Mid Score of 100% the Norm for the Grade being 75%

Grade 5 made a Mid Score of 100% the Norm for that Grade being 90%

Singing: This is well taught.

Language: The Work Books in English Usage and Composition are in daily use.

Geography: Grade 5 are using the Geography for Juniors, Etc.

Mental Ages and I.Q.'s These have been tested by the teacher and are found to be below the average. I.Q.'s range between 64 and 96, the average being between 76 and 80.

Control: The teacher's control of the class is very good indeed. The school seems to be very well conducted, and satisfactory progress is being made in the school work.

VICTORIA, B.C. **January 30, 1934.**

Dear Sir:

Get on #5

I have the honor to transmit herewith a letter dated January 26th, instant, received from Inspector Gerald H. Barry, together with his report of inspection on December 15th, ultimo, of the Katsie Indian Day School, New Westminster Agency, B.C. In regard to the proposed expenditures it should be pointed out that in the Agency Estimates of 1934-35 under the heading of "Indian Education" we included an item of the sum of \$500.00 for repairs to three Day Schools, viz:- the Chehalis, the Katsie and Skwah Schools, and it is presumed that if the services mentioned by the Inspector are to be installed the Department will give the necessary directions to the Indian Agent to proceed with the work.

Attendance problem: remedies suggested, Etc.

The attendance is satisfactory. There has been some illness among the pupils as in most of the schools this year. This has probably held the work back a little. The children attend too many "Picture Shows" and are often up far too late at night, the teacher informs me. The average attendance is small, but the percentage attendance is quite good as will be seen from the statements tabulated below:-

<u>ATTENDANCE FOR QUARTER ENDING</u>				
School	Year	1934-35	1935-36	1936-37
September		7.86	10.57	8.61
December		8.25	9.52	8.88
March		8.60	5.55	
June		6.72	5.46	

PRESENT CLASSIFICATION

<u>Grade:</u>	<u>Boys:</u>	<u>Girls:</u>	<u>Total:</u>	
6A	0	1	1	(Absent)
4A	0	1	1	
4B	2	0	2	
2B	2	0	2	
1B	1	1	2	
1C	1	1	2	
Totals:-	6	4	10	

In addition one Non Indian, a boy, attends in Grade 1C. His mother is I understand an Indian living on the Indian Reserve, while his father is stated to have been a "White Man". This boy is not included in the above averages.

General Remarks:

The schoolroom was perfectly clean, and obvious effort had been made to have it as neat as in the past though my visit was a great surprise to teacher and children. It was much better arranged than on the occasion of my last visit. The teacher's desk and those of the pupils are now properly arranged.

The children were cleaner than on the occasion of my last visit. Their clothes were fair.

The whole school was much better organized and the teacher is doing her best to comply with the instructions of Indian Affairs Branch whether given in correspondence from Ottawa or suggested by myself during inspections.

The Vocational Training must be developed in this little school. I have asked the teacher to do her best in this direction. She will probably take a special course this summer in Arts and Crafts suitable for her work here. The girls are with the exception of two quite young. The older children have again taken up sewing as recommended at the time of my last inspection. Aprons have been made and embroidered and a start is being made on some plain dresses this week.

The teacher's work on Posters is very good and there are a number of good teaching posters on display.

On the whole I am much better pleased with the work being done here. The Letter from the Chief of the Training Division helped greatly, and the teacher is doing her best.

The necessary promotions at the end of June were gone into with the greatest care and the teacher will follow my advice I am certain. She made notes during the inspection. The standing of the school is "Fair".

Sechelt, B.C.
March 16, 1937.

Gerald H. Barry
Gerald H. Barry.
Inspector of Indian Schools, B.C.

153-18-6.

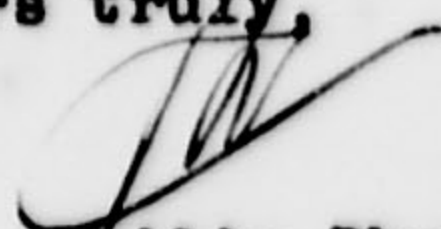

Ottawa, December 8, 1936.

Madam:

The Department is in receipt of Inspector Barry's report regarding his inspection of the Katzie Indian Day School on the 19th ultimo. We are pleased to note from this report that you have always made an effort to carry out any suggestions made to you by the Inspector. However, it appears that, in order to obtain the best results, it will be necessary for you to properly organize the school work and to follow a definite time table.

Mr. Barry is being directed to again visit your school before the close of the academic year, and, at that time, it is hoped that he will be able to report a decided improvement, specially in the reduction of the number of sub grades and in the teaching of all subjects on the curriculum. If there are any books that you consider might be of assistance to you, please let me know.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

With reference to your letter of the 20th ultimo, enclosing report regarding your inspection of the Katzie Indian Day School on the 19th ultimo, the Department has carefully considered the information concerning the teacher. Miss Winter is being written along the lines suggested on Page 3 of your report.

Under the circumstances, I consider it would be advisable for you to arrange to visit this school again before the end of the academic year.

Yours truly,

Philip Phelan,
Chief, Training Division.

OFFICE OF
INDIAN AGENT

Powell River, B.C.

November 20, 1936.

C. C. Perry, Esq.,
Assistant Indian Commissioner,
P.O. Box 666,
Victoria, B.C.

Dear Sir:-

I have the honour to forward herewith my report on the Katzie Indian Day School, New Westminster Agency, which I inspected on November 19th last.

I am certainly sorry not to be able to give this little school a better report, but just now things do not seem to me to be very satisfactory there.

I called on Mr. Indian Agent Daunt on my way back to Vancouver from the school, and discussed a number of important educational matters with reference to the schools in his Agency. He was busy and I had not much time at my disposal and we did not discuss this little Indian Day School in any very great detail, only in broad outline. I do not think that the Indian Agent can help much here in any case.

If the Department approves I shall make every effort to again inspect this school around Easter time, but it will be understood I know that it is impossible to carry out second inspections of all the schools through lack of time, and I must go north immediately after Easter to visit the Nass, Queen Charlotte Islands Etc. A second Inspector of Schools is very badly needed but till one can be appointed I am trying to carry out the duties as well as circumstances will allow. I particularly do not wish to hear of any dismissal of the teacher in this case if I can do anything further to help.

Your obedient servant,

Gerald H. Barry

INSPECTOR'S REPORT ON KATZIE INDIAN DAY SCHOOL

Roman Catholic Church

New Westminster Agency.

Date of inspection: November 19th 1936.

Number of pupils present: 7 Boys and 4 Girls. Total 11.

Number of classrooms: One.

Number of desks in each classroom: 23 single desks and two rear sections.

Name of teacher: Miss Mary Winter Age 30.

Health: Very Good.

Remarks relative to methods employed by teachers:

Miss Winter was trained in the Vancouver Normal School, and holds a B.C. Permanent Second Class Certificate, and in addition Provincial Summer School certificates in Rural and Indian Work 1932 & 1934 and Primary Work and Elocution 1934. Since my last inspection she again attended the Provincial Summer School in Victoria taking the courses in Primary Work, and Reading and Language 1936.

Miss Winter was shown in detail what should be taken up in each Grade in Reading when I was here in October 1935, but she has permitted her anxiety for the progress of the pupils to lead her into the mistake of having so many Grades and Sub Grades that she has become confused and discouraged. She has in fact tried individual instruction which is quite hopeless in such a school as this.

There was in fact much confusion when I attempted to find out the actual Grade of each child.

I spent some time in again outlining what was to be done in each Grade and asked that the Grades should be grouped together rather than separated.

Miss Winter has a very nice manner with the children. She is much loved by them. She took notes of my suggestions and will I think attempt to do more class teaching in place of the individual work she has tried during the past year.

Her experience now extends to some nine years, the first three of which were spent as a Substitute in Vancouver City Schools and the last six in this school.

Remarks relative to the examination of pupils:

Reading: Grade 1C know some ten words BUT ONE HAS FINISHED Two Little Indians. Grade 1B have finished Two Little Indians and the Corona Primer 1 and are at DIFFERENT places in Friends. The work done by the above Grade 1B & 1C children is "Good" but they are all working at different places. Grade 2 are nearly finished Corona Primer 2. They should be reading Book 1 of the same series and will go on to this as soon as possible. They rather sing out the words, but in other respects read well. Grade 3 are quite good and read from Corona Reader Book 2. Grade 4 has finished Corona Book 2 and read Highroads Book 4, while Grade 6 has started Corona Reader Book 4 and reads Highroad Readers Book 6 as supplementary. The children all speak out well, and the reading is above the average, in many cases quite good. The Reading Exercise Work Books are used with some success.

Geography: This has not been taught regularly lately. The teacher has got so mixed up with her many classes that she has not had time to teach this subject as suggested. She will start now however

Singing: None done this term. This will be taken up now in preparation for a Christmas entertainment.

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Arithmetic: Grade 1C are reading and writing the numbers to 9 and recognizing Groups to 8. Grade 1B are doing "Satisfactory" work in the Combinations and Separations to 6. Grade 2 can Add and Subtract with Borrowing and Carrying, BUT ARE NOT AT SAME PLACE in this. Grade 3 have finished Short Multiplication and Division, know the Multiplication Tables to times 12 and are starting Long Multiplication. Their work is very good indeed. Grade 4 is doing Long Multiplication and Long Division. They are a little better than average. Grade 6 works Decimals. The whole of the Arithmetic, which was greatly improved when I last inspected here, is now well above the average. Tested with the All Canada Scale:-
 Grade 3 made a Mid Score of 13.5 the Norm being only 7
 Grade 4 made a Mid Score of 22 the Norm being 18
 Grade 6 made a Mid Score of 29 which is the Norm for the Grade.

Spelling: This was tested by the Buckingham Ayres Scale. Twenty words were dictated from Columns "L" "M" and "N" for Grades 4 while Grades 2 and 3 wrote twenty words from Columns "F" "G" & "H".
 Grade 2 made a Mid Score of 35% the Norm being 84% in June
 Grade 3 made a Mid Score of 80% the June 1937 Norm 94%
 Grade 4 made a Mid Score of 100% the June 1937 Norm 84%

Vocational Training: The sewing done as a rule in this school has not been started yet.

The teacher tells me it will now be undertaken.

General As will be obvious from the above the Time Table is not being followed, is not perhaps in existence, for I did not see one which would work. I have tried to help, but the teacher must organize the Grades and her own work herself. I have made many suggestions and outlined work. The Grades must be combined in several places. The teacher is worried as she is unable to get through the necessary work. I told her to do some Class Teaching even if some pupils have to repeat and some to go on as fast as they can. They must be brought together again. Some good Posters have been made by the teacher but these were badly displayed if displayed, and some were under cover. The desks were badly arranged and have been so placed since my last visit. I suggested many changes. Even the teacher's desk had been moved into about the worst possible place in the room to give room for FOLK DANCES and PHYSICAL EDUCATION, which should be taken outside when the weather is good.

Attendance problem: remedies suggested, Etc.

The parents allow their children to stay up late, attend "Picture Shows" or so the teacher considers. The average attendance is small.

Quarter ending	September 1934	September 1935	Sept. 1936.
	7.86	10.57	8.61
December	1934	December	1935
	8.25		9.52
March	1935	March	1936
	8.60		5.55
June	1935	June	1936
	6.72		5.46

Classification:	Grade:	Boys:	Girls:	Total:
(One Non Indian Boy attends.)	6A	0	1	1
	4A	0	1	1
	3A	2	0	2
	2	2	0	2
	1B	1	1	2
	1C	2	1	3
		7	4	11

General Remarks:

While the schoolroom was perfectly clean it was not as neat as on former visits.

The children were not very clean. Some did not appear to me to have washed for some time.

The Junior Red Cross is supposed to be active here. It is obviously not active enough.

The Vocational Training has fallen off badly.

The children are still very obedient and their conduct in school is very good indeed, with one or two exceptions. In these cases I feel that the teacher is losing some of her control. One big girl was chewing gum till I told her to put it away. The teacher is to some extent losing grip on herself, and worried with the large number of sub Grades which she has made herself, she feels she can hardly get through the essential work, and thus leaves out the most important things such as Vocational Training to make time for non essentials like Folk Dances.

The children are not so much backward as disorganized. Their Arithmetic and Reading are in general good, and they are Fair in Spelling and Writing.

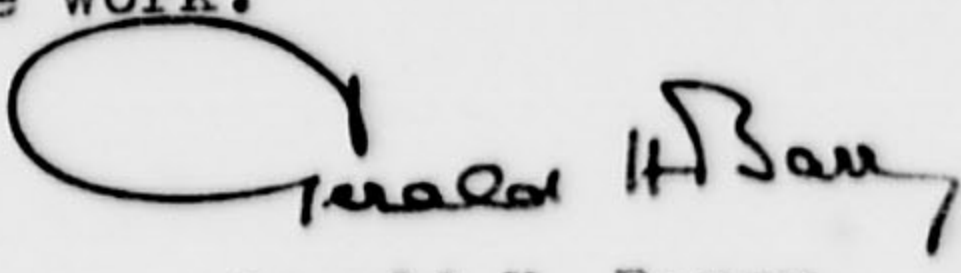

I believe that it will be necessary for me to pay another visit to this school in April, previous to leaving for the Prince Rupert and Nass districts.

In the mean time I should be glad if the Department would consider with care this report and compare it with previous ones on this school, the reports of the Indian Agent, Etc. If thought suitable perhaps a letter might be sent to Miss Winter warning her that she must organize her work better and follow a definite Time Table. She might perhaps be told that her school will again be inspected during the present school year, and that a very great change for the better is looked for, particularly in the arrangement of her room, in the reduction of the number of Sub Grades, and the actual teaching of the subjects other than Reading and Arithmetic. I think some improvement might be made in the attendance if the teacher visited the Indians and insisted that the children come to school.

I should be glad to hear from the Department as to what they would wish me to do in this case.

Miss Winter is a very nice girl, with a good teaching voice and manner. The children are fond of her and she is most anxious to do all possible for the Indians. I should be very sorry indeed if the school had to be closed or if it were decided to replace her here, as I think she is a great influence for good on the Reserve. In addition I may say that Miss Winter has always made an effort to follow my suggestions, if not in their entirety, at least to some extent. Just at the moment she appears to have lost hold on the work.

Powell River, B.C.
November 20, 1936.

Gerald H. Barry.
Inspector of Indian Schools, B.C.

C. C. Perry, Esq.,
Assistant Indian Commissioner,
P.O.Box 666,
Victoria, B.C.

Dear Sir:-

I have the honour to forward herewith my report on the Katzie Indian Day School, New Westminster Agency, which I inspected on October 25th last.

While this is a very small school, quite good work is being done by the teacher, and the children are making satisfactory progress. The attendance is small, though possibly increasing very slightly. I could not recommend the closing of the school at the present time. Even if all the children could be accommodated at a Residential School, which is I believe out of the question, the cost of their education and keep would be more than the cost of operating this little school.

Miss Winter has a very good manner with the children and is I am certain a factor for the general advancement of the Indians on this rather out of the way Reserve. I should be very sorry if it was found necessary to close this little school.

Your obedient servant,

Gerald H. Barry.

INSPECTOR'S REPORT ON KATZIE INDIAN DAY SCHOOL

New Westminster Agency.

Date of Inspection: October 25, 1935.

Number of pupils present: 5 Boys & 3 Girls: Total 8.

Number of classrooms: One.

Number of desks in each classroom: 23 Single Desks with two Rear Sections in addition.

Name of teacher: Miss Mary Winter Age 29.

Health: Very Good.

Remarks relative to methods employed by teacher:

This teacher is very much interested in the progress of the children, and is very active in everything that is for their welfare. Miss Winter was trained in the Vancouver Normal School, and holds a B.C. Permanent Second Class Certificate, and in addition Provincial Summer School certificates in Rural & Indian Work 1933 and 1934, and Primary Work, and Elocution, 1934. For three years she was a substitute teacher in Vancouver City Schools, and she has been here for five years.

Miss Winter has taken advantage of the Demonstration Lessons taught during previous inspections of this school, and has very greatly improved the standing of her pupils in Arithmetic. During the present visit to the school the teacher explained that she was having difficulty in the organization of the instruction in Reading. I therefore made a very complete outline for her of the Reading to be covered in the various Grades, particularly the Primary Grades. I also demonstrated the corresponding Arithmetic to be taught in the various Sub Grades of Grades 1 and 2. Miss Winter was good enough to say that this work would help her greatly. Her general methods are quite satisfactory, and she has very good control of the children.

Remarks relative to the examination of pupils:

Reading: Grade 1C know about a dozen Sight Words. They have been taught from the Board. I have asked the teacher to start on Two Little Indian as soon as possible. There is no Grade 1B at present. Grade 1A have finished Two Little Indians, and are starting Corona Primer 1. They are backward as they should be finished the above Corona Primer and be starting the Corona Primer 2. They are 8 year old children and can read Two Little Indians quite well. Grade 2B are very backward as they have only finished Corona Primer 1 and the Highroads Primer. I have asked the teacher to get them up to the prescribed Corona Book 1 as soon as possible. Grade 3 have finished Corona Reader Book 1 and Highroads Reader Book 2. Their Reading is "Good" in the texts studied. They will have to go on to Corona Reader Book 2 and Highroads Readers Books 3 and 4 for these children are ready otherwise for Grade 4. Grade 4 have successfully completed Corona Reader Book 3 and Highroads Reader Book 5. They are ready for the work of Grade 5. The teacher explained that she was much discouraged with the Reading. In reply I explained that all that was wrong was that she had got this subject rather disorganized and that the children could read quite well. I helped her to reorganize this work through the Grades.

Art: Not much done as yet this year.

Language and Nature: Satisfactory. The Work Books are being used.

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Marks relative to examination of pupils: Continued.

Geography: The Canadian Geography for Juniors, B.C. Edition and the Work Pads are in use. Satisfactory work is being done. General work in Geography is being done in the Junior Grades the Dent Geography Readers being used.

Arithmetic: Grade 1C are just starting to read and to write numbers. Grade 1A are good in working the Combinations and Separations to about 10. Grade 2 are starting the Extensions. They are able to work formal Addition and Subtraction without carrying or borrowing, and are starting the more advanced work of the Grade. This is very satisfactory. Grade 3 are working Multiplication and Short Division to the times 4 table. They are above the average now in this subject. Grade 6 are at Decimals. In the All Canada Test Grade 3 made a Mid Score of 10, the Norm for such a Grade at this time of the year being only 7. Grade 6 made a Mid score of 32, the Norm in this case being 22. The whole of the Arithmetic has greatly improved during the past year.

The remaining subjects not reported on here are being properly taught

Attendance problem; remedies suggested, Etc.

The attendance is "Satisfactory". The parents are interested to some extent in the progress of the children. The children are somewhat sleepy in school. The teacher considers that the pupils are permitted by their parents to attend "Picture Shows" and to go to bed very late. Miss Winter is attending to this and trying to have the children get more sleep so that their school work may improve. The average attendance has been:-

Quarter ending September 1934	7.86	September 1935	10.57
Quarter ending December 1934	8.25		
Quarter ending March 1935	8.60		
Quarter ending June 1935	6.72	(Berry Picking)	

Classification: Boys:- Girls:- Total:-

Grade 6	0	3	3
Grade 3	3	1	4
Grade 2	2	0	2
Grade 1A	1	0	1
Grade 1C	1	1	2
Totals:-	7	5	12

General Remarks:

Everything about the school is neat and clean. There are a number of very good Reading Charts, Number Charts, and Colour and Health Charts on display. These have been made either by the teacher or the children. A proper wooden picture display rail or picture moulding has been placed on the walls to preserve the plaster. The Junior Red Cross is active here. The Girls are given some Vocational Training in the way of Sewing, Embroidery, Etc. Aprons Etc. will be made a little later in the term. When the present Grade 3 children have been promoted to Grade 4B the classification of the children in the Grades will be quite satisfactory. The teacher has been doing very good work here. The children are obedient and clean, while their conduct in school has been "Very Good". The various points raised in this report have of course been discussed with the teacher, and Miss Winter has been given a number of suggestions which it is hoped will aid her in the school work. The general standing of the school is "Good".

P.O.Box 666,
Victoria, B.C.

January 22, 1935.

C. C. Perry, Esq.,
Assistant Indian Commissioner,
P.O.Box 666,
Victoria, B.C.

Dear Sir:-

I have the honour to forward herewith my report on the Katzie Indian Day School, New Westminster Agency, which I inspected on January 15th.

The Reverend A Gillen, O.M.I. accompanied me to the school and was present throughout my inspection. He spoke to the children, on my invitation, later. It was due to the kindness of Father Gillen that I was enabled to visit this little school. The weather was very bad and I could not have walked in from the nearest Stage stop. Father Gillen drove me in the Residential School automobile from the Indian Residential School, Mission, on the conclusion of my inspection there. He then took me on to the Devonshire Hotel, Vancouver.

You will notice that many of the items recommended in previous reports have now been authorized. The schoolroom has been rekalsomined, Etc. I am sorry to have to report the dirty state of the schoolroom floor. I am informed that this will be put right by a thorough washing before the end of January.

The attendance at this school remains about the same from year to year. It is not large, but I believe that valuable work is being done by having a Day School on this Reserve, and I would not recommend that the school be closed.

Your obedient servant,

Gerald H. Barry
Gerald H. Barry.

DEPARTMENT OF INDIAN AFFAIRS
INSPECTOR'S REPORT
ON

KATZIE

INDIAN DAY SCHOOL

(New Westminster Agency.)

Date of Inspection January 15, 1935.

Number of Pupils present { Boys 4.
Girls 2.

Number of Classrooms and number of desks in each One; with 33 Single Desks.
There are in addition 2 Rear Section

THE TEACHER

Name Miss Mary Winter Age 29.
Salary \$1000.00 per annum. No Janitor money is being paid to this teacher at present.
Qualifications B.C. Permanent Second Class Certificate. Trained Vancouver Normal.
Experience of three years as substitute teacher in Vancouver, and five years here. Holds Provincial Summer School certificates in Rural & Indian Work 1932. Indian and Primary and Elocution 1934.
Health Miss Winter's health has been "Excellent".
Success This continues to be a successful small school. The teacher is very much interested in the progress of the children, and is very active in everything that is for their welfare. The Reading of the children is "Good" and the Primary Number Work has been somewhat improved during the past year.
Suggestions

Suggestions have been given to the teacher with regard to several subjects and are mentioned in the detailed report on the Grade Work: Nature and Language Work Books should be used regularly. The Union Jack should be flown daily when School is in session. It is essential that the floor be kept in a much cleaner condition. Health: The teacher reports that the health of the children has not been as good as that of the year previous. There was one case of whooping-cough since my last inspection.

REMARKS RELATIVE TO THE EXAMINATION OF THE PUPILS

Reading: Grade 1B are starting the Primer in the Highroads To Reading and are working from the Board and Flash Cards, while Grade 1A have finished Two Little Indians and are now at Page 39 of The Highroads Primer. The reading of these children is quite satisfactory and the children speak up well. Grade 1A should go on to the Corona Primer 1 in February. Grade 2 are at Page 22 of the Highroads Book 2. They have finished the two Corona Primers and some of the Corona Reader Book 1. I advised that they finish the Corona Reader Book 1 by June. This Grade reads well and speaks out. Grade 3 has finished the Third Corona Reader and Book 4 of the Highroads series. They speak well and read in a very satisfactory manner. Reading Exercise Work Books are used from Grade 3 up to Grade 6. Children in Grades 3 and 5 were absent and I did not hear them read.

BUILDINGS AND PREMISES

Inspector will please mention the number of buildings, indicate their ownership and comment on their condition

The buildings belong to the Department.

They consist of a school house, two toilets, and a small shed for coal and wood.

The inside of the school has now been rekalsomined. A new door has been placed on the woodshed. The school steps have been mended. There are small bright curtains at the side of the schoolroom windows. The roof of the school has been mended and covered with a coal oil and tar mixture.

A wooden picture rail has been placed in the schoolroom to which drawings and other handwork exhibits are fixed to save the plaster of the walls.

A First Aid cabinet has been placed on one of the schoolroom walls. The display of Reading, Colour, Number, and other Charts was good.

The teacher has done everything possible to make the school attractive. The toilets are in a perfectly clean state.

I was accompanied on my inspection by the Rev. A. Gillen, O.M.I., the Principal of the Indian Residential School, Mission, and the present representative of the Oblate Order for the various Missions and Catholic Indian Day Schools of the Archdiocese of Vancouver. The Reverend Father Gillen drove me from Mission to the Katzie School. The weather was very bad and I should not have been able to get in to this little school without his help.

Father Gillen spoke to the children after my inspection. I was glad to have him with me during the inspection. He was enabled to contrast the work done at one of these little Day Schools and in the various Divisions of his own Residential School.

Christmas Tree: The children had a Christmas Tree and small concert during the Christmas season.

Schoolroom Floor: I am sorry to have to report that the floor of the school was in a very dirty condition. In my opinion this floor should be washed at the end of each two months, if not monthly.

GENERAL REMARKS

Under this heading the Inspector should report upon the general management of the school and offer any suggestions for improvement he may wish to make.

Arithmetic: Grade 1B are working at the Combinations and Separations up to Group 4 which means about to the number 6. Grade 1A are working the Combinations and Separations to about 12. The above work is "Satisfactory". Grade 2 can Add and Subtract. They are to start on Multiplication shortly. Grade 6 are at Decimals. The above work is rather better than was the case at my last inspection. I used the All Canada Test in the Fundamentals. Grade 6 made a Mid Score of 27, the Norm being 30. This is an average result. One of the children was a little weak, but on the whole the work appears to have been taught in a satisfactory manner.

Geography: The Canadian Geography for Juniors B.C. Edition is being used as well as the Work Pads.

Singing: This is taught but there were hardly enough children present at the inspection to judge is properly.

Language and Nature: The Work Books in English Usage and Composition are being used in all Grades above Grade 2. More work might be done in the Nature Work Book.

General: The teacher is giving "Satisfactory" service here.

The school is a very small one at the present time.

I believe that satisfactory progress is being made by the children. Those whom I saw appeared to be making progress. The teacher's control is "Good".

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 666,
Victoria, B.C.

Dear Major MacKay:-

I am forwarding herewith a copy of my proposed itinerary for the remainder of the month of September. You will remember that you asked me to let you have this in case there was need for the Indian Affairs Branch to get into touch with me while I was away from Victoria on inspection duties.

Since my arrival in Vancouver on the evening of the 14th I have been very much occupied with official duties of various kinds.

The Katzie Indian Day School was visited yesterday and help given to Miss M. Winter, the teacher. The officials in Ottawa are aware that Miss Winter does not organize her work well, and for this reason I made an inspection of her school very early in the school year. Every possible help was given to this teacher, and detailed instructions as to just what each child should attempt in the main subjects should help to make the work easier for Miss Winter. She seemed very pleased to have my suggestions, but it will remain to be seen how well she can carry out the detail of the work. A brief report on my visit to the Katzie Day School will be forwarded to you to-morrow.

Miss Weaver our senior teacher at the Skidegate Indian Day School appears to have resigned her position without any warning, on being appointed to a teaching position under the Provincial Department of Education in a school near Vancouver. Under the new arrangement the schools in the Queen Charlotte Islands do not open till October 1st, but the boat leaves Vancouver to-day.

Dr. Osterhout the Superintendent of the United Church was away on vacation as he believed the whole of the arrangements with regard to the next term had been made. In his absence I gave what help I could to Miss Money Dr. Osterhout's Secretary, and after meeting an experienced United Church teacher who was a candidate for the position at Skidegate, the necessary telegram and letter was sent to the United Church officials in Toronto, who were in touch with the Indian Affairs Branch in Ottawa.

A very experienced teacher, Mrs Moses, was nominated to the Indian Affairs Branch by the United Church, and from what I saw of this lady I believe she will be a great success at Skidegate. There was not sufficient time to cover all the ground but I did what I could to indicate to Mrs Moses the more pressing needs of the classroom she will take over at Skidegate.

I should be glad if you would forward this letter and a copy of my itinerary to Ottawa, with any covering remarks you may care to make.

Yours very truly,

Gerald H. Barry.

Dear Sir:-

The Department is in receipt of Inspector Barry's report regarding his inspection of the Katsie Indian Day School on the 16th ultimo. Mr. Barry has endeavoured to give Miss Winter every possible assistance and it is expected that she will carry out any instructions that he has given regarding the classroom work.

You should also inform Miss Winter that, unless her work shows decided improvement during the current academic year, the Department will be obliged to dispense with her services.

Yours truly,

Ottawa, March 25, 1937.

Dear Sir,-

The Department is in receipt of Inspector Barry's report regarding his inspection of the Katsie Indian Day School on the 15th instant.

It appears from this report that Mr. Barry has received a promise from the teacher that she will take a special course this year in arts and crafts suitable for her work at Katsie, in order that she may develop vocational training at the school. On the occasion of your next visit to the school, you should advise the teacher that the Department considers this action on her part is in the best interests of the work at Katsie and it is hoped that she will take the course mentioned. You should advise me later if she does so and, in this event, the Department will be prepared to allow a reasonable amount for material for vocational training during the academic year 1937-38.

Yours truly,

Philip Phelan.
Chief, Training Division.

March 16, 1937.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 666,
Victoria, B.C.

Dear Major MacKay:-

I am forwarding herewith my report on the Katzie Indian Day School, New Westminster Agency, which I inspected yesterday, March 15th.

The attached report should be read in conjunction with one made after an inspection on November 19th 1936, a copy of which is on file in Victoria.

The present inspection was carried out in compliance with instructions contained in a letter from the Indian Affairs Branch following the receipt in Ottawa of my former report.

I am certainly glad to say that a definite effort has been made by Miss Winter to carry out the instructions of the Indian Affairs Branch, whether given to her in a letter from the Chief of the Training Division or by myself during inspections. On the whole there has been a distinct improvement in the organization of the school since my last visit.

I have asked Miss Winter to develop the Vocational Training at present given at this school. She is considering just what can be done in the way of Arts and Crafts next year, and will probably take a course in either Manual Arts or Arts and Crafts if she can find a suitable one this summer.

A new Union Jack is being requisitioned. The old flag is so badly torn and worn out that I think the provision of a new one is badly needed.

I do not consider that it is necessary to make a change of teachers here at the present time. This should not be considered to mean that I am satisfied with the progress of the children. I do think that Miss Winter is of some use here apart from her ability as a teacher. Her influence is all for the good of the Indians and their children. A more effective teacher would get the pupils further on in their academic studies, but might not be of as great a help to them in other ways. If Miss Winter can develop the Arts and Crafts during the school year 1937-38 I shall be satisfied.

Yours sincerely,

A handwritten signature in dark ink, appearing to read "Gerald H. Barry".

INSPECTOR'S REPORT ON KATZIE INDIAN DAY SCHOOL

Roman Catholic Church New Westminster Agency.

Date of inspection: March 15, 1937.

Number of pupils present: 7 Boys and 3 Girls: Total 10.

Number of classrooms: One.

Number of desks in each classroom: 23 Single Desks with
4 Rear Sections in addition

Name of teacher: Miss Mary Winter. Age 30.

Health: The teacher's health has been
good since my last inspection
with the exception that she was away from school for three
days during this period with influenza.

Remarks relative to methods employed by teacher:

Miss Winter is very much interested in all that is for the good of the children and their parents. She was trained in the Vancouver Normal School, and holds a B.C. Second Class Certificate. She has attended the Provincial Summer Schools in Victoria on a number of occasions. She holds Summer School qualifications in Indian & Rural Work 1932 & 1934, Primary Work and Elocution 1934, and Primary 1936. For some three years she was a Substitute Teacher in the Vancouver City Schools. She has been here for some six years.

While Miss Winter has a very good manner with the children, and is much loved by them, she is not a very great success as a teacher. She becomes very easily confused and has to be told quite clearly what promotions it is best to make and what should be taught in each Grade. She has had hours of instruction from me in the Provincial Summer Schools and during inspections, but she is not able to make use of one tenth of what she has been told.

During my previous visit to this school, when things were found in a very confused state, Miss Winter was given very definite instructions as to what was to be taught in each Sub Grade of Grade 1 and Grade 2. The result has not come up to my expectations; but I can say that the Reading in the various Grades has improved.

The Arithmetic is very weak at the present time, and particularly poor in Grades 1C and 1B

Remarks relative to the examination of pupils:

Reading: This has improved since last October. Grade 1C know some 50 words. They are reading and should finish Two Little Indians by the end of June. They will be ready to start Friends and Corona Primer 1 in September. Their reading is still "word for word" but they speak out fairly well. Grade 1B have finished Two Little Indians and Corona Primer 1. The girl in this Sub Grade is at Page 31 of Corona Primer 2, but the boy is not as far on. The girl is ready for Grade 2B in September. Grade 2B have now finished Corona Primer 2 and are at Page 32 of Corona Reader Book 1. The work of this Grade is on the whole quite satisfactory. The reading is rather "word for word" but one child will be ready for Grade 3B in September while one must remain in Grade 2B. Grade 4B and 4A are working at Corona Book 2 in different places and are reading Highroads Readers Books 4 and 3. Reading is good and the children speak up. Grade 6 pupil was not present but is I am informed reading Corona Reader Book 4 and Highroads Book 6.

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Arithmetic: Grade 1C can read and write the numbers to 9 and can recognize Groups to 9. They should start the Combinations and Separations now. Grade 1B are supposed to know the Combinations and Separations to 6 on the statement of the teacher. As a matter of fact they do know these from Flash Cards but have no idea of doing the same work from the Blackboard. I have explained all this to the teacher and asked that the Board be used. Grade 2B can add and subtract without borrowing or carrying. They are starting the harder work now, and I taught a short lesson in Subtraction with borrowing to correct a wrong method being used by the teacher. These children must use the DECOMPOSITION METHOD at present. Grade 4B are working Short Multiplication and Division and are starting Long Multiplication and Long Division. Grade 4A has finished Long Division but will have to review this, to be ready for Grade 5B in September. Grade 6 was absent but is said to be working Decimals. She should go on to Per Cent. Tested with the All Canada Test in the Fundamentals:-
Grade 4A made a Mid Score of 17, the Norm being 20
Grade 4B made a Mid Score of 15, the Norm being in this case 18.

Writing: This is particularly weak throughout the school. Grades 4 and 6 use the MacLean Manuals, but the Juniors have been writing from copies on the Board placed there by the teacher. I have suggested that these Juniors use the Bailey Manuals now at the school, as they must have some sort of Manual. Grade 1B must write in their exercise books also. Grade 1C should do so also, but at present are only writing on the Boards. From Grade 3 up ink is used. It might be used in Grade 2.

Spelling: This is good as is usual in these schools where insufficient time is given to the completion of the various Work Books, Geography, Nature, Etc.
In the Buckingham Ayres Scale in Spelling
Grade 4A made a Mid Score of 95% and Grade 4B a Mid Score of 80% the June Norm being in each case about 88%

Geography: An attempt is being made to teach this with the help of The Book of Boys and Girls Round the World and Journeys Near and Far. Not sufficient work has been done but a Project on Japan was on display. I have asked the teacher to give more attention to Geography.

Elementary Science: The text supplied by the Branch, Happy Hours in Garden Field and Woodland is being used. I have suggested that Book 1 of the Pathways in Science be used by the teacher in the Primary Grades and the suggested practical work done this Spring.

Singing: The children sang quite well for me, but the teacher is not giving enough time to this. I asked that a few minutes daily be given to singing.

Language: I doubt that sufficient work is being done in the various Work Books.

General Achievement: The children are backward in Arithmetic particularly in the Primary Grades. Grades 4B and 4A wrote the B.C. Achievement Test for Juniors 1934 for me and the following low scores were made:-
Grade 4A made a Mid Score of 23, the Norm being about 27
Grade 4B pupils made scores of 14, and 1, the Norm being 25.
While the standing of the pupils is very much below the average of the Indian Day Schools in B.C. the work has been better organized since my last inspection and the Reading much improved.

CONFIDENTIAL

P.O.Box 444,
Vancouver, B.C.

September 18, 1937.

Major D.M. MacKay,
Indian Commissioner,
P.O.Box 666,
Victoria, B.C.

Dear Major MacKay:-

I am forwarding herewith my report on the Katzie Indian Day School, New Westminster Agency, which I inspected on September 16th.

The attached report should be read in conjunction with one made after an inspection on November 19th 1936 and a later report after my inspection on March 15th of this present year.

I still do not consider it necessary to make a change of teachers here till Miss Winter has been given an opportunity to develop a programme in the teaching of Arts and Crafts or to show that she is unable to do this.

*Plus for
Catholics
pp*

Should the Indian Affairs Branch give this school a small grant of from \$20.00 to \$30.00, on the recommendation of the Indian Agent, for the purchase of material for work in Arts and Crafts, Basket making, Etc., I would recommend that the teacher be informed that the work in this subject as well as the general classroom work of the school must show definite improvement during the present school year, if the retention of the teacher after June 1938 is to be justified.

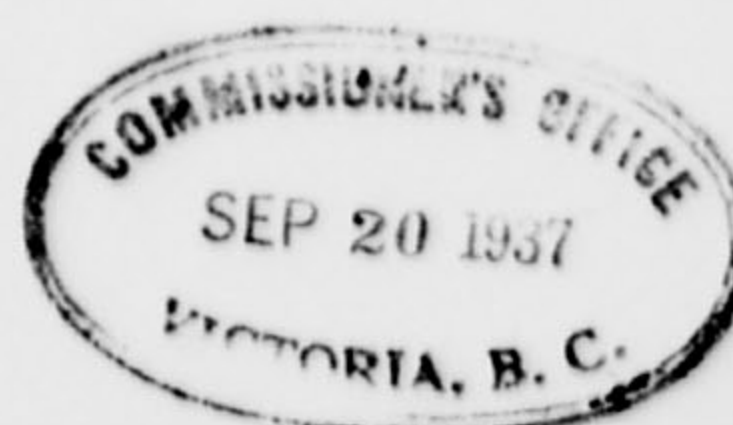

Much better teachers than Miss Winter are available for these small Catholic Day Schools, but I do not wish to recommend a change of teachers till I have an opportunity of seeing how well or badly Miss Winter makes use of the instruction she has had at the Provincial Summer School this last July.

Yours very truly,

Gerald H. Barry

INSPECTOR'S REPORT ON KATZIE INDIAN DAY SCHOOL

Roman Catholic Church New Westminster Agency

Date of inspection: September 16th 1937.

Number of pupils present:

Boys	5
Girls	3
Total	8

There were two girls absent.

Number of classrooms: One.

Number of desks in each classroom: 23 single desks and
4 rear sections in addition

Health: Fair. Miss Winter was absent for the greater part of the month of June with influenza. She is now recovering from a head cold.

Remarks relative to methods employed by teacher:

Miss Winter was trained at the Vancouver Normal School, and holds a B.C. Second Class Certificate.

This teacher has attended the Provincial Summer School in Victoria on a number of occasions. She holds Summer School certificates for Indian & Rural Work 1932 and 1934, Primary Work and Elocution 1934, Primary 1936, and Graphic and Practical Arts 1937.

While Miss Winter has a good manner with the children and is loved by them, she is not very successful as a teacher. This is due to her more or less confused state of mind. This matter has been reported on previously.

To keep this school up to any satisfactory standard of work, it is necessary for me to visit it at least twice a year. During the present visit I have laid down in detail the exact work to be covered in each Grade in Reading, Language, and Arithmetic. This has of course been done on former occasions, but the teacher seemed more confident when I left her this time.

Now that I am to have my office in Vancouver it will be possible to visit this little school several times yearly with very small expense to the Department. With close supervision Miss Winter may be able to produce more satisfactory results in the classroom.

Remarks relative to the examination of the pupils:

Reading: Grades from 2 to 4 inclusive read for me with some success. The work of all Grades was outlined for the teacher for the year. Children speak well. They are very slow and deliberate in their reading.

Arithmetic: In general this is weak, though progress is being made slowly in Grades 2 to 4. The pupils in Grades 5 and 6 were absent and could not be tested.

Writing: Some improvement was noticed.

General: As it was so early in the term more time was taken with giving help to the teacher than in the testing of the achievement of the pupils. It is far too early to say anything about this term's work as yet. Miss Winter as a result of my efforts appears more confident and tells me she understands better what is required in Grade 1. She is starting some Arts and Crafts Handwork. I warned her to keep the work to that which would be of use to Indian children and not to pay too much attention to the small details of the work undertaken in the Vancouver City Schools. She purchased out of her own funds the complete Vancouver course while attending Summer School this year. This course cost her \$4.85 and I much doubt that it was worth it as it is arranged for "white" pupils who could never produce the work these Indians can if they are given the chance.

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Attendance problem: remedies suggested, Etc.

The attendance has been satisfactory since my last report.

More children could attend if it were possible to arrange for a boat to ferry them across the Fraser to school and back in the afternoon.

The Indian Agent has this matter in hand, but when we last discussed it the only available man wanted far too much per month, somewhere in the neighbourhood of \$50.00 I understand. I explained to Mr. Indian Agent Daunt that I would be prepared to recommend the expenditure of some \$20.00 per month for the ten children or so who could then attend school. This is at about the rate of \$2.00 per teaching month per child which the Department pays for Indian children attending Provincial Schools.

It is possible that Mr. Daunt has brought this matter to the attention of the Indian Affairs Branch, or that he will do so on receipt of this report. I may say that I am in complete agreement with Mr. Daunt in the matter.

Classification:

	<u>Grade:</u>	<u>Boys:</u>	<u>Girls:</u>	<u>Total:</u>
	1C	0	2	2
	1B	1	0	1
	2	0	1	1
	3B	2	0	2
	4A	2	0	2
Absent to-day	5B	0	1	1
Absent to-day	6A	0	1	1
Total:		5	5	10

Since my last report one boy CARL LEON Age 8 has gone to Kamloops Indian Residential School. On enquiry I find that this boy's parents have moved away from the local Indian Reserve, and I am satisfied that his removal from this school was justified.

Attendance Record for Quarter ending:-

School Year	1934-35	1935-36	1936-37
September	7.86	10.57	8.61
December	8.25	9.52	8.88
March	8.60	5.55	6.91
June	6.72	5.46	7.71

The Non Indian mentioned in my last report does not now attend this school.

General Remarks:

The schoolroom was clean. The general arrangement of the desks was good. The children were cleaner than was the case some year or so ago.

The teacher is doing her best to follow the instructions given her by the Indian Affairs Branch either directly from Ottawa or through the Indian Agent and Inspector of Schools.

Miss Winter is I believe of definite use on this rather out of the way Indian Reserve apart from her work in the school.

A new Union Jack will be flown when the wire of the flag pole has been replaced.

The general standing of the school is "Fair".

PLEASE QUOTE
FILE 1-8-E.

153-18-6
New Westminster, B.C.
October 25th, 1937.

SIR:-

With reference to your letter of October 9th, File No. 153-18-6, the contents of which, in accordance with your instructions, I communicated to Miss Mary Winter, teacher at the Katzie Indian Day School, I am now enclosing for your information, her reply.

I think there is a great deal to be said in her favour. School had only been open a few days when the visit of the Inspector was made. Holidays had been extra long, as Miss Winter had been very ill in June. Doctor Broe, of Hammond, who attended her, told me she needed a complete rest, and instead of taking it, she endeavoured to carry out the Department's views by attending a summer "Arts and Crafts" course. She has her class in this respect now going on.

Miss Winter is very popular with the Indians, and has a decidedly good influence on the girls. I do not pretend to be an authority on new fashioned technique, but the final results achieved by Miss Winter appear to be good, and I certainly do not recommend that any hasty decision be arrived at in connection with this teacher.

Your obedient servant,

A.O.N. Daunt
A.O.N. Daunt,
Indian Agent.

Katzie Indian Day School,
Port Hammond B.C.

Oct. 23, 1937.

A.O.M. Daunt Esq.,
The Indian Agent,
New Westminster B.C.

Dear Mr. Daunt:-

I have received your letter of the 16th inst., which quoted, at the Department's request, the information they wished me to receive.

The Inspector has evidently given me another bad report.

I protest that this report is not fair, as it was given on Sept. 16th, only twelve school days after the opening of the term. That does not give any teacher who has twenty lessons a day, and six grades to teach much chance of getting organized. The children had also been out of school three months, owing to my long illness, during practically the whole month of June. Also the Inspector has never told me at any time that he was going

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

to give me a bad report. He only gave two or three criticisms, and ~~as~~ he has always done so, even in days when he was apparently satisfied with my work, I took them to be only in the nature of recommendations for improvement.

I wish to protest also against private reports, which the teacher does not see. This is never done in the B. C. provincial schools. Copies of the teacher's report are rendered in triplicate, and the teacher always receives one copy, whether it is Excellent, Satisfactory or Bad. In applying for a new school, we can furnish copies of the Inspector's reports, which we are bound to do, in that case. Without these it is practically impossible for an experienced teacher to secure a new position anywhere else.

I have always endeavored, and will still continue to render satisfactory service to the Department, and I appreciate the help and consideration you have always given me in my work.

Yours sincerely,
Mary Winter.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

I am forwarding herewith my report on the Katzie Indian Day School, Roman Catholic Church, New Westminster Agency, which I inspected yesterday, December 6th.

I feel that the Department would wish me to make a very detailed report on the conditions existing at the above school in view of the fact that I consider them highly unsatisfactory, particularly from an administrative point of view.

The teacher, Miss Daly, was placed here on first appointment to take the place of Miss Winter, moved after about ten years to the Seton Lake School. Miss Daly is the only daughter of Mr. C.O. Daly, the teacher of the Skwah Indian Day School, on whom I reported a few days ago.

It was somewhat difficult to carry out my inspection as Miss Daly's attitude was almost hostile. She went so far as to interrupt me in my work by suggesting what the children did or did not know, how much I could expect from them, and the difficult conditions under which the work of the school was carried out. She managed to so twist around the suggestions made to her in my own office that they carried quite different meanings from those I had intended in trying to assist her when she was first appointed. Others, had they been present, would no doubt have considered her attitude to me and to my advice and suggestions highly impertinent from such a young inexperienced teacher to one now nearing the end of his professional life.

In a conference with Mr Indian Agent Daunt in New Westminster after this inspection I explained the attitude of the teacher to the officials of the Department, including his own stenographer, Dominion Constable Higginbottom, and myself, and I suggested that were he to receive the same sort of impudence he might do well to take a very strong stand and report the matter at once to the Department. Such an action as the temporary suspension of the teacher to learn the Department's wishes would not under these conditions be perhaps a wrong course to follow.

The teacher complained of a number of things, the main headings being:-

1. The school was too dark, due mainly to the fact that there is a wooded piece of land some distance in front of the windows. She wanted the Indians or others to cut down the trees, and clear the bush, but said that after a number of letters to the Indian Agent she could not get action in this matter.

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Miss Daly also wanted electric lighting in her school the electric light wires passing quite close to the school.

I replied that it was the first time that I had ever heard of a teacher asking for trees etc. to be cut down on another person's land to improve the conditions in the school, that I much doubted that such action would in any case be possible as the Indians would at best have to be paid for the work even if approved, and that as far as the electric light question was concerned the Department had made a decision not to have it in the school, and the matter was thus closed.

2. Miss Daly stated that she could not get the school warm enough for the children on cold days, as the heating stove was too small and in poor repair.

When I explained that Dominion Constable Higginbottom in thirty minutes had raised the temperature in the room to around 70 degrees by increasing the fuel on the fire, Miss Daly told me that this was a foolish reply, as the day was a warm one when Constable Higginbottom was there to inquire into this matter.

Miss Daly then, the heater not having had coal on for the preceding one and a half hours, said she felt the room cold and took out a little thermometer to test the temperature. After a further half hour I found the temperature sixty degrees with windows open and at the end of the morning's work.

I examined the heater, which is of the circulating type and burns coal or at times wood. It has had I understand some ten years use here, and due to big fires needs some repair to the top, where air can get in and thus reduce the draft.

In my opinion whether the stove is repaired or not, and considering the mild climate of the coast, it is quite possible to heat the room in a satisfactory manner, provided the fuel is added properly. I have no intention of recommending a new heater for this school and so informed the Indian Agent.

The teacher tells me that the fire is lighted at 7.30 a.m. on cold mornings, by Duncan Moody, and that Mrs Moody does the janitor work for \$2.50 per month. Miss Daly did not hesitate to say that such sum was inadequate.

3. Miss Daly complains that she gets her shoes wet and stockings torn by undergrowth and briars around the school. In reply I suggested she should wear gum boots.
4. Miss Daly states that there are two small leaks in the schoolroom roof. This has nothing to do with me, but I did mention the matter to Mr Indian Agent Daunt. Probably quite minor repairs are all that would be necessary.
5. Miss Daly did not hesitate to say that the reduction of the academic year to one of nine months had kept the children back in their work. How she could have come to such a decision without any experience I do not know. I pointed out that in the schools so far inspected this year, I could not detect any such retardation.

While there were other complaints, I think the above will indicate the teacher's attitude

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

The teacher was absent on November 8th 1940 when she attended a teachers' convention at Chilliwack, near where her parents live. The Katzie Indian Day School was closed that day without permission from anyone. This matter has been reported by the Indian Agent I understand.

Miss Daly when asked why she closed the school without permission informed me that she thought I liked teachers to attend conventions.

I told Miss Daly that none of us in B.C. had the power to give permission for the school to be closed and that such a matter would have had to be dealt with by the Department at Ottawa.

In any case Miss Daly only wrote to the Indian Agent of her intention to close the school the evening before and in no case could Mr Daunt have received the letter in time.

Survey of Pupils:

The following are the children whose names appear on the roll of the school.

<u>Name</u>	<u>Age</u>	<u>Grade</u>	<u>Lives at</u>	<u>Remarks</u>
Walter Florence	13	5	Katzie No.1	
Andrew James	10	2	Barnston Island	To school by boat
Alice James	8	2	Barnston Island	To school by boat
Bud Johnson	13	4	Katz ie No 1	
Earl Miller	10	2	Katzie No 1	
Alma Miller	11	2	Katzie No 1	
Edward Pierre	15	7	Katzie No 1	
Francis Pierre	8	1B	Barnston Island	To school by boat
Raymond Pierre	10	1B	Barnston Island	To school by boat
Dolores Adams	11	5	Katzie No 1	
Chester Miller	7	1B	On boathouse off Katzie No 2	<u>NOT AN INDIAN</u> To school by boat
Maudie Miller	11	2	On boathouse off Katzie No 2	<u>NOT AN INDIAN</u> To school by boat

The above 12 children appear on the school roll, their attendance is included in the averages given in my report and by the teacher in her reports in School Register.

In my opinion while Chester and Maudie Miller might well be shown on the School Register their attendance should not be included with Indian children in reporting to Department, and I suggest that instructions be issued to this effect. It is however necessary to note their actual attendance daily in the Register separated from the Indians for other reasons.

Children not shown on Register

The following are not shown on the Register as attending this school Mervin Pierre and Ray Miller, 7 and 11 years of age.

General Remarks

I do not see how the retention of a teacher in an Indian school, when such teacher is highly critical of the actions of the Department or its officials, could be justified.

There is the danger that such teacher would, perhaps without intending it, say things in school which would cause the Indians to become disturbed.

At present the Union Jack is not being flown here though one has been provided. The teacher's explanation is that the wires on the flag pole have become tangled, and that she is unable to fix them.

General Remarks Continued:

Miss Daly informed me that she hopes later to obtain a position in a Provincial school. She was anxious when I left the school that she would be given a good report. She asked if she would receive a copy of my report, and was informed that teachers in Indian schools did not receive copies of my reports on the schools.

I recommended Miss Daly to modify her highly critical attitude to the Department and its officials.

The authorized length of the academic year at this school is one of nine months, from October 1st to June 30th yearly.

Miss Daly is being allowed salary at the rate of \$90.00 per teaching month, less the usual deductions.

The operating expense at this school is increased through the necessity for a boat from Barnston Island to transport those children living there to and from school.

When costs for fuel, janitor services, etc., are taken into consideration, it is somewhat doubtful if the Department is justified in keeping this small school open for a nine month academic year, particularly in war time, when there is need for strict economy.

Recommendation:

I am not satisfied with the attitude of the teacher, but have not sufficient grounds at present to request the Department to terminate her appointment.

As there are two non Indian children attending the school, the real average attendance of the Indian children may perhaps in round numbers be taken as 8 in October and 7 in November of this year. With a present total of 10 strictly Indian children I do not expect the average attendance to exceed 8 which would be a higher percentage attendance than in many Indian day schools.

Under the above circumstances I consider that the Department might well close the school, at least during the present war period. A few of the children might possibly be taken into St. Mary's Residential School, and as the older ones completed their period in school the younger might be admitted there, where in any case the education is of a far more worth while nature than at Katzie.

Should the Department for some reason not agree with me that the Katzie school be closed, I would recommend that the academic year be reduced to one of only five months, as has been done in the case of at least two Anglican day schools, Kingcome Inlet and Mamalilikulla. This would turn the Katzie Indian day school into a seasonal school, operating during the winter months, say from October 1st to February 28th or from November 1st to March 31st yearly.

As this school was opened this year on October 1st it should in my opinion be closed at the end of February if the Department accept the seasonal school plan in preference to the more general plan of closing the school for the period of the war.

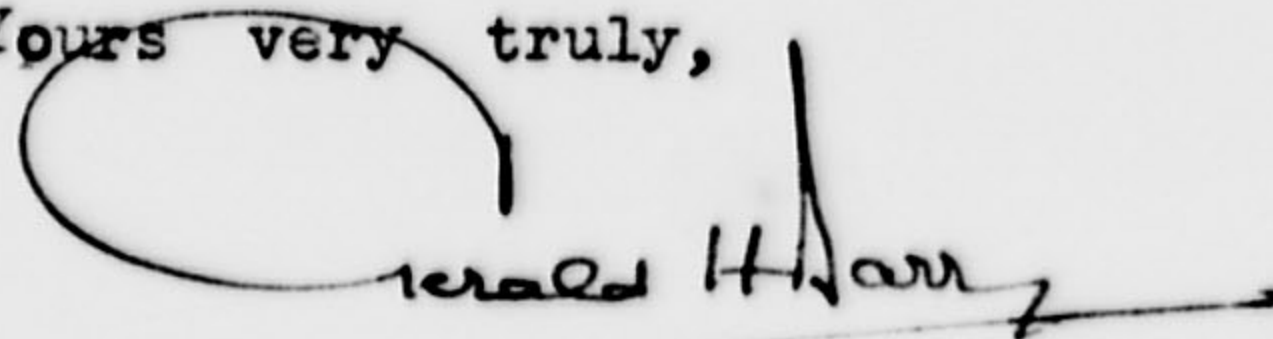

In either case I would advise that the teacher be notified, as soon as the Department has come to a decision in the matter, that her services may not be needed after the end of February. This would allow her to seek a position in the Provincial schools for the term opening after the Christmas vacation. She in such case would no doubt be informed that the attendance did not justify more than a seasonal school at Katzie.

In conclusion I may say that I have no objection to a copy of this confidential letter being sent to Mr. Indian Agent A.O'N. Daunt for his information, on the understanding that the contents are in fact of a confidential nature.

It may be that you would like to have a report from Mr Daunt himself regarding the suggestion for either the closing of the Katzie school or the reduction of the academic year to one of five months.

I regret that it has been necessary to make such a lengthy report on this school, but it is better that the Department should have as many as possible of the facts on which to base a decision.

Yours very truly,

Gerald H. Barry.

General comment:	Average Quarterly Attendance			Monthly Attendance
	1937-38	1938-39	1939-40	1940-41
September	8.5	5.7	13.8	October 9.66
December	7.2	7.5	13.4	November 8.44
March	6.0	10.5	13.0	
June	5.5	8.3	9.3	

Writing in Grade 2 is good.
Singing is very elementary, tone poor.
Sewing by girls is good. Boys not doing Manual Work
as I wish the teacher to devote her time at the moment to the
academic work, to bring this up to standard.
Language has not been properly taught in Grades 1
and 2 and teacher admits she has not carried out my instructions
in the way of oral language in the Grade 1 group.
Reading in general quite good, though Grade 1B has
not been taught Blackboard Reading as suggested previously to
teacher in Vancouver.

Arithmetic is uneven. Grade 2 are quite good.
In general Grade 5 may be described as below required standard
and only using Language Work Book for 4, Grade 4 well below standard
in Arithmetic, and Grades 2 and 1 quite weak in Language.
Control satisfactory. Children not responsive this
year. There is not the same cooperation with teacher or myself.
Children clean and fairly well dressed.
General standing is only Fair.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

I am forwarding herewith my report on the Katzie Indian Day School, Roman Catholic Church, New Westminster Agency, which I inspected this morning.

The general conditions were much better than have been noted on former inspections.

The provision of a ferry launch to bring children to school from the opposite side of the Fraser River has resulted in a definite increase in the average attendance.

There is no Provincial school where these children could possibly receive an education, and there is no room for them in any Residential School.

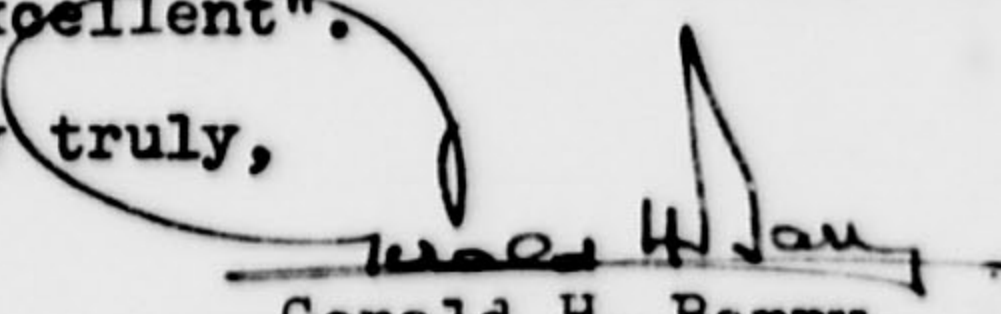

The school is clean, furniture etc., now well arranged. I am glad the Department saw fit to supply some very elementary Manual Training equipment and sewing materials. I hope that the work now being done will be continued, for it has been very successful during the past year. The teacher has carried out the suggestions made to her at previous inspections.

Book shelves, little tables, book ends, etc., have been made by the boys and later decorated with Indian designs from the sheets I sent to the school. The girls have made use of Indian design in a number of ways, and also learned plain sewing.

One boy in Grade 1A not shown in the averages on as enrolled or present is ROBERT CHARNLEY. I am informed by the teacher that his mother is an Indian and is now blind and living with her own parents on the Indian Reserve, while the father, who is white, works at or near Deroche. This young boy lives with his mother on the Indian Reserve and attends this school, there being no other for him to attend.

The progress of the children has been better since my last visit. The teacher is carrying out the various instructions given to her to the best of her ability. Her manner with the little children is particularly good, and her attitude to her work is "Excellent".

Yours very truly,

Gerald H. Barry.

General comment: May 1930.

Monthly Attendance	Average Quarterly Attendance
The average for	1937-38 1938-39 1939-40
September	8.5 5.7 13.8
1939 was	7.2 7.5
13.8 and	6.0 10.5
for October	5.5 8.3

12.1 The attendance has increased since November 1938 in which
month transportation was arranged for children living on the
other side of the Fraser River, a gas boat being used daily.

Reading is quite satisfactory.

Arithmetic has been properly taught and in the
Intermediate Grades is good. Primary children still count the
Combinations and Separations and require quick drills.
Language is good. Children sing. Health is taught
regularly. Very good work has been done in elementary Manual
Training and Indian Art. Girls sew well. The room was perfectly
clean, Children clean and well dressed. Teacher's control is
very good. The pupils are happy and are making satisfactory
progress. Fire Drills have been organized and I gave a special
lesson in Safety after a Fire Drill was held.

General standing of school is now "Good".

CONFIDENTIAL

Port Alberni, B.C.

December 7, 1938.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

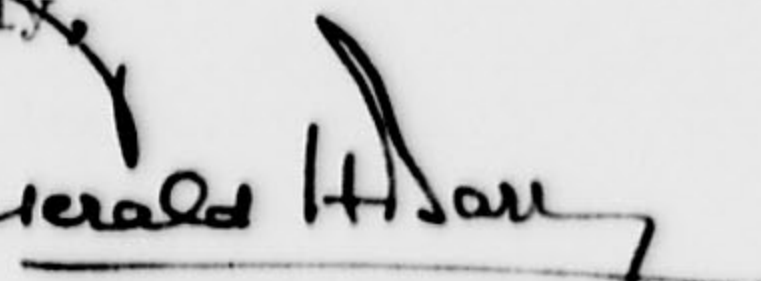

I am forwarding herewith my report on the Katzie Indian Day School, New Westminster Agency, which I inspected on December the 1st.

Conditions were better than those noted on former visits, and I would recommend that the teacher be retained for the present.

The provision of a ferry to bring the children across the Fraser River has proved most satisfactory so far. Five children attend regularly who could not get to school if we did not pay an Indian to bring them to school in the morning and take them home in the afternoon. The charge is only \$1.00 a day for this service. I hope that soon more will use the above mentioned canoe ferry.

You will note that the average attendance at this school is very low, and without some such provision as that authorized by the Department and mentioned in the above paragraph it would not be worth while keeping this school open.

Yours very truly,

Gerald H. Barry.
Inspector of Indian Schools, B.C.

ARCHIVES PUBLIQUES

INSPECTOR'S REPORT ON KATZIE INDIAN DAY SCHOOL.

Roman Catholic Church New Westminster Agency.

Date of inspection: December 1st 1938.

Number of pupils present: Boys 8
 Girls 3
 Total 11

Number of classrooms: One.

Number of desks in each classroom: 23 single desks and 4
 rear sections in addition.

Name of teacher: Miss Mary Winter Age 32

Health: Good. Appears to have improved.

Remarks relative to methods employed by teacher:

Miss Winter was trained in the Vancouver Normal School and holds a B.C. Second Class Certificate. On several occasions she has attended the sessions of the Provincial Summer School for Teachers in Victoria taking such subjects as Indian & Rural 1932 & 1934 Primary Work and Elocution 1934, Primary 1936, and Graphic and Practical Arts in 1937.

Miss Winter was for some three years a substitute teacher in Vancouver which means that she was not able to get a Rural School and took any supply teaching in Vancouver she could get. She has been teacher of this small Indian school for the past seven and a half years.

Miss Winter has a good manner with the children and is much loved by them. She has not been a very successful teacher. She has had many hours of instruction from me at Summer School and during inspections, and has of course had many other courses in Victoria. She is not able to make use of much of what she has been taught, as she would appear to suffer from a very confused state of mind. My very pointed instructions are sinking in slowly and she is certainly doing better work this last year.

Were it not that she has done some very nice work in Handwork and is teaching the children to sew embroider and make aprons etc, and instructing the boys in elementary work with the set of tools at this school, I should recommend that she be replaced. As it is her care of the children is so good that I have overlooked many things with regard to her actual academic work.

Remarks relative to examination of the children:

In general the Reading is satisfactory. That of Grade 5 is very good and that of Grade 1B is good. Arithmetic is very weak except in Grade 5 where it is almost up to standard. Tested with the All Canada Test in Fundamentals

Grade 3 made a Mid Score of 4 Norm 8
Grade 4 made a Mid Score of 9 Norm 19
Grade 5 made a Mid Score of 21 Norm 25
Writing has improved a little.

Very good Handwork has been done and the boys are making small articles of furniture for the doll's house made since my last visit.

Art work has been improved.

Health is taught. I asked for daily lessons.

The school has been a Junior Red Cross Unit for five years now. In general there has been improvement in the academic work.

Indian Affairs. (RG 10, Volume 6394, File 816-6, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Attendance problem: remedies suggested, etc.

On page 2 of my report of September 18th 1937 it was suggested that more children would attend if a ferry could be arranged to bring them across the Fraser River.

I am glad to say that the Indian Agent was able to arrange for this. The arrangement is that an Indian gets \$1.00 per day for bringing the children to school and taking them back across the Fraser in the afternoon after school.

At present five pupils attend every day who otherwise could not get to school. Only one day was missed in November. The teacher certifies the account of the Indian boatman. So far this is a most satisfactory arrangement.

The children give a Christmas concert to the Indian parents. The Department used to give a small grant for oranges and candy etc. This was discontinued a short time ago, though I do not know just why. The teacher has been paying for little gifts herself, and I would recommend that the sum of \$5.00 be allowed for this purpose each Christmas. This will encourage the children to attend regularly.

The average attendance has been:-

Average Quarterly Attendance

School Year	1934-35	1935-36	1936-37	1937-38	1938-39
September	7.8	10.5	8.6	8.5	5.7
December	8.2	9.5	8.8	7.2	
March	8.6	5.5	6.9	6.0	
June	6.7	5.4	7.7	5.5	

I hope that with the children from across the Fraser the attendance will increase. It is essential that every child should attend school as otherwise the Department is hardly justified in keeping this school open; and were it not that the Mission Indian Residential School and Kamloops are more than full these children or several of them could be sent to a Residential School. I believe that it would be well to warn the teacher that every child must attend school regularly if the school is to be kept open and her services retained.

Though Miss Winter wishes for a transfer this could not be arranged at present. She has not been successful enough here to make it possible for me to recommend a transfer, at least this year.

Classification: Grade: Boys: Girls: Total:

5	2	0	2
4	1	0	1
3	1	1	2
1B	1	1	2
1D	3	2	5
Totals	8	4	12

The 5 children in Grade 1D are Beginners from across the Fraser River. There is in addition one NON INDIAN boy in Grade 1B but he is not included in the above classification.

General Remarks:

I should like to see a still greater effort put into the Arts and Crafts Work.

The teacher is able to make a success of this sort of instruction.

The boys could cut toys out of three ply wood if they had a large fret saw and sufficient blades. They have made some nice book ends which they are decorating with Indian designs.

There are some tools at this school. A new large cupboard should be constructed for the tools and other material for the Manual Training.

I should like to recommend the grant of not more than ten dollars to provide a few more tools, particularly the necessary small fret saw putfit and sufficient lumber for the construction of a large cupboard for the tools. Another small table is required for the DEVOTIONAL CORNER. These things can be made by the boys if they have the lumber. Display boards for the children's work for exhibition purposes will also be needed and can be made at the school.

Possibly a pair of hand carders could be purchased out of the above suggested sum of \$10.00 so that the children could go ahead with the carding of local wool which could then be spun and knit by the girls.

It is only along such lines as this that we can hope for much success at this school under the present teacher.

I have sent a sheet of Indian designs to the school. These only cost 10¢ for a large coloured sheet and I have provided them for a number of schools. Other schools have been supplied when the teachers sent a dime to the Vancouver office for such material.

With reference to Departmental letter 153-18-5 of November 19th 1938 I have made a recommendation that the school be lighted with electric light.

This matter was gone into in detail in my letter of December 2nd addressed to the Indian Commissioner.

Four 150 watt lights would be sufficient for the schoolroom which is not a very large room. Four 200 watt lights are used in the Provincial schoolrooms when electric light is available, 800 watts being the maximum for one circuit. There would in this school be need for two 60 watt lights one in the hall and one on the porch as well as the four in the schoolroom. The total would therefore come to 720 watts if my recommendation is followed.

The monthly minimum charge would be \$1.00 the Indian Agent informs me, and the capital expenditure about \$125.00 I consider that if we are to continue to operate this school the above expenditure is justified, but it should be noted that every available child must attend to keep us a reasonable average.

The teacher is making a real effort to follow my suggestions and might well be retained for the present.

The children are well mannered and clean.

They were neatly dressed.

The Union Jack was flying on the occasion of my visit. The general standing of the school is slightly improved and may be said to be "Satisfactory"

Port Alberni, B.C.
December 7, 1938.

Gerald H. Barry.
Inspector of Indian Schools, B.C.

Copy on 153-18-1

Ottawa,
February 4, 1941.

Dear Sir:

I am in receipt of your letter of the 27th ultimo enclosing Captain Barry's report of his recent inspection of the Katzie Indian Day School. I agree with your recommendation that the school should be inspected again about May or June and you will no doubt make the necessary arrangements in this regard with Inspector Barry.

After carefully considering the contents of Inspector Barry's report I am under the impression that we should dispense with the services of Miss Daly at the end of the current academic year unless Inspector Barry finds, on his next inspection, that there has been a very decided improvement both in the work and in the teacher's attitude toward it. In order to permit a month's notice being given to Miss Daly in the event of her dismissal it would be advisable to have the school inspected early in May.

I cannot agree that there is any advantage in reducing the length of the academic year at this school so drastically as suggested by Inspector Barry. Every endeavour should be made, however, to increase the attendance at this school.

Yours truly,

Major D.M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

R.A. Hoey,
Supt. of Welfare & Training.

P.O. BOX 70 **January 27, 1941.**
VANCOUVER, B.C.

Dear Sir:

I beg to forward herewith report by Capt. G.H. Barry, Inspector of Indian Schools for B.C., together with his covering letter of the 7th ultimo, with respect to his inspection on the 6th of December, 1940, of the Katzie Indian Day School, New Westminster Agency, B.C.

It will be observed from this report that Inspector Barry is not satisfied with the attitude of the teacher. Miss Daly, of course, is a young inexperienced teacher, which probably accounts to some extent for her general attitude towards Inspector Barry during his inspection of her school.

The Indians of Katzie are among the very few in the Province who remain in residence on their Reserve throughout the year, the reason being that the men are Fraser River fishermen and are employed all the year round on the River in close proximity to the village. For this reason I consider the school should continue on the present basis so long as the average attendance is satisfactory. Should sufficient children be available to keep the school in operation for the full school year, I feel it would be a mistake to reduce the term to one of five months. Perhaps I should add that Mr. Indian Agent Daunt is also of this opinion.

I would recommend that the school be again inspected in May or June, following which a definite decision could be reached as to its immediate future.

Yours faithfully,

[Handwritten signature of D. M. MacKay]

November 28th 1941.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

I am forwarding herewith my report on the Katzie Indian Day School, Roman Catholic Church, New Westminster Agency, which I inspected this morning.

Rev. Father Fleury, O.M.I.,
Principal of St. Mary's Residential School,
Mission, arranged for my transportation to the Katzie School and was present during the inspection.

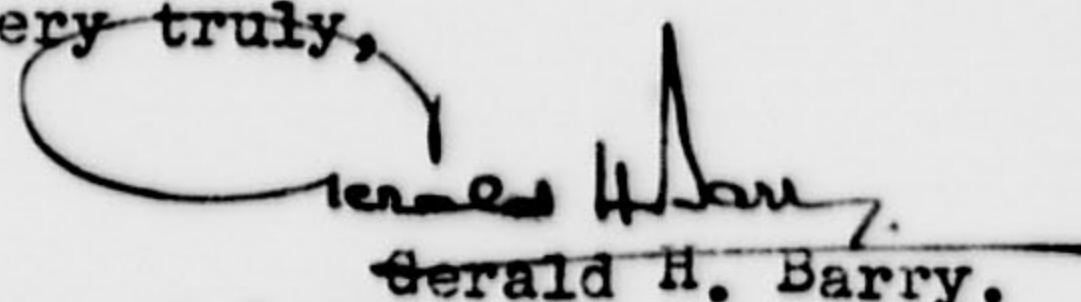

It was wet today and the attendance was very small five boys and one girl. As all but one of the children present were in Grade 1 it was somewhat difficult to estimate the progress of the children in general, but I am satisfied that Miss Daly is doing satisfactory work.

Miss Daly pointed out that attendance is somewhat irregular and that this limits the progress which otherwise would be possible. Some eleven of the fifteen pupils cross by ferry boat from Barnston Island daily. Were it not for this transportation arrangement there would not be sufficient pupils available to keep the school open. The transportation service is I understand quite satisfactory.

The Department makes a grant towards the lunch provided for pupils.

The general standing of the school is satisfactory at the present time.

Yours very truly,

Gerald H. Barry.

Inspector of Indian Schools, B.C.

Average Quarterly Attendance
1939-40 1940-41 1941-42
September 13.8 ---
December 13.4 9.3
March 13.0 9.5
June 9.3 8.9

At present some 11 children are brought by boat daily from Barnston Island.

Grade 1D the Beginners are making a good start. Their Number Work is about standard, while their Reading is above standard. They are starting Two Little Indians now. Language is quite satisfactory in this group.

Grade 1A read well from the Grana Primer 2. They are well up to average in Number Work.

Grade 3 read well and in Arithmetic are doing Short Multiplication and Short Division to times 5 which is average.

Children sew and knit.

School was clean. The day was dark and even with the extra windows placed in the school some years ago the lighting was poor. A new heater has been supplied and the school was warm. The Department supplies materials for a light luncheon for the pupils needing this.

Control is good and progress appears satisfactory though this was estimated from the 6 pupils present in Grades 1D 1A and 3.

Nelson, B.C.

April 24th 1941.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

I am forwarding herewith my report on the Katzie Indian Day School, Roman Catholic Church, New Westminster Agency, which I inspected yesterday, April 23rd.

This particular inspection was carried out in accordance with Departmental instructions, and in forwarding my present report I would refer you to my confidential letter of December 7th last and the report on the Katzie school following my visit ther on December 6th 1940.

You will be glad to know that conditions at the Katzie school are now very much improved. The attendance has in particular been increased. Two of the sixteen children enrolled are Chester and Maudie Miller, non Indians I believe, whose cases were dealt with in my letter of December 7th 1940.

Miss Daly has greatly improved in her general attitude, and has followed my suggestions given to her during my inspection of December last. This teacher had no idea that I should visit her school at this particular time, yet the Union Jack was flying, the school perfectly clean and work being carried on properly.

While the academic work is in general much better the Arithmetic in Grades 4 and 5 is still very weak. On the other hand the Arithmetic in Grade 2 is excellent. Tested with the All Canada Test in Fundamentals:-

Grade 2 made a score of 11 Norm for Grade 3 13
Grade 4 made a score of 3 Norm being 21
Grade 5 made a score of 18 Norm being 27
The pupil tested in Grade 4 is "dull".

Reading is very good in Primary Grades and satisfactory to good in Grades 4 and 5.

I suggested that the Geography of B.C. be taught to the older pupils, and at the request of the teacher I outlined a suitable method for her and the children.

The children were much more responsive to my teaching on this occasion. They were in general clean, and the teacher's control was very good. She has modified the attitude complained of in my last report, and should in my opinion be allowed to continue in charge of this school. Miss Daly has informed me that she may seek an appointment in a Provincial school when she meets the Provincial Inspectors at Summer School. I asked her to let the Department have at least a month's notice should she wish to resign her present position.

While the grades given to Miss Daly in the attached report may seem very low, I would ask that the general improvement from those of the last report be noted. Miss Daly states her medical adviser some few months ago stated that she was on the verge of a nervous breakdown at that time. She is now much better and able to carry on her work at the school. No school days appear to have been lost through the above noted condition.

Yours very truly,

Gerald H. Barry.

Inspector of Indian Schools, B.C.

INSPECTOR'S REPORT

Katzie (Day) Indian School Date of visit April 23, 1941.
Post Office address of school Katzie Indian Day School, Port Hammond, B.C.

Grades 1 to 7 I II III IV V VI VII VIII IX
Enrolled Boys 11 Girls 5 6 6 0 1 2 0 1

Present Boys 6 Girls 4 There are 23 single desks and 4 rear sections in addition.

Teacher Miss Maureen Daly Age 22
(Name in full)

Licence (or certificate) First Class B.C.

Valid to Interim to June 19 43

Taught last term in This is Miss Daly's first year teaching.

Total teaching experience about 7 months years

Service in Indian school about 7 months years

Conventions attended Miss Daly was trained in the Vancouver Normal School 1939-1940.

In accordance with Provincial regulations she will attend the Victoria Summer School this year and take suitable courses towards her permanent certificate.

Monthly Attendance
1940-41

October 9.6 January 9.08
November 8.4 February 9.06
December 9.9 March 10.4

General comment:

Average Quarterly Attendance
1937-38 1938-39 1939-40 1940-41
September 8.5 5.7 13.8 ---
December 7.2 7.5 13.4 9.3
March 6.0 10.5 13.0 9.5
June 5.5 8.3 9.3

The average attendance shown above for this academic year includes that of Chester and Maudie Miller mentioned on Page 3 of my report dated December 7th 1940. The teacher has however been successful in increasing the number enrolled and having children attend on time and regularly. There were ten pupils in school for my visit though the ferry boat was out of commission for some days and a few pupils were home with measles. This is a far more satisfactory state of things.

The three children starting school since Easter appear quite bright and the teacher was given special assistance in the outline of the work to be done with them. Reading in the Primary Grades is very good while that in Grades 4 and 5 is good. Grade 7 pupil was absent. Language is being taught along better lines and progress is being made.

Arithmetic is still uneven, that of the Grade 2 children being particularly good, while in Grade 4 and Grade 5 the pupils are two years below average. The Grade 4 pupil is dull. Sewing by girls good. Control good. Children clean and more responsive. General standing of school much improved.

Requisition for School Material

Date May 30th 19 41

For Katzie Indian Day School New Westminster Agency

NOTE:—

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "Number Authorized".

ARTICLES	NUMBER ON HAND	DATE OF LAST RECEIPT	NUMBER REQUIRED	NUMBER AUTHORIZED	REMARKS
1. Knitting Wool			12 balls	\$1.80	
2. Sewing thread			6 spools	.35	white
3. Embroidery Wool	4		24 skeins	1.44	assorted colors
4. Embroidery Cotton	+		24 skeins	.60	" "
5. Sew Linen	+		3 yds	2.94

Dear Sir:

With reference to your letter of the 22nd instant you may expend an amount of \$10.00 in the purchase of sewing material for use at the Katzie Indian Day School. In reviewing the requisition forwarded by the teacher it appears that the majority of the articles she mentions are intended for fancy sewing. The Department considers that she should limit the efforts of the children to plain sewing, as the latter will be more useful to them.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa, June 7, 1911.

Sir,

Mr. Inspector Green, in his report on the Kincolith school, states that the Indians there have asked for a better teacher. He recommends that an experienced teacher, properly qualified, be secured, if possible, for this large village.

I would ask you to take up this matter with His Lordship Bishop DuVernet with a view to carrying out the wishes of the Indians.

The Inspector further states that a woodshed is needed and I have to ask you to submit an estimate of the cost of a suitable building.

Your obedient servant,

Asst. Deputy and Secretary.

G. O. Perry, Esq.,
Indian Agent,
Metlakatla, B.C.

119496/1

EXD

Ottawa, June 18, 1910.

Sir,-

I have to acknowledge the receipt of your letter of the 17th inst., reporting that the Kincolith Indians are not prepared to furnish their moiety of the cost of equipping a saw-mill with which to produce the lumber necessary to erect a school-house.

The Department has decided to erect the building rather than delay longer. This is a reserve where better accommodation is urgently required, and I have to ask you to again consult with Archdeacon Collison and prepare a sketch of a building that you would consider adequate to meet the needs of the Indian children. It should be of sufficient size and well lighted, and the site should be carefully chosen. Accompanying the sketch should be a statement of material required to complete and furnish the building and an estimate of the total cost. You should also state whether the Archdeacon would undertake to supervise the ~~construction~~ work, provided he can obtain the services of suitable mechanics.

The Department is anxious that this building should be

May 17th, 1910.

The Secretary,
Dept of Indian Affairs,
Ottawa.

I have the honor to acknowledge the receipt of your letter dated April 8th, ultimo, No 119496/1, re the proposed sawmill for the Indians at Kinkolith.

Replying I beg to say that I met the Indians in council on the 30th ultimo, at Kinkolith, when the matter came up for discussion. The Indians said that when they promised to put up a moiety of the cost viz, \$1250.00 it was at the season of the year when the money was in their hands. "Now, they say, we have no money so cannot do it."

It is understood that in the estimates for British Columbia a grant has been made by the Dominion Government to the extent of \$5000.00 for a wharf at Kinkolith. The Indians say that if the Indian Department can arrange with the Dept of Public Works to allow the Indians to supply lumber to the extent of the moiety from the new sawmill, and get the latter Department to make an advance for that purpose, that would be the only arrangement they could think of if the mill is to be put in. The lumber could also be furnished for the school from their own reservation.

Commending the suggestion of the Indians to the Departments consideration.

I have the honor to be,

Sir,

Your obedient servant,

Charles Clifton Smith
Indian Agent.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

119496/1

Ottawa, April 8th, 1910.

Sir,

During last summer the Department had correspondence through the Victoria Office with the late Agent, Mr. Lorenz, in reference to the establishment of a saw-mill on the Kincolith Reserve. Finally the Department agreed to stand pledged for machinery to equip a mill to the extent of \$1250.00, as soon as the moiety of the cost to be furnished by the Indians was in some way forthcoming. A condition attached to this grant was that the first lumber cut was to be used in the erection of a school-house at no cost to the Department.

The Department was of opinion that a grant for the mill, which would be a permanent and valuable asset, was preferable to an appropriation for the erection of a school building, which was under consideration.

A new school-house is much needed and the Department is prepared to carry out its part of the agreement. If the Indians are ^{not} prepared to stand by their original proposal the erection of a school building will have to be undertaken by the Department, but it is thought that, in view of the benefit that would accrue to the Indians from a mill with which they could supply lumber for the erection of houses and for municipal improvements, the carrying out of the above-mentioned proposition would be much to their advantage.

Comptroller Genl. M. P.

Ex'd

Dear Sir,

Permit me to beg your kind assistance in a matter which would be very beneficial to our Indian community here.

To begin with I may first mention that I have been now labouring among the Indians of your district for the past 30 years. I was Duncan's fellow helper amongst the Simshewas and succeeded in preventing many of them to follow him to Alaska. I was the first to establish a mission amongst the Haidas of Queen Charlotte's Islands in 1876 when they were all peace orientated. And I opened the Upper Skeena Mission in 1881 at Hazelton. I have been here working amongst the Nishkas (Nass River Indians) for over 20 years and it is in their behalf I now write. We have never received any help from the government towards a school building here though in 1893 we were overtaken by a great fire which swept away all our mission buildings including a new church just completed and 30 Indian houses. I appealed to the Indian Department for help but we did not receive a cent. I erected a small school room out of my own personal means and then appealed to some friends in England who assisted me to help the Indians who had lost all and eventually we succeeded in rebuilding our church. This school room is now much too small and injurious to the children's health. We were informed three years since that a grant of \$1000 would be made towards a new school building. So we sent in a petition to the Department begging that this promised grant of \$1000 might be made towards

Indian Affairs. (RG 10, Volume 6395, File 817-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Small Saw Mill instead, to which
the Indians in public meeting assembled
promised to add \$20 each which would
amount to a total of \$1100. This with the
promised \$1000 from the Indian Department
would be sufficient to purchase a mill
On these conditions our Indians engage
to erect a School building themselves from
the first lumber sawn which building will
be subject to examination and approval of
the Indian Agent for this District. By the
Saw mill they would be enabled to keep up
their roads & Streets & to keep in good repair
as also to keep them in house building.
We have lately received a reply from the
Department to this effect:-

The Department will pay a grant of \$1000
to the Indian Council when the School house
has been erected and approved by Indian Agent
It is this I would beg you to have changed
as you will see that no advantage is granted
as under those circumstances the Indians must
find or raise the sum total for the erection of
the mill. As I know the Saw mill will
cost \$2500 I would respectfully beg that
the Indian Department advance half
this amount towards the School-house building
the Indians to engage to complete said building
from first lumber sawn in a satisfactory manner.
We shall greatly appreciate any help you can
render us towards this end and with kind regards
I remain dear Sir yours very faithfully
W. H. Collison. (Archdeacon.)

IN YOUR REPLY REFER TO

No. S.K.

ALSO

TO DATE OF THIS LETTER.

The Secretary,
Department of Indian Affairs,
Ottawa.

Sir,

391497

John

In reply to your letter No II9496/I, dated the 7th ultio, in which you request that I take up with the Right Reverend the Lord Bishop of Caledonia the matter of appointing a fully qualified teacher for the Indian Day school, I would suggest that the Department, through Mr. Inspector Tyson, more thoroughly investigate the situation at Kincolith, ~~750~~ in support of my reason for so doing I beg to make the following observations for the information of the Department.

" Prior to the year 1904 the missions on the Naas river were largely under the supervision of the Methodist Church, but on account of that Church being unable to supply the missions with teachers and missionaries, the people sent a petition to the then Indian Agent and the then Bishop of Caledonia, asking that the Anglican Church take over the stations on the Naas River of the latter, and of the former that a denominational Bylaw which they thought existed be changed from the Methodist to the Anglican Church. The responsible authorities of the two Churches then mutually agreed to the change, and buildings which belonged to the Methodist Church at Lakkalzap were transferred to the Anglican Church for the sum of fifteen hundred dollars. Since that time the Anglican Church has endeavoured to keep the missions supplied with suitable missionaries and teachers, and the Methodist Church has created missions in other parts of the coast, leaving the Naas river missions to themselves. Nevertheless for some

Indian Affairs. (RG 10, Volume 6395, File 817-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

reason or other the missionaries of the Methodist Church have appeared aggrieved at the method of the Anglican Church adopted for the acquirements of the Naas missions, and it would appear that whenever the Indians have expressed a desire to return again to the care of the Methodist Church their attitude has not been discountenanced, as might be expected in view of the mutual arrangement referred to.

I have just returned from the Naas river, where I took the Census, and while there was asked one night to attend a meeting of the people at Lak-kalzap. When I got there the Indians expressed themselves very strongly in favor of a change from the Anglican to the Methodist Church. This was their main subject.

I would, moreover, state that to reach the end in view these Indians have recently intimidated the resident missionary of the Church of England, who, desiring to return from the colschan fisheries at Fishery Bay where he had been with his people, was told that if he returned to Lak-kalzap he might be killed, and that they wanted the mission house for a Methodist missionary. They did not want the Anglican Church any more. At that time it was necessary for me to protect the missionary referred to—the Rev. Sylvester Hone, M.D., and I wrote a letter to the Chief Councillor, making him aware of the consequences of intimidating the missionaries, also advising him that if the majority of the people were desirous of coming under the supervision of the Methodist Church to see that his people did so in a civil and Christianlike manner, by taking their case to the Bishop, in which case I would do anything in my power to stand by the Indian's interests.

In view of these facts the Department will readily see the advisability dealing cautiously with this matter.

I am also of the opinion that those Indians reported to have asked Mr. Inspector Green for a

Indian Affairs. (RG 10, Volume 6395, File 817-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

new teacher have no children of their own, and have never evinced an interest either in the school or in the missionaries, resident at Kincolith.

Another important matter for the Department's consideration is, that the Venerable Archdeacon's is the only white people's home in Kincolith. It is not at all likely that if Miss Collison is deprived of the position as teacher the home of the Archdeacon will be open for the accommodation of her successor, in which case it would be necessary for the Department to erect a house for another teacher on the reserve, besides having to pay a much larger salary for a more competent teacher.

While Miss Collison is young I have never doubted her efficiency as a teacher. In fact she has had a good education herself, and is thoroughly conversant with the language of the Indians. The fact that while the Lak-kal-^{under the direction of the Methodists it was} zap mission was furnished with no less than fourteen different teachers and missionaries, in most instances at the request of the people, should convince the Department these Indians of the Naas villages will ask for a new teacher whether that teacher is efficient or not, and are glad when they are able to give missionaries subsequently appointed with the fact that "we shifted Mr. So-and-so and we can shift you too if we like". Thus catering to the whimsical spasms of the Indians has a tendency to lessen the influence of the teachers, and their lot is not by any means pleasant.

His Lordship the Bishop has recently asked the missionaries to interchange their respective fields. The programme is that the Venerable Archdeacon Collison remove to Letlakatla, the Rev. J. E. Mc Cullagh, of Aiyansh, to Kincolith, the Rev. Mr Price, of Gitwanger, to Aiyansh and appoint a new man for Gitwanger. I would, therefore, recommend that the Department defer its decision in the matter of a successor to Miss Collison until the way appears more favourable for a change. If, however, the Dep-

Schools

Extract from Agent's Monthly Report on the Kincolith Day
School for the month of November, 1915. Original on
119496-7

=====

I called just as school was opening, close on the 10 A.M.
Attendance seems to be very irregular. The parents do
not interest themselves much in the school. Usually the
children wender aimlessly towards the school at any hour
that may suit their convenience.

KINCOLITH DAY SCHOOL (CHURCH OF ENGLAND)

Visited October 4th. Miss Collison is the teacher in charge of this school. Everything appears to be in good condition. The school is well equipped and the children are reported as making satisfactory progress, although the attendance is not very large.

AGENT'S REPORT FOR THE MONTH OF MAY ON THE KINCOLITH SCHOOL.

Miss Collison recently wrote that she had gone to Victoria and that she had asked her brother to take the school.

On arrival, here, I found Mr. Maxwell Collison in charge.

He seemed not to understand how to conduct lessons. Mr

Collison did not deem to know when his sister would return to Kincolith.

I have the honor to inform you that I have today received a letter from Venerable Archdeacon Collison, of Kincoath, Naas river, as follows:

" I beg to inform you that my daughter Miss Alice Collison has taken charge of the school here. She is more popular with the children and commands a fuller attendance than her brother could, and is a stricter disciplinarian."

I would recommend that the approval of the Department be given the Archdeacon to this arrangement. Miss Collison is a capable and well educated lady, whose services to the Indians would be very useful.

--

Sir,—

I have the honor to enclose herewith a letter which I have received from Ven. Archdeacon Collison, of K^h Kincolith, Neas River, setting forth the resignation of his daughter from the position of teacher at the Kincolith Indian Day school. The letter is somewhat belated, it being dated October 23rd, and only received today. The Archdeacon states that he has placed his son, Mr. Herbert Collison, in charge as Miss Collison's successor, subject to the approval of the Indian Department.

Mr. Herbert Collison, who holds a Mc Gill University Matriculation Certificate, is well known to me, and I am pleased to endorse the Archdeacon's proposal. I have written to the Archdeacon my personal approval of his action, which I trust will receive the Department's support.

Miss Collison, who is leaving to undertake training as hospital nurse has been a faithful worker at the school and has done good work in other ways amongst the Indians of Kincolith.

I have the honor to be,

Sir,

Your obedient servant,

Indian Agent.

Ottawa, September 15, 1913.

Very Reverend Sir,-

A communication from you asking for an increase in salary for your daughter, teacher of the Kincolith Indian Day School, has been referred to the Department.

The matter has been given consideration and it has been decided to make an increase in Miss Collison's salary from \$400.00 to \$500.00 per annum from the first of October, next. This brings the salary up fully to the average paid in British Columbia and, taking into consideration the attendance and the number of days that the school is kept open during the year, this is a very fair salary.

Your obedient servant,

J. D. MOLENAAR

Asst. Deputy and Secretary.

Schools
MEMORANDUM.

Mr. Pedley, -

In reference to a letter from Venerable Archdeacon Collison regarding the salary paid at the Kincolith School, as stated in this letter, the salary is \$400.00 per annum. Mr. Collison makes reference to Massett where a salary of \$900.00 is paid, but you will see from the attached schedule, showing the schools and salaries, that this and Metlakatla are the only schools in British Columbia where \$75.00 a month is paid and it should be remembered that the teacher at Massett has to change his location when the Indians go to the canneries. This entails considerable trouble and expense. The enrolment also at each of these two schools is more than double that at Kincolith and during the past year the Kincolith School was only open 148 days owing to the absence of the Indians. Late reports on Miss Collison's work are very favourable, but in 1911 Mr. Green, the Inspector, recommended that an experienced teacher, properly qualified, be secured for this village. I do not think that the attendance and length of time the school was kept open would justify

Indian Affairs. (RG 10, Volume 6395, File 817-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

2.

justify the Department in paying the salary asked by the Archdeacon, but an increase to \$500.00 might be allowed. In view of the fact that the teacher is a daughter of the Archdeacon I cannot see how he makes any claim to have borne part of the burden of the salary himself.

Frank Pedley, Esq.,
Deputy Commissioner of Indian Affairs,
Ottawa.

My dear Pedley:

I enclose you a letter from Archdeacon W. A. Collison, as you know one who has spent his life Northern Country and from his letter I see no reason why his school should not get the consideration as others and I trust that you will see that his request is granted. I often think, as the Ministers realize when they traverse that Northern Country, that with the conditions which exist, that every consideration should be given in such requests. I trust that you will not forget to give this favorable consideration.

With best wishes, I am

Truly yours,

H. S. Gammels

Aug. 1st. 1913.

H. S. Clements Esq. M. D. P.
Dear Mr. Clements 443410

Permit me to write you a line
in regard to a matter in which a few
words from you will effect much.
It is in regard to the position of School
Teacher for our Indian Day School
here. At Massett and several other
Indian Day Schools in your constituency
the teachers are in receipt of Sixty
and seventy dollars per mensem whilst
here at Wincolith only one hundred dollars
per quarter or some \$33.³³/₁₀₀ per mensem
has been allowed. It is unnecessary for
me to inform you that no teacher can
subsist on such an allowance as this.
I therefore beg to ask you if you will
be so good as to represent this to the
proper quarter and to state that under
present circumstances a teacher cannot
meet living expenses here under \$60 per
mensem. Hitherto I have borne part of
the burden myself but now that the
Department is allowing sufficient to
other schools, it is time that a similar
allowance be made to this school also.
especially that the reports of the Inspector
have always been most satisfactory.
Thanking you most sincerely for past favours
I remain dear Mr. Clements yours faithfully
W. H. Collison. (M. H. Collison)

Sir.-

Ottawa, November 16th., 1916.

With reference to your remark in your report for October on the Kincolith Indian Day School to the effect that a female child in attendance at the school was suffering from running sores which had a most offensive odour; I beg to say that the Department approves of your having had the child removed from the school in order that her condition should not be a menace to the health of the pupils, but it is thought you should have endeavoured to make some arrangements for the care of the child. You state you told the teacher to return her to her home. It is unlikely that this unfortunate child will receive proper care in her home unless special attention is given to her case. The Department desires that you will look into the matter immediately. If there is a field matron residing within the district in which the child resides, she may be able to give her proper care and attention and if not, it may be advisable to have the girl sent to an hospital. The Department desires that you will take action in the matter immediately in the best interests of the child, but you should bear in mind that no unnecessary expense is to be incurred. You may send the child to the Hospital at Prince Rupert if you consider it necessary.

Your obedient servant,

J. D. McLean

Asst. Deputy and Secretary.

Ottawa, Canada.

491247

Sir;

In reply to your letter of May 23rd. No. 119496/2, with reference to increase of salary for Miss Alice M. Collinson, I beg to say that I advised her to apply for an increase through Mr. Agent Perry.

Miss Collinson has been teaching this school nearly three years. Early in her term as teacher, Mr. Perry, the Agent, found some irregularities in connection with the conduct of the school. This was threshed out at the time. It was before I was Inspector so that I am not able to give you the details.

I wish now to state frankly how I have found her work. She has a good education but no training as a teacher. She is faithful in her work and keeps the class-room clean, tidy, and attractive.

There are 53 pupils enrolled. The average attendance for the six months ended March 31, 1916 was 30.

She is now receiving \$500.00 per annum. In my judgment she is entitled to an increase of \$100.00 per annum. The increase to begin with October 1st. 1916.

Your obedient servant,

R.H. Cairns
Inspector of Indian Schools.

February 5th, 1921.

Sir,—

In compliance with your request contained in your letter #119496/I, dated November 13/20., I now beg to enclose Dr. McDonald's medical report showing the result of the examination of the pupils of the Kincolith Indian Day school.

It will be noted from the report that no deaths from Tuberculosis occurred among the children regularly attending the school, during the summer.

The two cases referred to by the Doctor had evidently contracted the disease elsewhere and were brought back to the village, where they died.

In the case of Abel Angus, where the Doctor has advised against his attending school, instructions to this effect have been sent to the School teacher.

The floor of the School room will need two coats of good paint, I would therefore, ask permission to purchase sufficient paint for the purpose.

The painting of the floor will not only have a very sanitary effect, but will also make it easier to clean.

Your obedient servant,

P. E. Collins
Indian Agent.

Dear sir.

I herewith enclose report of findings in examination of the Kincolith School Children as per your request.

There have been no deaths of Kincolith school children from Tuberculosis since November 1919, and this one had been away from here for several months previous contracting her fatal illness after an attack of Pneumonia for the treatment of which she spent some time in the Anjo Hospital.

Another death from Tuberculosis has taken place recently but he had recently been brought here by his parents from Alaska where they have resided for the last two years.

Respectfully submitted
D.J. McDonald M.D.

Ottawa, November 13, 1920.

Sir,-

Mr. Inspector Cairns, in a report on his recent inspection of the Kincolith Indian Day School, states that two of the pupils have died during the summer of consumption, and he recommends that Dr. McDonald, who lives in the village, be asked to examine the children attending this school and report on the general state of health of each pupil separately.

I shall be pleased if you will arrange with the doctor at his early convenience to make a thorough examination of each child and report as to the condition of health and in cases where any pupils require medical treatment they should receive the necessary attention.

Your obedient servant,

A. F. MacKenzie

Ottawa, June 22, 1920.

Sir,-

With reference to that portion of your report of the 7th instant regarding the establishment of the boarding school system in your agency I beg to say that the Department cannot consider this matter at the present time, as there are no funds available for the purpose.

It is hoped that the difficulty in recruiting children from your agency to the Lytton Industrial School on account of the recent death of two pupils will be overcome and that the Indian parents will continue to take advantage of the educational facilities provided at that school as vacancies occur.

The death of the two children mentioned by you is regretted, but it is considered that this is not the fault of the school. There is no doubt that every care and attention was given them by the Principal and staff during their illness.

Your obedient servant,

J. D. McLEAN

Asst. Deputy and Secretary.

Sir:-

#

#

The boarding school system is without doubt the best system for obtaining results. It would be still better if the system were introduced into each Agency, as there is a growing feeling especially in the Nass River Agency against sending the children to boarding schools that are at a great distance from the homes of the children. This attitude has lately been emphasized to a great extent by the death of a promising Indian lad from Lakkalzap whilst in the care of the Lytton Industrial School. This case following so closely upon the death last year of a former pupil from Kincolith, in the same institution will make it most difficult if not impossible to induce the Indians to send their children to the Lytton Industrial school in future.

Ottawa, May 17, 1920.

Sir,-

With reference to that portion of your report for the month of April last on the Kincolth Indian Day School, in which you suggest that prizes be granted each year in order to encourage good attendance and progress in studies, I beg to say that the Department in ~~such~~ cases allows a small grant for the purchase of prizes for this purpose which are usually given to the children upon the closing of the school for the summer holidays.

In the case of the Kincolth school, the Department will be prepared to allow the sum of \$10.00 to purchase prizes for the pupils having the best record of attendance and progress in studies during the year. If you consider it advisable to do so in the case of this school, you may expend a sum not to exceed the above amount in the purchase of suitable prizes for the two children showing the best record of attendance and for the two making the best progress in their work in school.

It should be understood that a grant for prizes cannot be made for every school as each case is dealt with on its merits.

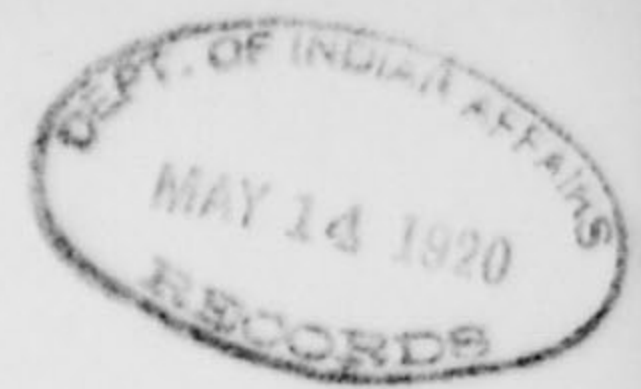

Your obedient servant

Assistant Deputy and Secretary

Sir, -

I have the honour to submit to you my
report and Diary for the month of February, 1920.

x

x

x

Regular reports have been received from
the Kincolith and Lakgalzap Indian day Schools. The
daily attendance from now on will fluctuate as the
parents come and go from the villages. I regret to
have to report that Miss Sturges, School teacher and
Miss Capper, field Matron, at Lakgalzap have signified
their intention to leave about the end of September
next. They have been in the employ of the Department
for about five years and it will be difficult to
find suitable people to fill their place owing to
the isolation of the village, especially during the
winter months. I would suggest to the Department
that when the time comes to fill this place, that a
man and his wife would be best suited for Lakgalzap.

533633

Sir,-

I have the honour to submit herewith my report and Diary for the month of January, together with receipts for expenditure in connection with travelling for that month.

X

X

X

On Friday, January 9th, I visited the Kincolith Indian Day School which is taught by Miss Collison, I found the school well kept and the pupils clean and tidy. Whilst the attendance might be better, the real difficulty in connection with the problem of school attendance, not only at Kincolith, but also other Indian Day schools in the Agency, is largely caused by the fact that as the Coast opens up and various industries are established, offering work to the Indians, the parents remain away from the villages for longer periods than formerly with the result that the education of the children is neglected just at an age when they should be at school. To my mind the best way of meeting these new conditions is by sending as many children as possible to Indian boarding schools which are under the complete control and supervision of the Government. When the Royal Commission visited the Nass River in 1915 I believe the establishment of a boarding and industrial school for the Nass was recommended.

Deputy Superintendent General
of Indian Affairs.

Dear Sir:

About two years ago, Indian Agent Perry wrote to the Department on my behalf in connection with my wish to have an increase of salary as teacher, but the Department could not do anything then, on account of the war.

Although I am doing the same work as the other teachers on the river, I am only allowed \$125.00 a quarter, which I am sure you will agree with me, no teacher paying house rent etc. could possibly manage to live on.

For the quarter ending September 30th I received \$75.00 without any explanation.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, March 31, 1921.

MEMORANDUM.

Mr. Scott,-

Miss Alice M. Collison, teacher of the Kincolith Indian Day School, applies for an increase in her salary. She was appointed teacher of this school April 1st, 1914, at a salary of \$500.00 per annum, which was increased to \$600.00, the amount at present paid her, from October 1st, 1918. She has also been receiving the bonus at the rate of \$150.00 per annum, making a combined salary and bonus of \$750.00. She has no professional qualifications. She received her education in England.

The Inspector states that she is very faithful in her duties and that she would do better had she been trained for her work. The progress is fair, considering the nomadic habits of the parents of the children, which is a great handicap to progress being made.

Miss Collison, in her letter, states that, while she is not a duly licensed teacher, it does not mean that her education is inferior to some of those who are classed as fully qualified and that, through her length of service, she is fully conversant with the Indian child's habits and modes of thought and has their confidence. She states that the salary she receives now is barely sufficient to pay for her board.

She is no doubt earnest and faithful in her duties and I would judge from the reports received that she is doing as good work as some of the other teachers who are qualified and receive a higher salary. I would recommend that she be granted an increase from the first of April, next, of \$100.00 per annum. This is submitted for your consideration.

Dear Sir

On repeated occasions I have made application for an increase in my salary, as teacher in the Lincolith School, but as my efforts have been unsuccessful, I am writing to you direct, trusting that your department will do me the justice which has so long been denied.

I fail to understand why I should be expected to teach for half the salary that all the other teachers receive; My School is as large as the others and I give it practically all my time, and as to progress, I am in a position to observe that the intellectual development shown by pupils from this school is fully up to that of the best of the others.

Why then should I receive just half of what the others receive besides their extras for fuel, light, etc.

The amount is barely sufficient to pay for my board, and although I live at home, I cannot

ARCHIVES PUBLIQUES

CANADA

very well as a Government employe' unless too much on the charity of friends who like the great majority have their own struggles for existence.

Two explanations have been given to me. A few years ago as to the reasons for the small salary.

One was that "This was a Mission School" This is entirely incorrect, as the Mission exercises no jurisdiction whatever over the School or myself, but is in all ways treated as an independent Government institution.

The other explanation was that "I was not a duly licensed teacher". While this is a fact it does not mean that my education is inferior to that of some of those who are classed as fully qualified, and I think it is of far greater value to be conversant with the Indian child's habits and modes of thought, as well as to have his confidence that the efforts put forth are for his own benefit.

Further more I know of other teachers in the neighbouring agencies who are not qualified but yet who receive the full salary which makes it appear as

Sir,-

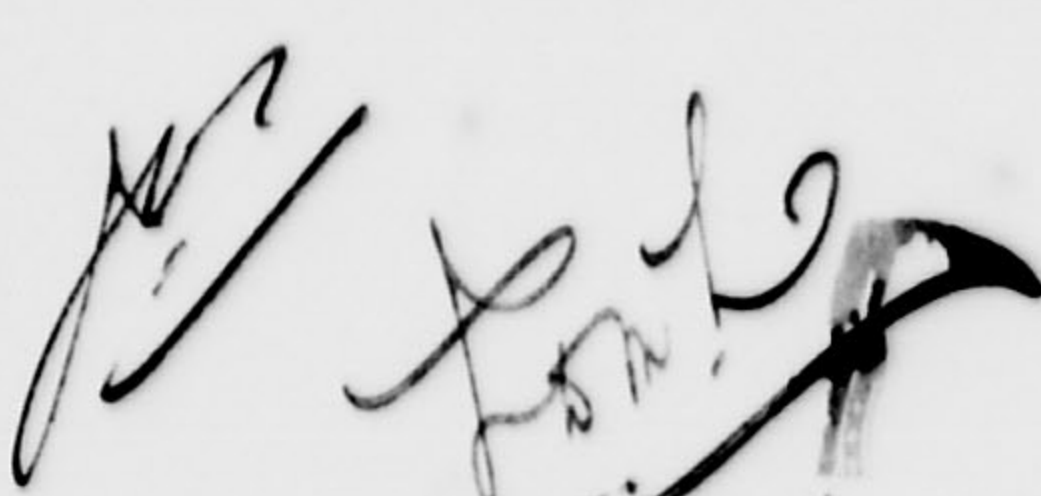

I have to acknowledge the receipt of your letter of the 5th instant enclosing the medical report on the pupils of the Kincolth Indian Day School.

Any children requiring the services of a doctor should receive proper medical attention.

The Department will approve of the purchase of a sufficient quantity of material to give the floor of the school-room two coats of paint. In the purchase of this paint competitive prices should be obtained, if possible, and the labour in having the painting done should be performed as cheaply as possible. When this work is completed, you should forward properly certified vouchers, in duplicate, covering the expenditure incurred in the purchase of the paint and for the labour required.

Your obedient servant,

J. D. McLean
Asst. Deputy and Secretary.

PRINCE RUPERT, B.C.
Jan. 28th 1925

Sir:

I have the honor to inform you that Miss A.M. Collison has sent in her resignation as teacher of the Kincolith Indian Day School and has asked on account of personal matters to be relieved of her duties at the earliest opportunity. In consequence, I have asked Mrs. E.G. Newnham to carry on the school work until a new teacher has been appointed. I would recommend that this be done as soon as possible, and, in this connection, I beg to transmit an application received from Mrs. Newnham for the position.

Mrs. Newnham is the wife of Constable Newnham whose headquarters are at Kincolith, and is a capable teacher having been in charge of the Gitlakdamix Indian Day School before her marriage to Constable Newnham.

I would highly recommend her application both on account of her fitness for the position, and the fact that Kincolith is a difficult place to fill as it is a purely Indian village, and the appointment of an outsider would necessitate the building of a teacher's residence--an added expense which the Department may not wish to incur.

Your obedient servant,

Indian Agent.

SCHOOLS

Following the Christmas holidays, all the day
schools re-opened with fairly good attendances. There is
however, still room for improvement in the Kincolith
Indian Day school. The Indians were informed during
my last visit to this reserve that unless improvement
takes place the Department might consider closing the
school.

Sir,-

I have your letter of the 20th instant, recommending the appointment of Miss Ada Hartin for the position as teacher of the Kincolith Indian Day School for the coming school year. In this connection, I have to confirm the following night lettergram to you of yesterday's date:-

"Appointment Miss Ada Hartin as teacher Kincolith Indian Day School approved for next school year STOP Salary allowed one hundred dollars per teaching month."

The qualifications which Miss Hartin possesses have been noted and it is hoped that she will meet with every success in her work at this school. I have to request that you will give her any assistance you can. It is also hoped that there will be a more regular attendance of the Indian children.

Your obedient servant,

Sgt T. R. L. MacInnes

Sir:-

Owing to the resignation of Miss Helen Young, teacher of the Kincolith Indian Day School, I beg to recommend the appointment of Miss Ada Martin for the position.

Miss Martin holds a second-class teacher's certificate for Saskatchewan and is entitled to the same standing for B.C. Her testimonials and Inspector's reports are satisfactory. She has been engaged at the rate of \$1,000.00 per annum, for ten teaching months, the same as Miss Young, the previous teacher. Miss Martin was recommended by the Department of Education at Victoria, and has been communicated with. I shall be glad to receive the Department's confirmation at an early date.

Sir:-

In reply to your letter of the 1st inst. relative to Constable Newnham's report regarding non attendance at the Kincolth Indian Day School, I would state that so far as I am aware there has been no refusal on the part of the parents to send their children to school.

I would not recommend prosecution of parents until a proper investigation has been made. Constable Newnham is rather inclined to magnify conditions which at Kincolth are no different than at other villages where attendance is usually erratic owing to the movements of the Indians.

Constable Newnham was appointed by me as Truant Officer, and the attendance at Kincolth should therefore have been even better than at other schools in the agency where there are no truant officers. However, I am in correspondence with Constable Newnham concerning the matter and shall obtain further particulars from him.

Ottawa, March 1, 1930.

Sir:

In the report of E. G. Newham, Dominion Constable, for the month of January, last, he states as follows regarding the attendance at the Kincolith Indian Day School:

"Considerable difficulty is being experienced in securing a regular and proper attendance at the Kincolith Day School which cannot be rectified without the enforcement of Section 10, Sub-section (3) of the Indian Act. Persuasive measures with the parents, guardians or persons with whom children are residing are of no use whatever."

I shall be pleased to have your views regarding the suggestion of the constable, stating whether you would advise that action be taken under Section 10 (4) against the Indian parents who refuse to send their children regularly to school. For the purpose of enforcing the Section of the Act referred to, the Dominion Constable could serve the required notice to the parents. You might state whether or not if action were taken in the case of one or two of the parents it would lead to a more regular attendance at the school.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Kincolith:

Arriving at Kincolith on Saturday evening,
October 13th, I remained there until the arrival of the
weekly steamer on the following Monday. Visits were
made to the Kincolith Indian Day School which is in charge
of Miss Helen Green. As many of the Indian families are
still away at their fishing camps, attendance was smaller
than usual. Miss Green is giving good service and not-
withstanding the drawback of an irregular attendance which
most discouraging to the teacher, a fair progress is main-
tained.

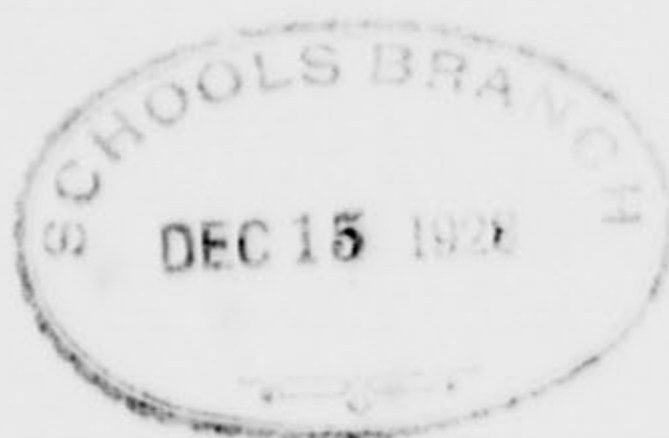

Arrangements were made for the construction
of a new wooden boarding in front of the school and other
repairs.

Sir:

I have your letter of the 11th instant, informing the Department of the resignation of Miss S. Shopland, teacher of the Kincolith Indian Day School, and nominating the services of Miss Helen Green to succeed her. It is considered that you should have informed the Department at an early date of the resignation of Miss Shopland. It is presumed that she gave up duties at the beginning of the summer holidays.

The qualifications which Miss Green possesses have been noted and are satisfactory. The Department will approve of her appointment from the 16th of September, last. The full amount of salary we can allow is at the rate of \$100 per teaching month. Miss Shopland was allowed salary at the rate of \$105 per teaching month after two years' service. This is the maximum salary we allow at this school, and we are not prepared, on the appointment of a new teacher, to allow the maximum salary. A cheque to the amount of \$50, being salary for one-half month, will be forwarded to Miss Green for her services from the 16th of September, last. Please inform Miss Green of her appointment and the salary allowed.

OFFICE OF
INDIAN AGENT

Prince Rupert, B.C.
Oct. 11th 1927

Sir:-

I beg to recommend the appointment of Miss Helen Green as teacher of the Kincolith Indian Day School to succeed Miss Shopland, resigned.

Miss Green holds a second class B.C. teacher's certificate, and a Strathcona Trust Physical Training Diploma, and has also attended summer school for teachers at Victoria, B.C. for the past two summers. Her Inspector's report regarding her work at Squilax Day School where she taught six months, and references as to her character and ability are satisfactory.

I would recommend that she receive \$105.00 per month as was paid to Miss Shopland.

Miss Green arrived at Kincolith September 16th although school was not opened until the 20th on account of most of the children being still away from the village, and the prevalence of whooping cough.

Her report for the September quarter is enclosed herewith.

Your obedient servant,

With reference to Agent Collison's letter of the 12th instant, requesting an increase in the salary of Miss S. Shopland, teacher of the Kincolith Indian Day School, I find that she began duties at this school on September 16th, 1925. She has a second class B.C. teacher's certificate but had no teaching experience previous to entering our employ. Mr. Cairns visited this school on September 25th, 1925, just after the teacher began duties, and reported that she appeared enthusiastic about her work. He has not reported on this school since that date.

In his letter, the Agent refers to Gitladamix and Lakalsap Schools, and the following gives a comparison of the work at the three schools:-

<u>Name of School</u>	<u>Average enrolment Jan. 1 to Dec. 31/26.</u>	<u>Aver. Attendance Jan. 1 to Dec. 31/26.</u>	<u>Salary</u>
Kincolith	41	22	\$ 950.
Lakalsap	31	22	\$1050.
Gitladamix	33	20	\$ 500.

At Lakalsap, there is a residence for the teacher, but no such accommodation is provided at Kincolith.

→ The last named school was only open for part of the year.

Sir:-

A communication has been received from Miss S. Shopland, teacher of the Kincolith Indian Day School, asking for an increase in her salary.

At the present time she is receiving \$950.00 per annum without any allowances which is \$10.00 per month less than that paid to teachers of the Citlakdamix and Greenville schools besides allowances, although the enrolment at each of the schools mentioned, and the nature of the work, is much the same.

Miss Shopland has been in charge of the Kincolith school for two years, during which time she has given every satisfaction.

I would, therefore, suggest that her salary be raised to \$1050.00 per annum as paid to the teachers of the previously mentioned schools.

PRINCE RUPERT, B.C.
Oct, 7th 1925

Sir:-

I have the honor to request the Department's approval and confirmation of the appointment of Miss S. Shopland to take charge of the Kincolth Indian Day School.

Miss Shopland was engaged after consultation with Mr. Inspector Cairns who with myself interviewed her in Vancouver before she came north. Miss Shopland has a second class B.C. teacher's certificate, has had no previous teaching experience, but is capable and should be well able to carry out the requirements of her work.

Salary was arranged at \$900.00 per annum, and bonus, if allowed. This is subject to the Department's approval.

There was some difficulty in obtaining accommodation for the teacher, and it may be necessary to put up a small three-roomed teacher's house on the school lot next year. Fortunately, as Miss Shopland is a cousin of Constable Newnham's, Mrs. Newnham was able to provide temporary accommodation only--their own quarters being very small.

Ottawa, February 10, 1925.

Sir:

I have your No. 8 F of the 28th ultimo, informing the Department of the resignation of Miss A. M. Collison, the teacher of the Kincolith Indian Day School. I have noted that Mrs. E. G. Newnham is, at your request, undertaking the duties temporarily until there is an official appointment. When the March quarter return for this school is being forwarded, it should clearly indicate the number of days taught by each teacher, so that the salary can be adjusted properly.

I note that there is no residence available for a teacher at this day school and that the appointment of Mrs. Newnham will result in the conduct of the school at a minimum expense. This teacher has been successful in her former services for this Department and your action is approved. She will be allowed a total salary at the rate of \$950 for the ten teaching months, which will include any bonus which may be provided. If, at any time, she is unable to give the full time that is required of a teacher, you should make a report and her services will be discontinued.

Prince Rupert, B.C., March 24, 1931

Sir:

I have the honor to report as follows for the
month of February.

SCHOOLS

The day schools have been operating success-
fully with the exception of the Kincolith Indian Day School
at which the attendance is poor. This place needs a
particularly capable and energetic teacher, which is
difficult to obtain. The work is discouraging to a
young and inexperienced teacher, and as Miss Hartin,
the present teacher has asked for an exchange, I hope
it will be possible to appoint someone able to handle
the situation, to ensure a better attendance.

Kincolith, Nass River, B.C.,
July 2nd, 1931.

Sir:

I have the honour to forward my Monthly Report
for June 1931.

x

x

x

Replying to the letter addressed to me by the
Indian Commissioner for B. C. dated June 22nd, 1931, file
number 11/21632 in regard to the third paragraph of my report
for May 1931, which deals with school attendance at Kincolith,
I would state that this matter is one of great difficulty and
was the subject of a report by me dated March 11th, 1930.
Indian Agent's file 8-E-1446. This report was not replied to
and no authority was given in connection with a suggestion
made in the last paragraph of the said report, consequently
I am quite powerless to adequately deal with the matter.

The matter of rounding up children, playing
truant on their own volition for which the parents are in no
way to blame, is a simple one and has no connection with the
difficulty referred to which is entirely to do with the
neglect and indifference of many of the parents and guardians.
Some complication was caused by the present teacher at Kincolith
reporting for the month of April 1931, that the attendance was
satisfactory, while I had reported that it was not. This
difference of opinion was probably due to the fact, that the
lady was inside the school, marking pupils present, whenever
they arrived- sometime during the day while I was on the
outside resorting to many different methods in order to get
them there.

In regard to cases of absence where the children
are not found on the streets during school hours or not readily
located, although not absent from the village, I have to depend
to some extent on information supplied by the teacher and
owing to the fact that the lady is compelled to reside in my
house, I have heard more of this than, probably, I would have
done otherwise. From October 1930 to March 1931, the lady
took every opportunity of complaining of the poor attendance
and other matters to me, but evidently not to the Indian
Agent. I have advised the lady, that her best policy is to
officially report on matters affecting her duties, accurately
and that I have gone to the limit of my powers, in order to
assist her. The Kincolith Day school has now been closed two
weeks and it would of course, be premature to state whether
this problem will arise next session, or not.

Sir:

I have the honour to submit my monthly report
for September 1931.

x

x

x

The Kincolith Day school re-opened on September 1st. and making all due allowance for the fact that the Indians are not generally settled in yet, conditions as applied to those who are in the village, are exactly the same in regard to school matters as those referred to in my report for May last. I have informed the teacher that I can do no more than I have done in the matter and advised her to lay the whole case before the Indian Agent and the Inspector of Indian schools when they visit here shortly. I am preparing a number of prosecutions under Section 10, Indian Act, as the situation calls for drastic action.

EXTRACT from Report of Mr. Indian Agent Collison
for the month of January, 1932, regarding the Kincolith
Indian Day School.

Original on File 168-37-7.

The report for January shows an average attendance
of 28.75; this is not satisfactory considering the number
of pupils on the roll.

Five pupils were reported during the month as
delinquent in their attendance; those attending have made
fair progress in their studies.

Conditions at this school are not very satis-
factory, whilst Miss Hartin is very conscientious and is
doing the best she can under somewhat discouraging con-
ditions, she does not seem to have been able to get hold
of the children. This has been made more difficult by the
fact that the parents are inclined to be indifferent re-
garding the attendance of their children at school.

Ottawa, June 1, 1933.

Sir:

I have your telegram of the 31st ultimo, recommending that the services of Miss Ada Hartin, teacher of the Kincolith Indian Day School, be dispensed with, as she is unable to maintain satisfactory attendance and the Indians have lost confidence in her.

In reply I have to say that the Department considers it inadvisable to make a change in teacher for the balance of the present school year. If, however, Inspector Barry and yourself consider that her services should terminate immediately, you may so inform her and the school can remain closed during the balance of the present month and also during the regular summer holiday period. In any case, she should be notified that her services will not be required after the end of the present school year, viz., the 30th instant. You should see that Miss Hartin prepares the quarterly return of attendance and forwards same to the Department, through your office, in order that payment of salary due her can be made.

Regarding the appointment of a teacher to succeed Miss Hartin, I would request that you take this matter up with Mr. Inspector Barry, and nominate the services of a fully qualified teacher. Full particulars should be forwarded regarding the qualifications, experience and address of the teacher nominated by you. It is noted from your telegram that the services of satisfactory teachers are available. In your report on this school for the month of March, last, you stated you were of opinion that better progress would be made if a male teacher were appointed.

Your obedient servant,

A. F. MacKenzie,
Secretary.

July 24th 1933

Sir:-

I shall be glad to know if the Department will approve of the appointment of Miss Edith Aylwin to the Kincolith Indian Day School, in place of Miss Ada Hartin who has resigned.

Miss Aylwin's transfer from the Massett school has been recommended by Inspector Barry as he states it is uncertain as to whether her former classroom at the Massett school is to be reopened.

As the time is short and it is necessary to notify Miss Aylwin in good time, I shall be glad to receive a wire confirming this appointment.

Sir:

I have to inform you that the Department is approving of the appointment of Miss Edith Aylwin, formerly assistant teacher at the Massett Indian Day School, to take charge as teacher of the Kincolith Indian Day School for the coming academic year, to succeed Miss Ada Hartin, who has resigned.

The salary allowed Miss Aylwin will be at the rate of \$100 per teaching month, less 10% during the current fiscal year. Mr. Agent Collison is being advised of the approval granted for the appointment and I would request that you inform Mr. Inspector Barry.

Sir:

I have your letter of the 24th instant, nominating Miss Edith Aylwin, who was formerly assistant teacher at the Massett Indian Day School, to the position as teacher of the Kincolith Indian Day School for the coming academic year, to replace Miss Ada Hartin, who has resigned. In this connection I have to confirm the following night lettergram of today's date:-

"Appointment Miss Edith Aylwin, teacher Kincolith Day School approved. Salary one hundred dollars per teaching month, less ten per cent."

You should inform Miss Aylwin of her appointment and arrange with her to take up duties when the school re-opens after the present summer holidays, on September 5th, next. I would request that you give this teacher every possible assistance in her work at the Kincolith School, where it is hoped she will meet with success.

I may add that Mr. C. C. Perry, Assistant Indian Commissioner, is being informed of the approval granted for this appointment. He is being requested to inform Mr. Inspector Barry who, it is noted, recommends the appointment of Miss Aylwin.

Ottawa, Canada.

Dear Sirs, -

May I take up a little of your time, please, asking for a change of location?

For three years I have taught the Kincolith Day School. Reports of my work have been sent you by Inspector Barry.

Before coming here I was at the Massett Day School. I have also taught five and a half years in Indian Residential

Indian Affairs. (RG 10, Volume 6395, File 817-1, part 1)

Ottawa, May 27, 1936.

Dear Madam:

I have your letter of the 16th instant, applying, for the reason stated by you, for a transfer from your present position, as teacher of the Kincolith Indian Day School, to another Indian school in British Columbia, where you could have your mother live with you.

In reply I have to say the Department is not aware of a school at which there will be a vacancy for the coming academic year. I regret, therefore, being unable at the present time to arrange for a transfer or to offer any assurance that we will be able to comply with your request. Should you be aware of any vacancy that may occur at a school to which you would like to be transferred, you might again write the Department. There might be some difficulty, however, with regard to salary rating and suitable living quarters.

Yours truly,

A. F. Mackenzie

R

Dear Mr. Holey, -

Thank you for
your letter. I gathered from
it that you are a link
between officialdom and the
scattered teachers on the reserves.

It is nearly eleven years
since I began teaching Indian
children so perhaps if I tell
a few of my ideas on the
subject you may find a
grain or two of wisdom in
this letter which is not written
as a report or criticism but
as one worker to another in
the same field.

To begin with I entirely
agree with your idea that

Indian Affairs. (RG 10, Volume 6395, File 817-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

more time ought to be devoted to manual occupations. I feel convinced that vocational, practical, training is more important to our Indians (and to most white children too) than purely academic work. Of course I believe everyone ought to be able to read and perhaps write a simple letter (or order to Eaton's) but I mean beyond that.

Acting on this idea I have spent one afternoon a week teaching the girls sewing and kindred arts. We have a sewing machine and several pupils have turned out wearable garments. No child is allowed to use the machine until her hand sewing passes muster. Some artistic and colorful embroideries have been done too and some knitting.

As there seemed no official means of obtaining materials I used some private money to buy the first lot,

Indian Affairs. (RG 10, Volume 6395, File 817-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

then we had a sale and bought more material which has been made up ready for another sale next week.

For some reason there are not many school age boys in this village so I just taught them such things as sewing on buttons and simple basketry. There are quite a number of little boys who will soon be going to school and some provision will have to be made for them.

About the follow-up system I have no comprehensive plans. Many of the young married couples here are pupils I once taught, - here or at Alert Bay Residential School and very friendly relations exist between them and me.

Now for a couple of suggestions for this particular school. I do hope there will soon be a playground for the children. The school lot

Indian Affairs. (RG 10, Volume 6395, File 817-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

is 200 feet long but it is covered all over by trees, bushes, and dead brush. The children and I did as much towards cleaning it up as our strength would allow but it was a hopeless task.

A board walk runs through the grounds to a little platform in front of the door. This walk, in places three feet or more from the ground, is all the school playground for my 52 pupils unless they cross the creek or go off in front of the church. The "tardy" problem is ever present. If the grounds were cleared we could have a flag pole and a flag.

As my classroom is used for Sunday School, a small organ has been lent to us. I suggest that every school needs one.

Then there is the problem of the school wood. Could not this item be included in the

Indian Affairs. (RG 10, Volume 6395, File 817-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

yearly estimates and some provision made for it? It is hard to ask a man to wait months for his pay and often most inconvenient for the teacher to advance the money and wait months for a refund.

Taken all round though, this is not a bad little school. I fared much worse in my last white school. In many ways I shall be sorry to leave it but I hope to go to one near Merritt, B.C. (in Mr. Barber's agency) next September.

I hope this letter is not too long and that it is what you wanted me to do.

Yours faithfully
(Miss) Edith M. Gylwin.

Dear Sir:

The Department is in receipt of your telegram of the 19th instant, recommending Norman Green for the position of teacher of the Kincolith Indian Day School. It is noted that Mr. Green, who has been nominated by His Lordship Bishop Rix, possesses first class qualifications and has been on the staff at the Elkhorn Indian Residential School. The Department, therefore, sent you the following telegram today:-

"Appointment Norman Green as teacher,
Kincolith School, approved."

Please inform Mr. Green of his appointment and arrange with him to begin duties on September first, next. The salary allowed him at this school will be at the rate of \$100.00 a teaching month.

RAH
I am enclosing herewith Staff Questionnaire Form, which you should request Mr. Green to complete and return to the Department at the earliest possible date. A circular showing the dates of opening and closing of Indian schools is also enclosed.

Ottawa,
January 13, 1939.

Dear Sir:

In reviewing Inspector Barry's diary for the month of December which was forwarded under cover of your letter of January 3 I find the following entry:

"December 28 -- Visit from Miss Saunders, teacher of the Kincolith Indian day school, for advice having received no pay of any sort since her appointment to Kincolith day school in September."

Miss Saunders was nominated by Rt. Rev. Bishop Rix but although Indian Agent Collison was requested in our letter of October 4 and again in a letter dated November 8 to advise us the exact date on which she began duties he did not supply this information until November 12 on which date he wrote to the Department and his letter reached here on November 19. The Representative of the Treasury was immediately requested to issue cheque at the end of November in favour of Miss Saunders for her salary for the months of September, October and November. Cheque 41636 for \$300.00 was forwarded to Miss Saunders on December 1, 1939. This cheque should have, and no doubt did, reach her early in December. In addition cheque 4621 for \$100.00 in payment of her salary for the month of December was mailed from here in time to reach Kincolith before the school closed for the Christmas holidays on December 21.

You will note from the above that as soon as the Department had definite information regarding the date on which Miss Saunders began duties arrangements

were made to pay her for her services. As pointed out above she must have received the cheque for her salary for September, October and November and likely the one for December before meeting Inspector Barry on December 28 and under these circumstances I cannot see why she gave him the information contained in his diary.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

I am in receipt of your letter of the 12th instant with reference to the employment of Miss Annie E. Saunders as teacher of the Kincolith Indian Day School. It is noted from your letter that she was nominated by the Bishop of Caledonia and that she began duties on September 1, 1938.

Her appointment is approved and she will be allowed salary at the rate of \$1000.00 a year.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Memorandum:

REPRESENTATIVE OF THE TREASURY

Re: Kincolith Indian Day School No. 817

I enclose for your information a copy of letter of appointment of Miss Annie E. Saunders as teacher of the above-mentioned school at a salary of \$1000.00 a year effective September 1, 1938.

On the November pay list she should be allowed an amount of \$300.00 (salary for the months of September, October and November, 1938).

On the December pay list and on future pay lists until further advised she should be paid at the rate of \$100.00 a teaching month. Her cheque should be addressed to Miss Annie E. Saunders, Kincolith, B.C. Staff questionnaire is being sent to you.

Philip Phelan,
Chief, Training Division.

Dear Sir:-

Re Kincolith I.D. School

#817
#1000
With reference to your letter of October 4th, file 168-37-1, I am enclosing herewith staff questionnaire just received from Miss Annie E. Saunders. Owing to there being a twice-a-month mail service only to Kincolith, some difficulty was experienced in getting in touch with the new teacher.

Miss Saunders commenced her duties on September 1st.

Capt. G. A. Barry inspected this school on October 7th, and his report has no doubt been received from the Department.

Copies of application and qualifications received from Miss Saunders are also enclosed.

Yours faithfully,

W. E. Collison

Mr. W. E. Collison,
Prince Rupert B.C.

Dear Mr. Collison:-

Thank you for your telegram received, and the nomination by Bishop Rix for Kincolth day school.

I am enclosing a list of my qualifications, and all the particulars and also a copy of the reply from Dr. T. B. R. Westgate, when I resigned. My one and only reason for resigning is to have a change from the routine of a residential school, and to experience life in an Indian village and day school. I still want to continue with the Indian work.

I am leaving here on the 17th and after that my new address will be

Suite 1,
2466 - 4th ave.
Vancouver B.C.

I have worked under Capt. G. H. Barry for over three years and always got along fine with him. I am sure he would give me a recommendation if you desire one.

Thank you,
yours very truly,

A E Saunders

Dear Sir:

It is noted that you state in your report for the month of August that Miss Saunders has begun duties as teacher of the Kincolith Indian Day School.

The only correspondence we have on our file regarding Miss Saunders was contained in your letter of August 13, 1938 which read in part as follows:

"The following nominations have been submitted by the Bishop of Caledonia for the Kincolith Indian Day School.

"First choice, Miss Anne Saunders, of the Indian residential school at Elkhorn.

"Second choice, Miss Marjorie Kinch, 1596 Cardin St. Victoria, B.C.

"I have written Miss Saunders requesting her to submit her application and furnish particulars of her qualifications."

Please have Miss Saunders complete the enclosed staff questionnaire and when forwarding this to the Department you should advise the exact date on which she began duties.

VERY URGENT

Major D.M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

At your request I have given considerable thought to the question of the necessity for a second teacher at the Kincolith Indian Day School, Skeena River Agency, as outlined in Mr Indian Agent Gillett's letter 8-E-13076 of the 11th of July.

Miss Anne Saunders, an exceptionally fine teacher with many years experience, has explained the need for a second teacher for the months October to March inclusive during her visit to me this afternoon. There will be some sixty pupils in attendance and all Grades from 1 to 8 will be represented this next year. There is no doubt that for much of the six months mentioned above there will be some 50 pupils on the average in the schoolroom, and this is too much for any teacher when all Grades are represented.

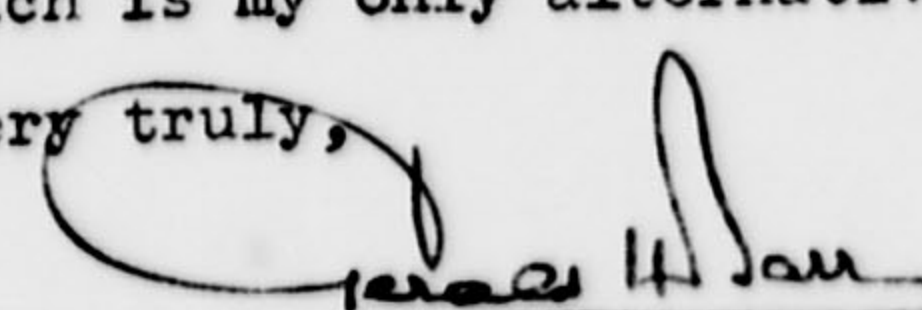

I believe that it would be well to have a second teacher at Kincolith for the six months October 1st to March 31st and consider that such a teacher could take the older pupils in the council hall mentioned by Miss Saunders and Mr. Gillett. A suitable salary would be \$90.00 per teaching month.

I do not consider that it would be necessary to provide desks or blackboard, and I consider that Mr. Gillett's estimate of \$50.00 for fuel and \$30.00 for janitor service might each be halved. I agree to his suggestion of \$10.00 for stovepipe and sundry expenses and \$60.00 for rent of the council hall.

The total expenses would therefore come to \$650.00 for the present Fiscal Year, and I would ask that this sum be authorized if it can be found anywhere, though I must point out that there is no provision for it in the estimates.

May I ask that this matter be dealt with by air mail and telegram as Miss Saunders feels I believe unable to attempt the instruction of so many pupils by herself. She has carried out the wishes of the Department through a number of years and has herself increased the attendance at Kincolith by constant visits to the parents. I may say that the Kincolith parents are progressive and would much resent the idea of having the children attend on the Half Day System, which is my only alternative suggestion.

Yours very truly,

Gerald H. Barry.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

With reference to Departmental letter 168-37-1 drawing attention to an entry in my diary for the month of December regarding a visit from Miss Saunders, teacher of the Kincolth Indian Day School, Skeena River Agency, I would submit the following explanation.

Mail is taken to Kincolth from Vancouver and Prince Rupert twice a month only. In December 1938 the Union S.S. Catala leaving Vancouver on December 15th, in which no doubt cheque 41636 for \$300.00 went north, went ashore off the Skeena River before reaching even Prince Rupert. After a delay this S.S. Catala did get as far as Prince Rupert but did not go on to Kincolth some sixty five or seventy miles further north.

Mail for Kincolth, the Nass River in general and for further north was taken by a special and additional sailing of the Union S.S. Cardena leaving Vancouver on December 23rd. The cheques for Miss Saunders for the \$300.00 and also \$100.00 would have reached Kincolth on Monday December 26th by the Union S.S. Cardena.

As Miss Saunders explained it to me she did not appear to be able to obtain satisfaction from Indian Agent Collison by letters and so leaving Kincolth on December 21st or 22nd by gas boat in a storm and then transferring to a tug boat at sea and at night arrived in Prince Rupert in time to see Mr Collison and take the C.N.S.S. Prince Rupert sailing for Vancouver on the evening of December 22nd.

Miss Saunders in her explanation to me said that Mr Collison had taken the matter of the non receipt of her salary up with the Department by telegram.

My advice to Miss Saunders was to the effect that if the matter had been taken up by telegram I was certain that the Department would rectify any mistake, and that she would probably find some \$400.00 waiting for her on her return to Kincolth. I explained that it was not necessary for me to take the matter up with you. It was however mentioned in my diary to allow Mr Phelan to check up on the matter should he so desire.

Officials in Ottawa would not be aware of the accident to Union S.S. Catala the mail boat for Kincolth and as I wish to clear Miss Saunders of any unprofessional conduct, I have inquired into the matter with some care. I am not able to explain Indian Agent's delay in forwarding the required information to the Department.

Yours very truly,

Gerald H. Barry

Ottawa, January 31, 1945.

Mr. J. Gillett, Indian Agent, Prince Rupert, B.C.

I have your letter of the 23rd instant, enclosing new I.D.1 form, forwarded by the teacher of the Kincolith Indian Day School. This has been handed to the Treasury Branch.

In your letter of August 11, 1942, addressed to Indian Commissioner MacKay, you recommended that this school be in operation for a nine month period only, namely from September 1 to May 31. I presume that this arrangement was in effect for both the academic years 1942-43 and 1943-44. Do you consider that the same term should apply for the academic year 1944-45? As you are aware, funds are available for the payment of the teacher's salary for a 10 month term. Do you believe it advisable to keep the school open that length of time?

Philip Phelan,
Chief, Training Division.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa, Ont.

I would refer to my letter of June 21, 1944, regarding Inspector Thorsteinsson's report on Kincolith Indian Day School and enclose herewith copy of my letter of the same date addressed to Indian Agent Gillett and his reply of the 24th instant.

When Protestant teachers become more available than they are at the present time, I would suggest that consideration might be given to replacement of the Rev. Green by a qualified teacher. The writer visited this school three or four years ago and was impressed with the fact that the children had a very cowed attitude. Discussing manual training and domestic science with the teacher, it was noted that his attitude to this work was somewhat hostile. He stated that if he was required to undertake this he should be given an increase in salary.

J. Gillett, Esq., Indian Agent, Prince Rupert, B. C.

I enclose herewith Inspector B. Thorsteinsson's report on Kincolith Indian Day School and would call your attention to the low attendance reported, need for lumber for manual training and the position of the flag. It is felt that the teacher of this school should be able to keep the school surroundings in good shape, possibly a school garden project might keep them interested.

The Inspector's classification of the teacher's initiative management, teaching skill and preparation leaves very much to be desired, and it would be appreciated if you would advise me if any improvement can be expected, as it is not likely that we can expect any increase in pupil interest under the conditions outlined by the Inspector.

Your observations in connection with this report will be appreciated.

Re:- Kincolith School.

With reference to your letter of June 21st relative to Inspector B. Thorsteinsson's report of the above school, I doubt that much improvement can be expected so long as the teacher is also the clergyman.

Referring to the low attendance, this matter was taken up with Reverend Norman Green when he called at the office recently, and every time I visited the school. He states emphatically that the children were not at the village but either at the canneries or elsewhere with their parents. It is true that since the Japanese left the Coast a number of Indians have been acting as watchmen at the various canneries, and a great number go to the canneries much earlier for repair work, sometimes as early as March, whereas before very few migrated until June.

There are forty-eight children at Kincolith who are of school age. According to Mr. Green's monthly reports, the highest number that were enrolled is 38. The average for the various months is listed hereunder:

<u>Month</u>	<u>On the Roll</u>	<u>Average attendance.</u>
September	24	10.72
October	30	13.
November	37	23.6
December	36	22.75
January	32	26.14
February	33	25.71
March	38	21.65
April	38	16.14
May	38	11.
June	38	8.29

Dear Sir:

Your File #215-8-9613
August 4th/42

Replying to the above mentioned letter, I would recommend that the Kincolith Indian Day School be opened on September 1st, instead of October, and closed at the end of May, 1943.

When this school was functioning on a ten months basis, the average attendance for September was always higher than that of June. I would not recommend closing in April, as the conditions in the villages change from year to year. If, however, the attendance next April is low, notice could be given that the school will have to close at the end of the month instead of May, unless there was some guarantee of a good average attendance of at least fifteen pupils.

Yours faithfully,

"J. Gillett"

Dear Sir:

I have your letter of the 21st instant attaching declaration of Norman Green regarding cost-of-living bonus.

I do not know exactly where he obtained the following information:

"Allowances - \$ 7.98 per month for 9 months"

I presume he refers to some payment that is being made to him for work over and above his duties as teacher. As a matter of fact we do not consider this as an "Allowance". The proper answer to the word "Allowances" on this form is "Nil". I attach new forms which you should have him complete and return as soon as possible. I note that there is no Justice of the Peace in the vicinity of the school but it will be in order for you to sign this as Indian Agent. I also attach National Defence Tax form which Mr. Green should complete and return. Both these forms should be returned direct to my office.

Yours truly,

Mr. J. Gillett,
Indian Agent,

Dear Sir:

I am forwarding herewith the resignation of Miss P. Margaret Bartle, Kincolith Indian Day School (Anglican Church), Skeena River Agency.

This resignation has been discussed with Inspector Barry who recently made a report on the Kincolith School. The loyalty of Miss Bartle to the Crown has been in some doubt though Inspector Barry was unable to uncover any directly subversive action on the part of the teacher.

Under the circumstances, I would recommend that Miss Bartle's resignation be accepted and that her future employment in the Indian Day Schools be not approved.

Yours faithfully,

D.M. MacKay,
Indian Commissioner for B.C.

Extract for 168-37-1

Original on 168-37-6

*Resigned
Schroff*

Extract from Inspector Barry's report on the
Kincolith Indian Day School inspected on
May 13, 1940.

W. W. Schryver

The present teacher, Miss Bartle, has been a complete failure here, and has now resigned of her own will. The Indians have for some time been very anxious to get rid of her. She was nominated by the Right Reverend Bishop Rix in the first place and had previous Provincial experience.

The question of Miss Bartle's loyalty to the British Crown was brought to my attention in Prince Rupert by those outside the Department. Questioned by me Miss Bartle admitted she was a Christian Socialist, but stated she was loyal to the Government of Canada. She admitted she had perhaps talked too much. One of her grandparents was a German and she was believed by a number of Prince Rupert people to have strong German sympathy. I explained to her that while the Department does not question the right of teachers to support any particular party in the House of Commons it does expect its servants to be loyal to Canada and the Crown.

Miss Bartle without any particular advice from me informed me that she had no intention of returning as she could not do the work here alone. I asked her to inform the Indian Agent of her decision, which she has now done.

As Miss Bartle has resigned there is little use making any further report on the unsatisfactory work done during the year. I hope that she will never again receive an appointment in any sort of Indian school. She had been most thoroughly informed by me of the work to be done in each Grade before she took up her appointment here, but she quite failed to carry out my wishes, mainly because she could not maintain control among either the older or younger pupils.

Dear Sir:

I am in receipt of your letter of the 20th ultimo in which you advise that Mrs. Oliver Thorne who was appointed as teacher of the second class room at the Kincolth Indian Day School only remained on duty from February 7 to March 21 inclusive.

It has been decided to allow her salary at the rate of \$800.00 a year and a cheque for the period she taught the second class room will go forward under separate cover.

As the present academic year will soon be completed the Department considers it inadvisable to appoint another teacher at the present time as it is felt that Miss Bartle can handle the school until the end of June.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.Mr. J. Gillett,
Indian Agent,

REPRESENTATIVE OF THE TREASURY

Owing to increased attendance it was found necessary to employ a second teacher at the Kincolith Indian Day School. Mrs. Oliver Thorne was appointed teacher and she was in charge of the second class room from February 7 to March 21, both days inclusive. It has been decided to allow her salary at the rate of \$800.00 a year.

I enclose copy of official letter regarding her employment. A staff questionnaire is also being sent to you. Please issue cheque for the amount due Mrs. Thorne and forward it to Kincolith, B. C.

16th Mar., 1940.

Dear Sir:-

I have been informed by the Post Office officials that all mail leaving Vancouver on the evening train of March 13th has been destroyed in a wreck near Medicine Hat. My records will show that letters, as per the attached copies, were sent from here on that date. It is probably that my letter No. 15/8/4524 of March 12th, containing the completed Form 502-563 for Gertrude May Thorne, teacher of the Kincolith Indian Day School, was also included. If this letter has not been received, would you please forward to me some of these forms, when I will have them completed again by Mrs. Thorne.

55-152
Voucher No. 1052 dated March 5th of the Cowichan Agency is also supposed to have been destroyed. This was a Voucher for \$318.88 covering lumber for a house on the Nanaimo Reserve purchased from Inkster and Thompson of that place. Would you please let me know if this has been received or not; if not, a duplicate will be submitted.

Yours faithfully,

AIR MAIL

Dear Sir:

I am in receipt of your letter of the 10th instant enclosing letter received from Rt. Rev. G. A. Rix, D.D., Bishop of Caledonia, nominating Mrs. Oliver Thorne as second teacher of the Kincolith Indian Day School.

As you are aware the regulations direct that married women whose husbands are physically capable of supporting them are not to be employed. Mrs. Thorne comes in this category and under these circumstances it is regretted that His Lordship Bishop Rix did not apparently consider it advisable to nominate another teacher for this vacancy.

However, as a special concession it has been decided to allow Mrs. Thorne to take charge of the second class room until the end of June, 1940, but her employment after that date cannot be approved. You should so inform Bishop Rix in order that he may nominate another teacher to take charge of the second class room at the beginning of the 1940-41 academic year.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

I beg to forward herewith a letter received from the Rt. Rev. G.A. Rix, D.D., Bishop of Caledonia, nominating Mrs. Oliver Thorne as second teacher for the Indian Day School at Kincolith. Mrs. Thorne is the wife of the resident Anglican Missionary at Kincolith and is reported to hold a Manitoba teaching certificate.

A copy of Mr. Gillett's letter endorsing Mrs. Thorne's application and a copy of a letter from this office to Bishop Rix regarding the matter are attached. In view of the scarcity of teachers the Department might favorably consider appointing Mrs. Thorne to the vacancy at Kincolith for the remainder of the current school year.

Yours faithfully,

D. M. MacKay.

Vancouver, B.C., 2nd Jan., 1940.

Dear Bishop Rix:-

Mr. Indian Agent Gillett has written to this Office, recommending that Mrs. Thorne be considered by the Department for employment as a second teacher at Kincolith.

As Mrs. Thorne is resident in the Diocese of Celedonia, I consider it would be best for you to deal with the matter first, by making the nomination should you be satisfied that Mrs. Thorne could do the work required of her.

Perhaps I should point out that the Department might not approve of Mrs. Thorne's appointment as her husband is employed, but, in view of the scarcity of teachers, an exception might be made in this case.

Yours faithfully,

/HN

AIR MAIL

Ottawa, August 10, 1939.

Dear Sir:

I desire to acknowledge receipt of your letter of the 2nd instant and also a recommendation received by you from Inspector Barry, with respect to the appointment of a second teacher at the Kincolith Indian Day School, attached thereto.

It is noted that you concur in the Inspector's recommendation. In view of this fact, provision will be made for the employment of a second teacher at the Kincolith school during the period October 1 to March 31, next.

Inspector Barry, in commenting upon the local situation, states: "I do not consider it would be necessary to provide desks or blackboard, but I consider Mr. Gillett's estimate of \$50 for fuel and \$30 for janitor services might each be halved. I agree to his suggestion of \$10 for stove pipe and \$60 for the rent of the council hall".

I should appreciate it if you would communicate with the local agent and ask him to complete the arrangements necessary for the operation of the second room.

I have been wondering if it would be possible to avoid the \$60.00 rent for the council hall. The amount is not large, but I am disposed to think that we must ultimately reach a stage in our development when the Indians themselves will accept a measure of responsibility for the education and welfare of their own children.

I am asking Bishop Rix to nominate a teacher for the vacant position. The name of this teacher will be sent forward to you in due course.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Bella Coola, B.C.
July 12th, 1946.

Dept of Mines and Resources,
Indian Affairs Branch,
Ottawa, Ont.

Herewith quarterly report of the Agent, Bella Coola Indian Agency, also administering the Skeena River Agency, for the period ending June 30th, 1946.

EDUCATION:- Skeena River Agency: schools were inspected at Port Simpson and Kitkathia. At Simpson there should be a change of teachers this fall. At Kitkathia there should be a two room school and a detailed report on this has reached the Department. The situation at the Crosby Girls Home at Port Simpson is difficult but it is recommended that the school be re-opened next term, and a new staff appointed. Schools at Gitlakdani, Greenville, Kincolith and Essington appear to have functioned with satisfaction. The seasonal school at Sunnyside is being kept open through the summer. The one room school at Port Edwards will become a two room school this fall. The great need is for a Departmental Inspector to co-ordinate and supervise the schools. Agents have not the time required to do this work in a worthwhile manner.

Re: Kincolith Indian Day School,
Skeena River Agency

I enclose herewith a letter from Mr. Indian Agent Gillett regarding the above noted school in which he gives certain information regarding attendance and recommends the employment of Mr. Norman Green as it has not been possible to secure the services of a qualified teacher to replace him.

The Department is aware from reports submitted by Inspector Thorsteinsson that Mr. Green's services were not considered satisfactory and it was not the intention to re-employ him. Under the circumstances, however, it would appear advisable to approve Mr. Gillett's recommendation that Mr. Green be re-employed on a temporary basis. In the meantime, efforts will continue to be made to secure the services of a properly qualified teacher.

It will be noted that Mr. Green opened the school on September 4th.

FILE

PRINCE RUPERT, B.C.,
Sept. 14, 1945.

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver.

Your file 215-8-2100

With reference to your letter of Sept. 8th, I wish to advise that there are 63 children of school age belonging to Kincolith who are scattered in various places.

At present there are 10 at Kincolith and there will be approximately 30 residing in that village after the fishing season. There are 15 new beginners 6 of whom will be in Kincolith.

In checking over the quarterly returns for 1944-45, I find that there were 15 who attended practically all the time, 8 who attended half the time, 4 who attended less than half and 12 who attended only a few days.

I believe this year, from October on, there should be a larger attendance as it is considered likely that, with less construction work going on, more people will be returning to the village.

I recommend that Mr. Greens' services be continued as it is not possible to secure a certificated teacher to replace him. I will endeavour to visit this school as often as possible and keep a check on pupilage etc.

I visited Kincolith on Sept. 12th and found that Mr. Green had opened school on the 4th as he had not been advised to the contrary. There were 6 pupils in attend-

Major D. M. MacKay, Indian Commissioner for B.C.,
Box 70, Vancouver, B.C.

I have your letter of the 22nd instant, with reference to the attendance at the Kincolith Indian Day School during the month of June. The teacher will be allowed salary for that month.

In view of the statement made in the last paragraph of your letter of February 20, to which I replied on February 27, we are removing Mr. Green's name from the payroll at the end of the current month, as I presume it is your intention to endeavour to secure another teacher.

Philip Phelan,
Chief, Training Division.

I have your letter of the 20th instant, regarding the teacher of the Kincolith Indian Day School. In view of your recommendation, Mr. Green may be retained until the end of the current academic year, provided his services continue satisfactory. In the meantime, I presume that you will request the Bishop to nominate another teacher for the academic year 1945-46.

As mentioned in Indian Agent Gillett's letter, if there is not a reasonable guarantee that the attendance in June will be six or more, the school should be closed at the end of May.

Philip Phelan,
Chief, Training Division.

Ottawa, March 20th, 1947.

Inspector's Report - Kincolith Indian Day School

Dear Bishop Gibson:-

We have received School Inspector Davey's report upon his visit to the above school on February 12, 1947.

Inspector Davey comments as follows:-

"The pupils who began attending school in the fall have learned little. They are not ready to start work on a Pre-primer. The only pupil in Grade I who shows any development of "reading readiness" is a boy who is repeating the year's work.

"Pupils in the other grades are not able to attempt work of their grade level.

"The pupils were not clean on the day of my visit.

"This teacher finds the teaching too heavy with his Church and Post Office work. He is apparently trying hard but lacks the training and personality to be effective."

Major MacKay has further informed the Department that the work of Mr. Johnston at Kincolith is very unsatisfactory. Apparently, Mr. Johnson does not like teaching and finds the work too difficult with his other duties in connection with the Church and the Post Office.

You will probably recall that this is a repetition of our experience with the Reverend Mr. Green,

Rt. Rev. J.B. Gibson, D.D.,
See House,
Prince Rupert, B.C.

Education: In common with other isolated areas, this Agency is facing a serious problem in staffing the day schools this coming fall. The Anglican nominating body has stated they are unable to do anything about securing teachers for the Gitlakdamix (2) Greenville (1) Kincolith(1) and Kitkatla (2) Day Schools this fall. In addition there are vacancies at the Hartley Bay (1) and Port Simpson (2) schools under United church auspices. Port Essington is also vacant, but negotiations are proceeding with a view to having these pupils attend the white school on a contract basis. Metlakatla, Port Edward (2) and Gwinaha (1) Day Schools have teachers returning this fall. (retiring or returning)

Re: Kincolith Indian Day School

With reference to Mr. Neary's letter of October 25th (file 168-37-1 WT 1), my assumption that Mr. Johnson had given up his duties as teacher at the Kincolith School was based on the recommendation in the final paragraph of Mr. Neary's letter of March 20th last to Right Rev. J. B. Gibson to the effect that this teacher's services should be terminated at the end of the academic year.

Mr. Anfield has been requested to advise the date on which Mr. Johnson, now Rev. Johnson, assumed his duties.

Airmail:

Indian Affairs Branch, Department of Mines and Resources,
Ottawa.

Mr. Indian Agent Anfield has advised me that the Reverend Johnson, formerly missionary-teacher at Kincolith, has re-opened the Indian Day School, and, in view of the fact that no other teacher is available, the Agent recommends that Mr. Johnson's services be retained until such time as we can secure a qualified teacher.

It is to be noted that Mr. Johnson's services in the past have not been altogether satisfactory, but in view of the difficulty in securing teachers it is recommended that Mr. Johnson be employed.

Mr. Johnson is not qualified, and has two years of teaching experience, and it is presumed that he will be placed on the salary schedule at \$1120.00 per annum. Application forms and staff questionnaire are being sent to him for completion and will be forwarded to the Department as soon as they are returned to this office.

W. S. Arneil, Esq., Indian Commissioner for B. C., Box 70,
Vancouver.

Attached please find Forms C.S. 116 and 263 in triplicate being application for ten days sick leave, and physician's certificate submitted by Rev. George Johnston, teacher at the Indian Day School at Kincolith, B. C.

On my last patrol to Kincolith on May 6th, Mr. Johnston complained of severe headaches which he stated were the results of an accident incurred at Kincolith in December 1947. Dr. Macdonald was with me on this patrol and I discussed the matter with him and advised Mr. Johnston that if he considered himself unable to carry out his duties he should come to Prince Rupert for examination and indicated treatment. This he did and was under the care of the Doctor for a week. It was my intention to take him back to Kincolith on the "Naskeena" about the 19th but other urgent business involving the use of the boat made such action impossible and it was necessary for Mr. Johnston to wait for the next steamer north on the 23rd.

It is recommended that the sick leave be granted.

Ottawa, August 12th, 1927.

Sir,-

I have your letter of the first instant and I regret that, when the voucher for the June quarter salary of Miss Shopland was being prepared, the fact that her salary had been increased to \$105 per teaching month from April 1st was overlooked. However, I am now sending her, under separate cover, a cheque for the balance due her for the June quarter, namely, \$30.

Ottawa, October 19, 1927.

Sir:

I beg to inform you that Miss S. Shopland, teacher of the Kincolith Indian Day School, has resigned, and Mr. Agent Collison has nominated the services of Miss Helen Green to succeed her. Miss Green holds a second class B. C. certificate and has had previous experience. The Department is approving of her appointment, with salary at the rate of \$100 per teaching month. Miss Green began duties on the 16th of September, last.

Your obedient servant,

Sir:

I have your letter of the 1st instant, nominating the services of Miss Helen Young for the position as teacher of the Kincolth Indian Day School, and enclosing a copy of her last Inspector's report regarding her services as teacher in a white school. The qualifications which Miss Young possesses are satisfactory, and the Department will approve of her appointment for the coming school year, with salary at the rate of \$100 per teaching month. Please advise Miss Young of her appointment, and arrange with her to begin duties when the school reopens after the present summer holidays. It is hoped that she will meet with success in the work, and I shall be pleased if you will give her every assistance you can.

Your obedient servant,

Dear Sir:

Kincolith
July 24/30
#2267-300

I have not yet received
my salary for the quarter
ended June 30, as teacher
of Kincolith Day School.
Also, the janitor cheque
for the month of June
has not arrived.

Kindly look into this
matter and if the cheques
have not yet been mailed
please send them to me at
the above address.

Yours truly

(Miss) Helen M. Young.

Madam, -

In reply to your letter of the 14th instant, I beg to say that cheque #2767, for \$300.00, covering your June quarter salary as teacher of the Kincolith Indian Day School, was forwarded, addressed to you at Kincolith, on July 24th, last. You should communicate with the postmaster at that point and request him to forward any of your mail. If you cannot locate the cheque, you should so advise the Department.

Cheque #3043 for \$5.00, covering your services as janitor for the month of June, last, at the Kincolith School, was forwarded to you at Port Simpson on the 9th instant. I trust this latter cheque has reached you by this time.

Your obedient servant,

Russell T. Ferrier.
Supt. of Indian Education.

Miss Helen M. Young.

Sir,-

I have your letter of the 20th instant, recommending the appointment of Miss Ada Hartin for the position as teacher of the Kinecolith Indian Day School for the coming school year. In this connection, I have to confirm the following night lettergram to you of yesterday's date:-

"Appointment Miss Ada Hartin as teacher Kinecolith Indian Day School approved for next school year STOP Salary allowed one hundred dollars per teaching month."

The qualifications which Miss Hartin possesses have been noted and it is hoped that she will meet with every success in her work at this school. I have to request that you will give her any assistance you can. It is also hoped that there will be a more regular attendance of the Indian children.

Your obedient servant,

(Sgd) T. R. L. MacInnes

Sir;-

I beg to transmit herewith Return of the Kincolith Indian Day school for the quarter ended June 30th/32.

The teacher reports that as all the pupils left the village with their parents for the salmon canneries school was closed on the 10th of June.

I would recommend that Miss Hartin be paid to the end of the quarter.

Your obedient servant,

[Signature]

Ottawa, July 31, 1933.

Sir:

I have to inform you that the Department is approving of the appointment of Miss Edith Aylwin, formerly assistant teacher at the Massett Indian Day School, to take charge as teacher of the Kincolith Indian Day School for the coming academic year, to succeed Miss Ada Hartin, who has resigned.

The salary allowed Miss Aylwin will be at the rate of \$100 per teaching month, less 10% during the current fiscal year. Mr. Agent Collison is being advised of the approval granted for the appointment and I would request that you inform Mr. Inspector Barry.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Kincolith, B. C.
Dec. 12, 1936.

Department of Indian Affairs,
Ottawa, - Canada.

Dear Sirs, -

Would it be possible
for you to send my salary
cheque each month to the
Bank of Montreal, Prince Rupert, B.C.
account no. 1-739 instead of
to me here? If so please do it.

It takes nearly a month
to cash my cheque owing to
the transportation and
mail service.

I am writing to the bank
also to arrange this.

Yours faithfully

(Miss) Edith M. Lybwin.

A. W. Towell Esq.

Indian Superintendent.
Victoria B.C.

Dear Sir, I regret to state that our
School Stove has collapsed just at
the beginning of the severe weather here.
I have made a temporary arrangement
until we can obtain a new Stove.
In the meantime I beg to enquire if
the Department would be able to grant
a new Stove for "Wincolith Indian Day School".
We have never received such help, though
a Stove was promised several times.
If a suitable Stove can be granted now
we shall appreciate the gift, but if
you cannot grant it, may I beg that
you will kindly mail enclosed order
for me, as it is most necessary we
should have a Stove by earliest oppor-
tunity, and oblige yours very sincerely
W. H. Collison

P. S. I have left the enclosed open for your perusal as
to Stove required.

Ex-11

Sir:-

I have the honour to forward herewith for the information and consideration of the Department a letter dated 15th instant from the Venerable Arch-Deacon Collisson of Kincolith concerning the need of a heating stove for the Indian School at that place.

Seeing that the stove was needed at once I have forwarded the order which the Arch-Deacon enclosed to the McClary Company of Vancouver, and as he requested that the stove be shipped immediately it will no doubt be sent forward, this being the time of year when it is especially needed.

As other schools in the Superintendence have been granted this aid I trust the Department will see its way clear to provide the stove in this instance.

I may add that the stove which Mr. Collisson has selected as being suitable for the large school at Kincolith will cost in the neighborhood of \$40.00; the stove alone being catalogued at \$34.84, and the freight will likely approximate the difference.

Your obedient servant,

LETTER NO.

METLAKATLA. B. C.

August 7th, 1910.

369978

Sir,—

I have the honor to submit plans, specifications and bill of quantities for the erection of a school building at Kinkolith, Naas River.

A building such as that planned for is estimated to cost the sum of \$2083.25.

Provision has been made for the protection of the building against the heavy snows which break down many buildings in the Northern country, as also for the essential light and convenience for the pupils.

Should the enclosed meet with the approval of the Department, I would point out that when making an advance on the cost of the building the lumber should be purchased all at once so as to secure a steamer to tow it all to its destination at once and thus save the Department the cost of shipping smaller quantities which would involve unnecessary delivery charges.

I may also say that the Venerable Archdeacon Collison would be willing to oversee the work, but a competent foreman of works should be obtained to direct the building.

I have the honor to be,

Sir,

Your obedient servant,

Charles Clifford
Indian Agent.

(S/E)

KINGOLITH SCHOOL: (Nass Agency)

Inspector Green reports under date of October, 1909:-

"The building is a very poor old one as reported in former inspection. A new one is urgently needed.

If some help were given to the Indians to buy a saw-mill they would cut the lumber and build a new school house. The mill would enable the Indians to improve their village and assist them materially. The Department could be repaid by the Indians furnishing the lumber for a new school building".

* * * * *

For correspondence regarding sawmill, see 119496/1:

The Department agreed to grant \$1250. for sawmill and machinery, providing Indians would agree to put up a new school house. Agent Lorenze was written to by Supt. Vowell on August 30th and October 28th re this matter, but nothing has been reported as done by him. Apparently nothing definite has been done.

Adst.

P. 43

Ottawa, August 18, 1910.

Sir,

S. K.

I have to acknowledge the receipt of your letter of the 7th instant enclosing sketches and bills of quantities and furnishings for the proposed new school building on the Kincolith Indian Reserve.

In reply I beg to say that you are hereby authorized to proceed at once with the erection of this building in accordance with these plans and specifications. It is noted that Venerable Archdeacon Collison is willing to oversee the work and that you recommend that a competent foreman should be obtained. You have not stated whether the services of such a person are available, but it is presumed that they are and, if so, one may be engaged. The work of erection should be rushed as much as possible consistent with good workmanship and the Department will expect you and Archdeacon Collison to see that a first-class job is performed.

No mention is made by you of the site, but it is presumed that this important matter has been carefully considered. Full instructions have already been given you in regard to this and you will be good enough to advise the Department by return mail whether the matter was attended to, and if so you will kindly describe the location

G. C. Perry, Esq.,
Indian Agent,
Metlakatla, B.C.

chosen.

An accountable cheque for \$1000.00 will be sent you under separate cover and further advances will be made upon receipt of vouchers showing the expenditure of the above mentioned amount.

With reference to supervision the Department will pay a competent foreman, who will, in addition to overseeing, work himself, at the rate of \$5.00 per day.

Your obedient servant,

Asst. Secretary.

Sir,-

See letter to you
Referring to your letter dated August 18th, No 119496, relative to the proposed school for the Indian village of Kinkolith, I have the honor to confirm a telegram sent to you on the 1st instant, as follows:-

" Please forward plans and specifications Kinkolith School quickly to Metlakatla".

The school will be commenced without delay on receipt of the above mentioned .

I think it will be possible to secure the services of the same man as undertook the building of the Port Essington School, who is a splendid man. If he cannot be secured it may be possible to get another person from Prince Rupert or Port Simpson.

The rapid growth of the cities of the North make it rather difficult to get a thoroughly competent man for outside work, as provisions are expensive and wages no higher than in the city.

The site has been carefully chosen. If you will refer to the map of the Kinkolith village you will see that a large school reserve is allowed for in the same, which will be cleared by Statute labor this season, under the direction of the Venerable Archdeacon Collisen.

I have the honor to be,

Sir,

Your obedient servant,

Charles Clifford Poirer
Indian Agent.

The Secretary,
Dept of Indian Affairs,

TO DATE OF THIS LETTER.

The Secretary of Indian Affairs,
Ottawa.

Sir,

I have the honor to enclose you herewith
voucher No 90, value \$16.80, favor of Messrs Weight &
Wiseman, Prince Rupert, for the payment of balance due
on material supplied and labor performed on the
building of the Xinkolish Indian Day school.

A recapitulation account enclosed shows
the disposal of Cheques No 1680, dated Nov 22nd, 1910,
Cheque No 1309, previously acknowledged and accounted
for together with No 1717, dated Nov 25th, value \$62.25.

I am also enclosing the original rough
estimate which shows the necessary materials with
school desks to cost \$1219.25, and labor \$64.00-total
estimate-\$2083.25.. The actual accounts rendered
show an expenditure of \$1269.05 for material, wharfage
and freight, and \$810.00 for labour, leaving a balance
to the good of \$8.20. The foregoing expenditure, how-
ever, does not include the necessary school desks, 20 of
which were asked for in the original estimate but only
ten are required, together with a teachers desk and
chair which have been ordered and which will involve
a balance expended over the original estimate, of about
\$35.00. (thirtyfive dollars).

When the desks arrive vouchers for the
payment of account will be forwarded for payment.

I have the honor to be,

Yours obedient servant,
Charles E. L. P.

IN YOUR REPLY REFER TO
No. S.K.
ALSO
TO DATE OF THIS LETTER.

Sir,-

I have the honor to acknowledge the receipt of your letter dated 4th February, instant, No 119 496-5 Ty, relative to the matter of an account submitted in behalf of Messrs Weight & Wiseman for material supplied and work done in connection with the construction of the Kinkolith Indian day school.

In reply I beg to inform you that the sub-receipts for freight and wharfage charges etc were carefully examined prior to the submission of the voucher for the balance referred to, and were returned to Messrs Weight and Wiseman, as they were not received in duplicate by him and he wished to have them by him in case the steamship companys and others requested payment for freight etc a second time; moreover I did not think at the time that the sub receipts would be required by the Department. However, I have written to the firm asking for the sub receipts for transmission to the Department, and will forward same as soon as they arrive.

As regards the matter of wages paid to the men Stewart and Angus, and your request for further receipts for wages paid in connection with the clearing of the lot, I am asking the foreman to furnish me with his time book in order that I may go over it again.

I have the honor to be,

Sir,

Your obedient servant,

Ottawa, 24th March, 1911.

Sir,-

With reference to your letter of the 23rd ultimo and previous correspondence, I have to request that you will kindly return to the Department as soon as possible the vouchers accounting for the expenditure of the proceeds of cheque No. 1680 for \$1,000 advanced in connection with work on the Kincolith School.

Your obedient servant,

J. D. McLELLAN

Asst. Deputy Secretary.

TO DATE OF THIS LETTER.

The Secretary,
Department of Indian Affairs,
Ottawa.

Sir,

335682

I have the honor to acknowledge the receipt of your letter No 119496-5 Ty, dated March 24th, ultimo, in further reference to the expenditure of cheque No 1680 in connection with the construction of the Kinkol-ith Indian day school.

In reply I beg to inform you that Messrs Weight & Wiseman were written to for the receipts referred to, and the receipts attached to vouchers returned by the Department for readjustment were also sent so that the account could be sent to this office in more regular form satisfactory to the Department, but the freight and labor receipts asked for have not yet come to hand. As soon as they arrive, however, they will be sent to you as requested.

I have the honor to be,

Sir,

Your obedient servant,

Charles C. Pugh
Indian Agent.

Dear Sir

Re Receipts

Yours of the 6th inst. to hand.

Am sorry such delay has been caused,
but I cannot take the credit of it to myself
for I have done everything possible to obtain
the copies of receipts asked for.

The delay has been caused through the
shipping company's moving their office and
in that way making the work of looking
up back shipments difficult.

but I have only those to obtain now and
these will come to hand in a few days

In the mean time I am forwarding other
receipts to cover the expenditure, so that
the Department may close up their A/c
in good shape. The proper shipping receipts
I will forward to you with out delay
I am enclosing the original receipt from
Robert Stuart for boat-hire shipping lumber etc

IN YOUR REPLY REFER TO

No. S.K.

ALSO

TO DATE OF THIS LETTER.

The Secretary,
Department of Indian Affairs,
Ottawa.

Sir,

In reply to your letter No 119496, dated 24th March, 1911, I beg to enclose herewith invoices and receipts asked for in connection with the building of Kinkolith Indian Day school, received today from J.W. Wiseman, of the firm of Messrs Weight & Wiseman.

I am also enclosing his letter explaining the delay and accounting for invoices for freight from the shipping companies.

You will see that some of the receipts are in single form, and while they should be in duplicate it is not possible to secure a copy until the Indians who undertook the work return to their villages from the camps.

Mr. Wiseman has also given receipt for the three amounts for shipping lumber, etc, and I trust that these will be satisfactory until the original shipping bill can be obtained by the firm.

I have the honor to be,

Sir,

Your obedient servant,

Charles C. P.
Indian Agent.

P.S. Great care will be taken to secure detailed receipts in connection with other buildings. C.C.P.

Ottawa, November 18, 1931.

Sir:

Mr. Inspector Barry, in a report on his inspection of the Kincolith Indian Day School, states that some work may have to be done on the foundation of the school building in the near future. He also states that the toilets, one of which is off the woodshed, are in very poor condition and recommends the immediate construction of a large double toilet, with a partition in the centre, to be attached to the end of the present woodshed. He recommends that the toilets now in use be taken down and burned and the ground filled in. He also states that the interior of the schoolroom will require to be painted next year.

In connection with the Inspector's recommendations, I have to say that we will have no funds this year to carry out any of the above work. I shall be pleased, however, to have a report from you stating, in detail, the work required to the foundation, in the erection of new toilets and in painting the interior of the school. Please state the total cost involved, when consideration will be given to providing funds for the purpose in our Estimates for the next fiscal year.

The Inspector also states that there is a small leak in the roof of the school, but that this matter was pointed out to you at the time of his inspection. You may arrange to have the necessary repairs made, in order to prevent leakage, keeping the cost for the purpose as low as possible. When the work is completed, you should forward an account, in duplicate, properly certified, covering the cost.

W. E. Collison, Esq.,
Indian Agent,
Prince Rupert,
B.C.

Your obedient servant,

A. F. MacKenzie,
Secretary.

EXTRACT from Inspector Barry's Report
on his visit to the KINCOLITH INDIAN DAY SCHOOL
on October 10, 1931.

Original on File 168-37-6.

new year
The buildings were constructed some 30 years ago. The school on the whole is in good repair. Some work may have to be done on the foundations in the near future. The toilets, of which one is off the woodshed, are in a very poor state indeed. I would recommend the immediate construction of a large double toilet with a partition in the centre. This building should be attached to the end of the present woodshed. The toilets now in use should be taken down, and burned, and the ground filled in. The inside of the schoolroom will need to be painted next year at a cost of about \$75.00.

There is a small leak in the roof of the school. This matter was pointed out to the Indian Agent, who was with me during part of the inspection.

The nearest water supply to the school is about 100 yards away. There is no water supply at the school.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

8-E-5177
168-37-5, Nov. 13-31

Sir:-

168-37-5
With reference to the Department's communication in connection with Inspector Barry's report on the Kincolith Indian Day School, I beg to state that the cost of providing a new double toilet with board walk approach and pulling down the old ones, will cost approximately \$100. to \$125.00. As the lumber will have to be shipped from Prince Rupert it will add somewhat to the cost of freight and handling charges.

128
I suggested to Inspector Barry during his last visit to the school that when funds are available it would be advisable to have the whole interior of the school painted. The floor and wainscoting were painted two years ago. As the schoolroom is a large one measuring thirty feet by twentyfive feet, with ten foot walls and ceiling to be painted, it will cost approximately \$75.00. This figure includes painting of two porches and bookroom.

Necessary repairs to the roof of the coal and woodshed which is attached to the main building and was damaged by the weight of snow last winter will cost \$20.00 including material and I would recommend that this be done before the coming winter, making a total expenditure of \$220.00 for repairs and painting.

With regard to the foundation of the school, there is no immediate necessity for repairs. The building is settling a little, but there is no structural weakness. The leak of the roof which was only a small matter has already been attended to. If the painting is authorized I shall be glad to hear from the Department as the work should be carried out before school opens.

Your obedient servant

The Secretary,
Department of Indian Affairs,
Ottawa.

Indian Agent

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

8-E-5177

Ottawa, August 10, 1932.

Sir:

I have your letter of the third instant, giving an estimate of the cost of a new double toilet with board walk approach and of pulling down the old ones, at the Kincolth Indian Day School.

In reply I have to say that the Department will approve of your arranging for the erection of a double toilet, with partition in the centre, to be attached to the end of the present woodshed, or, if you consider this site not satisfactory, you may erect the toilet on a site convenient to the school. You should arrange for the purchase of all materials required, from a firm on the list to receive consideration, and for forwarding same from Prince Rupert to the school. You should also arrange for the labour in the erection of the toilet. Indian labour should be employed as far as possible. Please give the necessary instructions regarding the size and type of the building, having in view the keeping down of the costs to the lowest possible point. The total amount for material, labour and freight on materials should not exceed your estimate of \$125.

You may arrange to have the repairs absolutely required made to the roof of the coal and wood shed. It is noted you estimate the cost, including material, to be \$20.

The Department has no funds this year to authorize the painting of the interior of the school, and this work will have to stand over until a later date.

After the work in the erection of the toilet and the repairing of the roof of the coal and wood shed has been completed, you should forward an account, in triplicate, properly certified, covering the cost of all materials and also accounts, in triplicate, in favour of the individual labourers employed, covering the amount due them. Details should be given as to the days or hours employed and the rate of payment. Please have the above authorized work carried out at an early date.

With reference to the foundation of the school, it is noted that it is not in need of immediate repair.

Your obedient servant,

A. F. MacKenzie,
Secretary.

OFFICE OF
INDIAN AGENT

Prince Rupert B.C.
Jan. 3rd 1933

Sir:-

I have the honor to transmit herewith, return of labor and statement of account, in connection with repairs to the Kincolith Indian Day School and erection of new double toilet.

The attached statement was received from Dr. D. J. MacDonald who kindly superintended the work during progress.

As all the material was purchased from Indian concerns on the reserve, it was not possible to obtain individual accounts, and hope the enclosed statement will be satisfactory to the Department.

Advances having already been made to the Indians engaged on the work, I would suggest that a cheque covering the whole amount be sent to this office in trust.

The work done is very satisfactory and was inspected by Capt. Barry and myself during our visit to Kincolith in October last.

your obedient servant,

The Assistant Deputy and Secretary,
Department of Indian Affairs,
Ottawa.

Ottawa, January 20, 1933.

Sir:

I have your letter of the 3rd instant, enclosing returns of labour in connection with repairs and the erection of double toilets at the Kincolth Indian Day School.

In this connection I have to say that an accountable cheque to the amount of \$120.20 is being sent you under separate cover. You should arrange for payment of the material to the amount of \$50.20, and for labour to the amount of \$70. You should have the account, in triplicate, for the material properly receipted when you make payment.

W. E. Collison
Regarding the return of labour, you should have the parties to whom you make payment sign the return, in triplicate, in the column for that purpose, in the presence of a witness, and you should then send the completed voucher in accounting for the expenditure from the cheque to the Department. I would request that you give this matter your prompt attention and return the voucher, completed, as requested, at the earliest possible date.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:-

I beg to transmit herewith, Vo. 5874 and 5875, in connection with Kincolith Indian Day School.

With regard to the account for \$7.10 for labor and material repairing the school roof, during a severe storm many of the shingles were blown off and other damage done which necessitated immediate repairs.

The school desks were also fastened down to strips of wood to keep them steady and facilitate cleaning the floor.

Janitor account for the quarter is also enclosed. I would recommend that the accounts be paid.

EXTRACT FROM REPORT OF W. E. COLLISON, INDIAN
AGENT, PRINCE RUPERT, B. C., for February, 1934.
Re: (report dated March 7, 1934)
KINCOLITH INDIAN DAY SCHOOL

Original on 75-168

A distinct improvement was noted in the school attendance which of late years had considerably fallen off. The new teacher seems to be well liked and is getting good results.

Current Estimate Card
The school building with 48 pupils present - 58 on the roll - was overcrowded. I would recommend that the partition at the end of the room be removed to give additional accommodation in the main classroom. There being only one teacher, the extra small classroom is unnecessary.

The building also needs reshingling, for which a sum has been included in the estimates. These improvements should be carried out this summer and a detailed estimate of cost will be forwarded to the Department.

Prince Rupert. B.C.
June 21st, 1934.

Sir:-

I shall be glad to receive authority to have the following necessary repairs and painting done to the Kincolith Day school;

Reshingling roof of building; 16 M. shingles @ \$10.00 per M. including labour, hardware etc.	\$160.00.
Steamer freight charges on shingles from Vancouver and delivery to school	30.00.
Painting shingles; 12 gals shingle stain @ \$1.75 per gal	21.00.
Labour	10.00.
Painting classroom floor, wainscoting and ceiling. 3½ gals @ \$6.00 per gal	21.00.
Labour, 4 days @ \$5.00 per day	20.00.
2 paint brushes @ 75 cts. each	1.50.
	<u>\$ 263.50.</u>

The shingles on the building are in a very bad condition and will not last through another winter. Further expenditure in patching the roof is not advised as the whole building should be reshingled.

The classroom was painted three years ago and should be given another coat of paint as it makes the room sanitary and easy to clean.

I would recommend that this work be carried out during the summer vacation.

Your obedient servant,

amill

Requisition for School Material

Date June 25, 1934

For Kincolith Day, School Nass-Skeena Agency

NOTE:—Teachers should secure from the Department of Education, of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books, only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized."

ARTICLES	No. ON HAND	DATE OF LAST RECEIPT	No. REQUIRED	No. AUTHORIZED	REMARKS

Ottawa, August 3, 1934.

Sir:

With reference to your letter of the 26th ultimo, enclosing requisition for supplies for the Kincolith Indian Day School, I have to say that you may purchase the following:-

- 1 broom,
- 2 scrubbing brushes,
- 1 tin black lead,
- 6 bars of soap,
- 10 yards cheese cloth,
- 4 yards towelling.

Official letter of the 11th instant authorized an expenditure of \$190 at the Kincolith Day School, and, in view of the many demands on our Appropriation, it is regretted that the Department cannot see its way clear to authorize the expenditure that would be required to purchase the new desks that are requested by the teacher. This matter will have to stand until next year.

A tin of liquid slating will be ordered from the Government Stationery Office.

Your obedient servant,

A. F. MacKenzie

Sir:-

I beg to transmit herewith, requisition for material required for the Kincolith Indian Day school for the fall and winter term.

Owing to the increased number of pupils attending this school I would recommend purchase of the extra desks asked for as the present seating accommodation is inadequate.

Although the blackboard is old, with the use of a suitable re-surfacing preparation the present blackboard should last another year, and I would recommend that a pint of resurfacing material be sent.

The coal and wood will be supplied from local sources.

Sir:

With reference to that portion of your letter of the 8th instant, transmitting copy of your daily journal and expense account for the month of December, last, regarding the Kincolith Indian Day School, I have to say the Department is pleased to note that good work is being performed by Miss Aylwin, the teacher.

It is noted that, owing to increased attendance during the winter months, the present classroom is proving too small. Your recommendation, that the partition separating the small classroom from the main room be removed, thus making one room, is approved. You may therefore arrange to have the partition removed, and you should see that the work is satisfactorily performed. It is noted that this alteration would not cost very much. Please have this work done at an early date and forward accounts, in triplicate, properly certified, covering the cost of labour and any materials that may be required. The Department will leave the matter in your hands, to carry out the work in a satisfactory manner and at the lowest possible cost.

Your obedient servant,

A. F. MacKenzie

Sir:

I have the honor to transmit herewith copy of my daily journal & expense account for the month of December 1934.

x

x

x

Kincolith

A visit was made to the day school on the 11th inst. Miss Aylwin, the teacher, is doing good work and at the present time has more pupils than she can satisfactorily handle.

On account of the increased attendance during the winter months, the present classroom is proving too small, and I would recommend that the partition separating the small classroom from the main room be removed and the whole thing brought into one. This alteration would not cost very much and is necessary from a health standpoint and should be carried out.

Prince Rupert B.C.
March 6th 1935

Sir:-

I beg to transmit herewith, Vo.6597 attached to which are accounts for labor and material in connection with the construction of a new plank walk approach to the Kincolith Indian Day school, replacing an old trestle walk which had broken down in many places and was no longer safe for use.

A balance being over from the \$190.00 authorized for re-shingling the school, it was considered advisable to apply this balance to the work which had to be done immediately.

A much better walk has been made and should last for many years. Statement of expenditure is enclosed.

Your obedient servant,

W.E. Collison

Sir:-

During my recent visit to Kincolith, my attention was called to the fact that the fire-pot of the McClary heater in the Kincolith Indian Day School, was badly cracked, and should be replaced as it may not last through the coming winter.

The cost of a new one will be \$15.00 f.o.b. Prince Rupert. I shall be glad of authority to purchase and install a new one, the total cost of which, including freight and labor, will be approximately \$20.00.

Your obedient servant,

Indian Agent

Ottawa, May 3rd, 1935.

Sir:

I have your letter of the 25th ultimo, relative to the carrying out of alterations to the classroom of the Kincolith Indian Day School and giving an estimate of the cost of material and labour required.

In reply I have to say the Department will approve of an expenditure not exceeding \$150 in making the alterations, including paint for classroom walls and floor. You should arrange for the purchase of the materials required, from firms on the approved list, and also for the labour. Indian labour should be utilized as far as possible. Please see that a satisfactory job is completed.

After the work has been finished to your satisfaction, you should forward accounts, in triplicate, properly certified, covering the expenditure incurred. Full particulars should be given regarding the labour - days employed and rate per day. This work should be carried out during the coming summer holidays.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

8-E-6256
168-37-5 Jan. 18-35

OFFICE OF
INDIAN AGENT

Prince Rupert B.C.
April 25th 1935

Sir:-

Referring to official letter of January 18th last, authorizing the carrying out of alterations to the class-room of the Kincolith Indian Day School, I beg to state that it was not possible to have the work done at the time as it would have meant closing the school for a period of about ten days when most of the children are attending school.

I shall be glad if the authority is renewed so that the work may be carried out during the summer holidays.

On my last visit to Kincolith, the necessary alterations were gone into more closely, and I find that it will cost approximately \$150.00 for labor and material- including the painting of the classroom which would have to be done after the carpenters are through with the work, as follows:-

Labor, 2 men 10 days @ \$4.	80.00
Lumber, hardware etc.	30.00
Paint for classromm walls and floor, labor,	36.00
Transportation of material	4.00
Total.....	150.00

I shall be glad to hear from the Department in the matter.

Your obedient servant,

The Secretary,
Department of Indian Affairs,
Ottawa.

EXTRACT FROM REPORT OF MR. AGENT COLLISON
FOR THE MONTH OF MAY, 1936.

- Original on File 75-168 -

KINCOLITH:

The school building and outhouses are in a fairly good state of repair, but the school grounds should be cleared of old stumps and a proper playground made for the children. A small grant for this work is recommended.

EX'D.

Ottawa, May 26th, 1937.

Dear Sir,-

Some time ago, I wrote a letter to teachers of all Indian day schools. A reply has recently been received from Miss Edith M. Aylwin, teacher of the Kincolith Indian Day School, in which she writes, in part, as follows:-

"I do hope there will soon be a playground for the children. The school lot is 200 feet long but it is covered all over by trees, bushes and dead brush. The children and I did as much towards cleaning it as our strength would allow but it was a hopeless task. A board walk runs through the grounds to a little platform in front of the door. This walk, in places three feet or more from the ground, is all the school playground for my 52 pupils unless they cross the creek or go off in front of the church.

"Then there is the problem of school wood. Could not this item be included in the yearly estimates and some provision made for it? It is hard to ask a man to wait months for his pay and often most inconvenient for the teacher to advance the money and wait months for a refund."

You might let me have an estimate of the cost of clearing sufficient ground at this school to make room for the children's playground.

The Department cannot understand the teacher's remarks regarding the wood. We are quite prepared to pay for the wood required at this school as soon as it is delivered. There is no reason why the teacher should have to pay for it and wait for a refund.

Yours truly,

R. A. Hoey

Supt. of Welfare & Training.

PLEASE QUOTE

FILE 8-4-10671
168-37-5

Prince Rupert B.C.
June 3rd 1937

Sir:-

I wish to acknowledge receipt of your letter dated May 6th relative to the Kincolith Indian Day School, with particular reference to Miss Aylwin's remarks concerning the school playground, and school firewood.

With regard to playground facilities, the pupils at present play on an open space about 100 yards from the school. It would improve the appearance of the school grounds, as well as provide a playground which can be supervised from the school, if the land in front of the building was cleared.

For this purpose, I placed a sum of \$50.00 in the Estimates for the present fiscal year.

The cost of clearing the land all round the school will be approximately \$300.00. A further grant could be made next year.

I would recommend that an expenditure of \$50.00 be authorized immediately so that a start might be made during the summer months.

Regarding Miss Aylwin's remarks about payment for the school wood, I would state that all accounts are forwarded to the Department for payment as soon as they are received at this office from all teachers. The trouble is that as soon as wood is delivered the Indians want payment, sometimes asking for an advance. Owing to the fact that there was only a monthly mail service to Kincolith during the past winter there has been added delay which is unavoidable.

Your obedient servant,

Indian Agent

KINCOLITH I.D. SCHOOL

I visited the day school and found a good attendance of pupils. The teacher Mr. Norman Green, is doing good work and takes a deep interest in the welfare of the young people of the village.

Part of the school lot has been cleared of stumps, and it is hoped with a further appropriation, a good playground will be possible next year.

AIR MAIL

Ottawa, August 20th, 1947.

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

Kincolith Indian Day School

The Department approves an expenditure of \$242.70 to carry out the repairs and improvements required at the above mentioned Indian day school, as listed in Mr. Indian Agent Anfield's letter file 8-11-3 of August 1st.

We are arranging to forward him an accountable advance of \$82.00 to cover labour costs.

IN YOUR REPLY REFER TO
NO 12-11-3
ALSO TO DATE OF THIS LETTER

August 15, 1947

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

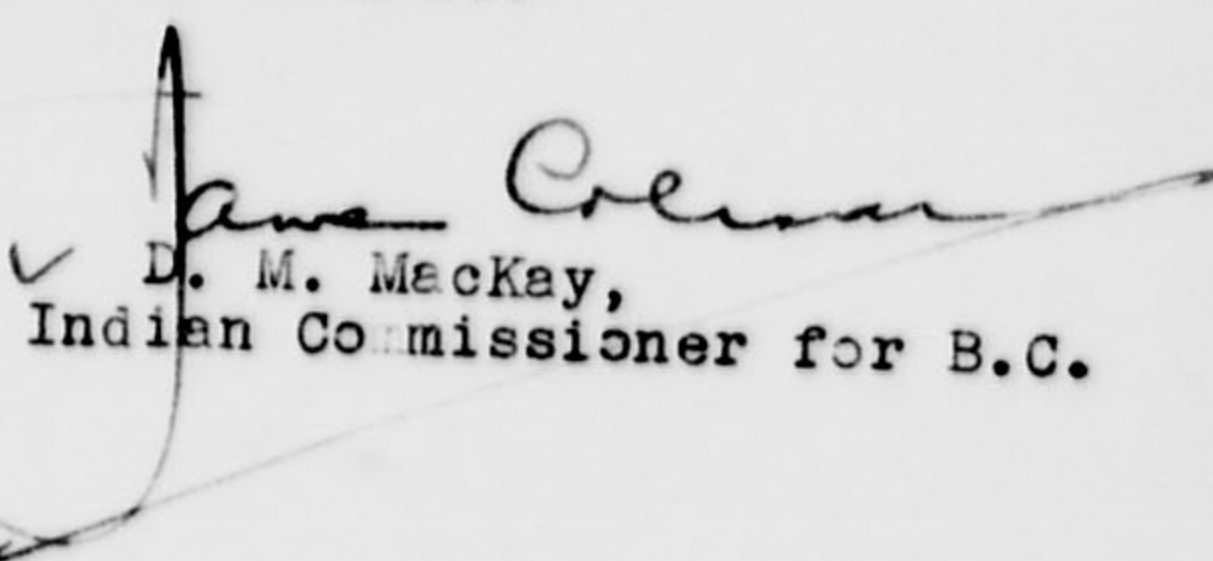

Enclosed is an application from Mr. Indian Agent Anfield for authority to proceed with repairs amounting to \$242.70 including labour costs to the Kincolith Indian Day School.

No provision has been made in the estimates for this expenditure but approval of the application is recommended if funds are available.

It is also recommended that an accountable advance of \$82.00 be approved to cover the cost of labour.

It will be recalled that provision was made in the estimates for a new school at this point but as it is somewhat uncertain when it will be possible to proceed with construction of a new building it is felt that the expenditures herein recommended should be made.

INDIAN AFFAIRS
BRANCH

P.O. BOX 70
VANCOUVER, B.C. Dec. 4, 1946.

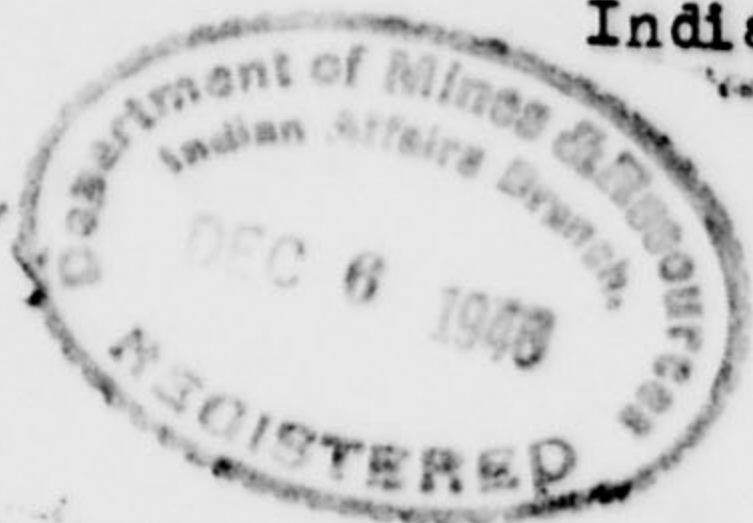

Indian Affairs Branch, Dept. of Mines and Resources,
Ottawa, Ont.

I am forwarding Mr. Indian Agent Anfield's
letters of October 29th and November 27th in
connection with the proposed supply of a new heater
for the Kincolith Indian Day School.

I may say that the necessity for the supply of
a new heater for this school was questioned inasmuch
as a new McClary Furnacette was provided in August,
1944, on the recommendation of the Indian Agent who
apparently considered this model sufficiently large
to heat the cubic capacity of the classroom, contrary
to the statement made by Mr. Anfield. The information
now provided by the Agent indicates, however, that a
replacement is necessary and it is recommended that
authority be granted for the purchase of a new heater
at a cost of \$69.50 and new stove pipes at a cost of
\$1.45.

PLEASE QUOTE
FILE **8-11-9A**

Prince Rupert, B. C.
November 27th, 1946.

Major D. M. MacKay, Indian Commissioner for B. C., Vancouver.

Re yours of November 5th, file 215-8-5650, it is confirmed that a No. 17 McClary Furnacette was installed in 1944 at the Kincolith Indian Day School. It is considered that the reason this stove has deteriorated so rapidly is partly that it is a wartime model and also that it was too small to heat the cubic capacity of this classroom without being forced with consequent distortion of plates and walls.

To emphasize the need of this stove, I quote from a letter received this morning from Rev. George Johnston, teacher at this schools which states "just a note re the school heater, which I hope will soon arrive because the old one is in very bad shape and very dangerous during this severe weather, which has greatly depleted our fuel supply." I am now informed that the oil burners previously procurable at War Assets have been sold and will not, therefore, be available. Gordon & Anderson of Prince Rupert have a much larger brick lined heater available for immediate purchase at \$69.50. They have agreed to hold this heater for acceptance by return mail.

It is recommended that this be purchased for shipment on December 8th, the last boat to Kincolith before Christmas. In addition to the stove, authority is requested to purchase 10 lengths of 6" stove pipe @ 20¢ and 1-6" damper @ 25¢. In view of Mr. Johnston's further statement it is considered that this purchase is urgent and your instructions by return mail will be appreciated.

Prince Rupert, B. C.
October 29th, 1946.

Major D. M. MacKay, Indian Commissioner for B. C., Vancouver.

The stove at the Kincolith Indian Day School must be replaced immediately as it is in an unsafe condition. The sides are cracked from top to bottom and the grates are pretty well gone.

It is recommended that an oil burner be installed in this School immediately. A suitable oil burner can be purchased from the War Assets Corporation for \$48.00 delivered at Kincolith. In addition to this 10 lengths of 6" stove pipe @ 20¢ and 1/6" damper @ 25¢ will be required. Authority to make these purchases is requested. Other repairs recommended at this School will form the subject of another communication. The installation of this stove is, however, urgent.

I would refer to my letter of June 18, 1943, forwarding the Provincial School Inspector's report on Kincolith Indian Day School and would advise that on this date I took up with Mr. Gillett the recommendations of the Inspector. I now enclose his reply of the 3rd instant enclosing a requisition for manual training supplies at a cost of \$9.10 and material and labour for repairs to the building at a cost of \$20.95, and would recommend approval of these applications if funds can be provided for the purpose.

RE: File 215-8-4972

With reference to the Commissioner's request relative to information respecting attendance, use of vocational training tools and general conditions referred to in the School Inspector's report of Kincolith Day School, I wish to state that Rev. Green has taught some manual training. So that he may continue to give better service, I recommend that the tools asked for on Form 37 be supplied.

The attendance at Kincolith School has been low due to the fact that the children have been away from the village with their parents to the various places of industry.

With reference to the re-decorating of the school, I would recommend that the floors be given a coat of paint. The walls and ceiling are in fair condition. As for the toilets, I see no need for renovation other than a general cleaning which Rev. Green promised he would have done before school opened. It is advisable to have several trees cut down which would allow more light in the school.

Some repairs are needed on the sidewalks to the school and to the toilets. The planks need re-nailing and two new stringers are needed. The material for these improvements are listed on Form 37 enclosed herewith.

J. Gillett,
Indian Agent.

Requisition for School Material

Date May 3 1943

For Kincolith Indian Day School Naas-Skeena Agency

NOTE:—

To avoid delay, teachers should give full particulars regarding each article required.
 The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.
 When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.
 Only one item should be specified on each line of this requisition and no entry should be made under heading "Number Authorized".

ARTICLES	NUMBER ON HAND	DATE OF LAST RECEIPT	NUMBER REQUIRED	NUMBER AUTHORIZED	REMARKS
Lifabuooy Soap	4 bars	Oct/42	3 bars		\$.10 per bar
Royal Crown Soap	3 bars	Oct/42	3 bars		3 for .25
Chloride of Lime	4 pkts	Oct/42	8 pkts		.15 per pkt.
Brooms	2 old	Oct/42	2		.75 each
Coal Oil (for lamp)	1 gal	Oct/42	4 gal		.25 per gal
Coleman Lamp-kerosene	Teacher has	been using his own	one		6.75
					The total cost of the above would be \$11.40 - and can be purchased locally.
					I recommend that these articles be supplied.

N.B.—Explicit information regarding address must be furnished.

Name Rev. Norman Green

Re: Kincolith Indian Day School

I have had a further exchange of correspondence with Supt. Anfield following his letter of October 25th attached and the information secured indicates that the condition of the above-mentioned school building is such that we may continue to use it for the balance of the academic year without undue danger of it collapsing providing minor repairs are carried out.

Mr. Anfield estimates that an expenditure of \$100 for material and labour will be sufficient to meet the cost of these minor repairs and I would ask that an accountable advance be forwarded to him.

Re: Kincolith Indian Day School.

This school was visited on October 16th and 21st, 1948. There are 38 pupils enrolled and attendance has been excellent since the people returned from the Canneries early this month. There is a new teacher at this School, Miss Kathleen Howe, B.A. She is doing very good work and there is every indication that the school will be filled to overcrowding within a month.

A careful inspection of the school building was made, particularly of the foundations, which are more than one fourth submerged in water. There are 28 posts supporting the building, which is well over 40 years old. Nine of these posts (12 x 12's) are rotted right through at the ground and are held up only by spikes in the upper joists. Rot in varying stages was noticed in about ten other posts. There is a dangerous lean on 16 posts at the rear of the building, at least 3 complete bents at a 30% angle. Actually, the building is being supported by an old lean to woodshed on the lee side of the building, the roof of which has jammed under the eave of the main school roof, which is one-half pitch. It is my considered opinion that the building is unsafe for further occupancy without immediate bracing. I called the Council into session and they inspected the building with me and agreed to cut six trees and wedge them as braces against the lee or sheltered wall of the school at once.

The Council was asked if they would give us a building for use as a temporary school. They offered the Department the Council Hall rent free, if we would do the repairs required to make it usable as a school. The Hall is panelled and in good shape; inside measurements are 22 x 28 x 12 ft. with two small rooms suitable for cloakroom and supplies. The roof is in good shape, but without ridge boards

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Outside porch and steps are rotted off. With the following repairs, this could be a most suitable temporary classroom. It is, therefore, recommended that the following be purchased immediately, and the children moved into this building:

Shingles, 1 sq. @ \$12.50 for porch roof	\$ 12.50
Flashings, aluminum, 40' x 24 inches	12.00
Yukon chimney to fit 1/3 pitch roof	18.00

Lumber

12 pcs. 2 x 12 - 10 steps	
3 pcs. 2 x 12 - 14 risers	Delivered at
12 pcs. 2 x 12 - 8 porch floor	Kincolith - 1100 \$ 108.00
15 pcs. 2 x 12 - 12 (sidewalk to)ft. B.M. @ \$90 M	
12 pcs. 2 x 6 - 12 (toilets and)	
100 lineal ft. 4 x 14 (to road)	
Shelving for stock cupboards, 100 lin. ft.	
2 x 12	

2 only single sash, glazed 24 x 30 @ 3.40	6.80
---	------

Nails.

5 lbs. shingle nails	
50 lbs. 4" common nails @ 20¢ lb. delivered	11.00
50 lbs. 2½" common nails	

Heating.

Stove (coal or oil) to heat 7500 cu. ft. space	95.00
One door, outside, 5 panel 36" x 84" x 1½" with hdl's.	8.75
Stove pipes and wire, 1 roll each	3.00
Coat hooks, 4 dozen, 4 dozen, brushed brass	8.00

Labor.

Including emergency bracing of present building, moving of school desks and equipment; all repairs and construction of sidewalks to road and toilets; also placing of blackboards and erection of cupbds.

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

and shelving for stock and material - putting in new steps, porch, yukon chimney and flashing and ridge boards

3 carpenters, 40 hrs. a piece @ 95¢ an hr.	114.00
Total cost of conversion of the building as a classroom	\$397.05

It is recommended that this work proceed immediately and a signal to start is requested, as I would like to have it underway before I go on statutory leave next month.

A survey of the children due back at this village was made and I am convinced there will be in excess of 50 pupils at Kincolith by the end of the month, or as soon as the fall seining is over and the families now at canneries return. This will call for a two room school, and I believe that once we get the children out of the present building and brace the walls, temporary posts could be put under the structure and the front half of it used as a senior classroom for the balance of the school year. It is with this in mind that I would like a new stove put in the Council Hall. I am also prepared to move the blackboard from the Crosby Home at Port Simpson and save the cost of ripping out the present boards. I believe that it would take two weeks work for 4 men to put in mud sills, new posts and jack the building back into line for continued safe use on a limited basis.

I should also mention that the Missionary, Rev. George Johnston, and family, are leaving Kincolith in November. It is likely that the Bishop will handle ministrations at Kincolith by using the Mission boat and its travelling Clergyman for fortnightly calls for services. This would leave the Mission House available for rent by the Department. We could put two teachers in there comfortably. It would be unfurnished but perhaps furniture could be bought and later moved into the inevitable new school when constructed.

To sum up:

1. We have a building which must be vacated at once for safety's sake, but which could be made safe for a limited number of children at an estimated cost of \$750.00 for labour and materials.

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

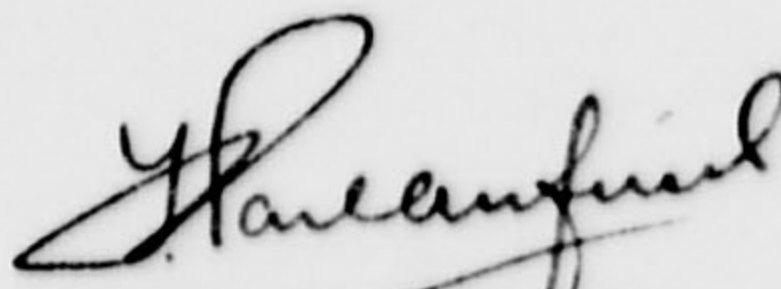

We have a building immediately available for conversion to a classroom so that classes may continue without hindrance.

3. We have approximately 40 children in attendance with a likelihood of 50 within a month and consequent need of two classrooms and teachers.
4. We have a certainty that accommodation for 2 teachers can be made available by the end of November.

It is, therefore, recommended:

- (a) That the Council Hall be accepted and converted at once.
- (b) That if the school population reaches 50, the present building be re-posted and jacked back into line and used as a second classroom.
- (c) That an additional teacher be secured when the roll reaches 50.
- (d) That arrangements be concluded to rent the Mission House as a teacherage and that it be furnished by the Department having in mind the needs of a new school in any case.
- (e) That Kincolith be given priority for new construction of a two room school and teacherage.
- (f) That if the second classroom is opened, primary tables and chairs be purchased for 36 children, instead of desks. These would be available for moving into the new school.

Vancouver, B.C.

Re: Kincolith Indian Day School

With reference to your letter of the 18th instant, file 12-11-3, the Department approves an expenditure of \$100.00 for material and labour for repairing the above school.

We infer that you do not recommend the additional expenditure suggested in Superintendent Anfield's letter of October 25th.

An accountable advance for the amount stated above will be forwarded to the Superintendent.

Bernard F. Neary
Superintendent of Education.

Re: School Construction - Hartley Bay,
Lakelse and Kincolith
Your File 1-1-3 BC (E)

With regard to Mr. Phelan's letter of June 7th, particularly the reference to the above-mentioned schools, we are advised by Superintendent Anfield that the Hartley Bay Village has 125 volt DC current and that the Lakelse and Kincolith Villages have 110 volt DC 60 cycle plants.

While the type of current available at these points may necessitate some changes to the specifications, it is hoped that this will not alter the Department's decision to proceed with the erection of buildings in accordance with Plan 891.

Re: Electric Power - Kincolith,
Hartley Bay, and Greenville

With reference to Mr. Neary's Army Signals message of July 22, Supt. Anfield's letter attached contains complete information with regard to the electric plants of the above-mentioned villages. I should like to point out that in all three villages, the existing plant is overloaded, and further that, as a rule, these plants are not in operation when electricity is required during school hours.

I agree with Mr. Anfield that it would be preferable at all three points to provide separate lighting plants for school use as was done at Anaham and Pemberton.

FILE 12-11-3-168

P.O. Box 187.

Prince Rupert, B. C.
July 30th, 1949.

W. S. Arneil, Esq., Indian Commissioner for B. C., Box 70,
Vancouver.

Re your letter of July 27th, 1949, file 12-11-3,
I would advise as follows:

KINCOLITH - has a 80 H.P. Vivian diesel engine serial No. 2947, belt connected to 25 K.W. D.C. generator, 125 volts, 200 amps. 1700 R.P.M. Estimated power load at this village is 42 K.W. Full information on this plant is on file at Mr. Webb's office as engine was purchased in 1948. The generator is from the original installation; condition of engine and generator good.

HARTLEY BAY - has a Petters diesel serial No. 200558 of 12 - 14 H.P., 525 R.P.M. direct connected to a Fletcher generator No. 7785, 125 volt - 64 Amp. 525 R.P.M., both installed in 1928; condition only fair. Approximate power demand in this village is estimated at 15 K.W. The present generator is not more than 6 K.W. at the outside, and the plant is due for replacement.

GREENVILLE - this village has a lighting plant which is a 50 H.P. Cummins, full diesel, serial no. unknown. It was purchased in 1943 by the Army and turned over to the Department in 1946 by the C.A.A.C. and transferred to Greenville. It is direct connected to a 20 K.W. 110 A.C. generator. Condition good. Estimated load in this village is 40 K.W. at least.

In general, the Department is strongly advised to wire these schools and to make provision for the installation of 1000 Watt A.C. 110 Volt manually operated gasoline lighting plants in each school. In Indian villages, the community plants are only turned on in the late afternoon and run approximately to midnight. They are never operated in the mornings. During the winter months in our northern villages, even with school opening at 9:30 a.m., light is essential for at least an hour in the classrooms in the mornings and for at least the last hour in

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

the afternoons. With furnace heating, light would be required by the janitor as early as 7:00 A.M. in the winter months. In Greenville and Hartley Bay, these plants could also provide power for radiophones which it is hoped may be installed in both villages to provide better communications for medical emergencies. Both these villages are pretty well isolated for three months each winter; Hartley Bay by storms and Greenville by freeze-up of the Naas River.

It is, therefore, recommended that the use of village plants for power for these schools be not considered, but that they be wired and equipped with their own lighting units. For your information, we have Onan lighting plants at Kincolith Nursing Station, Port Simpson Nursing Station, Kitkatla Nursing Station and Kitamaat Nursing Station; all operated successfully by women.

Re: Kincolith, Hartley Bay, Lakalsap and Fort
Babine Schools.

Your copy of letter to Indian Affairs Branch, Ottawa file 12-11-3 (168) Oct. 6, having reference to the above-named schools, received. Copy of this letter is acknowledged only to state that your action with regard to the construction of these schools is appreciated and understood.

It is obviously aware that you have done everything possible to implement the commencement of construction and it can only be hoped that the Department will see fit to get this work in hand without delay.

For your information, we are ready to run concrete at Greenville if the Department will give us the go ahead signal and I am convinced that if the delivery of the billing could be made within a month, we could have a roof over this school by New Years. In view of the indecision, with regard to this work, I am holding operations at Kincolith and Hartley Bay strictly to excavation only. I am afraid I have interpreted your wording of "clearing of school sites" to include excavation, however, this will not hinder any program of building arrangements of the plan used. I cannot emphasize too strongly that we have competent men and adequate labor anxious and willing to proceed with this work. There is also a dire need for this type of work in these villages, as, following a disastrous fishing season, the Indians have flocked to their home villages in such numbers as to indicate immediate two teachers at all our large schools and three at Port Simpson.

Re: School Construction - Skeena River Agency

With further reference to correspondence regarding the recommended construction of prefabricated schools at Kincolith, Hartley Bay and Greenville, you will note from Superintendent Anfield's letter of October 17th attached, that in the case of the Lakalsap School preparations for the work, in anticipation of the Department's approval, have proceeded to the extent that the concrete for foundations can be poured immediately, and that if delivery of the building can be made within a month, which we are certain can be arranged, the roof can be on by New Year's.

You will note Mr. Anfield's reference to the need for employment at these Indian villages. Erection of these schools will provide some of that much-needed employment and in addition will ensure most urgently required classroom accommodation and, as previously pointed out, at a saving of several thousand dollars in each case.

We sincerely hope that the absence of any reaction from the Department to this proposal indicates that steps are being taken to make the necessary funds available and that instructions to proceed will be received in the very near future.

Re: Kincolith, Hartley Bay and
Lakalsap Schools

Further to my army message of November 5th,
this will confirm authority for the purchase of a cement
mixer at a cost not to exceed \$500.00.

I have discussed this matter with the Super-
intendent of Welfare, and when the account is forwarded
here, I would ask that it have the following notation
on it:

"Chargeable jointly to Education
Vote and Welfare Vote."

I would suggest that you recommend in a
covering letter the percentage which should be chargeable
against the Education Vote and against the Welfare Vote.
I presume that this cement mixer will be used for welfare
purposes after it has served its purpose in the building
of these schools.

The draft Submission to Council for the purchase
of these three schools from Prefabricated Structures Limited,
has been sent to the Minister's office, and we will send an
army message immediately the necessary authority is obtained.

PUBLIC ARCHIVES

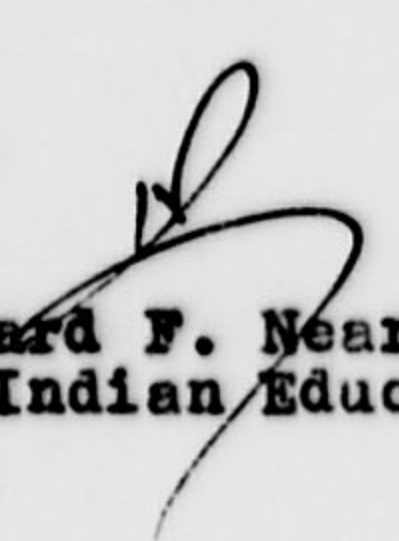

ARCHIVES PUBLIQUES

CANADA

Ottawa, November 7, 1949.

Memorandum:

DEPUTY MINISTER

Hartley Bay, Kincolith and Lakelse
Indian Day Schools.

Included in our Main Estimates for 1949-50 is the sum of \$30,000.00 each for the erection of two-room schools and teacherages on each of the above reserves, in the Skeena River Agency, near Prince Rupert, British Columbia.

Whereas our day school building program has met with considerable success in the other provinces, we have encountered many difficulties in British Columbia. At Ucluellet, we advertised for tenders for the erection of a two-room school and attached teachers' residence and the lowest tender for standard construction was \$42,612.00. This same school, we are having built in Saskatchewan for \$29,000.00. As you are aware, we finally decided to erect a Quonset school at Ucluellet.

At Cape Mudge, we advertised for a one-room school with attached teacher's residence complete with electricity, plumbing, etc. We are having two such schools erected in Ontario for about \$17,000.00. The one and only tender received for the erection of the Cape Mudge School was \$29,744.75.

At Fort Babine, we advertised for tenders for the erection of a two-room Indian day school and teacherage but received one tender only, in the amount of \$67,391.00.

Therefore, due to the scarcity of contractors bidding on our projects and the high prices tendered by them, our officials in British Columbia have come to the decision that prefabricated

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

schools should be erected on each of the above three reserves. Their decision in this regard has been aided by the satisfaction obtained from the company which erected the two-room school and teacherage at Pemberton Meadows in the New Westminster Agency and the one-room school at Metlakatla in the Skeena River Agency. This company is Prefabricated Structures, Limited, Post Office Box 489, Vancouver, B. C., and I attach both the previous Order-in-Council covering the provision of the Pemberton Meadows School and photographs taken by Inspector Davey of the completed building.

Our officials are perfectly satisfied with these buildings and Mr. Indian Superintendent Anfield, who knows how to supervise the erection of this type of school from his experience at Metlakatla, makes the following statement:

"I am satisfied that it will wear well, operate economically and that the type of construction is suitable and most adaptable for the type of country in the Skeena Agency. The school has been viewed with considerable approval by the Provincial School Inspector, Mr. J. Shell, at Prince Rupert. It is recommended that two-classroom schools of this type, with teacherages attached, be constructed at Hartley Bay, Greenville and Kinsolth, with the least possible delay".

With regard to advertising for tenders, not only have we our previous disappointments as a guide, but Mr. Anfield makes the following statement:

"I have approached Messrs. Mitchell and Currie, Greer and Bridgen, both contracting firms of Prince Rupert and they refuse to bid on the construction of new schools at these three points, giving isolation of location and risk re transportation as the main reasons. These and other contractors in Prince Rupert have so much other work on hand that they are just not interested."

Mr. Indian Commissioner Arneil concurs in these recommendations and points out that these buildings can be erected at a cost to the Department considerably less than we could get a quotation from a contractor. In this regard he makes the following statement:

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

"You will note Mr. Anfield's reference to the need for employment at these Indian villages. Erection of these schools will provide some of that much-needed employment and in addition will ensure most urgently required classroom accommodation and, as previously pointed out, at a saving of several thousand dollars in each case."

The only other company in British Columbia producing schools of this type is Precision Housing Company, which produces pre-cut schools. These are much more difficult to erect with the type of semi-skilled Indian labour we will have available and are not recommended by our field officials.

Therefore, I have no hesitation in recommending to you for presentation to the Minister, the attached Submission to Council covering the purchase of three prefabricated schools from Prefabricated Structures, Limited, Post Office Box 489, Vancouver, B.C., for erection on these three reserves in the Skeena River Agency. We have foremen-carpenters in mind and can employ the Indians who are fairly competent mechanics and carpenters, under white supervision, for the erection of these prefabricated buildings.

Memorandum:

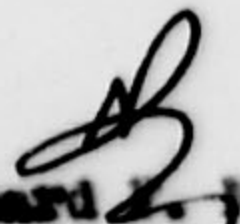

DEPARTMENTAL PURCHASING AGENT

Hartley Bay, Kiseelith and Lakelse Indian Day Schools.

The attached requisitions cover the issuance of purchase orders for three prefabricated schools from Prefabricated Structures, Limited, P. O. Box 489, Vancouver, British Columbia. You will recall that this is the company from which we purchased similar prefabricated schools previously (e.g. your purchase order Number 34693, Oct. 7, 1948).

These requisitions cover the provision of three two-room schools and teacherages at the Indian reservations mentioned above. Our experience with the product of this company has been entirely satisfactory and we feel that these buildings can be erected much cheaper than standard type construction. I also attach the specifications for this building, which have been provided by the company and which are quite acceptable to this Branch.

I also attach P.C. 5769 of 15 November, 1949, authorizing the purchase of these buildings at a price of \$9,750.00 each, P. O. B. Vancouver.

Bernard E. Heary,
Superintendent of Education.

Re: School Construction - Skeena River Agency

You will note from the attached copy of an Army Signals Message dated December 19th, from Superintendent Anfield that winter conditions have temporarily halted his plans for the erection of the new school at Greenville but that the building has been unloaded at Kincolith and that work on the Kincolith School will be proceeded with this week.

I may say that I had an opportunity of discussing Mr. Anfield's school construction program with him recently and he is still confident that erection of the three school buildings in his agency can be successfully completed this year.

Memorandum for File

Re: Terrace, B. C.

On the occasion of his visit to the Department on December 1st, 1949, Doctor Dorey stated that correspondence had been sent to the Department with regard to the establishment of a residential school at the above mentioned point, in order to provide accommodation for Protestant children needing institutional care and residing in northern British Columbia. I was unable to find any correspondence about this matter during Doctor Dorey's visit, and I told him that I would bring the matter to your attention so that you could write to him.

Philip Phelan.

Note: This correspondence has not yet reached the Education Division. Presumably, any representations that have been made were sent to Indian Commissioner Arneil, and he has not yet written to us.

**Re: School Construction -
Skeena River Agency**

With reference to Colonel Neary's army signal's message of January 16th, I am forwarding Superintendent Anfield's letter of January 21st, wherein he reports with regard to the foremen employed on the three school construction projects in his Agency and also details the progress made on each project.

We have experienced most extreme winter weather conditions in British Columbia during the past month and as construction could only be carried on at an exorbitant cost, it is felt that Mr. Anfield was wise in laying off the foremen temporarily.

We had originally intended to ship the first building to Greenville but the Naas River froze three days before the building arrived and consequently it was diverted to Kincolith and the building intended for Kincolith was shipped to Hartley Bay. The third building is ready for shipment from Vancouver.

There is some doubt as to whether or not we will be able to get to Greenville before the end of the fiscal year. You will be advised when work on these projects is resumed.

February 1st, 1950.

Extract from report dated January 21st, 1950, submitted by Superintendent Anfield. Original on File 827-5.

Kincolith

Acting Foreman, Mr. W.A. Cook, wage rate of \$1.60 an hour, he was laid off on January 5th, on which date this job was suspended. Progress reported, excavation 80% completed. Trenches completed for footings, forms, etc. under construction. Sidewalks removed and replaced. Bunk house repaired and made habitable. The prefab school is out on the site as is also gravel, cement and all form lumber and building equipment.

According to the actual voucher
submitted the total due him was \$928.44 and as a
payment of \$628.44 was given him it would appear that
the balance due him should be \$300. instead of \$427.78.
You should also supply details regarding the payments
made to Mr. Stewart.

Bernard F. Neary,
Supt. of Indian Education.

Mr. W. S. Asnell,
Indian Commissioner,
P.O. Box 70,
Vancouver, British Columbia.

Lakelse Indian Day School
Kinsolth Indian Day School
Hartley Bay Indian Day School

We have now received approval from the Minister's office for the employment of the following foremen and acting foremen in the construction of these prefabricated schools by day labour:

Lakelse:
Foreman - Mr. Robert Wagar, General Delivery,
Prince Rupert, B. C. Wage rate \$300.00
per month.

Kinsolth:
Acting Foreman - Mr. W. A. Cook,
Wage rate \$1.60 per hour.

Hartley Bay:
Foreman - Mr. Carl Andres, General Delivery,
Prince Rupert, B. C.
Wage rate \$1.75 per hour.

I am sending this letter to you in duplicate so that you can advise Mr. Asfield and he can then quote this letter as authority for payment.

Bernard W. Neary,
Superintendent of Education.

Re: Kincolith Indian Day School

In a letter dated February 28th addressed to Indian Commissioner, Superintendent Anfield states that work has recommenced in connection with the construction of this school, and that the foreman is Mr. O. Rynning, General Delivery, Prince Rupert, B.C. He is now residing at Kincolith and is being paid at the rate of \$300.00 a month plus room and board.

Re: School Construction Project -
Skeena River Agency

With reference to Superintendent Anfield's letter of February 28th attached, you will note that work has resumed on the above-mentioned projects at Kincolith and Hartley Bay. The foreman in charge of the work at Kincolith is Mr. O. Rynning, whose postal address is now Kincolith, B.C., and at Hartley Bay, Mr. Carl Andren is foreman.

Both of these men are being paid at the rate of \$300.00 per month, plus room and board.

Re: School Construction projects - Skeena
River Agency

I am enclosing tenders from Smith and Elkins Ltd., and Saanich Plumbing and Heating Ltd., Prince Rupert, on plumbing installations in the three schools under construction in the Skeena River Agency, at Hartley Bay, Kincolith and Greenville, together with a memorandum from Mr. Robinson in this connection.

It will not be possible to have this work done prior to March 31st but the contract should be let as soon as possible after April 1st. The Saanich Plumbing and Heating bid of \$3,277.30 for each school is recommended for acceptance.

Your file 168/6-1

As requested in your letter 11 March 1950,
the bids for plumbing installation in the three schools
under construction in the Skeena River Agency at Hartley
Bay, Kincolith, and Greenville have been reviewed.

The Saanich Plumbing and Heating bid of \$3,277.30
would appear to be the best of the two offers received.

It should be noted that neither firm will do any
electrical work in connection with the pump and it may
be assumed that the switches, etc., required for this
pressure system will have to be supplied as a separate
item.

P.O. Box 187

Prince Rupert, B. C.
February 23, 1950.

W. S. Arneil, Esq., Indian Commissioner for B.C., P.O. Box 70
Vancouver, B. C.

Attached please find the following bids on plumbing installations on the three Indian Day Schools, this Agency, now under construction at Hartley Bay, Kincolith and Greenville.

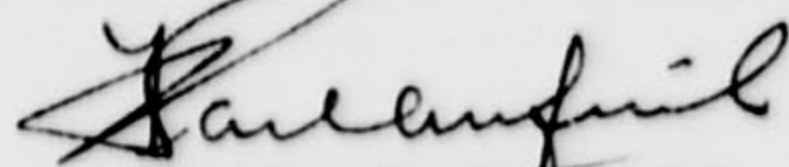

1. Smith & Elkins Ltd., P.O. Box 274, City
2. Saanich Plumbing and Heating Ltd., Box 1158 B, City

An analysis of these bids indicates as follows:

(a) Smith & Elkins' bid is for \$1092.00 per school. It is presumed that the piping would be standard water pipe either black or galvanized. It is also noted that they bid on the supplying of a shallow well pump complete with motor and tank but do not indicate if their bid includes installation.

(b) Saanich Plumbing & Heating bid works out to \$1092.42 per school, only 43¢ above the bid of Smith & Elkins. This firm however, plan to install all copper piping and joints. This is a decided asset as in all three of these schools, we will be inevitably faced with freeze-up conditions. Copper piping, which expands, will take care of a considerable lot of frost without splitting. This should be given due weight in apportioning these contracts. It is also noted that this firm will supply both the pressure tanks and pumps as well as the installation. From the above, it would appear that the Saanich Plumbing and Heating would give greater value for money received although it should be said that Smith & Elkins, which had the contract at our Metlakatla School, did a very nice job.

The Department's instructions as to these contracts will be appreciated. It is recommended that if possible, they may be let without delay so that material can be assembled and the rough work run in as soon as construction reaches a suitable point.

F. Earl Anfield

Memorandum:

DEPUTY MINISTER

Re: Plumbing and Heating -

Hartley Bay Indian Day School,
Kincolith Indian Day School,
Lakelse Indian Day School, -
in the Skeena River Agency.

Mr. Indian Commissioner Arneil has forwarded two tenders for the installation of plumbing and heating in these two-room day schools. These two tenders have been received from the following firms:

1. Smith and Elkins Limited, P.O. Box 274, Prince Rupert, B.C.
2. Saanich Plumbing and Heating Ltd., Box 1158, Prince Rupert, B.C.

Smith and Elkins' bid is for \$1,090.00 per school. It is presumed that the piping would be standard water piping or galvanized. It is also noted that the bid on the supplying of a well pump with motor and tank has been made but it does not indicate if this bid includes the installation.

The bid from the Saanich Plumbing and Heating works out at \$1,092.43 per school which is only \$2.43 more than the bid of Smith and Elkins. It is definitely preferable to employ this firm because their tender includes copper piping and joints. It is also noted that this firm will supply pressure tanks and pumps and will install these.

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

Our Indian Superintendent at Prince Rupert has, therefore, recommended the acceptance of the Saanich Plumbing and Heating tender. Mr. Indian Commissioner Arneil and one of his engineers have also reviewed these tenders and have concurred in the recommendation of the acceptance of the bid from this company.

I would, therefore, recommend to you the acceptance of the tender from the Saanich Plumbing and Heating Limited, of Prince Rupert, B.C., in the amount of \$3,277.30 for the installation of plumbing and heating facilities in these three Indian Day Schools.

Memorandum:

DEPUTY MINISTER

Electricity Installations in Indian Day
Schools in the Skeena River Agency

As you are aware, we are erecting three prefabricated schools at Kinecolith, Hartley Bay and Lakalsap. Originally we had hoped to complete these projects by the end of the fiscal year but unusually severe weather has prevented this.

The buildings are now ready for wiring and Mr. Arneil has called for tenders for this work. An army message was received from him reading as follows:

"Tenders for wiring Kinecolith, Hartley Bay and Greenville schools have been secured and reviewed by our engineering staff. Rupert Radio & Electric submitted lowest tender \$843.80 per school covering wiring to electrical code based on our engineers plan if company's tender can be accepted immediately wiring to Kinecolith can be completed before March 31".

In view of the information contained in Mr. Arneil's army message, I would recommend to you the acceptance of the lowest tender received from Rupert Radio and Electric, in the amount of \$843.80 per school. Arrangements can be made for this work to be completed in early April.

MEMORANDUM

Colonel Neary -

Please state the names of the three schools in the heading of your memorandum to the Deputy Minister, with respect to plumbing and heating, Skeena River Agency.

It would appear to me that Smith and Elkins' bid is for \$1090.00, not \$1092.00, per school: also, that the Saanich Plumbing and Heating bid works out to \$1092.43, not \$1092.42, which would be \$2.43 higher than that of Smith and Elkins', and not 42¢.

As the Deputy Minister is absent from the office, Mr. A. L. Jolliffe is signing as Acting Deputy Minister and will be until April 11th.

P.O. BOX 187

Indian Affairs Branch, Dept. of Citizenship and Immigration
Ottawa, Ontario.

Re your 817-5 (E.1) of 22nd February 1950, re a voucher No. 83 - Kincolith new school construction, and in particular that portion referring to the account of Matthew J. Stewart, owner and charterer of the MV "Cwn Point" and Scow #80. The Department is advised as follows:

1. The boat and scow were both chartered at \$25.00 and \$7.50 a day respectively. A crew of 4 men was hired to run the boat and scow and were responsible for loading, transit and unloading. The men were hired at \$10.00 a day per man.

The total earnings were \$2081.50 for the boat hire, scow charter and wages. Against this, the sum of \$900.00 was paid out in advances and \$125.28 for grub.

The scow got jammed in the ice on the Naas River and as we needed the scow in a rush to move the school building up the Naas River, repairs were undertaken on an overtime basis. The account for these repairs came to \$928.44 of which sum \$628.44 was charged against the charter account of M.J. Stewart, it being agreed that the sum of \$300.00 would be placed before the Department for consideration as to payment. Correspondence is going on with Commissioner Arneil in this connection at present.

Advances, food, and the Charterer's share of the cost of scow repairs total \$1653.72 leaving a balance of \$427.78 due Mr. Stewart, which was paid to him by agency cheque K 2106.

It is regretted that this information was not given with the voucher No. 83 and it is hoped that this explanation will provide the information required by the Department to approve Credit voucher which is returned herewith

Re: Kincolith Indian Day School

We have received your letter of February 28th with attached correspondence from Superintendent Anfield with regard to the expenditure that was incurred to repair the scow which was used on the Naas River to transport school material to the above school.

We have consulted the Treasury Branch and it is found that present regulations do not permit us paying the amount of \$300.00. As a matter of fact, Superintendent Anfield had no right to even promise the amount without first receiving the Department's authority. Under these circumstances, we are returning unpaid Voucher 106.

Mr. Anfield's letter of February 27th reads in part as follows:

"The boat and scow were both chartered at \$25.00 and \$7.50 a day respectively. A crew of 4 men was hired to run the boat and scow, and were responsible for loading, transit and unloading. The men were hired at \$10.00 a day per man."

The above is the first information we have received regarding the rate at which the boat and scow were chartered, and there is no mention of supplying gasoline, etc., for the operation of the boat. Mr. Anfield has submitted the following Vouchers for gasoline, grease, fuel oil and stove oil supplied the boat.

.....2

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Voucher 214. \$54.01. This account has been paid, although we should have had further information before doing so.

We have the following Vouchers for a similar expenditure which we have not paid:

Voucher 317.	\$26.59
" 295.	\$35.67
" 333.	\$20.95

As there is nothing to show in Mr. Anfield's letter of February 27th that the Department was expected to supply the items mentioned on the Vouchers shown above, we cannot understand why he has submitted them to us. It would appear that these charges should be paid by the owner of the boat.

We would also like an explanation regarding the rate that the workmen are being paid. It appears from Credit Voucher 206 that they are receiving \$1.00 an hour, and yet Mr. Anfield's Vouchers 305, 306, 313 and 329, amounting to \$178.26 cover food supplies for the men. We would like Mr. Anfield's explanation why these Vouchers were forwarded for payment.

We also find it necessary to return Credit Voucher 206. On the first page of the labour return for the week ended January 7th, 1950, Henry Watts is shown to have worked 8 hours on January 4 and 3 hours on January 5th for a total of \$11.00. On the second page of the labour return for the same week his name appears at the end of the list, and is again allowed wages for 8 hours for Wednesday, January 4th. It would appear that there was an \$8.00 overcharge made to him.

Re: School Construction - Skeena River Agency.

I am forwarding Supt. Anfield's letters of January 25th. and February 8th., together with voucher #106 in the amount of \$300.00 covering part of the cost of repairs to the scow which was used on the Naas River to transport school building materials to Kincolith.

It was our view that if we were paying rental for the scow the owner should assume responsibility for its maintenance, but in view of Mr. Anfield's statement to the effect that repairs to the scow were rushed at excessive cost for our convenience and to avoid loading, unloading and storage charges, it may be that we could reasonably be expected to pay \$300.00 of the total cost of \$928.44.

The scow is the property of Matthew J. Stewart, Kincolith Indian, and in view of all the circumstances I am recommending payment of the enclosed voucher.

Re: Scow Repairs.

Re yours of February 1st, 1950, file 12-11-3, pertaining to the above-named subject. The scow in question was rented from Matthew J. Stewart, Kincolith Indian, on a daily rate of \$7.50. It was impossible to obtain insurance on the scow for use on the Naas River without a Marine survey and without the transfer of registration on this particular scow from the original owners. It is understood that Stewart purchased the scow from the Georgetown Lumber and Box Co. Ltd. but that the original scow registration was in the name of the original company which was later replaced by the present corporation, Georgetown Lumber and Box Co. Ltd. who had failed to re-register the scow in their own name. The transfer and any question of insurance was impossible - there being no Marine surveyor available in Prince Rupert.

There was urgency with regard to getting material up the Naas River in view of indicated weather conditions and I requested Stewart to proceed to the Naas River with building materials and gravel for delivery to Greenville. On this trip he ran into heavy icing conditions resulting in leakage to the scow to such an extent that on its return to Prince Rupert, immediate action was necessary to keep the scow afloat.

On the day that he returned to Prince Rupert, we were advised that the freighter carrying the Greenville School building was due here that week-end. The shipment required two large scows. We were able to procure a second scow through the courtesy of Armour Salvage & Towing Co. Ltd. and rather than unload half the school building and put it in storage resulting in consequent heavy charges for storage and reloading I rushed the Stewart scow on to the Drydock and had it put in usable condition at a cost of \$928.44, \$628.44 of which Mr. Stewart gladly consented to meet.

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

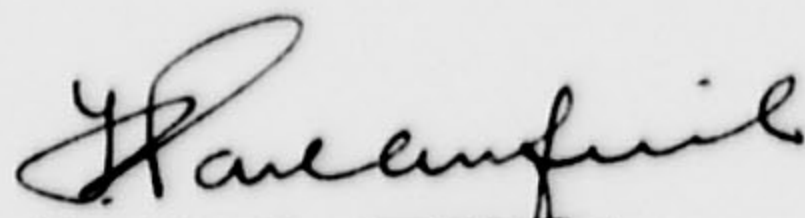

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

It is considered that in view of all these circumstances and the urgent need of getting this building from the freighter to the scow and up to the Naas that that sum of \$300.00 should be a charge on the Department rather than on Mr. Stewart. This statement is made having in mind that we requested additional work crews and over-time on the required repairs for our own use. Under normal circumstances, the scow could have been repaired for much less than the cost incurred for this particular work. It would, therefore, seem that the \$300.00 could be charged as an additional charter on the scow and action along this line is recommended. It is considered that Mr. Stewart has more than paid the cost of repairs required for the scow under normal working conditions. I accept full responsibility for the extra-ordinary conditions that brought about the excess of cost over that met by Mr. Stewart for these repairs and consider that the Department is definitely responsible for the same.

Your further instructions will be appreciated.

F. Earl Anfield
Indian Superintendent.

Prince Rupert, B. C.
January 25th, 1950.

P.O. Box 187.

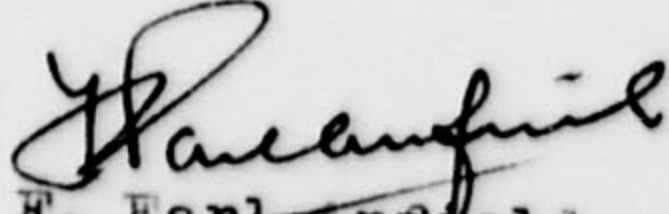

W. S. Arneil, Esq., Indian Commissioner for B. C., Box 70,
Vancouver, B. C.

Reference voucher no. 106 attached. The Department is advised that following the delivery of building materials and gravel to Greenville, the scow developed serious leaks necessitating immediate drydocking and repairs. The scow was rented by this Department from Mr. Matthew Stewart and after consultation with him it was agreed that he would pay \$628.44 of the total amount and the Department would assume responsibility for the \$300.00

It was admitted by Mr. Stewart that the scow had been leaking prior to the initial charter but it is agreed that on the trip to Greenville with the heavy load of gravel the scow ran into heavy icing conditions which contributed to increased leakage. When the scow reached Prince Rupert, its condition was such as to render it unusable. In view of the fact that a freighter was due that week-end with the school for Greenville from Prefab Structures Ltd., the scow was immediately placed on the Drydock, repaired and reloaded. There was no other scow available in Prince Rupert other than that of Mr. Stewarts and another one chartered from Armour Salvage. We had to get the prefab building off the freighter on its arrival, without fail.

It is, therefore, recommended that this charge be met by the Department charged to the Kincolith School at which point the building finally had to be unloaded as by the time the scow reached there ice conditions in the Naas made it impossible to proceed further. Will you, therefore, issue a Purchase Order against the Prince Rupert Drydock and Shipyard and pass this account for payment.

Re: School Construction Projects,
Skeena River Agency.

I am enclosing reports dated April 18th. and 19th. from Superintendent Anfield with regard to the funds required to complete the schools at Kincolith, Hartley Bay and Lakalsap.

You will note that in the case of the Lakalsap school, Mr. Anfield's original estimate will be exceeded by \$12,000.00, Kincolith by approximately \$2,500.00 and that the Hartley Bay school may be completed for somewhat less than his original estimate. The increased cost at Lakalsap can be attributed largely to the late start made on the project and the extreme winter which was experienced.

You will note that for the completion of these three projects an amount of \$47,000.00 will be required. We would like to be advised as soon as possible of the amounts specifically provided this year for school construction so that unless it is intended to secure additional funds through the supplementary estimates, transfers can be recommended.

W. S. Arneil,
Indian Commissioner for B.C.

Re: School Construction Projects

Re yours of April 12, 1950 herewith please find estimated further financial requirements for the Kincolith school under construction in this Agency.

Heating contract estimate -	\$2500.00
Plumbing contract estimate (including room and board of men employed) -	1500.00
Purchase and installation of lighting plant -	1000.00
Freighting and incidentals -	500.00
Labour, 250 man days @ 15.00 per day, including bd. and room as from April 1/50 to end of job. -	<u>3750.00</u>

Total estimated amount to complete job: \$9250.00 ✓

Of the estimated labour cost of \$4250.00 including freighting and incidentals, we have expended from April 1, 1950 to date the sum of \$2403.93 by debit on Indian Agency Trust Account. This sum is repayable to Agency Trust and is therefore included in the labour requirements to complete the job at the School.

An accountable advance in the sum of \$4000.00 has already been requested for labour and freighting on the project. This is urgently needed as we are compelled to pay wages ^{two} weeks and I am not happy about debitting Agency Trust for these sums. Will you please endeavour to have this advance and those requested for the other schools sent forward immediately and most

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

ARCHIVES PUBLIQUES

CANADA

-2-

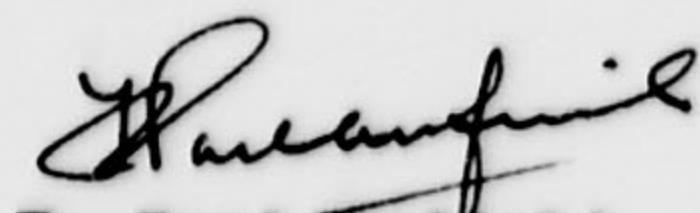

certainly not later than the end of the present month.

For your information the labour cost on the Kincolith job to March 31st was \$9250.00. With the \$4250 now requested, this should indicate a total labour cost, including all boat and scow hire, and freighting paid from Indian Agency Trust Account, of \$14,500.00.

The voucher cost of materials to April 15, 1950 is \$17,835.56 which includes cost of the building, freight thereon to Prince Rupert, all material, including cement, gravel, lumber etc. and all food supplies and camp equipment. This sum plus \$5000.00 additional for subcontracts on heating, plumbing and lighting plants gives a total voucher cost of \$22,835.56, making with labour added a gross cost on the job complete of \$37,335.56.

As you may wish to send this breakdown in duplicate to Ottawa, I am attaching two carbon copies of this letter. My estimate on the job complete was \$35,000.00

Re: School Construction Projects
Hartley Bay

Re yours of April 12, 1950, herewith please find
estimated financial requirements for the Hartley Bay Indian Day
School now under construction in this Agency:

Heating contract, estimated cost -	\$2500.00
Plumbing contract estimated cost -	1500.00
(including cost of room and board for men employed)	
Purchase & Installation of lighting -	2000.00
plant - including wiring of building by contract	
Freighting and boat hire -	1000.00
Labour, 600 man days @ 15.00 per -	9000.00
day, including board and room, as from April 1, 1950.	
Total estimated cost to complete job.	✓ \$16,000.00

Of the estimated ^{additional} labour cost of \$10,000.00 including
freighting and incidentals we have expended \$2543.87 from April
1, 1950 to date, by debit on the Indian Agency Trust Account.

The labour cost on the Hartley Bay job to March 31,
was \$2160.91. With the \$10,000.00 now requested, this should
indicate a total labour cost on the job, including all boat and
scow hire and freighting paid from Agency trust advances, of
\$12,160.91.

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

The voucher cost of materials on this job to April 15, 1950 is \$15,349.89, which includes cost of the building, freight thereon to Prince Rupert, all material, cement, gravel, lumber also all food supplies and camp equipment. This sum, plus \$6,000.00 additional for subcontracts for heating, plumbing and wiring gives a total indicated voucher cost of \$21,349.89 making, with total labour added a gross cost on the job complete of \$33,510.80. My estimate on the cost of this school was \$35,000.00.

Re: School Construction Projects
Lakalsap

Re yours of April 12, 1950 herewith please find
estimated further financial requirements for the Lakalsap
(Greenville) school under construction in this Agency.

Heating contract, estimated cost	\$2500.00
Plumbing " "	1500.00
(including cost of room and board for men employed)	
Purchase and installation lighting plant	2000.00
including wiring of building	
Freight, vouchered by contract, Vancouver to Prince Rupert, B.C.	1200.00
Freighting and boat hire	800.00
Labour, 650 man days @15.00 per day including board and room as from April 1, 1950.	9750.00
Total estimated and required to complete job.	✓ \$21,750.00

Of the estimated additional labour cost of \$10,550.00
including freighting and incidentals, we have expended \$758.75
from April 1, 1950 by debit on the Indian Agency Trust Account.

The labour cost on the Lakalsap job to March 31, 1950
was \$6349.46. With the \$10,550.00 now requested, this indicates
a total labour cost on the job of \$16,899.46, including all boat
and scow hire, freighting paid from Agency trust account.

Indian Affairs. (RG 10, Volume 6395, File 817-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

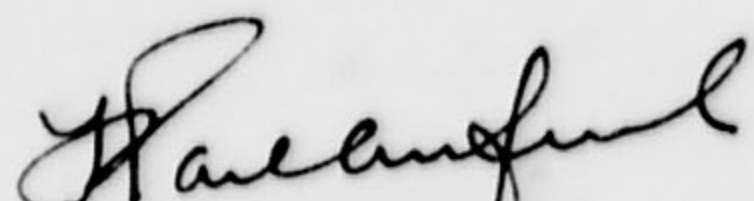

CANADA

The voucher cost of materials on this job to April 15, 1950 is \$23,159.92, which includes cost of building, all material, cement, gravel, lumber etc., also all food supplies and camp equipment. This sum plus the \$7200.00 additional required for subcontracts indicates a total voucher cost of \$30,359.92, which amount plus total labour, indicates a gross cost on this job of \$47,259.38, or \$12,000.00 over and above my estimate on this school of \$35,000.00.

This is accounted for by the fact that a crew was put into Greenville and due to an unexpected freeze-up, we were unable to get the building in behind them. The river became impossible and the crew were stranded there for a month. It took a major operation to get them out. I also failed in estimating to give due weight to the difficulty in freighting up this river. The Greenville job was the first one we tackled using a white foreman and Indian labour. It proved a costly experiment. We then put the white crew in and got caught with the worst winter on record.

The crew is now on the way back in to complete this job. It is still hoped that we may make up part, at least, of this deficit over the estimated cost, every effort will be made to do so.

In the meantime, it is requested that the accountable advance required to pay wages on this school may be speedily forthcoming.

Re: Advance for labor, School Construction, Skeena River Agency.

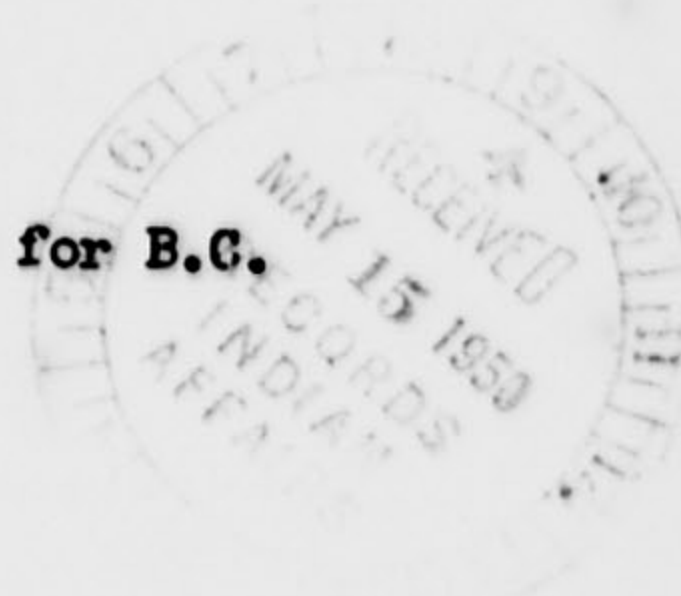

Work on the schools at Greenville, Kincolith and Hartley Bay has been proceeded with since April 1st., in anticipation of the Department making funds immediately available for the payment of wages.

I wrote you on April 12th. and asked for an accountable advance of \$4,000.00 for each of the three projects and have been in communication with you by Signal Message since then.

I am under the impression that Mr. Anfield in order to retain the services of his crews has had to arrange with the bank to carry the payrolls. Is there no way by which an advance of funds to Mr. Anfield for these projects can be expedited?

Re: Generating Plants - Hartley Bay,
Kincolith and Greenville Schools.

Under date March 31st. I forwarded you quotations on the above mentioned units and recommended that the orders be placed with Electric Power and Equipment, 1285 Homer Street, Vancouver.

Contracts for wiring these schools have been let and it is essential that delivery of the generating units be made in the near future. In any case it is necessary that we know almost immediately if the plant quoted upon by Electric Power and Equipment is to be purchased so that the blocks can be constructed while we have labor, cement and concrete mixers at the schools.

W. S. Arneil,
Indian Commissioner for B.C.

Re: Construction of Kincolith,
Hartley Bay and Lakelse
Indian Day Schools.
Your File 168/6-1

With reference to your letter of May 13th the Treasury was requested on May 6th to forward all the advances which you requested. I contacted them this morning, and they advised that these advances have gone forward and should have reached Superintendent Anfield by this time.

It was impossible for us to transfer them any sooner, as we had to await the approval of the transfer of funds.

Memorandum:

DEPUTY MINISTER

Re: Hartley Bay Indian Day School,
Kincolith Indian Day School,
Lakelse Indian Day School,
Skeena River Indian Agency, B.C.,
Electoral District of Skeena.

Construction of the above buildings has proceeded to the point where it is essential that arrangements be made immediately for heating installations.

Indian Superintendent F.E. Anfield has obtained the following tenders for the installation of heating systems in the above three schools.

- | | |
|---|------------|
| 1. Shenton's Sheet Metal Works, Prince Rupert, B.C. | \$4,350.00 |
| 2. G.H. Tomlinson, Prince Rupert, B.C. | \$5,970.00 |
| 3. Thom Sheet Metal Ltd., Prince Rupert, B.C. | \$6,564.76 |

Mr. Robinson, the engineer attached to the office of the Indian Commissioner for British Columbia, has reviewed the tenders and considers that the lowest one will meet the requirements of the three schools mentioned above. Indian Commissioner Arnell recommends acceptance of the tender of Shenton's Sheet Metal Works in an amount of \$4,350.00 and I would appreciate it if the Minister would approve.

Vancouver, B.C.

Re: Hartley Bay Day School
Kincolith Day School
Lakalsap Day School
Your File 168/6-1

We are in receipt of your letter of the 31st ultimo with reference to the demolition of the old schools on the above sites. It is noted that the Indian Council have agreed to remove the old school building at Hartley Bay and rebuild it as a Council Hall, and that there will be no expenditure in this connection as far as the Department is concerned.

With reference to the old buildings at Kincolith and Lakalsap, it is noted that the amount of \$600.00 will be required at the former school and \$400.00 at the latter in order to tear the buildings down. It is presumed that Indian labour will be used, and consequently, the expenditure is approved.

We also note that you recommend transfer of an additional \$1,000.00 from the appropriation for the Joint School at Port Essington, to meet the cost of the work authorized in this letter.

Re: School Construction - Skeena
River Agency. Your File 168/6-1

With reference to your letter of the 7th instant, the balances of the amounts which you recommended be transferred are as follows:

Hartley Bay.....	\$ 5,000.00
Kincolith.....	\$ 4,729.00
Lakalsap.....	\$10,909.00

We are arranging to forward Superintendent Anfield the \$14,000.00 as requested, and this amount will be charged as follows;

Hartley Bay.....	\$ 3,000.00
Kincolith.....	\$ 3,000.00
Lakalsap.....	\$ 8,000.00

As you will see, this leaves a balance as follows:

Hartley Bay.....	\$ 2,000.00
Kincolith.....	\$ 1,729.00
Lakalsap.....	\$ 2,909.00

Presumably these amounts will be used up shortly in paying Vouchers for materials. Consequently, if you consider more funds will be necessary, it would be appreciated if you would let us know from which projects you consider transfers might be made.

Indian Affairs Branch,
Dept. of Citizenship & Immigration,
Ottawa, Ontario.

Attached please find requisitions for fire extinguisher equipment for the three schools now being completed in this Agency. It is considered imperative that a CO2 fire extinguisher should be made available in the basement of these buildings and also that there should be a pyrene extinguisher in each of the class rooms.

It is recommended that this be purchased through the Department from the factory, and that shipment be made for all three schools care of this office. We will see that they are properly installed and the teachers instructed in their use.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Re: Hartley Bay, Kincolith and Lakalsap
Indian Day Schools.

Attached are three requisitions for storm sash, etc., required for each of these schools. The materials on these requisitions were not included when we purchased the prefabricated buildings. A similar type of school is being built at each place, and consequently, each school requires the same storm windows, combination doors and screen windows.

Mr. Arneil has obtained a quotation on the items requested on each requisition from Prefabricated Structures Limited, and I attach this for your information. However, some of the items on which this firm quotes are not included on the requisitions. Mr. Arneil's office states that we should only supply the items shown on the requisitions.

As the construction of these buildings is now nearing completion, it is most important that the items on these three requisitions should be ordered immediately.

AIR MAIL

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

We have received a letter from Superintendent Anfield requesting that fire extinguishers be supplied at the Kincolith, Hartley Bay and Lakelse Indian Day Schools. If you agree that fire extinguishers should be supplied at these schools, you may purchase three 1½ quart extinguishers for each school.

Bernard F. Neary,
Supt. of Indian Education

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Attached is a requisition for lighting plants for the Hartley Bay, Kincolith and Lakalsap Indian Day Schools.

You will note our Engineer's report and also quotations that were obtained by Indian Commissioner Arneil. The coding on each of the Purchase Orders should be as follows:

Hartley Bay	-	#813	516-13-491 E.R.345	-	\$1,510.00
Kincolith	-	#817	516-13-491 E.R.346	-	\$1,510.00
Lakalsap	-	#827	516-13-491 E.R.347	-	\$1,510.00

MP
These schools are nearing completion, and already plans are being made for the removal of the workmen and equipment. If the orders are placed at once, the plants could be shipped to the respective schools on the barges which go in to remove the workmen and equipment.

Victoria, September 10th 1904.

File No. 133, 168 (25-10-1895)

Sir,-

I have the honor to enclose herewith a ^{copy of} letter, dated the 3rd instant, received from Mr. Agent DeBeck of the Kwawkewlth Agency covering a copy of a communication of the 26th ultimo addressed to him by the Reverend A. J. Hall of Alert Bay, the local representative of the Church Missionary Society of London, England, requesting permission for a Mr. Pearson, who is en route to Quace and Gwayasdums, to reside on these reserves for the purpose of teaching the Indian day schools there. As there is every reason to believe that Mr. Hall's choice of a teacher is the best from all points of view I would ask that the necessary permission be given.

I have the honor to be

Sir,

Your obedient servant,

A. J. Hall

Indian Superintendent, B. C.

Dear Sir:-

I herewith acknowledge receipt of your letter of the 18th Inst enclosing cheque for \$46.59 for which I thank you. I should like to ask the Department through you for an explanation the amount being so small. I am aware that it is required that the school should be open 216 days at least in the year. That however is not always possible here as the year 1906 shows. In the first place there are two reserves which are some 30 miles apart. Considerable time is lost in moving for one cannot leave at will there being only MMN a monthly steamer. Then again last year these people spent two fairly long periods at Alert Bay. I followed them and held school there but there was time lost however in moving. Then there are away at the canneries in the fishing season for the greater part of two months and in the fall they are away fishing for their fall salmon three weeks. Thus it will be seen that under these conditions that it is impossible to keep school open for the stipulated time.

Trusting this will receive your attention

I am yours respectfully

"Herbert Pearson"

W.H.Halliday Esq.

Sir:-

I have the honor to enclose a copy of a letter from Mr Herbert Pearson who teaches the Day School at Gwayasdums.

In this letter he takes exception to the fact that for the last quarter in the year 1906 the Department only allowed him \$46.59 for his services as teacher instead of the usual sum of \$75.00.

I am writing him to the effect that in his quarterly report for that quarter that he did not give any reason for the short time in the term in which the school was opened, and in future he must be very careful to state any cause which may shew a poor report for the quarter. In the matter of the last report I drew his attention to the fact that his report was very incomplete as he had put nothing at all in the column under progress etc, but unfortunately he omitted to make it right. *This was before the report had left my office.*

I respectfully suggest to the Department that the remainder of the quarterly allowance be sent to Mr Pearson.

I have the honor to be,

Sir,

Sir:-

I have the honor, to inform you that at the beginning of the present quarter, Rev A.J Hall, of Church Missionary Society, made two changes in the teaching staff of the Indian Schools, in the part of this Agency over which his vicarage extends.

Mr Frank S. Ford, has retired from the work in B.C. and Mr Hall for some time could not get anyone to take the position. Finally he thought best to appoint Frank Nelson, a native, to the position. Before doing so he came to this office and talked the matter over. This is for the Alert Bay Day School. I informed ^{him} that the Department on the whole was ^Posed to native teachers but that unless the Department objected that he might try and see what he could do. Since then I have called at the school every few days and have watched ^glesely, but have been unable to find any fault. He has a much better attendance than the school has had since my tenure of office here, and the children are learning quickly. So far they are in the primary classes, but Nelson should be able to bring them on at least to the fourth standard.

Mr Fred ~~KEMLEY~~ Gemley, has succeeded Mr Herbert Pearson at the Gwayasdums Day School. Mr Gemley is a young Englishman with a missionary spirit, and a splendid worker. I have not been able to visit his school yet as during my visit to Kingcome Inlet, it was ^asturd^aday, and school was not in session.

Sir:-

I beg to call your attention to the necessity of erecting a day-school at Gwaya at the head of Kingame Inlet.

There is a large village of upwards of 300 Indians at this place and about 40 children of school age, we have a school at Gwayasdums where these Indians stay from November to March, but it is most important we should follow them when they go to their summer village at Gwaya.

Five hundred dollars would build a very substantial school.

OFFICE OF
INDIAN AGENT

Alert Bay, B. C.,
26th Feb., 1927.

62

Sir,-

I wish to inform you that the Anglican Diocese of New Westminster is anxious to do something in the way of Indian work and they have arranged with Miss E. G. Westbury, who for some years has been teacher at the Alert Bay Girls' Home and they have purchased a building to be used as a teacher's residence and small school room and I took her to take charge of her new work on the 16th of this month. For the time being the only charge on the Department will be for school material and for desks and as the building is small and the ordinary type of school desk would not accommodate enough pupils to make it worth while I am arranging to have four cheap desks built here for her.

I am enclosing a requisition from Miss Westbury for school material which I would ask should be forwarded direct to her. If they are addressed Miss E. G. Westbury, Kingscome Inlet School, Via Charles Creek Cannery, to be shipped by Union Steamship Company they will reach their destination safely and I would recommend that this be done.

Original on #156-13-5.

Mr. Comley also states that the Diocese of New Westminster is willing to provide a teacher for Kingcome Inlet if the Government is willing to give a grant and provide a building. At Kingcome Inlet there are a large number of children who are not receiving any education and although there was a school at this village in former years it was closed on account of the lack of interest of the Indians themselves but conditions are changing and the majority of them now wish their children to go to school. I would be glad to know whether the Department is prepared to do anything with regard to providing a new school and a grant for the teacher.

Dept. of Indian Affairs,
Ottawa. Ont.

Dear Sir,

I was under the impression that I had informed you of the change in staff at the Kingcome Indian Village. I apparently overlooked it and must ask your pardon for the oversight.

Miss Eva Dyer retired on account of bad health when the season closed last Spring, and a new staff was appointed beginning their work in October. Miss Margaret Solomon, Graduate Nurse of Toronto General Hospital and Deaconess, and Miss Ethel H. Adams, Deaconess graduate of Deaconess' House Toronto. Miss Adams is the teacher. She is a well educated girl and quite capable of teaching the school in Kingcome, tho' she has no certificate as a school teacher.

These two women make an excellent team, and being friends of long standing are better able to combat the isolation and loneliness which their predecessors found so trying.

The new school is now complete and is a great help in the work among the Indians of this largest village in the Quagutl Agency.

I am more than pleased with the work and anyone visiting the Village can see the great improvement in the Village.

Sincerely Yours,

John Tuttle

Dr. Duncan Scott
Sup't Indian Affairs
Indian Office,
Ottawa, Ontario

Dear Dr. Scott

I have been intending to write to you for some-
time on various matters concerning the Indians of
the district in which I am working.

We are building a school in the Kingcome Indian
Village. It is quite a good building, capable of
holding all the children of the village, and also,
on occasion, the Indians at their gatherings.

The Diocese of New Westminster gave us \$500.00
towards it, the Indians are going to raise \$300.00,
and the balance I have to get elsewhere. It will
cost about \$2500.00. I am writing to you to ask you
if you will help us out in this respect.

at Alert Bay

The schools in the village, I am more convinced
than ever, are absolutely necessary in order that the
new school may have its proper quota of children from
those villages. Already it is very evident that the
work of these school has added a large number of pupils
to the Alert Bay Boarding School, and in the future
I think their work will be necessary, as I said, to
keep the big school going.

*Extract
156-361*

Last year you were kind enough to help us start
the school at Fort Rupert by a grant of \$40.00 per
month. We obtained a teacher who knew the language
and who did very good and important work in starting
the school, but \$40.00 a month is not quite enough
when she is supplying the school house as well, and

Indian Affairs. (RG 10, Volume 6395, File 818-1, part 1)

(2)

Dr. Duncan Scott

Sept. 27, 1929

I would like you, if you can possibly do it, to add to that salary. I think that it is quite as well worth \$75.00 as either of the other two schools, and you will see by reports that, for a start, she has made a good record.

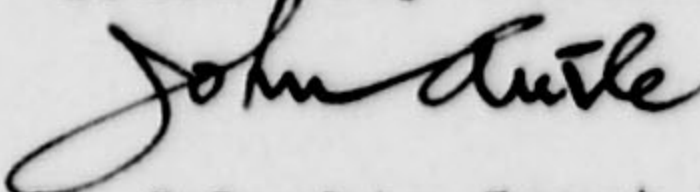

I regret that the salmon fishing has proven more or less a failure, and as this is the third year in which the Indians have not made good wages, I am afraid that the winter will be a hard one.

However, we will have to do our best, and, as far as we are concerned, we will try to give them all that is possible in the way of medical, social, and religious attention.

Thanking you in anticipation,

I am

Yours very sincerely,

Sup't Columbia Coast Mission.

February 16, 1929.

I visited the following schools on the above date: -

KINGCOME INDIAN DAY SCHOOL

A small missionary school is carried on here under the control of the Diocese of New Westminster.

The teacher in charge is Miss Dyer, assisted by Miss Birch, both of whom are doing good work; Salary - \$75.00.

Much work is done among the young men and women, and adult classes are also carried on in the evening. The average attendance during the three or four winter months would be about 30 pupils, practically all of whom would be primary children.

GENERAL REMARKS:

The work done in these schools has been under the supervision of the Anglican Church in co-operation with the Indian Department. This work is greatly appreciated by the Department of Indian Affairs, as these children are receiving religious training from the Columbian Mission.

(Sgd.) R. H. Cairns,

Inspector of Indian Schools of B.C.

Ottawa, December 21, 1928.

Reverend Sir:

I have your letter of the 15th instant, informing the Department that you have secured the services of Miss Eva I. Dyer, a qualified teacher, for the Indian Day School at Kingscove Inlet also that Miss M. Nixon will continue the work at Mamalilikulla. It is hoped that both these ladies will meet with every success at their respective schools.

It is noted that arrangements have not yet been completed for a teacher at Fort Rupert but that, likely, Miss Cadwallader will take up teaching duties at this school. We note that she has no professional qualifications but has an intimate knowledge of the Indians at this point and has also the ability to speak their language. Her services will, no doubt, prove satisfactory.

I shall be pleased to be informed definitely as to whether Miss Cadwallader takes charge at Fort Rupert and, if so, the date when this school is opened.

Your obedient servant,

J. D. McLEAN

Sir:

Referring to official letter of November 14th, last, concerning the Indian Day School at Kingcome Inlet, I have to advise you the Superintendent, Columbia Coast Mission, informs the Department that he has appointed Miss Eva I Dyer as teacher. Miss Dyer is a qualified teacher. You should see that she receives the necessary forms for the preparation of returns. She should prepare these at the end of each quarter and forward them through your office.

Asst. Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Canada.

Dear Sir:

I have just arrived from my trip to Eastern Canada, and find your letters of Nov. 14th, Nos. 156-17-5, 156-17-1, 156-13-1, together with a copy of your letter to Mr. Halliday re desks. Thank you very much for them.

The teacher at the Indian School, Kingcome Inlet, is Miss Eva I. Dyer. The teacher at Mamalikulla, Village Island, is Miss M. Nixon. The teacher at Fort Rupert is to be Miss Cadwallader, but arrangements have not yet been completed, and I will inform you very shortly as to what is being done at that Village.

Miss Dyer is a qualified Public School Teacher both in Canada and the United States. Miss Nixon has taught for many years at Alert Bay in the Indian Girls Boarding School, and Miss Cadwallader not attended Normal School, and has no teaching qualifications, other than the ordinary school education, plus an intimate knowledge of the Indians at Fort Rupert and the ability to speak their language.

We are getting her to start in to see just how matters come out after the first school year. I am of the opinion that she will do good work amongst those Indians, as she and her family are looked up to by all the Indians of the tribe. At the present time there is a doubt of being able to obtain her services, but I shall know shortly when I visit the place, and will inform you.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

Alert Bay, B. C.,
April 25, 1934.

Sir:-

While Captain Barry, Department School Inspector and myself were paying an official visit to the Indian Day School at Kingcome village, it was made known to us that the teacher, Miss L.K. Solomon, would be leaving at the end of the present term as her sister who is the missionary-nurse there has accepted a position elsewhere.

The matter was discussed as to future arrangements being made, and Captain Barry and myself are of the opinion this being an isolated place, a man teacher would be more acceptable if this could be arranged, as we both feel his presence in this isolated spot would be more in the interests of the Department and all concerned. Miss Solomon has not as yet actually forwarded her resignation, but it is understood she will be doing so in the course of a short time, and my reason for writing the Department at this time is that our views on the matter may be on record and when the time comes if at all possible we would like to see a man appointed to this position. If possible, a married man would be most suitable, especially if his wife could act as Field Matron to do the required nursing in the village. I might also add this matter was taken up with Archbishop De Pencier who paid me a visit yesterday, and he is thoroughly in accord with the suggestion.

At the present time the arrangements are the Department pays the school teacher a salary of \$65.00 per month for ten months together with supplying the fuel for the school and teacher's residence. The Church pays the Field Matron \$65.00 per month plus living allowance. It appears to me if we could obtain the services of a married couple at a joint salary of \$130.00 to be paid as under present arrangements, plus living allowance and fuel, this would be very suitable for the work in this location, and would solve some of the difficulties which we have had in the past.

Sir:

I have your letter of the 13th instant, informing the Department of the resignation of Miss Ethel H. Adams, teacher of the Kingsome Inlet Indian Day School, and enclosing copies of communications from Mr. School Inspector Barry and His Grace the Archbishop of New Westminster, recommending the appointment of Miss Lily Solomon for the position.

It is noted that Miss Solomon holds a First Class Provincial Teacher's Certificate. The Department is pleased to approve of her appointment, with salary at the rate of \$75 per teaching month, less 10% during the present fiscal year. Please inform Miss Solomon of her appointment and arrange that she take up duties when the school re-opens after the present summer holidays.

Sir:-

I have to inform you that Miss Ethel H. Adams who has been teaching at the Kingcome Inlet Indian Day School, has resigned.

I am enclosing a copy of a letter from His Lordship the Archbishop of New Westminster in which he recommends the appointment of Miss Lily Solomon, a sister of the other lady worker at Kingcome Inlet, and who holds a first-class Provincial Teacher's Certificate. Miss Adams will remain at the village but working directly under the Diocese of New Westminster as a lay worker.

There is also enclosed a copy of a letter from Mr. School Inspector Barry in this connection, and I would recommend the appointment.

W.M. Halliday, Esq.,
Indian Agent,
Alert Bay, B.C.

Dear Sir:-

I have your letter of July 25th in which you recommend that Miss Lilly Solomon be appointed as teacher of the Indian Day School at Kingcome Inlet.

I may say that I have letters on file from Miss Adams and Miss L. Solomon with regard to this matter, and that my advice to Miss Adams was to put the whole matter of her resignation as teacher of the Indian Day School at Kingcome Inlet in favour of the appointment of Miss L. Solomon before her Church authorities for their approval. I informed her that when the Archbishop of New Westminster approved of this change of teachers, she should write to you informing you of her wishes.

I am prepared to recommend the appointment of Miss L. Solomon as teacher of the Kingcome Inlet Indian Day School in place of Miss Adams, if the latter has resigned as teacher there.

Please forward this letter with your own recommendation to the Department of Indian Affairs in Ottawa. You should at the same time inform the Secretary of the Department that you have received Miss Adam's resignation. I should be glad if you would state Miss L. Solomon's address when you write to the Department, as no doubt they will wish to inform her of her appointment or otherwise, direct, in order to save time.

Your obedient servant,

"Gerald H. Barry"

REPORT ON KWAWKEWLTH AGENCY FOR MONTH OF MARCH 1937.

x

x

x

The day schools at Campbell River, Cape Mudge, and Alert Bay are in splendid shape and a real credit to the Department. While the Missionary schools at Village Island, Kingcome Inlet, Quatsino and Smiths Inlet which were built by various Missions with assistance from the Department are in fair state of repair, they are difficult to administrate. I feel the Department should own these schools and have full administrative powers as the buildings are on reserves. I would recommend if and when funds are available the Department should purchase any equity the Missions may have in these buildings to avoid any future complications which may arise between the Indians and interested parties.

REPORT ON KWAWKEWLTH AGENCY FOR MONTH OF MARCH 1937

x

x

x

The Kingcome Inlet Day School is also a Mission School built by the Church of England. It serves the four Kingcome tribes. The progress made here is very satisfactory, our main difficulty being in keeping the children at school. There are 40 pupils on the roll who should attend regularly. I would draw the Department's attention to the average for the quarter ending December 31st, 1936, which is 15.88. The quarterly return for March 31st has not as yet been received but the average undoubtedly will be lower still. This location for a village is against the best interests of the Indians and has been reported to the Department on several occasions. The poor average is caused through the Indians leaving the village and wintering at Gwayasdums Reserve where there is no school. It is a modern, up-to-date school.

(Original on No. 27156-17)

Alert Bay, B.C.,
December 18, 1936.

Sir:

On previous occasions I have reported to the Department the undesirability of the Kingcome village becoming a permanent village owing to annual floods during the freshet.

Recently I have been advised by the teacher at Kingcome they had six feet of water all around the village and that it was necessary for them to use a rowboat when going from place to place. I am informed no damage was done, and I can only account for this through the fact that the houses are built on posts sufficiently high for the water not to enter and destroy all their effects. I understand, however, quite a lot of food was destroyed during the flood.

This letter is being written with the specific purpose of my views being on record as to the unsuitability of this location for a village. I have suggested to the Indians that a more suitable location should be found as I am afraid sooner or later serious damage will result.

Yours obedient servant,

(Sgd.) M. S. Todd,

EXTRACT FROM LETTER OF MR. M. S. TODD, INDIAN
AGENT, ALERT BAY, B.C., DATED SEPTEMBER 10, 1936,
REGARDING THE SALARY OF THE TEACHER OF THE KINGCOME
INLET INDIAN DAY SCHOOL. *Forwarded in connection with*
his Estimate for 1937-38

WJ

On Page 10-1 which we have inserted in the
Estimates, I would like to draw the Department's
attention to the salary paid the teacher at the King-
come Inlet Day School. At present this teacher is
paid at the rate of \$75 per month, and other schools
with the exception of Smith's Inlet are being paid at
the rate of \$90 per month. As Kingcome Day School has
a considerably larger attendance than some of the other
schools, we feel this teacher should receive the same
salary as the others and thus avoid any discrimination
and possible ill-feelings.

MEMORANDUM:

R

The Honourable the Superintendent General.

Miss L. K. Solomon has forwarded to the Department her resignation as teacher of the Kingcome Inlet Indian Day School (Electoral District of Vancouver North).

In the past, the Department has permitted Rev. John Antle, of the Columbia Coast Mission, to nominate the teacher for this school. With the approval of His Grace the Anglican Archbishop of New Westminster, Rev. Mr. Antle nominates Miss Phyllis Muriel Arrowsmith as teacher of the Kingcome Inlet School for the academic year 1934-35.

I would appreciate your concurrence in the appointment of Miss Arrowsmith.

A.S. Williams

Acting Deputy Superintendent General.

Approved, provided the Dept. is satisfied as to her qualifications & fitness J.G.M.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT
Alert Bay, B.C.,
August 4, 1934.

Sir:-

Enclosed please find copy of applications of Miss Phyllis Muriel Arrowsmith of 4506 West 9th Avenue, Vancouver, B.C. and Miss Amy E. Wakefield, 261 West 4th Street, North Vancouver, B.C., for the positions of teacher and nurse at Kingcome Inlet village respectively.

As these two young ladies have been recommended by Rev. John Antle of the Columbia Coast Mission as well as His Grace, Archbishop of New Westminster, and approved by Capt. G.H. Barry, Department School Inspector, I would request the Department to confirm these appointments and notify them accordingly.

It will be noted we endeavoured to obtain the services of a married man and his wife to act as teacher and nurse at this isolated village, but were unable to find anyone in time to undertake the work this year. We feel this position should be occupied by a married man and we are going to try during the coming year to locate someone who would undertake this work permanently, and in view of this I would ask the Department to confirm the appointments for a period of one year only. Under date of July 28 we wired the Department as follows:-

"Defer approval Anglican Church nominations to Kingcome Indian Day School."

This was sent on receiving information there was a possibility of obtaining the services of a married couple, but after their applications had been received we did not feel their qualifications were sufficient to recommend their appointment.

We are not feeling very happy about these two ladies going to this isolated village, but as the Church has seen fit to recommend their appointment, we feel the responsibility will more or less rest on them.

Your obedient servant,

M. S. Todd

RECEIVED
OFFICE OF
INDIAN AGENT
Alert Bay, B.C.,
May 31, 1934.

Sir:-

Your letter of May 22nd has been received, in reference to the resignation of Miss L.K. Solomon who has been employed as teacher of the Kingcome Inlet Day School, advising that this has been accepted by the Department, also suggesting that I request His Grace, the Archbishop of New Westminster, to nominate her successor. This matter has already been discussed with the Archbishop, and we are at present waiting to hear from him.

I note you state owing to lack of funds it is not possible to consider the suggestion contained in my letter of the 25th ultimo. This, I rather think, was misinterpreted, as I only suggested it would be a good working arrangement if we could get a man and wife to undertake this work, the Department to pay the teacher's regular salary of \$75.00 per month, and the Church to pay the missionary salary of \$75.00 per month. This would be no extra expense to the Department, but would make it possible for us to have a man's presence in the village, which would have a very good influence there.

Your obedient servant,

M. S. Todd

EXTRACT FROM REPORT OF GERALD H. BARRY,
INSPECTOR OF SCHOOLS, FOLLOWING HIS VISIT TO
KINGCOME INLET INDIAN DAY SCHOOL, on April 16/34.

Original on 156-17-6.

XX

Miss L. Solomon tells me that she wishes to obtain an appointment away from the B. C. Coast, and where it is dry. I asked her to inform the Department as soon as she made up her mind to resign, and to send this resignation through the Indian Agent at Alert Bay. I have not asked her to resign; but indicated that it is only fair to inform the Indian Agent in good time, should she decide to leave this school. The other missionaries are also leaving Kingcome this year, I understand, which means that there will be a new staff here in September.

EXTRACT FROM LETTER OF G. H. BARRY, INSPECTOR
OF INDIAN SCHOOLS, **VICTORIA**, B. C., submitting his
report on his inspection of Kingcome Inlet.
letter dated May 4, 1934.

Original on 156-17-6.

I have every reason to believe that the Missionaries and teacher do not intend to return to Kingcome Inlet. You will note that I consider that a married man and his wife, if she be qualified as a nurse, would be the ideal solution of the difficult situation here.

May 26, 1938.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

I have read a letter from Mr. Todd, Indian Agent, Kwawkwalth Agency, with regard to the salary being paid to Miss P.M.Arrowsmith, the teacher of the Kingcome Inlet Indian Day School in his Agency.

While I am not able to say as Mr. Todd does that Miss Arrowsmith is "a very wonderful person and a splendid teacher" I do consider that she has made a success of her work at the Kingcome Inlet School.

Owing to the fact that Miss Arrowsmith was herself educated in a private school, and for some years taught in such schools, she had great difficulty in adapting herself to conditions in the Kingcome Inlet Indian Day School. Her technique has improved greatly during the past two years.

Miss Arrowsmith has arranged for a Kindergarten Class for pupils between the ages of four years and six years. These children are taught for a shorter time daily than the older pupils.

As Miss Arrowsmith only holds a Second Class B.C.Certificate I do not consider that she should be given the same salary as that given to our teachers holding a First Class Certificate. The facts relating to the nature of the certificate held are ignored by Mr. Indian Agent Todd, who bases his argument on the number of pupils taught. In general the teachers in Indian Day Schools holding a First Class Certificate receive either \$90.00 \$95.00 or \$100.00 per teaching month.

Miss Arrowsmith shares the Mission House with the Missionary Nurse. During January and February 1938 no classes were held as the children were out of the village as reported on April 8th 1938 in my last report on the school. From September to the end of March 1938 the Kingcome Inlet Day School was only open for seventy six days in all. Miss Arrowsmith mentioned the subject of increased salary when I saw her last but I discouraged her making a definite application at that time, pointing out that she had a share of the Mission House, in addition to her pay, which was certainly worth something. I stated that in most cases teachers receiving a greater salary had to pay for house accommodation.

I do not however wish to negative Mr. Todd's recommendation that Miss Arrowsmith be given \$900.00 per annum and shall content myself by recommending that not more than \$90.00 be paid Miss Arrowsmith per teaching month in future. This will make it possible to run the school on an eight month year should such a course be found necessary later.

Yours very truly,

W. H. Barry
Inspector of Indian Affairs, B.C.

Alert Bay, B. C.,
May 17th, 1938.

Dear Sir,-

The enclosed copy of letter from Miss P.M. Arrowsmith, teacher of the Kingcome Indian Day School, has just been received and will be self-explanatory.

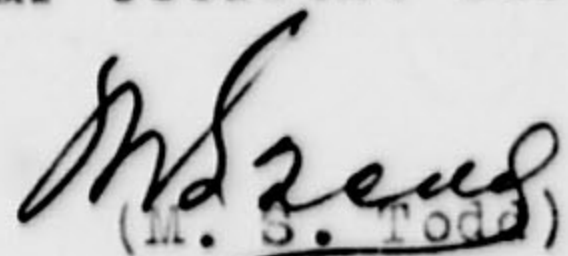

For the Department's information, I have felt for some time that Miss Arrowsmith's salary should be increased to \$900.00 per annum which is the amount received by all other Indian Day School teachers in my Agency with the exception of Smiths Inlet School which of course is not considered in the same category.

Miss Arrowsmith has been four years as teacher of the Kingcome Inlet Day School, which is one of the largest and hardest schools we have in the Agency. She is a very wonderful person and a splendid teacher, and the results of her work amongst the Kingcome Indian people are now beginning to show in many ways. We have schools in this Agency where there are only half the pupilage of the Kingcome School, where the teacher receives \$900.00 per annum, and I feel the Department should increase Miss Arrowsmith's salary so that it will be in line with that of the other teachers.

I have just returned from attending the Sports celebration at this Indian village, and spent some six days there. Miss Arrowsmith mentioned this matter to me before I left, and asked if I would place the matter before the Department and I told her I would be pleased to do so if she would write me to this effect. I consider with the years of service Miss Arrowsmith has given the Department and the splendid work she has done, consideration should be shown her request, and I would therefore recommend that beginning with the next school term her salary be increased to \$900.00 per annum.

Would the Department please give this matter their serious consideration and advise me in due course.

Your obedient servant,

(M. S. Todd)
Indian Agent

A.

Dear Sir:

I desire to refer you to my letter of March 23 with reference to an increase in salary for Miss Arrowsmith, teacher of the Kingcome Inlet Indian day school.

The Department has recently received from Inspector Barry a report indicating that very unsatisfactory work has been done by the teacher during the past year.

I regret to receive this information and under the circumstances it will not be possible to allow Miss Arrowsmith the increased salary that we intended to give her.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir;

After reading School Inspector Barry report of the Kingcome Inlet Indian Day School, as well as from information I have over matters which has taken place during the past six months, I do feel it is in the best interest of the Indians and all concerned the present teacher be transferred to another school forthwith.

I therefor recommend this be done, and if possible an older person be appointed to this position, preferably a married man if this can be arranged.

Your obedient servant

1. Barry
2. Supply

Extract from Inspector Barry's report on the Kingcome Inlet Indian day school inspected on June 12, 1939:

I am forwarding herewith my report on the Kingcome Inlet Indian day school, Anglican Church, Kwawkewlth Agency, which I inspected on June 12th.

I regret to inform you that the progress of the school does not appear to me to have been as satisfactory during the past year as has been the case formerly. The teacher would appear from the records to have been ill at least twice, involving a loss of five school days on each occasion.

From various sources I understand that it is the practice of the teacher to attend Indian dances on the local Indian Reserve, some of which dances may in fact be open to objection on the ground that Indians from other Indian Reserves attend without permission and take part in tribal dances. May I refer you to matter appearing in a recent issue of The Log of The Columbia.

In general I am of the opinion that the teacher should be warned by the Department that the last report on the Kingcome Inlet Indian day school is not altogether satisfactory, that under no circumstances should she attend Indian dances while teacher of the school, and that if her work is not more satisfactory when next reported on her future services will not be required.

While it would be better to have a change of teachers at this school next September, Miss Arrowsmith's previous work makes it impossible for me to ask for her dismissal at the present time. I did suggest to her that she had perhaps been long enough at Kingcome Inlet, five

Dear Sir:

I desire to refer to your report for the month of February in which you recommend an increase in salary for Miss Arrowsmith, teacher of the Kingcome Inlet day school.

Careful consideration has been given to this matter and it has been decided to allow Miss Arrowsmith an increase in salary of \$10.00 a teaching month, effective from September 1, 1939. This will make her salary from that date at the rate of \$850.00 a year.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

EXTRACT
ORIGINAL ON

AGENT'S REPORT ON KWAWKEWLTH AGENCY FOR FEBRUARY 1939.

On February 19th I proceeded to Vancouver on
Departmental business which occupied the following week.

I should like to mention the splendid work being
carried on at Kingcome by Miss Arrowsmith, teacher, and
Miss Vivash, Nurse. This mission is very isolated and these
two ladies are rendering services to the Indians and the
Department of untold value. They are both very much liked by
the Indians themselves, and I should like to particularly
mention the good work being done by Miss Arrowsmith.
She is a music teacher and has taught the Indian boys and
girls sufficient so that they now have a very good orchestra
and band in the village. It is hardly believable that one
could accomplish so much in a short space of time; it has
meant a lot of hard work on her part in addition to her
regular school duties and she deserves great credit for her
efforts. In my opinion Miss Arrowsmith is one of the best
teachers we have in this agency and is receiving less
remuneration than any of the others. I have brought this
to the department's attention before, and I feel unless
the department are prepared to increase her salary to
Ninety Dollars a month in line with the other teachers, we
will be losing her services and that I would regret very much.
I should like to recommend now that beginning April 1st
Miss Arrowsmith's salary be increased to Ninety dollars
a month.

M.S. Todd.
Indian Agent.

EXD.

Ottawa,
June 13, 1938.

Dear Sir:

I am in receipt of your letter of the 3rd instant enclosing letters received from Inspector Barry and Indian Agent Todd with reference to the salary of Miss Arrowsmith, teacher of the Kingcome Inlet Indian Day School.

In view of the present set up of our appropriation it is not possible to increase the salary of a teacher of an Indian Day School unless special provision was made for this purpose. In preparing our estimates for the current fiscal year we only provided salary for Miss Arrowsmith at the same rate as she has been paid previously. Consequently, it will not be possible to increase her salary at the present time.

When preparing our estimates for the fiscal year 1939-40 consideration will be given to the provision of an additional amount to enable us to increase her salary.

Yours truly,

Philip Phelan,
Chief, Training Division.

P. O. Box 70,

INDIAN AFFAIRS
BRANCH

June 3, 1938.

Dear Sir:

I enclose copy of a communication from Capt. G.H. Barry, Inspector of Indian Schools, in the matter of salary paid to Miss P.M. Arrowsmith, the teacher of the Kingsome Inlet Indian Day School in the Kwawkewlth Agency.

Mr. Indian Agent Todd apparently recommends the increase in salary for this lady. As you will see, in general, Inspector Barry agrees with this increase. Taking into consideration the fact that this school at Kingsome Inlet is situated in an extremely out-of-the-way spot and that Miss Arrowsmith, whether she holds a first class certificate or not, has admittedly made quite a success of the school and therefore accomplished what we require, and this over a period of four years, I recommend that Miss Arrowsmith be paid at the rate of \$90.00 per month. I mention a monthly payment because apparently most of our teachers are so paid.

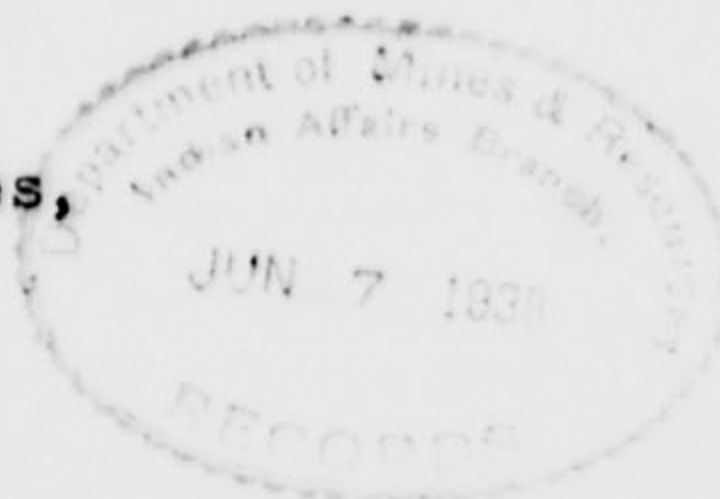

Yours faithfully,

D. M. MacKay
D. M. MacKay.

R.A. Hoey, Esq.,
Sup't. of Welfare and Training
Indian Affairs Branch.

Dear Sir,

Our Secretary, Mr. Drew, has handed me your letter
file 156-17-1 of Nov 20th last, regarding Miss Phyllis
Arrowsmith.

If it is in order, I would like a copy of the
report made upon Miss Arrowsmith's work as a teacher at
Kingcome Inlet, by Capt. Barry. with anything in it that
actually suggests inefficiency in her work.

Miss Arrowsmith is engaged upon her fifth year as a
teacher there, and throughout that period has shewn an
interest in the work she is doing there among the Indians
far above that of the average teacher. She spends consider-
able sums out of her own pocket in the teaching of
handicrafts to the children, and is indefatigable in her
efforts to develop the youngsters in and out of school.

I have reason to believe that the source of the
criticism may be the Indian Agent at Alert Bay, and I am
most anxious to know exactly on what grounds they have
turned in an adverse report. If I had Capt. Barry's
official report, I could then deal more satisfactorily with
Miss Arrowsmith, as she is the appointee of this Mission
in conjunction with the Archbishop of this Ecclesiastical
Province, Archbishop de Pencier.

Trusting you will co-operate with me by giving me
the reports as submitted by the Indian School Inspector,
I remain,

Faithfully yours,

Alan D. Greene
Superintendent.

Dr. H. W. McGill,
Director of Indian Affairs,
Ottawa, Ont.

Dear Dr. McGill:

Miss Phylis Arrowsmith, the teacher at Kingcome Mission, Kingcome Inlet, in a letter to this office writes as follows:-

"When I returned here there was a letter waiting for me from Mr. Todd saying that the Dept. had decided not to give me my rise. Did you know? It has upset me a lot because it is far from being just but I don't know what to do about it until I see Mr. Greene and Capt. Barry."

Mr. Greene has asked me to take the matter up with you as he is under the impression that Miss Arrowsmith should be receiving \$900.00 per annum, this we understand being the wage paid to teachers in the Indian Villages. At present Miss Arrowsmith is only receiving \$750.00 per annum

We would appreciate hearing from you in this connection at your earliest convenience. Thanking you in anticipation of your favor.

Yours sincerely,

Secretary.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Ottawa, December 6, 1939.

Dear Mr. Greene:

I have for acknowledgment your letter of December 1, in which you seek information with respect to reports received by this Department on the work of Miss Phyllis Arrowsmith, teacher at the Kinscome Inlet Indian Day School.

Reports received from school inspectors and field officials become part of the public records and it has not been the policy or practice of governments at any time to supply copies of these, to parties who may seek to secure copies. All such reports, of course, are liable to be tabled in the House of Commons but only after a formal motion for their tabling has been passed in the House of Commons.

It is just possible that Miss Arrowsmith's health has been to some extent responsible for the adverse reports that have reached this Branch in respect to her work. The Inspector in his report intimates that Arithmetic in Grade 1 is weak. He states that he explained to the teacher that much more thorough teaching was needed and that he taught a lesson in Arithmetic to prove to her that a very good knowledge of the subject matter could easily be obtained with greater care in the presentation of the lessons. The Inspector states that in general the pupils are very backward. Grade 3, for example, he states, made a Mid Score of only 3 in the B. C. Achievement Test, the Norm being in this case 19. It is noted that the

teacher -

Reverend Alan D. Greene,
Superintendent,
Columbia Coast Mission, Inc.,

ARCHIVES PUBLIQUES

CANADA

teacher was ill twice for five days each time during the school year and that the school was closed during these periods.

It has been reported also to the Department that it has been the practice of this teacher to attend Indian dances on the reserve. You are probably aware that it has been the policy of the Department in recent years to discourage a great many of these tribal dances. The officials here have learned from experience that these dances are in no sense uplifting and often lead to a number of abuses.

I have today written to Major D. M. MacKay, Indian Commissioner for British Columbia, and suggested to him that he interview you in connection with this matter. It is altogether likely, therefore, that Major MacKay or Inspector Barry, or both of them, may call upon you in the immediate future. In the meantime, I may state that it is not possible for the Department to seriously consider the advisability of increasing this teacher's salary, in view of the reports on file relating to her work.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

In forwarding the quarterly return of the Kingcome Inlet Indian Day School Indian Agent Todd reports that without authority Miss Arrowsmith closed the school ten days before the regular closing date.

As you are aware the cheques are issued monthly and have to be mailed from here about a week before the end of the month. As a consequence Miss Arrowsmith's cheque for June was forwarded before the Agent's letter arrived. Consequently no deduction was made on account of her early closing of the school. I am not certain if it is the intention to nominate Miss Arrowsmith for any other Indian school but her action in leaving before the school should have been closed is not such as would recommend her for another appointment.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

I have to refer to your letters of May 25th, file 156-17-1, and June 18th, file C 150-48, with enclosures, regarding the operation of Indian Day Schools in the Kwawkwalth Agency. In this connection, I beg to forward a copy of a letter received from Inspector Barry following a careful review of the subject with him.

Briefly, Inspector Barry makes the following recommendations:

- A. That the Mamalillikulla and Kingcome Inlet Indian Day Schools be operated as seasonal schools for a term of five months each year from January 1st to May 31st.
- B. That the Quatsino, Cape Mudge and Campbell River Indian Day Schools be operated each year on an eight month basis from October 1st to May 31st.
- C. That a special summer school be operated at Alert Bay for the months of August and September to take care of the children from Kingcome Inlet, Mamalillikulla and Alert Bay schools who will be living with their parents in the village from July 1st to October 1st.

✓ The Alert Bay, Mamalillikulla, Kingcome Inlet and Quatsino schools are dealt with in a separate report on the Indian Day Schools working under the auspices of the Anglican Church in B.C. going forward to the Department within the next few days. A separate letter is also being dispatched covering certain schools operated under the auspices of the United Church, not covered in my report of May 1st and regarding which recent inquiries have been

IN YOUR REPLY REFER TO
NO 15/6210
ALSO TO DATE OF THIS LETTER

P.O. BOX 70
VANCOUVER, B.C. June 18, 1940.

Dear Major MacKay:

At your request I have considered with some care Departmental letter 156-17-1 of May 25th and attached correspondence.

As Mr. Indian Agent Todd has submitted his recommendations with regard to the future operation of certain Indian Day Schools in the Kwawkwalth Agency direct to the Department and as the Department has seen fit to reply directly to Mr. Todd, I cannot help but feel that I have been placed in an awkward position. However, as you request my suggestions, I would recommend as follows:

As the Indians do not return to Village Island until quite late in the year, I would recommend that Mamalilikulla Indian Day School be operated from January 1st to May 31st yearly. This would place the school definitely in the category of a part-time school and would, incidentally, save the Department the teacher's salary for three months for at present authorization has been given for an academic term lasting from November 1st, 1940, to June 30th, 1941.

A report on the conditions at this school is given on page 6 of my Survey Report On Small Indian Day Schools, dated January 6, 1940. My main reason for recommending that this school be put on a part-time basis is that there is a very small average attendance except, perhaps, between January 1st and May 31st yearly.

Owing to the small attendance in September and June, I consider that the Quatsino Indian Day School should only be operated from October 1st to May 31st yearly. Authority is at present given by the Department for this school to operate from October 1, 1940, to June 30, 1941. Should my suggestion be followed, you would save the salary of the teacher for one month at this school.

Major D.M. MacKay,
Indian Commissioner for B.C.
P.O. Box 70,
Vancouver, B.C.

Major MacKay

-2-

June 18, 1940.

On page 7 of my Survey On Small Indian Day Schools I pointed out that in June last all the Indians had moved away from the village.

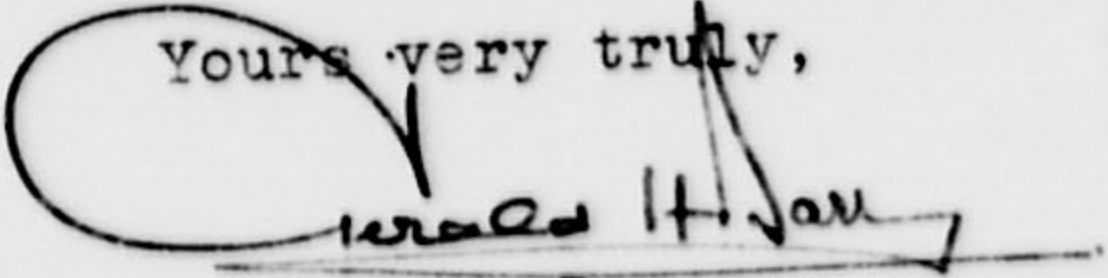

With regard to the Kingcome Indian Day School, the present decision to operate the school on a six months basis from January 1st to June 30th is, in my opinion, quite satisfactory, though even here it might have been better to operate from January 1st to May 31st yearly as has been recommended in the case of the Mamalillikulla Indian Day School.

The Campbell River and the Cape Mudge Indian Day Schools are located quite near to one another and might well be treated in the same way. At present authorization has been given for the Campbell River school to be opened from October 1, 1940, to May 31, 1941. The attendance during the month of June at these schools is, in most years, quite low and I would recommend that in the case of both the Campbell River and the Cape Mudge Indian Day Schools the authorized academic term be from October 1st to May 31st yearly.

Should my suggestions as outlined above be followed, a considerable saving in teachers' salaries could be effected. The case of the Alert Bay Indian Day School is, however, in an entirely different category. The B.C. Packers Ltd. intend to operate their cannery at Alert Bay this year. This cannery has been closed for a number of years. The result will be that during the months of July, August and September a very large number of children, pupils of the Kingcome Inlet and Mamalillikulla included, will be at Alert Bay.

At Alert Bay Indian Day School the present authorized term is from October 1, 1940, to June 30, 1941. While this is a perfectly satisfactory arrangement, I would strongly recommend that during the months of August and September 1940, Alert Bay Indian Day School be operated as a two Division Summer School, the teachers being paid their usual monthly salary. If the Department follows my suggestions with regard to the other schools in the Kwawkwalth Agency, there will no doubt be more than sufficient funds saved on their operation to finance the suggested Alert Bay Summer School.

Yours very truly,

Gerald H. Barry,
Inspector of Indian Schools.

EXD.
A

Ottawa,
May 25, 1940.

Dear Sir:

In replying to circular letter of May 10, 1940, regarding the operation of Indian day schools for the academic year 1940-41 Indian Agent Todd writes as following in connection with the Kingcome Inlet School:

"The Kingcome Indian Day School has always been one of our problems and worries. When the Indians are at home, the school has always had a good attendance and been successful, but on account of there being no means of livelihood for the Indians at Kingcome, they must leave there and go on their traplines or dig clams from the time the fishing season is over until the New Year and has resulted in very poor attendance, in fact two years ago there were very few children in the village until after the New Year. Quite a number of these children will be in Alert Bay living with their parents and will be going to the Alert Bay Day School, and I do not believe it would affect the children's education very much if this school was not opened until January 1st of each year. I would therefore recommend that the Kingcome School open on the 1st of January and remain open until June 30th."

In view of this information we are advising him that the Department approves the school operating from January 1 to June 30, 1941. If, however, you are aware of any reason why we should change this decision please let me know.

I enclose copy of Departmental letter to Indian Agent Todd.

Yours truly,

Major D. M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B. C.

January 23, 1940.

Dear Sir:

Your File 156-17-1.

With reference to your letter of December 6th with enclosure, I beg to advise that by arrangement Rev. A.D. Greene visited this office today when the subject matter of the above referred to correspondence was discussed. Inspector Barry was present during the entire interview.

As a result of an examination of all the circumstances involved Mr. Greene, Capt. Barry and I agreed that it would be best to permit Miss Arrowsmith to complete the current school year at Kingcome and that if at all possible arrangements be made during the summer recess to secure her transfer, preferably as second or third teacher, to another Day School.

Mr. Greene did not press the question of a salary increase for Miss Arrowsmith.

The annual inspection of the Kingcome School will be made before Easter when a further report on Miss Arrowsmith's work will be submitted by Capt. Barry.

Perhaps I should add that Rev. Mr. Green expressed the opinion that Miss Arrowsmith had been somewhat indiscreet in her associations with the young men of the Reserve and also that she had undertaken too many activities of a missionary character and thus limited the time available for the preparation of her school work.

Yours faithfully,

D. M. MacKay

D.N. MacKay, Esq.,
Indian Commissioner for B.C.
Federal Building,
Vancouver, B. C.

Dear Sir:-

The Rev. Eric Cole of Clandeboye, Manitoba, has been recommended to me for work in Kingcome Indian Village.

He was for some time on the staff of one of the Indian Residential Schools, and then went to Emmanuel College, Saskatoon, and read for Holy Orders. His wife, Mrs. Cole, was for some time Head Matron of the MacKay Indian School, and later of Elkhorn School. She is a trained nurse, and the Rev. Dr. Westgag, of our Indian and Eskimo Residential School Commission, speaks very highly of them.

If the Department would pay part of the salary I would be responsible for the other portion, and, instead of having two women, - a nurse and a teacher, - as we have had at Kingcome for several years past, we could have this clergyman and his wife. His Testamer from his college, and his knowledge of Indian School work, should qualify him to do the necessary teaching at Kingcome.

If this nomination meets with the Department's approval I suggest that he should begin his work there by the middle of October, for, from the experience of previous years, there will be quite a number of Indians and their families returning to Kingcome by that time.

I am,

Yours faithfully,

A. U. de Pencier
Archbishop of New Westminster.

Kwawkewlth Agency

Monthly Report of M.S. Todd, Indian Agent.
for the month of

FEBRUARY, 1941.

x x x

The following schools were visited and inspected during the month: Kingcome Inlet, Village Island, Cape Mudge and Campbell River. I found everything satisfactory at all schools with the exception of Kingcome, which was closed on account of no parents being in the village. The teacher informed me there were only two children in the village, and she did not think it was sufficient to hold school. I have however since visiting there received a letter from her stating that she opened school on Monday, February 17th, and that there were three children in school. I checked up with the parents to find out when they would be sometime in March, but that they were not certain as yet. A separate report is being forwarded in connection with this school. I might state I was very favourably impressed with the new teachers at Kingcome, Mrs. Massey, and regret that she has not had a more worth-while term as yet.

KWAKWETH AGENCY

Monthly Report of M.S. Todd, Indian Agent.
for the month of

JANUARY, 1941.

x x x

The schools in the Agency opened on time after the Christmas holidays, with the exception of the Junior room of the Alert Bay Indian Day School owing to the illness of the teacher, Miss Flick but this room reopened on January 10th. Owing to considerable illness amongst the Indians the attendance is not very good up to the present. In connection with the Kingcome School, I am just informed by Mrs. Massey, the newly appointed teacher, that up to the time of her writing no Indians had returned to Kingcome from Gilford Island. This school will receive particular attention and will be reported upon from time to time; I expect to be there sometime about the middle of February and will make a report immediately thereafter.

AIRMAIL

Dear Sir:

*Two letters
received*

In reply to Departmental letter 156-17-1, dated August 7, I am returning herewith letter of explanation addressed to Mr. P. Phelan by Miss Phyllis Arrowsmith, formerly teacher of the Kingcome Inlet Indian Day School.

In my letter 15/6/7029 of the 2nd instant, the explanation made by Miss Arrowsmith was referred to. Since then I am in receipt of a copy of a letter from Mr. Indian Agent Todd, addressed to the Department and dated August 5th, in which complaint is made that Miss Arrowsmith delayed forwarding her Quarterly Return in connection with the attendance at the Kingcome Inlet Indian Day School.

I have discussed with Inspector Barry the early closing of the Kingcome Inlet Indian Day School and the delay in forwarding Quarterly Returns. I find that he has inquired into the whole matter with considerable care.

It would appear that Miss Arrowsmith closed the Kingcome Inlet Day School when all the Indians had left that village. Her explanation that owing to the absence of Indians, she was unable to hire a boat to take her to Alert Bay would appear to be valid. It was, therefore, impossible for her to communicate with Mr. Indian Agent Todd at that time. She returned to Vancouver direct in the regular way, by Union Steamship, and not via Alert Bay and informs Inspector Barry that she mailed the Quarterly Return of her school as soon as she could

possibly do so, which was soon after her arrival in Vancouver.

Inspector Barry considers that Miss Arrowsmith's explanations, both verbally and in her letter of August 2nd addressed to Mr. Phelan, are, under the circumstances, quite satisfactory and he suggests that approval be given for Miss Arrowsmith's appointment as teacher at the Lakalsap Indian Day School. I would recommend that she be so appointed.

Yours faithfully,

D.M. MacKay

Mr. P. Phelan,

Indian Affairs Branch,

Dept. of Mines and Resources,

Ottawa.

Dear Sir,

It has been brought to my attention that the Department's notice has been called to the fact that I closed the Kingcome Indian Day School ten days before the expiring of the term in June 1940 and I deemed it advisable to place you in possession of the facts of the case, particularly in view of the proposal that I be transferred to the Lakelse Indian Day School.

Indian Affairs. (RG 10, Volume 6395, File 818-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Prior to my closing the Kingcome school every Indian of the village had left there and proceeded to their fishing grounds and the nurse and myself were left alone. Consequently there was no point in carrying on the formality of opening and closing the school for the remaining ten days. It was impossible to inform the Indian Agent to secure his permission as, owing to lack of mail connection, it would have taken two weeks to receive a reply, by which time the term would have expired. I could not call on him on my way out as the S.S. "Venture" calling at Kingcome, does not touch at Alert Bay. Consequently I could only inform him in the usual way by my Quarterly Report and reference to this will show that I did so. My explanation has been made, in person, to both Captain Barry and Inspector Colman.

Indian Affairs. (RG 10, Volume 6395, File 818-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

It is very much regretted that this incident has reflected on my attention to my teaching duties but it will no doubt be obvious that I have no control over the movements of the Indians and the seasonal run of fish and the futility of my remaining in a deserted Indian village would be quite apparent.

I trust this explanation is satisfactory and that I will receive an appointment to the Lakelse Indian Day School in the near future.

It would be appreciated if you would kindly advise the Indian Commissioner for B.C. by air mail.

Trusting you will give me the opportunity to continue to teach the Indians,

I am

Yours very truly,

Phyllis M. Arrowsmith.

Dear Sir: Your File 156-17-1.

With reference to the appointment of a teacher at Kingcome Inlet Day School, I would call attention to a discrepancy, in that your letter of the 18th ultimo states that the salary to be paid would be at the rate of \$90 a teaching month, while your letter of the 24th ultimo states that it would be at the rate of \$75 a month.

I am of the opinion that as the term has been reduced to five months the higher rate of \$90 per month should prevail.

Yours faithfully,

FILED

Dear Sir:

I am in receipt of your letter of the 17th instant enclosing a letter from the Archbishop of New Westminster nominating Rev. E. Cole as teacher of the Kingcome Inlet Indian Day School.

The last paragraph of the Archbishop's letter reads as follows:

"If this nomination meets with the Department's approval I suggest that he should begin his work there by the middle of October for, from the experience of previous years, there will be quite a number of Indians and their families returning to Kingcome by that time."

If you refer to official letter of May 25 which referred to a letter received from Indian Agent Todd it is evident that very few children returned to Kingcome before the first of the year and consequently the Indian Agent suggested a six-month term from January to June. When this was submitted to Inspector Barry he recommended reducing the term by one month but he also mentioned January 1 as the opening date. In this connection I refer to your letter of July 3.

As far as this Branch is concerned our officials in the field, who should be conversant with local conditions, appear to be unanimous that there is not much advantage in operating a day school at Kingcome Inlet before January 1. I, therefore, consider that you should advise the Archbishop of New Westminster that very careful consideration has been given to the situation at Kingcome Inlet and as a consequence it is

felt that we would not be justified in operating the school for a period longer than five months; namely, from January 1 to May 31.

There is no objection whatever to Rev. Mr. Cole's appointment and in the event of his deciding to go to Kingcome Inlet salary will be allowed him for teaching the day school at the rate of \$75.00 a teaching month for the period mentioned above. You should let me know later if Mr. Cole is at Kingcome.

Yours truly,

Philip Phelan,
Chief, Training Division.

Schultz
Dear Sir:

I enclose herewith nomination of His Grace Archbishop de Pencier of the Rev. E. Cole of Clandeboye, Manitoba, as teacher at the Kingcome Indian Day School, from which it will be observed that his wife is a graduate nurse and able to take care of the nursing services on this Reserve, which were formerly carried out by Miss Vivash, the services of this nurse having been paid for by the church authorities.

I have discussed this matter with Mr. Inspector Barry and he informed me that he had no objection to the appointment of Rev. Cole as he had recommended that the school at Kingcome Inlet be reduced to five months, but it will be observed that the Archbishop contemplates a term of eight and a half months. If the church are to continue paying the salary for the nursing services at this point it may be necessary to make a compromise in the arrangement regarding the term, otherwise the unpaid period for the teacher would scarcely justify his remaining on the Reserve during the vacation period although for probably three months of this time the Indians are largely absent on their fishing grounds.

Your advice would be appreciated.

Yours faithfully,

James Coleman

Alert Bay, B.C.,
5th March, 1941.

Dear Sir,-

On February 16th last, I visited Kingcome Inlet Mission, and as requested in your letter of January 30th, file 15-6-68, I beg to make the following report.

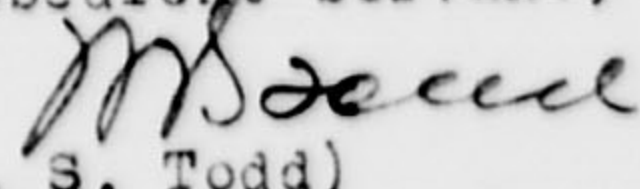

I was informed by Mrs. Massey, the teacher of the Kingcome Inlet Day School who arrived at Kingcome on January 1st that there were only two children in the village, who had only recently arrived, and that she had not thought it worth while holding school. On February 17th she wrote me stating she had started school and had three pupils.

Since then I have visited Gwayasdums Reserve where the Kingcome Indians are now living, and upon making enquiries was informed it would be near the end of March before all the people would have returned to Kingcome. They stated the odd family might return previous to this but that the band would not all be there until the end of March. This will give us only a little over two full teaching months at this school as it closes on May 31st.

It is difficult to make recommendations in respect to this problem at Kingcome. As the Department is aware, I have previously recommended that the Kingcome village should be located at Gwayasdums Reserve, and from our experience this year it would appear that eventually this will have to be done. Each year the Indians go to Gwayasdums and locate there while they are digging clams and on their traplines, and I can see no change from this procedure in years to come.

In my opinion, a conference should be held between the Indians concerned, the Columbia Coast Mission and the Department sometime this spring with a view to definitely arriving at a decision as to the future. To move them from Kingcome to Gilford Island will cost considerable, but I think it is the only solution to this problem. I should like to see the Tsawataineuk, Ahwhamish and Kwicksutaineuk Bands all located at Gilford Island, Gwayasdums Reserve, and a proper village established there. They have a good water supply, a splendid townsite, native food, plenty of fuel, and a good mooring for their boats, but before anything could be done it would be necessary as stated above to hold a conference as suggested. I believe the Columbia Coast Mission would look favourably upon this, although it would mean the Mission being transferred from the Diocese of New Westminster to the Diocese of British Columbia, which in my opinion, would be a good thing.

Your obedient servant,

(M. S. Todd)
Indian Agent

AIR MAIL

Dear Sir:

With reference to your letter of the 3rd instant the Department approves the re-opening of the Kingcome Inlet Indian Day School. As you suggest, it should be operated on a seasonal basis; namely, from January to May.

The appointment of Mr. E.W. Christmas as teacher for the current term is approved and he will be allowed salary at the rate of \$90.00 a month plus bonus. Indian Agent Todd should keep you informed regarding the attendance at this school as its continuance next year will depend upon the attendance secured this year. I attach the necessary forms which Mr. Christmas should complete and return as soon as possible.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

VANCOUVER, B.C. January 3, 1942.
AIR MAIL.

Dear Sir:-

I would refer you to the last paragraph of Department letter 156-17-1 of April 3, 1941, in which I was informed that, in view of the unsatisfactory attendance it was not the Department's intention to re-open the Kingcome Inlet Indian Day School, Kwawkwalth Agency during the present academic year.

The Officials of the Columbia Coast Mission of the Anglican Church have, for sometime, been very anxious to have the above School re-opened. In this connection I am forwarding herewith, for the information of the Department, a copy of my letter 15/6/5871 of December 19th, last addressed to Rev. Alan D. Greene together with copy of the Bishop of New Westminster's reply dated January 2, 1942, and of Rev. A. D. Greene's covering letter of the same date.

6
95+

I would particularly draw the Department's attention to the second paragraph of my letter of December 19th last addressed to Mr. Greene, where it was clearly pointed out that, the suggestion of Mr. Todd and Inspector Barry, that the possible re-opening of the above School depended entirely on the regular attendance of a sufficient number of pupils. It will also be noted in the same paragraph, that I informed the Superintendent of the Columbia Coast Mission that it was not known here whether funds had been provided in the current year's Estimates for a seasonal school at Kingcome Inlet and that no assurance could be given that the Department would provide the necessary funds, in view of the poor attendance last year.

In forwarding this correspondence I would recommend that favourable consideration be given to the request of the Columbia Coast Mission, that the Kingcome Inlet Indian Day School be re-opened, if there are any funds available,

Indian Affairs. (RG 10, Volume 6395, File 818-1, part 1)

provided that the Department retains the right to close the school at any time, without notice, should the attendance be considered unsatisfactory.

Should the Department decide to re-open the Kingcome Inlet Day School as a seasonal school operating on a five months basis from January 1st to May 31st, the nomination of E. W. Christmas of "Mink Lake Farm" Margo, Sask., as Teacher might also be given favourable consideration, although this man has no previous experience as a Teacher. This matter has, of course, been discussed with Inspector Barry who is prepared to assist Mr. Christmas in any way possible prior to his taking up such an appointment.

I should be glad to have the Department's decision in this case by Air Mail, and to know the salary which will be allowed Mr. Christmas at Kingcome Inlet School should the Department decide to re-open the school and appoint him as Teacher.

COPY.

5/6/5571.

December 19, 1941.

Dear Mr. Greene:

I have to refer to your letters of December 3rd and 17th and our recent conversation regarding the possible re-opening of the Indian Day School at Kingcome Inlet.

This matter was discussed yesterday with Mr. Indian Agent Todd who suggested that it would be well to re-open the school provided a sufficient regular attendance could be assured. I might add that in discussing the matter with Inspector Barry he also expressed this view. You might, therefore, let me have at your earliest convenience a nomination of a qualified teacher to take charge of the school early in the new year, when the whole subject will be submitted to the Department for consideration.

It is not known whether funds have been provided in the current year's Estimates for a seasonal school at Kingcome Inlet nor can any assurance be given that the Department will provide the necessary funds, in view of what occurred last year. I might also add that should the Department approve of the re-opening of the school, it would be definitely a seasonal school of not more than a five month term. The Department will also reserve the right to close the school without previous notice once the attendance does not justify its continuance.

With special reference to your letter of December 17th, I may say that the establishment of a school for Indian children at Kingcome Inlet to be operated purely under the Anglican Church auspices would require previous Departmental approval and I can not give any assurance at the moment that this would be forthcoming.

Yours faithfully,

/GR

COLUMBIA COAST MISSION, INC.

Vancouver, B.C. January 3, 1942.

Indian Commissioner for B . C.
P. O. Box 70-
Vancouver. B.C.

Dear Major MacKay:

Replying to your letter 15/6/5671 dated December 19th and addressed to Mr. Greene, I am glad to read that you and Inspector Barry, as well as Mr. Todd, the Indian Agent, are prepared to recommend to Ottawa that the Indian Day School at Kingcome Inlet be re-opened for this coming term ending May 30th or thereabouts.

Mr. Greene has informed me that every effort he has made to date, both in the Province and in Eastern Canada, has failed so far as securing a certified teacher is concerned, and he also informs me that in his considered opinion we might well nominate Mr. E. W. Christmas of "Mink Lake Farm", Margo, Sask., for the position, in spite of the fact that Mr. Christmas is not, nor never has been, a teacher. Mr. Greene, from correspondence with Mr. Christmas and references he has secured regarding him, ventures to offer the following comments in support of his recommending to me that as an alternative, Mr. Christmas be nominated as the teacher.

"First of all, everything in the correspondence goes to show that Mr. Christmas is a man of excellent moral character, judging from his reputation in Moose Jaw, Sask., up to the year 1930, and his subsequent career as a farmer near Margo, Sask.

Secondly as to his general ability. The correspondence again suggests a man of culture and good education, but as far as we at present know, his schooling ended in the Gravesend County School, Kent, England, but his gifts are varied in that he is a keen agriculturist, and is eager to encourage the development of self-supporting Indians at the Kingcome Indian Reserve along the lines of intensive gardening. He is a carpenter and wood-carver,

Indian Affairs. (RG 10, Volume 6395, File 818-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

and apparently a very capable craftsman in that direction. He has also considerable musical talent, being the organist in his parish church at Moose Jaw for some three years. He served also as Choir Master and Vestry Clerk, and was very keen about work amongst young people. He was fifty years of age on June 23rd 1941, and would be taking his wife with him to the Mission. She again is keenly interested in Social Welfare work and practical nursing, and between the two of them I believe they would make a very fine contribution to the general well-being of the Indians at Kingcome."

I have written him, subject to your readiness to accept a non-certified teacher, asking him if he would be prepared to undertake the teaching in the Kingcome Day School, advising him that the attendance would range anywhere from ten to twenty-five and possibly more at its peak, with the lower grades predominating."

Mr. Christmas, in one letter to Mr. Greene, wrote - "I have not of course trained for teaching school (but) I know, from frequently having been told so, that I have some gift as to clarity, patience and so on, as a tutor, practical and theoretical, in such widely differing subjects as agriculture, carpentry, and elementary orchestral work. I have always been keen on cricket and football, as well as indoor gymnastics".

Mr. Greene and I have given the matter careful thought, and in view of the seeming impossibility of getting a certified teacher, I recommend Mr. Christmas as the nominee for the position of teacher, trusting that his letter or telegram, which should arrive by Saturday noon of this week, will confirm his readiness to tackle this important work.

I might add that Mr. Christmas is prepared in the summer months to move with the Indians to cannery centres such as Glendale, Knights Inlet, and to carry on with social, educational and evangelistic work there, so as not to lose contact or continuity in his work with the Indians during their long three month's absence every summer.

Trusting you will give this nomination your favourable consideration, I remain,

Faithfully yours,

"Francis C. C. Heathcote".

Bishop of New Westminster.

Dear Sir:

I beg to advise that the attendance at the Kingcome Indian Day School has been very unsatisfactory due to the absence of the Indians from the Reserve. Consequently, a report was requested from Mr. Indian Agent Todd and I enclose same herewith.

In my opinion, if the school can find pupils sufficient for only two months of the year, it would be advisable to close it entirely until such time as the Indians locate their village at a point where their work will not interfere with school attendance.

Yours faithfully,

For D.M. MacKay,
Indian Commissioner for B.C.

PLEASE QUOTE
FILE

Alert Bay, B.C.,
June 18, 1942.

Dear Sir,-

Further to my letter of May 28th last, I now wish to make a further report on the Kingcome Inlet Day School, dealing with the period January 19th to May 31st 1942 during which this school was open, and making recommendations as to its future.

On March 31st the quarterly return was submitted, showing the following information:

Number of pupils on Register	-	28
Average attendance	-	19.4

A return has now been received for the months of April and May, as follows:

Number of pupils on Register	-	35
Average attendance	-	22.75

Under the circumstances, I consider the average attendance as fair, although there is much room for improvement.

On March 16th last I visited this school, and was favourably impressed with Mr. Christmas, the teacher in charge. He has a son fourteen years old who was assisting him in the classroom. The pupils appeared happy and contented; they were clean and responsive, and the discipline was good. I was of the opinion progress was being made, and that even though Mr. Christmas is not a qualified teacher, the opening of the school was worth while.

Mr. Christmas' presence in the village no doubt is an asset to the Department, and although I am opposed to unqualified teachers being employed, nevertheless when it is impossible to get teachers, I feel under the circumstances this school should be continued under its present arrangement provided the Indians agree to return to school on the date set for the opening. Some time ago a petition was forwarded to your office from the Indians requesting that the school be reopened on October 1st next. I feel, however, that this date is too early, as the families will not be able to leave the canneries by that time. I would therefore recommend that the Kingcome Day School be reopened on November 15th next, to continue until May 31st, 1943.

Your obedient servant,

Dear Sir:

With reference to your letter of the 24th instant, you may advise Indian Agent Todd that the Department approves the extension of the term at the Kingcome Inlet Indian Day School. This will mean that this school will be in operation from November 15, 1942, to May 31, 1943.

You should advise me later if the present teacher, Mr. Christmas, intends to remain.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Major D. M. MacKay,
Indian Commissioner for B. C.,

Dear Sirs,

I am returning the enclosed cheque (for \$91.50) which was sent to me, it would seem in error, after I was away from Kingcome Inlet in June. The day-school at the Mission there closed on May 31st., since when I have been with the Indian children and their parents at the above address, for the summer fishing season.

The cheque was first re-addressed to me at Vancouver, where I had gone on a short business trip, and then followed me here. I waited temporarily for possible later word from your office, but hesitate to keep the cheque longer.

I shall be leaving here for Kingcome on October 1st.

Faithfully yours,

Ernest W. Christmas

EDUCATION:

The Kingcome Inlet Day School opened officially on November 15th, as reported by the teacher, Mr. E.W. Christmas. Mrs. J. Massey is still carrying on in charge of the junior and senior rooms of the Albert Bay School; it is hoped a junior teacher will be procured at the beginning of the new term after the Christmas vacation.

REPORT ON KWAWKEWLTH INDIAN AGENCY FOR THE MONTH OF MARCH, 1943.

EDUCATION -

There are four Day Schools in session in the Agency, all of which are considered satisfactory with the exception of the Kingcome School, on which a report has recently been submitted to Major D.M. MacKay, Indian Commissioner. Two Day Schools are closed owing to the inability of the Church to provide teachers. The Residential School is being carried on satisfactorily under the Principalship of Mr. F.E. Anfield; here too, difficulty has been experienced by the Commission in obtaining staff, but even with this difficulty the school is making good progress.

M.S. Todd,
Indian Agent.

Alert Bay, B.C.,
March 23, 1943.

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver, B.C.

Replying to the first paragraph of your letter of March 15th last, file 215-6-3097, I beg to submit herewith the following report on the Kingcome Inlet Indian Day School.

I inspected this school on February 26th and again on March 1st, and regret very much that I cannot make a favourable report, particularly when every effort has been made to keep the school open under adverse conditions.

I found the classroom dirty, with paper and refuse lying all over the floor; the children were untidy, and there was no discipline whatever in the school. Insofar as an academic inspection is concerned, I have no comments to make as we have a School Inspector who will, I hope, be visiting this school in the near future and this phase of the work is left entirely to him.

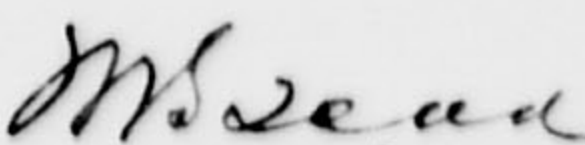

The children looked very tired, their eyes bloodshot, with the appearance of having very little sleep. This no doubt was due to them sitting up all hours of the night attending the Indian Custom dances which were going on at the time of my arrival. A separate report in respect to these activities is being made, so I will not make any further mention of this in this report.

I found that the teacher, Mr. E.W. Christmas, had been having difficulty with the parents as well as with the children. Some pupils were absent from school through this. I interviewed the parents, and had no difficulty in getting matters adjusted, and the children are now back in school. I believe the Indians themselves realize that Mr. Christmas is not an experienced teacher, and therefore he is not getting the support from the Indian people that he otherwise might.

In my opinion, Mr. Christmas has not got what it takes to be a teacher; he is tactless, and forever scolding and nagging until the children have reached the point where they pay no attention to what he says. It is possible that the discipline at the school may improve, as I made it very clear as to what was expected both from the teacher and the pupils.

The attendance at the school has been generally fair, although the register showed children present when I learned they had attended only a portion of the day; this was explained and adjusted so that the register shows the two half-day periods and attendance at each.

Apart from the fact that the carryings on of the Custom this winter has made it awkward and difficult for the teacher, nevertheless I must recommend that a change be made not later than the end of this term; had it been possible to obtain the services of another teacher at once I would have recommended that a change be made immediately, as I felt the situation was so serious.

(M. S. Todd)
Indian Agent

Your File 156-17-1

I enclose herewith copy of Mr. Indian Agent Todd's letter of the 23rd ultimo advising that conditions at Kingcome Indian Day School under Mr. E.W. Christmas are not very satisfactory. As you are no doubt aware, Mr. Christmas is not a professional teacher.

Chas. [unclear]
On receipt of this letter, I communicated with Rt. Rev. Sir F.C.C. Heathcote of New Westminster, under whose diocese the school is situate, advising that according to the Indian Agent Mr. Christmas was not making the success of his work that was expected and that it was suggested that he be replaced at the end of the present term but before referring the matter to you his comments would be appreciated. I have since received a call from the Bishop who objected to the release of Mr. Christmas at the expiry of the present term on the grounds that a poor teacher was better than none at all, a view with which I do not agree, as amongst other reasons, it prevents the employment of a more qualified teacher for the school in question.

Following the receipt of this letter, I endeavoured to have the school visited by the Provincial School Inspector for the district, but as Kingcome Inlet is not on the regular course of travel by the coastal boats, it will be impossible for him to get in to the school until the fall. Meanwhile, the only recommendation that I am prepared to make in the matter, apart from discontinuance of Mr. Christmas' services, is that his re-employment be contingent on his taking a course of summer school training at Victoria during the present year and subsequent evidence of more satisfactory handling of the Kingcome School.

Major D.M. MacKay, Indian Commissioner, P.O.
Box 70, Vancouver, B.C.

I have your letter of the 29th ultimo,
with reference to Mr. E.W. Christmas, teacher
of the Kingcome Inlet Indian Day School.

On reviewing the letter from Rt. Rev.
F.C.C. Heathcote forwarded to the Department
under cover of your letter of January 3, 1942,
I am under the impression that Mr. Christmas
might be more useful as a member of the staff
of a residential school than as teacher of an
Indian day school. Would the Alert Bay Resi-
dential School be willing to employ him? If
not, I feel that your suggestion should be
adopted; namely, that we will be obliged to
discontinue Mr. Christmas' services at the
end of June but that we would consider his
re-employment provided he takes a course of
summer school training at Victoria during the
summer of 1943.

R.A. Hoey,
Supt. of Welfare & Training.

I enclose herewith Mr. Indian Agent Todd's letter of the 4th instant with reference to teachers at the various Indian Day Schools in his Agency.

An endeavour will be made to secure the additional teacher for Alert Bay Indian Day School and it is hoped that the 10 months term will be sufficient inducement to interest a suitable person.

I have written Mr. Indian Agent Gillett with reference to Miss Hill's desire to transfer from Port Simpson Indian Day School to Campbell River Day School, requesting that she be asked to apply for a transfer through her Church authorities if the information supplied by Mr. Todd is correct.

I have already written the Department in respect to the re-employment of Mr. Christmas as teacher of the Kingsome Indian Day School.

Extract for 156-17-1

Original on 156-17-6

Extract from School Inspector V.Z. Manning's
report on the Kingcome Inlet Indian Day School
visited on January 16, 1944.

I found no pupils at this school. Mr. Christmas reported that all the Indians of the village with the exception of two adults had left a week before for another village on Gilford Island.

I was unable to inspect the school or to form a definite opinion of the pupils' progress but my interview with the teacher and an examination of the pupils' exercise books indicated that the pupils of this school are very backward.

Eighteen pupils were enrolled with an average daily attendance of ten for November; fifteen for December; and nine for three days of January.

AIR MAIL

Major D.M. MacKay, Indian Commissioner, P.O. Box
70, Vancouver, B.C.

I have your letter of the 9th instant,
enclosing the Provincial Inspector's report
regarding the Kingcome Inlet Day School. I note
that the Inspector found the school closed and
evidently very little progress has been made.

On reference to our letter of
September 22, 1943, you will note that Mr.
Christmas is being paid at the rate of \$90 a
teaching month. It was understood that the school
would remain open to May 31, 1944. In view of the
situation that has now developed, I feel there is
no necessity for keeping the school open any longer.
We will allow the teacher salary for the month of
February in lieu of notice.

Evidently there has been no attendance
at this school since early in January and it is
rather disturbing to us that the Agent has not
previously advised this office regarding the
situation.

Reverend Sir,-

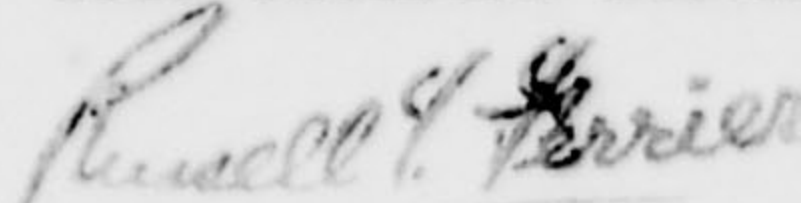

The Department is in receipt of the return for the quarter ended December 31st, last, from the Kingcome Inlet Indian Day School.

The last previous return received from this school was for the quarter ended June 30th, last, and, at that time, the school was in charge of Miss Eva I. Dyer.

The December quarter return gives the teacher's name as Miss Ethel H. Adams. I should be grateful if you would let me know her qualifications.

Miss Adams states on the return that the school re-opened on October 20th and I presume that it will be in order to allow salary from that date to the end of December.

Your obedient servant,

Russell T. Ferrier.
Supt. of Indian Education.

Reverend Sir,-

With reference to your recent visit to the Department, I beg to say that I am arranging to have the future salary cheques of the teachers of the Kingcome Inlet, Mamalillikulla and Fort Rupert Indian Day Schools made payable to the Columbia Coast Mission. On receipt of the returns from these schools, cheques will be mailed to Room 603, 198 Hastings St. W., Vancouver, B. C.

Sir:

I have your letter of the 13th instant, informing the Department of the resignation of Miss Ethel H. Adams, teacher of the Kingsome Inlet Indian Day School, and enclosing copies of communications from Mr. School Inspector Barry and His Grace the Archbishop of New Westminster, recommending the appointment of Miss Lily Solomon for the position.

It is noted that Miss Solomon holds a First Class Provincial Teacher's Certificate. The Department is pleased to approve of her appointment, with salary at the rate of \$75 per teaching month, less 10% during the present fiscal year. Please inform Miss Solomon of her appointment and arrange that she take up duties when the school re-opens after the present summer holidays.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

MEMORANDUM:-

Representative of the Treasury.

Re:- School No. 818.

It has been decided to include the Kingcome Inlet Indian Day School on the regular monthly payroll from November 1st, 1935. However, as no payment of salary has been made to the teacher for the month of October, she is entitled to two months' salary on the November payroll, as follows:-

818 - Kingcome Inlet - Phyllis M. Arrowsmith - Kingcome Inlet, B.C. - \$750 - \$150.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

- c o p y -

1-1-3

Ottawa, November 5th, 1935.

Sir,-

With reference to your letter of the 26th ultimo, I beg to say that, in view of your recommendation, the Kingcome Inlet and Quatsino Indian Day Schools will be placed on the payroll and the salaries of the teachers will be paid monthly beginning with the month of November.

As soon as you inform me regarding the exact date on which the teacher of the Campbell River Indian Day School begins duties, her name will also be placed on the monthly payroll.

The payroll has to be prepared early in the month. For instance, officers of the Schools Branch have to give authority about the 7th of November in order to have the name of a teacher included on the November payroll. It is, therefore, necessary for us to know definitely early in the month whether or not any school will be in operation for that month. From the information contained in your letter, it is doubtful if you can give us such assurance regarding the Mamalilikulla Indian Day School and, consequently, the Department is not prepared to place this school on the regular monthly payroll. I feel that it would be preferable to only pay this teacher when returns are received. By this method, all chances of making a mistake will be avoided. The same applies to the Smith's Inlet School.

Your obedient servant,

J. D. Sutherland.

Acting Supt. of Indian Education.

M. S. Todd, Esq.,

Ottawa,
January 5, 1942.

AIR MAIL.

Dear Sir:

With reference to your letter of the 3rd instant the Department approves the reopening of the Kingcome Inlet Indian Day School. As you suggest, it should be operated on a seasonal basis; namely, from January to May.

The appointment of Mr. E. W. Christmas as teacher for the current term is approved and he will be allowed salary at the rate of \$90.00 a month plus bonus. Indian Agent Todd should keep you informed regarding the attendance at this school as its continuance next year will depend upon the attendance secured this year. I attach the necessary forms which Mr. Christmas should complete and return as soon as possible.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Agents' Report on the School House
at Gwayi 1570

Alert Bay 19th May 1896

On the 12th of this month I inspected the new School building recently erected by the Rev^d A. J. Hall at Gwayi Kingcome Inlet.

I found the building finished with the exception of one coat of paint inside and the front door.

The work has been well done, and the contract carried out exactly.

The only thing to be regretted is that the foundation was not placed upon mud sills instead of posts, as I found that the building had settled quite four inches, and as the ground upon which it is built, is liable to overflow from the river once each year, it is quite possible that the building will settle more, as the ground is of a very sandy nature, as is all the soil in the vicinity of the Village.

R. H. Pidcock
Indian Agent.

THIS LETTER HAS BEEN SENT

Ottawa 25th October,

Sir,

I beg to inform you that during the month of August, last, the Revd Alfred J. Hall, of Alert Bay, called the attention of the Department to the necessity for erecting a Day School at Gwaya, where there are about 40 children of school age resident during the Summer. He states that \$500.00 would be sufficient to build a substantial School, and the Department has by letter of even date advised him that an expenditure not exceeding \$500.00 may be made for this purpose.

Mr Hall has also been advised in reply to his enquiry in the matter that ~~nothing will be made to obtain funds for next year in his budget for 1907-08 to provide for the maintenance of 20 girls at the Home at Alert Bay, at the rate of \$60.00 per annum each - but he shd. not~~

rely upon this until assured further by the Dept

Ottawa 25th October, 1895.

Rev'd Sir,

With reference to your letter of the 6th August last, calling attention to the necessity for erecting a Day School at Gwaya, to meet the requirements of Indian children resident there during the Summer months, I beg to inform you that the Department will allow an expenditure of \$500.00 to erect a suitable building, that being the sum which you mention as sufficient for the purpose, and which should not under any circumstances be exceeded.

As regards your enquiries as to what provision has been made for the maintenance of girls at the Home at Alert Bay, I may say that Mr Superintendent Vowell was recently advised in the matter, and I may add that an ~~amount has been provided in the Estimates for 1896-97 to provide for 20 girls at \$50.00 each.~~

But you will be made in the next year to obtain a grant
of but you also not rely
upon this until
further advised

C O P Y:

Alert Bay

British Columbia

August 6th 1895

Sir:-

I beg to call your attention to the necessity of erecting a day-school at Gwaya at the head of Kingcome Inlet.

There is a large village of upwards of 300 Indians at this place and about 40 children of school age, we have a school at Gwayasdums where these Indians stay from November to March, but it is most important we should follow them when they go to their summer village at Gwaya.

Five hundred dollars would build a very substantial school.

Permit me also to remind you of a letter received from Ottawa last October, containing the following passage:- "The Superintendent General has directed me to insert an item in the Estimates for next year to provide for the maintenance of ten girls at your Home at \$60 ~~each~~ per annum each which if passed will be available after the 1st of July next."

I need scarcely say how anxiously I am waiting to be assured that this item has been passed.

This Girls Home has been open

OTTAWA 23rd March 1897:-

THIS LETTER HAS BEEN SENT

Sir,

In reference to official letter of the 19th instant in which you were authorized to provide desks, blackboard and stove for the schools at Gwayasdums and Quace, I beg to say that upon further consideration it is found that the average attendance would not seem to justify the purchase of so many desks. The Gwayasdums school has at present desk accommodation for 12 pupils, and if the school is only to be held there during the winter, no more desks would be needed for the present. Six desks may, however, be supplied to the summer school at Quace.

Alert Bay, 29th Jan'y. 1897

Sir

I have the honor to acknowledge your letter of 21st Inst. 546 V² requesting me to furnish information for the Department why no provision was made for heating the School House at Quā'ee. The Rev^d A J Hall informs me, that as the School House would generally be closed by the end of November, he did not think a stove would be needed as the weather generally is quite mild during that month, and also there were not sufficient funds in hand at the time to purchase a stove and the necessary fittings. An open fire place would not answer so well as a stove, as fire wood is scarce and not easily obtained which is one of the reasons why the Indians leave Quā'ee about the first week in December.

I have the honor to be

THIS LETTER HAS BEEN SENT

Ottawa, 12th January 1897.

Sir:

Referring to Mr. Agent Piddock's report for the month of November it is observed that no marginal comment is made on the remark that the Indian School at the head of Kiat some Inlet has been closed owing to there being no stove in it or any means of heating the building; cannot an open fire place be built? The Agent might have given the Department some information as to the condition of the Tsa-jaw-tie-neesh Indians. Neither does he account for the failure of the Ninkish Indians to secure their winter supply of salmon.

Your obedient servant,

(SGD) HAYTER REED

File No. 117,260/5.

287965

Sir:-

I have the honor to acknowledge receipt of your letter of the 6th instant, dealing with the requisition made by the teacher of Gwayasdums Indian Day School, Kwaw-kewlth Agency, for building material to repair the building in which school is conducted on the Gwayaddums reserve; and it is noted that you point out that during the year 1896 a school house was constructed by the Department for these Indians.

In reply I beg to state that the expenditure to which the Department refers was for a building on Gwaya, or now better known as Quace reserve, situated at the head of Kingcome Inlet (the Indians summer quarters) while the point in question is on Gilford Island some 35 miles distant.

The further report from Mr DeBeck promised in my letter of 17th ultimo, on this subject has just been received, and I beg to inclose it herewith, though it will be seen that he omitted to sign it.

While I agree with him that under the circumstances, being the building, such an old shack, it would be a waste of funds and almost useless to repair it, and would therefore recommend that as soon as possible provision be made to furnish a suitable building for the school, yet I do not quite understand how he means to use the material in the present house in constructing a teacher's residence, as he has stated that it does not belong to the Department.

Your Obedient Servant.

The Secretary,

Dept., of Indian Affairs,
Ottawa.

Alert Bay, B. C.

February 5th, 1906.

Sir

I have the honor to acknowledge the receipt of your letter 498 - V - 4. dated Jan'y 17th, 1906. asking for a report on the Guysdums Day School Building, &c. I beg to report as follows.

The condition of the building is anything but good; it never was anything but a shell about 50 feet long by about 15 wide, with shake roof. There are two rooms partitioned off at one end used by the Teacher as a residence and which is fairly comfortable; the other half of the building is used for a School room and when I visited it on Jan'y 25th, it presented anything but an enviting appearance; with a good large heating stove and plenty of fuel, the room could be kept warm in

moderately cold weather, but as there was no stove and the pipe hole through the roof let in the rain & fresh air the children certainly needed lots of exercise to enable them to keep warm. I saw Mr Pearson this morning and asked him would the Society under which he teaches agree to insure the use of the building for School purposes for any length of time?, his answer was that he did not know but he supposed so; as a matter of fact Mr Hall who is at the head of the Missionary work here is at present absent in England, and Mr Pearson who has only been here does not know or understand.

I would suggest that instead of spending money on this old rattletrap which can never be made a good building, that a new School house be built costing in the neighborhood of \$ 450.00. part of the old building could be then be torn down and the material used in making the balance of it into a comfortable residence for the Teacher. Mr Pearson seems to be an earnest and painstaking young man who is doing good work considering the way he is handicapped.

I have the honor to be
Sir
Your Obedient Servant

Indian Agent

Ottawa, February 5, 1906.

Sir,-

I have to acknowledge the receipt of your letter of the 17th ult. inclosing a requisition for a stove and pipes for the Indian school at Gwayasdums, and in reply I beg to say that you may expend the amount stated, namely \$10.40, in the purchase of these articles.

With regard to the requisition for material for repairing the building, amounting to \$34.50, asked for by the teacher and which Mr. DeBeck says he would not recommend, as the building is not the property of the Department, I wish to call your attention to official letter to you of October 25, 1895, in which you were informed that the Department was prepared to contribute \$500 towards the erection of a school building for these Indians, and also to your letter of May 20, 1896, No. 300 S-S, in which you forwarded vouchers for this amount in favour of the Rev. A. J. Hall for material and labour expended in the erection of this building, a cheque for which was sent you on June 5, of that year.

From this correspondence the Department does not see why there should be any doubt about the building being used

JAN 18 1906
Indian Office Victoria B. C.

499 V-4.

Jany. 17th 1906.

File No. 117264-5.

Sir;

Memorandum available J. 17.
I have the honor to forward herewith for the consideration of the Department requisition, ^{dated 14th inst} from the teacher of the Gwayasdums Indian Day School, Kwawkwalth Agency, ^{Mr. Herbert Pearson,} wherein he asks permission to expend the sum of \$10.40 in the purchase of an air tight heating stove and 12 lengths of stove pipe, which I recommend to the favorable consideration of the Department.

I also inclose you requisition of same date from Mr. Pearson, asking permission to expend the sum of \$34.50 in repairs to building in which the school is conducted but, as Mr. Agent DeBeck points out, in a memoranda which he has written on the requisition, that the building is not the property of the Department, perhaps it would be unwise to spend such a considerable sum until at least some assurance might be had that the building could be used for school purposes for a ~~considerable~~ length of time.

Mr. DeBeck has been asked for further information on the subject.

Your obedient servant,

H. J. [Signature]
Supt. of Indian Affairs, -B. C.

Sir

I have the honor to enclose a Requisition in duplicate from Mr E. A Bird, Teacher at the Qua-ee, and Qua-yadum's Indian Day School.

The repairs asked for by Mr Bird are all needed. This School was built some years ago and has had nothing done to it since it was built, excepting some rather extensive repairs to the roof, which was broken by a tree falling on it. I believe that hitherto no grant has been made to this School, except for School material and Stationery.

The Teacher Mr Bird, has omitted to sign his name to the Requisitions, so I have affixed his letter to me, to the list of articles he requires, as it would take too long to return them to him and get them again, as there is no Postal communication with him, nearer than Alert Bay.

building is made safe from danger.

I will take what material and supplies as may be necessary so that there will be no delay.

The summer freshets do not as a rule come over the banks there but this year there has been an unusual amount of snow and a late cold spring consequently about the middle of June to 1st July I look for a freshet on this reserve which will more than cover the floor of the building as it is at present and should it bring any driftwood with it might tear it to pieces. I hope that my action under the circumstances will meet with the approval of the Department.

23 May 1907.

Sir:-

I have the honor to inform you that it was brought to myn that the Indian Day School on the reserve at Kingcome Inlet had fallen off its foundation and was in a dangerous condition and not fit to be used. I immediately went up to investigate and found that the high water during last winter had undermined the posts and the whole building had moved over sideways and was now sitting flat on the ground. It is surprising that no worse damage was done to it as it will not be a very expensive matter to raise it up again. The ground there is sandy and when the river is in freshet it overflows its banks and the current runs swiftly past the building and under it.

I propose to get men to raise it up with jackscrews and under each post put a platform about 3 feet square which platform will be sunk into the ground so that the top of it will be at least six inches under the surface level.

I fear if I wait for the usual authority that the summer freshets will have completely wrecked the building, and the expense more than trebled. As soon therefore as I can get a couple of men I will take them up there and see that the

Sir:-

I have the honor to acknowledge receipt of your letter of 5th inst., on the subject of the report forwarded to the Department (received from Mr Agent Halliday) concerning the Kingcome Inlet Indian Day School building having fallen from its foundation, etc., and stating that as the Department does not contribute to the support of this school it is not responsible for any expenditure for repairs.

Replying I beg to direct your attention to your letter of February 5th 1906, File No 117.260/5 and my reply thereto dated 13th February 1906, No. 73, W. 4. from which it will be seen that this building, situated at the head of Kingcome Inlet, on the Quaae Reserve, was built by the Department in the year 1896 and that a school known as the "Gwayasdums", conducted by the Church Missionary Society, and authorized by the Department, has been established there during the summer months, since that date, while during the winter the people move to Gilford Island, ^{at Gwayasdums} and there school is kept by Mr Herbert Pearson in a building which is not the property of the Department. Returns from this school have been sent you regularly.

Sir:-

I have the honor to enclose in duplicate two requisitions from Mr Pearson, one for 2 cords of wood for use in the Day School at Kingcome Inlet, and the other for drugs and medicines for use in his mission which includes the Tsawataineuk tribes.

I have the honor to recommend that the requisitions be both granted.

In the requisition for drugs and medicines I beg to direct your attention to the last item in which he asks for a set of forceps. In regard to this I may state that during the last year Mr Pearson extracted over 300 teeth with one pair of universal forceps which are now worn out. I should think that three pairs should be quite sufficient for his requirements, one for the incisors and one pair each upper and lower molars.

Sir,

Mr. Inspector Green in his report on the Guayasdums day school states that he thinks a better attendance might be secured if some biscuits were supplied for a mid-day meal. The Department approves of carrying Mr. Green's suggestion into effect, and you may authorize the purchase of a limited quantity of the kind usually supplied British Columbia schools, the account to be forwarded to the Department for payment.

IN YOUR REPLY REFER TO
No. 26/13
ALSO
TO DATE OF THIS LETTER

April 22 1919 191

522313

Last week while at Kingcome Inlet I examined the old school building which was built there 26 years ago. Some years ago a very high river washed it off its foundations and racked it very much. I had it raised at that time and put new foundation posts under it and while it was able to be used for some time after it could not be made very much of as the walls could not be plumbed, since then it has gradually got worse and in addition dry rot has set in on the end of the posts and the end of rafters, and it would cost more to put the building right than to build a new one. One of the Indians, George Scow asked me if the Department would be willing to sell him the lumber and he would tear it down and cut it up into various lengths for a small house he intended building. He said he was willing to pay \$75.00 for it which I think it is all it is worth and I would recommend it be sold. The nails are rusted nearly off and another storm would demolish it entirely;

Ottawa, March 7th, 1927.

Sir,-

I beg to acknowledge receipt of your letter of the 26th ultimo, in which you advise that the Anglican Diocese of New Westminster has arranged to have Miss M.G. Westbury open a school at Kingsome Inlet. Your action in arranging to have four cheap desks built is approved.

With reference to the requisition forwarded, I beg to say that the Department is not prepared to supply the following articles:-

Teacher's desk
Teacher's chair
Desk bell
Pencil sharpener
Tea square
Dustbans

It is also considered that one blackboard, 6 feet long by 4 feet wide, should be sufficient, and this is being ordered together with the other articles requested.

Office of
Indian Agent

Alert Bay, B.C.,
26th Feb., 1927.

Sir,-

I wish to inform you that the Anglican Diocese of New Westminster is anxious to do something in the way of Indian work and they have arranged with Miss E. G. Westbury, who for some years has been teacher at the Alert Bay Girls' Home and they have purchased a building to be used as a teacher's residence and small school room and I took her to take charge of her new work on the 16th of this month. For the time being the only charge on the Department will be for school material and for desks and as the building is small and the ordinary type of school desk would not accommodate enough pupils to make it worth while I am arranging to have four cheap desks built here for her.

I am enclosing a requisition from Miss Westbury for school material which I would ask should be forwarded direct to her. If they are addressed Miss E. G. Westbury, Kingcome Inlet School, Via Charles Creek Cannery, to be shipped by Union Steamship Company they will reach their destination safely and I would recommend that this be done.

Your obedient servant,

(Sgd.) W. M. HALLIDAY

Ottawa, August 23rd, 1926.

Sir:

I have your letter of the 11th instant, and in reply beg to inform you that there are no funds available during the present fiscal year to assist in providing a building for school purposes for the Indian children at Mammalilikulla (Village Island).

We regret also that funds are not available to provide for the salary of a teacher at Kingcome Inlet and the erection of a suitable building.

Both of the above requirements will be noted for our Estimates for the next fiscal year, but, in the meantime, we will be unable to provide any assistance towards conducting schools at the above named points.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Extract from letter of Mr. W. M. Halliday,
Indian Agent, Alert Bay, B.C., dated August 11th, 1926.

Original on File 156-13-5.

Mr. Comley also states that the Diocese of New Westminster is willing to provide a teacher for Kingcome Inlet if the Government is willing to give a grant and provide a building. At Kingcome Inlet there are a large number of children who are not receiving any education and although there was a school at this village in former years it was closed on account of the lack of interest of the Indians themselves but conditions are changing and the majority of them now wish their children to go to school. I would be glad to know whether the Department is prepared to do anything with regard to providing a new school and a grant for the teacher.

Ottawa, July 13th, 1927.

Sir:

I have your letter of the 2nd instant, relative to the request of Miss E. G. Westbury, who is teaching the school at Kingcome Inlet, to be supplied with two plain desks, 12 kindergarten chairs and a teacher's desk.

In reply I beg to say that you may arrange to have the two plain desks of the type required made at the school. It is considered that this would be cheaper than having these desks ordered to be shipped to the school. You may arrange for the purchase of 12 kindergarten chairs and an inexpensive desk for the teacher. You should obtain competitive prices from a number of dealers and make the purchase from the one quoting the lowest price.

No unnecessary expense should be incurred, and properly certified vouchers, in duplicate, should be forwarded in the usual manner covering the cost.

Your obedient servant,

J. D. McLEAN

Alert

Sir:-

I am enclosing you vouchers No. 8 and 9, one for \$4.76 in favor of the Alert Bay Sawmills and the other for \$1.00 in my own favor for cash paid out.

In your letter of July 13/27 authority was given to make two forms for Miss Westbury's use at the school at Kingscote Inlet. This account should have been forwarded sometime ago but was overlooked.

The forms have gone and have been in place at the school for some time.

Your obedient servant,

W. M. Halliday

Orig. on 156-17-1

October 9, 1929.

Dear Mr. Antle:

I have your letter of the 27th ultimo, with reference to the new school building at Kingcome Village. I am favourably considering your request for assistance; but, before giving a decision, I should like to know more concerning the financing of the scheme. You should also indicate if the building is being erected by contract or by day labour. It might be advisable for you to know that the Department would prefer to assist by the payment of accounts for materials and you might keep this in mind when you are repeating your request.

Yours very truly,

Duncan C. Scott

Reverend Sir:

I have your letter of the 2nd instant, enclosing receipted accounts in duplicate in connection with the Kingcome Inlet Indian Day School. The Deputy Superintendent General has directed that the cost of the materials be met by the Department, and I am pleased to inform you that, under separate cover, there is being directed to you a cheque for \$1241.02.

Your obedient servant,

A. F. MacKenzie

DEPARTMENT OF INDIAN AFFAIRS
CANADA

December 12, 1929.

Memorandum:

Pay the cost of the materials
D. SCOTT. *Dec*

In letter of October 9th, last, you promised the Reverend John Antle some assistance with a new day school building, which he has erected at Kingcome Inlet. The building was erected by day labour, the materials costing \$1,241.02 and the labour, \$1,266.30 - a total of \$2,507.32. Mr. Antle received \$500 from the Diocesan authorities, a \$50 subscription and is collecting \$300 which was promised by the Indians of the village.

The New England Company are interested in this school, but Mr. Antle has apparently not collected anything from them towards the cost of the new building. Receipted accounts are now to hand, and I should be glad to know the amount of the grant to be paid.

Russell Berrier
Supt. of Indian Education.

Dear Sir:-

In accordance with your request of November 4, (#156-17-5),
I am returning receipted bills in duplicate, and trust
that this will be satisfactory.

I regret that I was not able to do this earlier, but
it took some time to get the duplicates as the people
were rather scattered about the coast.

Hoping that something can be done very soon, I am

Yours faithfully,

John A. Le

Ottawa, November 4, 1929.

Reverend Sir:

I am directed to acknowledge your letter of the 28th ultimo, with enclosures, concerning the cost of the day school at Kingcome Inlet. The accounts you forwarded are hardly satisfactory for the purpose of supporting payment by the Department. The Auditor General demands receipts. I am returning the papers, with the suggestion that you have McLenman, McFeely & Prior prepare a brief account, recapitulating the business you have had with them, and have it receipted. This should be in duplicate. The other accounts should also be receipted and forwarded to the Department in duplicate, if convenient. Upon receipt of these papers, if in order, the matter will be brought to the attention of Dr. Scott.

Your obedient servant,

ENCL.

J. D. McLean,
Asst. Deputy & Secretary.

Dr. Duncan C. Scott
Deputy Superintendent General
Ottawa, Ontario

Dear Dr. Scott:

Thank you very much for your letters of October the 9th, 156-31-1, and 156-17-1.

With regard to the latter, I may say that the school has cost us \$2500.00, much more than I anticipated owing to the fact that the Kingcome River has been acting up for a long time, and made it difficult and expensive to get the material up the River. However it is also completed now except finishing the interior upper part of the wall, and ceiling.

This I have left in order that the Indians may not feel that the whole is completed, and neglect to give the amount promised, namely \$300.00.

We have received from the Bishop of the Diocese, \$500.00, and \$50.00 as a subscription, and expect to get \$300.00 from the Indians. Outside of that we still owe a balance on the building as it stands, of \$1700.00, and we have also to put heating apparatus and other fittings in.

I am sure you will do your best for us, and I shall be very grateful indeed, as I am in hopes that this school will tend to cure some of the evils that are going on in that village.

Last year there was a death, believed by the Indians to be caused by Witchcraft, which has caused a great deal of trouble. I am trying to combat these things, and hope by getting them together in the new school, to be able to persuade them of the foolishness of such ideas.

Thanking you in anticipation, I am

Yours faithfully,

[Signature]

Ottawa, May 21st, 1930.

Rev. Sir:

Relative to the accounts which you submit covering the cost of the coal supplied for the use of the Kingcome Inlet Indian Day School during the winter 1929-30 to the amount of \$57.90, I have to inform you that a cheque in payment of these accounts will be sent you in due course.

The Department would favourably consider the supplying of fuel for this school in future. The teacher or yourself should, in due time, forward a request for the quantity and kind of fuel required to the local Indian Agent, Mr. Wm. Halliday, Alert Bay, B.C. We are informing Mr. Halliday accordingly, and requesting him to submit these requests for fuel to the Department, when he will be given authority to arrange for the purchase. The Department prefers that this arrangement be carried out in the supplying of fuel to Indian day schools.

Your obedient servant,

A. S. Williams,
Acting Asst. Deputy and Secretary.

Ottawa, May 21st, 1930.

Sir:

I enclose, for your information, copy of a communication addressed to Rev. John Antle, Columbia Coast Mission, relative to the payment of an account covering the cost of fuel supplied for last winter's use at the Kingcome Inlet Indian Day School. The Department will, in future, favourably consider the supplying of fuel for this school, and you should forward the requests for same to the Department in due time and receive the necessary authority before making the purchase. In requisitioning for the fuel, you should state the type and quantity required, and, if possible, the approximate cost.

Your obedient servant,

Dr Duncan C. Scott,
Deputy Superintendent General
Department of Indian Affairs,
Ottawa, Ont.

Dear Dr Scott,

I am enclosing two small pictures of the new school at Kingcome. It has been completed inside and out, with comfortable quarters overlooking the River. The Indians helped remarkably well and would have done better but were not allowed. The Wakeman Band voted \$200.00 towards the building specially for the finishing of the interior of the school. The Columbia Coast Mission was finishing the nurses quarters, and supplied the Indians with material with the understanding that they would meet the bill with their \$200.00. But tho' they sent in letters signed by all the members of the Band ~~and~~ later, I was told, Mr Halliday visited the village and vetoed the gift. Said it was contrary to department rules to allow Indians to vote the "interest" for such purposes. I do not know about this, but you will, and I know you will set it right if possible.

I am enclosing fuel bills which we have paid, and which last year you were good enough to say the Department would meet. This probably ought to be sent through Mr Halliday but I find it difficult to deal with him and much more satisfactory to deal direct with the Department.

Trusting you are well,

Sincerely Yours,

John Antle

Supt: C.C.M. Inc.

P.S.

I am glad to report that the Staff of this school, Miss Solomon, Graduate Nurse, and Miss Adams, Deaconess, are doing remarkably fine work.

*1. Report
2. Section*

E X T R A C T from Inspector Barry's Report
regarding his visit to the KINGCOME INLET INDIAN
DAY SCHOOL on February 26, 1932.

Original on File 156-17-6.

School Desks:-

note

There are at present in this school 9 Number 4; and 11 Number 3 Crown School Desk Sections. There are no front or rear sections. As arranged at present with a form at the back of the desks, seating is available for 20 out of the 35 children. This is for other educational reasons a very bad system. Many of the children are too far from the light. The remaining 15 children are working around a table near the centre of the room, which is very large. They have so little light here that their eyes will no doubt be damaged if this practice is kept up for long. I have no other option but to request the Department to provide the detail of school desks and parts as listed at the bottom of this page. This has all been worked out at the school so as to give the best accommodation at the least cost.

request

The supply of the following Crown School Desks is very strongly recommended:- 2 Front Sections No. 3 - 2 Rear Sections No. 3. 1 Front Section No. 4 - 1 Rear Section No. 4. 1 Front Section No. 5 - 6 Desk Sections No. 5. 1 Rear Section No. 5; These sections will provide accommodation for 10 children. The estimated cost F.O.B. Vancouver if supplied by the Tait Pipe and Foundry Co. of Vancouver will be about \$77.50.

Dear Mr. Antle:

I have your letter of the 27th ultimo, with enclosures, concerning the Kingcome Inlet Indian Day School. The Department is pleased to learn that the new school is so comfortable and has now been completed. Mr. Halliday was right: we do not allow the Band to use any of their funds for school purposes. With reference to the fuel payments, a cheque will be directed to you, in reimbursement, in a few days.

Yours very truly,

A.S.W.
A.S.W.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Office of Inspector of Schools,

P.O. Box 666,
Victoria, B.C.

October 31st 1932.

C.C. Perry, Esq.,
Assistant Indian Commissioner,
P.O. Box 666,
Victoria, B.C.

Dear Sir;

I have received a letter dated September 18, 1932, from Miss Lily K. Solomon with regard to the lack of desks at the Kingcome Inlet Indian Day School. As I was away from my office here till nearly the end of October my answer is dated October 29th. Copies of Miss Solomon's letter and my reply are attached for the information of the Department.

Reference is suggested to my report on the Kingcome Inlet Indian Day School forwarded to your office on April 8th, and which was sent to The Secretary of the Department in Ottawa, under your 15/24605, on that date.

You will note that I reported an attendance of 30 children on the day of my inspection, while there were 35 on the roll of the school, and only 9 Number 4 and 11 Number 3 Crown School Desk Sections giving seating for 20 children.

To overcome this very unsatisfactory condition of affairs, I recommended (Very strongly) the supply of the following

2 Front Sections No. 3. 2 Rear Sections No. 3.
1 Front Section No. 4. 1 Rear Section No. 4.
1 Front Section No. 5. 6 Desk Sections No. 5.

and 1 Rear Section No. 5.

In my report I showed how these would provide seating for 10 extra children, bringing up the number of available seats to 30 the number of children actually present during the inspection.

The lack of proper seating accommodation near the light may lead to serious eye trouble. The schoolroom which is only a few years old is very badly designed for a schoolroom, as it is intended for use as a church. At the best the system of lighting is very poor.

I beg to recommend that in addition to those Front, Rear, and Desk Sections recommended in my previous report, the following be now supplied to the Kingcome Inlet Indian Day School:-

1 Front Section No. 2. 6 Desk Sections No. 2.
1 Rear Section No. 2.

These should be Crown Single School Desks, as manufactured by the Tait Pipe Co. of Vancouver, as the previous desks supplied to this school were of this kind.

If the attendance continues to grow above 40 it will be necessary for some of the children to be sent to a Residential School. The present schoolroom will not accommodate such a number, even if the teacher could handle them.

The above is now a very urgent matter, and my recommendations are placed at a minimum. A Blackboard 12ft. by at least 3½ ft. would also seem to be required to increase the space available for seat work exercises.

Your obedient servant,

GHB

District Inspector of Indian Schools, B.C.

Indian Affairs. (RG 10, Volume 6395, File 818-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

COPY.

Mission House,
Kingcome Inlet,

Dear Captain Barry;

September 18, 1932.

The school term opened on September 6th with thirteen children present. Many of the Indians have come back since, and last Friday we had twenty one present. Tomorrow we expect to have at least thirty, as we have now thirty-nine pupils on the roll. I suppose a few will not come in until after the fishing up the river closes. We have all grades up to and including Grade five. We need desks very badly as we have only sixteen at present. The pupils cannot do good work unless they have satisfactory desks. Last week I sent a requisition to Mr. Halliday asking for a dozen desks, but with the number of pupils now enrolled we should have at least two dozen.

I find the blackboard space very limited also. With so many grades it is necessary to put a great deal of seatwork on the blackboards. If one could be placed at the back of the room or between the windows it would help a great deal.

I think that the pupils are doing well & we hope to pass them into higher grades as soon as possible.

Yours sincerely,
Lily K. Solomon.

COPY.

15/6/26799

October 29, 1932.

Miss Lily K. Solomon,
Indian Day School,
Kingcome Inlet, B.C.

Dear Miss Solomon;

On my return from a long inspection tour I was handed your letter of the 18th September. As you state that you have requisitioned for a dozen desks through the Indian Agent at Alert Bay, and now find that two dozen will be necessary, I can do nothing in the matter till I have communicated with Mr. Halliday.

In my last report on your school I recommended the supply of 2 Front Sections No 3. 2 Rear Sections No.3. 1 Front Section No.4. 1 Rear Section No.4. 1 Front Section No.5. 6 Desks Sections No.5 and 1 Rear Section No 5. All Crown Single School Desks. If my report had been acted on at the time the above mentioned desks and sections would have provided accommodation for 10 children in addition to those provided for by the 20 Desk Sections now in the room

You may rest assured that the matter of the provision of new desks and more Blackboard space is now being considered by the Assistant Commissioner, Mr. Perry.

Your obedient servant,

GHB

P. O. BOX 666

VICTORIA, B.C., November 7, 1932.

Sir:-

Kindly find herewith a letter dated October 31st, ultimo, received at this office from G.H. Barry, Esq., District Inspector of Indian Schools, B.C., in regard to desks required for the Kingcome Inlet Indian Day School, Kwawkewlth Agency, B.C., which will be self-explanatory. Please note in the copy of letter dated September 18th, received from the teacher by Inspector Barry, as attached to his report, that she states she asked Mr. Agent Halliday for "a dozen desks." Possibly this requisition was duly received at the Department.

The cost of the desks, teacher's chair and desk and asbestoslate blackboard as recommended by Inspector Barry would be approximately \$199.46.

OFFICE OF
INDIAN AGENT
Alert Bay, B. C.,
June 19, 1933.

File No. 162

Sir,-

I would request authority to expend the sum of approximately thirty dollars for lumber and the necessary labour for the construction of two toilets for the Indian Day School at Kingcome Inlet. If the necessary authority is obtained, it is desired that this work be proceeded with and completed before the school session commences on September 1st next.

Two dozen school desks are urgently needed at this school, and if possible I would recommend that the necessary authority be given for this purchase.

Recommendations made by the Inspector of Indian Schools to the effect that the school building at this place should be provided with extra windows, cannot be proceeded with until permission has been received from Church authorities, as the building used for school purposes was erected by and is the property of the Anglican Diocese of New Westminster. The agreement at this place is that the Department supplies the fuel and makes provision for all repair work so long as the building is used for Day School purposes.

Your obedient servant,

E. G. Newnham

VICTORIA, B.C., June 27, 1933.

Sir:-

744
I have the honor to transmit herewith a letter received in duplicate from Acting Indian Agent E.G. Newnham, of the Kwawkwalth Agency, dated June 19th, in which a request is made for the sum of \$30.00 to cover the cost of lumber and labour for the construction of two toilets for the Indian Day School at Kingcome Inlet.

no funds
It will further be noted in this letter that Mr. Newnham asks for two dozen school desks which are urgently needed for this school and also suggests that certain repairs to the windows should be carried out although the work cannot be done until permission has been received from the Church Authorities.

In view of the fact that the late Indian Agent, Mr. Halliday, in presenting his estimates for the current fiscal year, failed to make provision for any of the above-mentioned services and in view of a very strong recommendation by the Inspector of Indian Schools to myself that it is most desirable that the first mentioned service should be authorized I would recommend that authority be granted if possible to Mr. Newnham to expend the sum of \$30.00 for the construction of the toilets and should the Department approve, the Indian Agent could be instructed to include in his 1934-35 estimates the school desks and other repairs required, that is, if the Department has no funds from which expenditure of new desks can be made at present. I understand from Inspector Barry that a considerable number of the children are now sitting on boxes at this school and he considers that the late Indian Agent should have made requisition at the proper time last Fall when submitting the estimates.

EX 11.

Ottawa, July 6, 1933.

Sir:

I have your No. 197/6/29985 of the 27th ultimo, enclosing a communication which you received from the Acting Indian Agent, Alert Bay, requesting authority to expend the sum of \$30 for lumber and the necessary labour in the construction of two toilets at the Kingcome Inlet Indian Day School and to supply two dozen desks.

Regarding the desks, I have to say that the Department will have no funds this year to provide the cost. The school will have to carry on under the present arrangements for seating the pupils.

The Department will approve of an expenditure not exceeding the sum of \$30 in constructing two toilets. You should arrange with the Agent to have this work performed. The material required should be purchased from indicated sources and Indian labour used, if possible. I enclose encumbrance certificate authorizing the expenditure for the purpose of supplying the material and labour in the erection of the toilets. After the work has been completed, you should forward an account, in triplicate, properly certified, covering the cost of the material and also for the labour. Please state on each copy of the account that the expenditure was incurred under authority of E. R. No. 744.

The Agent should be instructed to include, in his 1934-35 Estimates the expenditure required in supplying the number of desks needed at this school, and, when our Estimates are being prepared, consideration will be given as to whether the amount can be included.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,

OFFICE OF
INDIAN AGENT

File No. 182

Alert Bay, B.C.,
October 10, 1933.

Dear Sir,-

I request authority for a further expenditure of Thirty Dollars to cover the cost of erection of toilets for use at Kingcome Inlet Day School. This work has not been completed and is still in progress.

One unforeseen contingency in connection with this work is the fact that two weeks ago a somewhat serious flood occurred at Kingcome village, which not only delayed the work, but rendered it necessary to change the type of construction originally decided upon with a view to the possibility of these buildings being carried away in the event of future floods, being obviated. This necessitated additional lumber being obtained and more labour, which includes a certain amount of difficulty encountered in conveying this lumber from the mouth of the Kingcome River to the village by canoe, a distance of four miles. I am informed by long residents in that district that a flood of this magnitude has not occurred in the Kingcome valley within their knowledge, and this is a situation which I will watch and report on later if occasion requires.

OFFICE OF
INDIAN AGENT

Alert Bay, B.C.,
November 1, 1933.

Immediate
Anglo
Sir:

The following is an excerpt from a letter received from Miss L.K. Solomon, teacher of the Indian Day School at Kingcome Inlet, in regard to the teacher's residence at that point:-

"During the present rain and formerly we have noticed several quite bad leaks in the roof of the mission building. It would be well to have these repaired as soon as possible as I am afraid the beaver board on the ceiling may swell and split. Hoping this will receive your immediate attention,

Yours sincerely,

"L.K. Solomon"
Teacher.

I would request therefore, that authority be given for the repairs to this roof, cost of which will be kept as low as possible.

Your obedient servant,

E. G. Newnham
(E.G. Newnham)
A/Indian Agent

Ottawa, November 10, 1933.

Sir:

I have your letter of the first instant, embodying an extract from a communication which you received from the teacher of the Kingcome Inlet Indian Day School, regarding the repairs required to the roof of the mission building, used as a teacher's residence.

In reply I have to say that, if this building is the property of the church authorities, it is considered that they should be responsible for the carrying out of any repairs required. However, we are not definitely aware as to the ownership of the building, and I shall be pleased if you will advise the Department whether the building used as a residence for the teacher is the property of this Department. If it is our property, further consideration will be given to authorizing an expenditure for the amount required in repairing the roof.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

Your file 156-17-5
Our file 182.

Sir:-

Replying to your letter dated November 10 re the above, I have to report that the Kingcome Inlet Indian Day School is conducted in a building which was erected and is owned by the Anglican Diocese of New Westminster. The teacher's residence is also included in the same building.

On my arrival here I found there was a certain amount of confusion in connection with this school. Vouchers for fuel supplies for the school were being submitted to the Columbia Coast Mission and after some delay eventually reached this office, being transmitted by me to the Department in the usual manner for payment. In view of the fact that some payments were outstanding at the close of the fiscal year, this system had to be abandoned and I instructed the teacher to forward these vouchers direct to me.

During his inspection of this school in May last, Capt. G.H. Barry, Inspector of Indian Schools for B.C., instructed that windows were to be provided for two sides of the school instead of on the one side, the regulations of the Provincial Department of Education now calling for daylight to be shown from both sides of a schoolroom. By this time I had ascertained that the building was the property of the Church, and I therefore approached His Lordship Archbishop DePencier for the necessary permission to have these other windows provided before writing the Department for authority. However on applying to the Secretary of the Columbia Coast Mission for the dimensions of the building so that the new windows could be uniform with those already fixed, he informed me that he could do nothing in the matter until the return from England of the Rev. John Antle, the Superintendent of the Columbia Coast Mission. Consequently, I have done nothing further in this matter.

There is very definite authority that so long as this building is used for Day School purposes, the Department will supply the fuel, and it is understood that the Department also undertakes the necessary repair work so long as the building is used as a Day School and is the teacher's residence. The situation at present is that the building is not the property of the Department, but of the Church and the only expenditure required for repairing the roof is the cost of one bundle of shingles and the necessary labour. At the present time I cannot quote the price of the shingles as this fluctuates considerably, but the whole cost would not amount to more than a few dollars, whereas if this leakage is not repaired as soon as possible, it is probable that the cost of repairing the roof at a future date would be considerably higher. This building is somewhat "jerry-built" but at present it is the only one on the Kingcome Inlet reserve which can be used for school purposes.

Your obedient servant,

E. G. Newnham

Ottawa, November 25, 1933.

Sir:

I have your letter of the 18th instant, regarding the repairs required to the roof of the mission building, used for school purposes and teacher's residence at Kingcome Inlet.

In reply I have to say that, in view of the information contained in your letter, the Department will approve of you arranging for the purchase of the one bundle of shingles and for the necessary labour in installing same on the roof of the building. It is noted that the whole cost will not amount to more than a few dollars. After the work has been completed, please forward an account, in triplicate, properly certified, covering the expenditure incurred.

With reference to payment of the fuel for the use of this school, I have to say that the Department will provide the cost. Please forward a properly certified voucher, stating in detail the quantities of fuel supplied for use during the present winter. Vouchers for all wood supplied for the present winter should reach the Department before the close of the present fiscal year.

Regarding the instructions of the Inspector of Indian Schools for British Columbia, that windows should be provided for two sides of the school instead of on the one side, as at present, I have to say it is not considered necessary that these windows be installed.

Your obedient servant,

A. F. MacKenzie,
Secretary.

OFFICE OF
INDIAN AGENT

Alert Bay, B. C.,
May 2, 1934.

Sir:-

*will
reply*

Replying to your letter of April 7th in which you request if I consider a 6 x 4 blackboard absolutely necessary for the Kingcome Inlet Day School, I wish to point out I have, since receiving your communication, accompanied by Capt. G.H. Barry, Inspector of Schools, visited this school and it was decided this blackboard was necessary for the efficient carrying on of work in this school. In view of this, I would recommend that the Department purchase one black Hyloplate blackboard size 6 x 4'.

desks

I note you also advise that owing to lack of funds, the Department is not prepared to purchase twenty-four desks for this school at the present time. This I am very sorry indeed to learn, because I feel if the Department could see the difficulties under which these children have to be accommodated, I am sure an effort would be made to supply seating facilities. This matter has been reported according to our files, on and off for the past two years; in 1932 the Department requested we bring the matter before them after the end of the fiscal year, and last year this item was put in the Estimates with a strong recommendation that they be supplied.

Since taking over the Agency, my policy has been to curtail all unnecessary expenditure, but this is one case where I feel I must appeal to the Department if it is at all possible to furnish this school with the desks requested. At the present time the children are sitting on packing boxes of all shapes and sizes and the same are being used for desks. I might also point out there are Indian children in this village who are not attending school and it is difficult for me to insist upon them going when they must sit on packing boxes.

I therefore again appeal to you to have these desks furnished this school.

Your obedient servant,

M. S. Todd

Extract from Mr. C.E. Well, District Chief Engineer's
Report on the Gilford Island Day School dated January
9, 1948. Original on file # 156-29-5.

B-A

It is assumed work at Gilford Island is dependent on decision as to site. We will, however, arrange to have material ready to transport there before the end of March. This combined one classroom and one teacher residence can be dismantled and made ready to ship for an estimated cost of \$500. If desired all new material could be delivered to Alert Bay by March 31 for a further \$1500. This would only leave cost of transportation to Gilford Island and erection to be paid next fiscal year, and this should not exceed a further \$3500.

Mr. M.S. Todd, Indian Agent, Alert Bay, B.C.

I have your letter of the 13th instant, enclosing requisition from the teacher of the Kingsome Inlet Day School. You may purchase the 6 balls of red string and 6 balls of green string. We have ordered through the Stationery Office the construction paper. At the present time we do not consider it advisable to supply the strip wood, finishing nails, hammers and back saws.

R.A. Hoey,
Supt. of Welfare & Training.

Alert Bay, B. C.,
Oct. 13th, 1943.

The Secretary, Indian Affairs Branch, Department of
Mines and Resources, Ottawa, Canada.

Attached please find requisition submitted by
Mr. E. W. Christmas, teacher of the Kingcome Inlet
Indian Day School, for handicraft construction
material and tools.

As this has been recommended by the Provincial
Summer School Course taken by Mr. Christmas during the
holidays, I would recommend that the same be supplied
to the Kingcome Inlet School.

Sir,-

I have the honor to acknowledge the receipt of your letter of the 1st instant respecting Mr. Green's report of inspection of the Kishpiax Indian day school and requesting that I make a report to the Department on the matters referred to by the inspector.

Touching Mr. Green's remarks respecting the heathen potlatch and dancing which he alleges rendered the attendance smaller than usual and adding that the school would be far better attended if the potlatch were given up, I may state that as no mention has at all been made by Mr. Agent Loring respecting these heathen ceremonies of the Indians of his agency I have found it necessary to communicate with him on the subject and instructing him to put the regulations for the education of Indian children in force that the parents of these children may be compelled to observe a better attendance of their offspring at this school. The matter of the school building required for these Indians will likewise be brought to the attention of Mr. Agent Loring that

In duplicate

BRITISH COLUMBIA 123.117
BABINE AGENCY,

Hazelton, July 21st 1906.

SIR,-

I have the honour to acknowledge the receipt of your letter 743, X-4, dated the 8th ultimo., stating that in a letter, dated the 1st ibid., received from the Department, attention had been directed to some remarks made by Mr. School Inspector Green, in a recent report of inspection of the Kispiax Indian Day School, and that the remarks were,

to wit:-

"An heathen potlatch and dancing this winter made the attendance smaller than usual. The school would be far better attended if the potlatch was given up."

"No school house. School is held in an Indian house rented by the teacher who pays the rent from his own pocket. A school house is urgently needed in this large village."

"The parents invited me to meet them in council, where they spoke very strongly in favor of a boarding school, etc., etc."

As to the heathen potlatch and dancing, referred to, having made the attendance of children small at that school, I have the honour to state that Mr. Inspector Green was not rightly informed. The Indians of Kispiax, whose children make up the attendance were during last winter chiefly in the woods logging.

In so far as the so-called potlatch is concerned, it was merely a memory feast attended by the old heathens of Kuldoe, Kisgegas and Kitwankool. Really, no objectionable feature is, in my opinion, connected therewith. There is no dancing practised amongst the Indians of this district in any shape, unless the crow-like hopping about of an old Indian, in ancient costume, can so

(2)

can so be termed. If more than one engaged therein, it can be likened to a pantomime not unlike the movements in a minuet performed by ptarmigans, plus the grotesque in array and accompaniment of grunts.

The Indians attending a feast - and I do not think that there will be another for want of patronage - are the old Indians that spend all the year on the hunting ground, and, so far, it remains their sole diversion for about two weeks during the long winter. They are law-abiding and loyal, and seldom ever give evidence of their existence unless when meekly coming in to trade, whereas the precocious, of the paper-collar kind, have constantly their little fires kindled for something to fry.

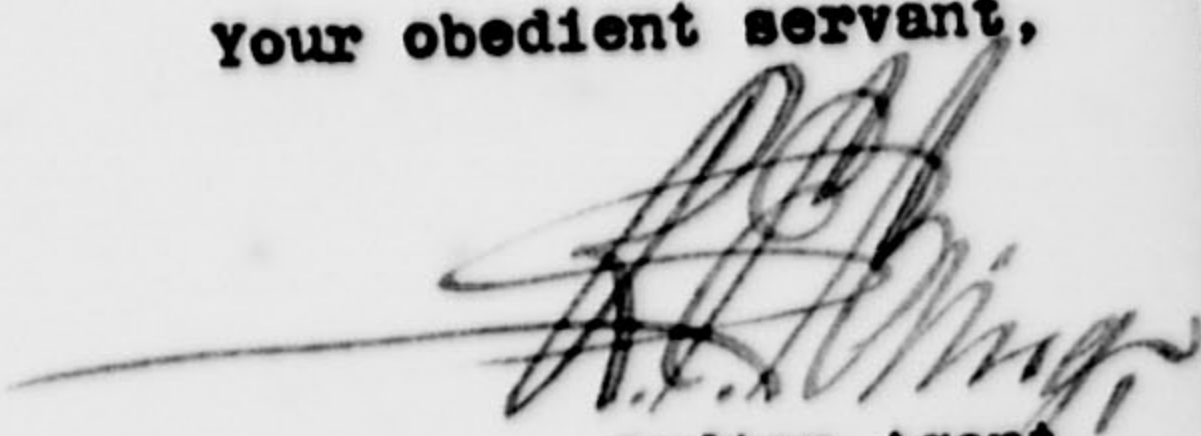

Regarding the Indian day school building, said by the inspector to be required at Kispiax, I will report upon the same as soon as a plan, in duplicate, can carefully be prepared and properly laid before the Department inclusive concerning incidents.

In respect to a boarding school, for the same locality, a report from me will likewise be somewhat deferred for the reason stated.

I have the honour to be,

EXD.

Ottawa, September 12, 1912.

Rev. Sir,-

Mr. Inspector Green in his report on the Kishpiax Indian Day School, dated May 11th, last, states that Mr. Lee's duties as missionary take up a great deal of his time and that Mrs. Lee is so encumbered that she cannot give very much assistance in the school work.

As this is a school at which there is abundant work for a teacher who can give his or her whole time to the duties, I would ask you to consider the nomination of a competent teacher whose whole time would be given to the class-room work.

Extract from Inspectors Report on the Kispiak Indian Day School. Date May 11, 1912. Original on File 139209/6

GENERAL REMARKS.

Mr. Lee's many duties take a great deal of his time and Mrs. Lee with two little children (one a baby) cannot be expected to give more than the practical lessons.

I would suggest a well qualified teacher be secured, as there is ample work for one to do.

Where the church gives an extra grant over the salary to the missionary to teach the school, there is an inclination to try and do without a teacher and sometimes the school suffers.

Mr Lee is doing the best he can, but he has not sufficient time for school teaching.

Sgd. A.E. Green,
Inspector.

sch
Dear Sir,-

A letter has recently come to hand from the Indian School teacher at Kish-piaz on the Upper Skeena, B.C., accompanying duplicate of school returns for the December quarter. In view of the disturbed condition among the Indians in that part of the country the following extract from the teacher's letter may be of some interest:-

"The disturbances, also the continued feasting during the closing weeks of December, reduced the attendances and was disappointing. On the whole the attendances were good considering the very great disadvantages this winter; for some time every eligible child was attending school. The people are very friendly to me personally. I have always had great happiness in the Indian work, and look forward to a continuance."

(Signed) Yours cordially, F.B. Kemp."

To the Secretary,

Department of Indian Affairs,

Ottawa, Ont.

Dear Sir,-

Miss Richardson has been serving for some time at Kishpiak, B. C., as deaconess nurse under the instructions and authority of the Department. The salary was fixed at \$500 a year. I have written the Toronto office instructing that this amount be paid her regularly through the usual channel of the Methodist church. It will save any complication of matters if the Department will pay this into the office at Toronto.

Yours sincerely,

ML.

FILED.

Ottawa, July 15, 1913.

Rev. Sir,-

Rev. Mr. Green, Inspector of Schools for British Columbia, advises the Department that Rev. Mr. Lee, teacher and missionary at Kishpiax, has left the village. It appears from Mr. Green's report that Mr. Lee's services have not been satisfactory in as much as it was not possible for him to fulfil the combined duties of missionary and teacher.

This is a school where the Department considers that there should be a teacher whose whole time can be devoted ^{to} school work and I have to ask you to be good enough to give the matter consideration and make a nomination as soon as possible.

Sir,-

I have the honour to enclose herewith the report of Miss S. Z. Richardson, the former Field Matron of the Kispiox No.1 reserve (Kispik village) for the month ended with the 30th of April, last.

In connection therewith, and explanation thereof, I beg to state that on having had occasion to call at the local drug-store, I was told by its Manager, Mr. Fulton;-

"By the way, there has been a letter lying here for some time that should have been handed you some while ago, but must have been overlooked."

On opening the same, found the said, and herewith contained report.

Fyle No.139209-1,
March 13th -'13.

This fact may recall a similar instance, whereat these reports were transmitted by me in an inverted order by no fault of mine, since such of May last preceded that of April, under present consideration.

I have the honour to be,
Sir,
Your obedient servant,

H. P. King

The tubercular cases are doing well, finding it easy to get out of doors at this season of the year. Also the women have improved a little regarding the quality of nourishment they give their children. This is shown among heathen and Christian alike in the better nourished bodies of the little ones.

Our accident was that of a girl of ten years playing beside the river. One of the boys, son of a "medicine man", is noted for his roughness and ^{was} playing there at the same time with others of the village children. The other children had started home and at last Ellen began to go up the bank also but the boy seizing her arm from behind dragged her down the bank. She did not complain when at home for about a week afterwards when swelling and immobility could hardly be hidden. She was then taken to the

Hagellon Hospital.

It was a younger sister of Ellen's who was injured two years ago in an accident of which we could never get an account - but which was supposed to have been the result of a drunken brawl. From this she never recovered and this month ended a long illness resembling tuberculosis when the little sufferer died.

Our Indian Constable came and reported three places where the native liquor was being made - after most of it had been drunken. However the discovery was much to our satisfaction as we had known the

SPECIAL REPORT RE KISHPIAX SCHOOL.

44072

Sir,

I have the honor to report that a delegation composed of some of the leading Indians of Kishpiax waited on me at Port Essington, when I was there this month. They requested me to state their wishes to the Department regarding the Day School at Kishpiax, Babine Agency. They wish a teacher to teach the Day School separate from the missionary.

They stated that the Rev. R.W. Lee, Missionary and teacher for the past two years has now left the village and Agency, and Miss. Richardson, the nurse, who did a good work has gone to Alberta, so they are without anyone. They claim that when it is left with the missionary to teach the school, the school is not properly cared for.

I consider the Indians have ample cause to complain of the way the school has been conducted of late. If a missionary does his work properly he will be a busy man in this large village. And if a teacher does his work well, with fifty-nine children of school age in the village and forty-three enrolled, there is sufficient work in the school for nine months of the year for any one person however well qualified.

These people are very anxious for their children to be taught and when a suitable teacher, like Miss. Klippert (now at Metlakatla) and Miss. Kemp (now teacher at Kitwanger), who formerly taught this school, were the teachers, the children attended well, made progress and the parents were satisfied.

The Rev. R.W. Lee received a salary of \$800.00, \$500.00 of this being the grant from the Department to the Methodist Missionary Society for the school, this being supplemented by \$300.00 from the Missionary Society. Mr. Lee was expected to do and did, missionary

2.

among the whites, and was often away from the Indian village,
The school has not received fair treatment the past year, and
the Indians are afraid the same may happen again.

I would respectfully but strongly recommend that the Church
authorities be ^{communicated} ~~commissioned~~ with an order that a suitable teacher
be secured for the coming September, who shall give proper attention
to the school. It would be more satisfactory, with a good teacher
giving full time to the school, to increase the salary a hundred
dollars, than to give the present grant, and the work for it not
being properly done, hence the salary unearned.

I have the honor to remain

Your obedient servant

Inspector.

To the Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,-

Replying to your favor of the 15th.
#139209/1 re teacher for Kishpiak, I fully
concur in the report of Mr. Green, your Inspector,
regarding the work at Kishpiak, believing that
Mr. Lee could not do the two-fold work satisfactorily.
and in harmony with this I have been trying to secure
a teacher. I think I can get the services
of a Mrs. Fokeley, a bright young woman who is the
widow of one of our missionaries, to go there
and take up the work of teacher. Would the
Department sanction this appointment? I
think the salary should be at least \$500.

Yours respectfully,

EL.
TF.

444401

Sir,

With reference to Departmental letter, dated the 24th of June, last, inter alia regarding to ascertain the date Miss S. Z. Richardson (late Nurse-Deaconess, Kispiax reserve) taking charge of her work, and to inform, if possible, the Department in respect thereto, so that any balance of salary due for her services can be paid. Also remarking that it would seem that she was only conducting that work for nine (9) months, I have the honour to state the following:-

After some questioning on that subject, I was only successful enough to elicit that, primarily, Miss Richardson came, during May 1912, as an old time friend as guest to Mrs. J. P. Thorkildson to the latter's then abode, a ranch on the Kispiax river, some few miles removed from the Kispiax village. There, Revd. R.W. Lee interviewed Miss Richardson, and promised, if taking hold at Kispiax, that he (Mr. Lee) would see her paid from the 1st of May of that year, and, if need be, part out of his own means. Thereafter, Miss Richardson had gone to work some time in June, following; and it appears that the Department did not authorize a grant in that respect till the beginning of the following September.

Here, lately, Revd. Geo. H. Raley, former president of the B.C. Methodist conference, personally, interviewed me on that subject whereupon the latter appeared satisfied, and advised him, additionally to interview Mrs. Thorkildson, now here, and, no doubt, this will set things to rights in so far as the Department's obligations are concerned in the matter.

I have the honour to be,
Sir,
Your obedient servant,
H. E. King
Indian Agent.

- In Application -

Sir,-

rated as per
139,209/1
July 29, '13

In review of the time of incumbency of Miss Gertrude Martin as teacher of the Kispiox Indian Day School, and the splendid record made in bringing this school up to its present efficiency and her untiring efforts of steady application, I deem it expedient respectfully to recommend that Miss Martin's salary may be brought from its present rating of \$125.00 per quarter to that of \$500.00.

Further in support of the afore-going, I here beg to remark that since about the beginning of this month an epidemic of la grippe, accompanied with a sort of pleurisy, became largely in evidence among the people of Kispiox, and during that affliction Miss G. Martin, aside of steady labour at the school, unsparingly assists her sister Miss Eva Martin in attending to the sick and ailing, which work exceeded the best efforts of one to combat.

Moreover, Miss G. Martin I find ever alert to fit herself readily to any occasion that may arise for the benefit of the people of so large a village (229) combined with an influence for good in general she thereby effects.

I have the honour to be,

Sir,

Your obedient servant,

Ottawa, February 8, 1917.

Sir,-

I beg to inform you that Miss Gertrude Martin, teacher of the Kishpiax Indian Day School, has made application to the Department through Mr. Agent Loring of the Babine Agency for an increase in her salary from \$500.00 to \$600.00 per annum.

With reference to this request I beg to say that the Rev. T. Ferrier, Superintendent of Methodist Indian Schools, submitted a schedule of salaries for the Methodist Indian day schools and in this schedule requested that a salary of \$600.00 per annum be provided for the Kishpiax Day School and cheques in payment of the quarterly salary at this rate have been sent since July 1st, 1914.

If you have been furnished with a copy of this schedule you will see that the teacher of this school is entitled to payment at the rate of \$600.00 per annum from that date and no doubt it is through an oversight that she has been paid at the rate of \$500.00 per annum instead of \$600.00, which is due her from the 1st of July, 1914.

Dear Brother:-

I have just received your letter of enquiry re Miss Gertrude Martin, teacher at Kishpiaz. Certainly some mistake has occurred in the information you have received from the Govt. Dept. In looking up my records I find I have paid Miss G. Martin \$600 for last year and on this year's account I paid her \$150 each quarter, in Sept. 1916, Nov., and Feb. 1917, which is on the basis of three quarter salary. So she is receiving regularly \$150 per quarter and has but one more payment due her in this school year. I have the returned cheques for these amounts.

Hoping this will clear the matter up from our side.

Sincerely yours,

(Sgd.) J. F. DIMMICK.

500560

Sir,—

-Re Notice to resign -
- Teacher -

In compliance with the concluding paragraph of the INDIAN DAY SCHOOL REGULATIONS - for guidance of Inspectors, Indian Agents and Teachers, namely, in that all teachers be required to give at least one month's notice of their intention to resign, I have the honour to report herewith that Miss Gertrude Martin, the teacher of the Kispiox Indian Day School, because of illness of her mother, feels herself impelled to relinquish her duties with that school on the current quarter to be ended with the 30th proximo.

Relative taking this step, Miss Martin is loath to leave, and myself much regret to lose such efficient and diligent a teacher, but since circumstances will not otherwise permit, I respectfully recommend that the action in the premises about to be taken by Miss Martin may, by the Department, not be considered otherwise than one solely prompted by urgent necessity, and in the sense of being mindful of having been treated by the Department with the utmost kindness and consideration.

I have the honour to be,

Ottawa, March 22, 1917.

Sir,-

In further reference to previous correspondence regarding the amount of salary paid Miss Gertrude Martin, teacher of the Kishpiak Indian Day School, I beg to say that the Department is in receipt of a communication from Mr. Agent Loring regarding this matter. The Agent states that in making the application for an increase in Miss Martin's salary he was under the impression that she was only receiving \$500.00 per annum and that in requesting that her salary be increased to \$600.00 per annum he did so "entirely upon his own initiative on the merits of the services rendered by Miss Martin, and without consulting her as ^{the} intended beneficiary, in order to afford her a pleasant surprise".

The Department regrets that through a misunderstanding of the Agent's letter in applying for this increase you were put to any inconvenience in this matter.

Hazelton, B.C., March 10th, 1917.

498799

Sir,

I have the honour to acknowledge receipt of Departmental letter of the 27th ultimo with reference to mine of the 18th January, last, in that I had applied on behalf of Miss Gertrude Martin, teacher of the Kispiox Indian Day School, that her salary:-"may be brought from its present rating of \$125.00 per quarter to that of \$500.00;"

and in reply thereto have been informed that Miss Martin's salary had been paid at the rate of \$600.00 per annum from the first of July, 1914, and cheques had been sent each quarter at that rate to the Treasurer of the Methodist Missionary Society, Toronto, etc.

In regard to the foregoing, I here beg to state that inadvertently I made the to me inexplicable error in quoting the rating as above, whereas the same should have been made to read:-
-"may be brought from its present rating of \$125.00 per quarter to that of \$150.00."

This step in recommendation I have taken entirely upon my own initiative on the merits of the services rendered by Miss Martin, and without consulting her as the intended beneficiary, in order, to afford her a pleasant surprise.

And, additionally, beg here to add that upon request I otherwise elicited that Miss Martin had already been receiving the higher rating of salary through the Rev. J. F. Dimmick, Chairman of the Port Simpson District, since the date as herein above referred to.

I have the honour to be,

Sir,

REMARKS.-

520605

The whole situation here is discouraging. The people are apathetic, both as regards their religious state and the education of their children.

[Handwritten signature]

The presence on the reserve of two pool rooms seems to me to be a disgrace, especially as the children are in there until all hours of the night. Dancing and card playing are all in vogue and the people are deteriorating. The children are not dull and could progress if attendance was enforced.

=====

ATTENDANCE.-

Very irregular, apparently caused by feasts, pool rooms, dancing, etc., to which the children all go. Appointment of truant officer and abolition of pool rooms, etc.

Agnes Menzies

Reverend Sir,-

I have to acknowledge the receipt of your letter of the 23rd ultimo, informing the Department that Miss Menzies, one of the teachers at the Fisher River Day School, is being transferred by you to Kishpiox, B. C., as teacher at that point.

In reply I beg to say that the transfer of Miss Menzies is approved. Her salary and war bonus will be paid her as teacher of the Fisher River school until the 31st ultimo. The balance of the bonus will be paid her at Kishpiox at the end of the March quarter if she continues in the service. Her salary will be continued at the same rate as was paid her at Fisher River.

It is noted that you consider that one teacher will be sufficient to carry on the work at Fisher River until the end of the current school year, namely, June 30th next.

Mr. Agent Carter will be informed accordingly.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

151-12-1.

Ottawa, May 21st, 1923.

Sir:

Mr. Inspector Cairns, in a report on his inspection of the Kispicx Indian Day School, states that Miss Lily Morrice, the teacher, is efficient and faithful in the discharge of her duties and that she would consent to remain for another year if she received an increase in salary.

In view of the Inspector's report concerning the work Miss Morrice is performing, the Department is anxious to retain her services, and will allow her an increase in salary for the next school year - Sept. 1, 1923, to June 30, 1924 - of \$100 per annum. This will make her salary at the rate of \$350 per annum, which will be supplemented by any bonus provided by law. Kindly inform Miss Morrice accordingly, and ascertain definitely from her whether she will remain for the next school year or not, and inform the Department.

The Inspector also draws attention to the fact that there are at least five children of school age who are not enrolled, and that he discussed this matter with both yourself and the teacher. An effort should be made to have every child of school age on the reserve, who is in good health, attend the school regularly. The truant officer should visit the homes where children fail to attend, and see that they are taken to school.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Ottawa, May 21st, 1923.

Sir:

I beg to inform you that, in view of the favourable report submitted by you regarding the work being performed by Miss Lily Morrice, teacher of the Kispick Indian Day School, your recommendation that she receive an increase in salary for the next school year is approved. We will allow her salary for the next school year - September 1, 1923, to June 30, 1924 - at the rate of \$850 per annum, supplemented by any bonus provided by law.

We are informing Mr. Agent Hyde accordingly, and requesting him to ascertain definitely as to whether, in view of the increase allowed, Miss Morrice will remain for another school year or not.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

R. H. Cairns, Esq.,

Schyns

EXTRACT FROM REPORT OF MR. R. H. CAIRNS, DATED
APRIL 20, 1923, on the KISPLOX INDIAN DAY SCHOOL.

Original on File #159209-b.

Average attendance for
quarter ended June, 1922.....10.56
September, 1922..... 8.47
December, 1922.....12.50
March, 1923.....15.

It would be noticed that 5 children, at least,
of school age are not enrolled. I discussed this with
both the teacher and the agent. I am of the opinion that
every child of school age on the Reserve, who is physically
fit, should be made to attend school.

I noticed that the truant officer is quite
regular in his attendance at the school in this village.
He signs the register, but it would appear to me that the
homes where children fail to attend should be visited by
the truant officer.

Miss Morrice informed me that if the salary
were increased she would return to this school for another
year. I think it is in the interest of the children of
this village that Miss Morrice should return. Therefore,
I most respectfully recommend that the Department consider
the granting of an increase of \$100 for next year.

OTTAWA, July 20th, 1922.

Reverend Sir: -

Mr. Agent Hyde, Hazelton, B.C., informs the Department that Miss Lulu Drysdale, teacher of the Kispiox Indian Day School, will not likely continue duties when this school re-opens after the present summer holidays. He states that Miss Drysdale is not strong enough to continue this work, as she was sick a good deal of the time during the June quarter. The Agent states that she has returned to her home in Winnipeg, and he does not think she intends to return. He states that the services of another teacher should be secured, one who is physically strong and of mature age, as a large number of the pupils are over eleven years of age.

I shall, therefore, be pleased if you will arrange for the appointment of a qualified teacher for this school. The name, qualifications and experience of the teacher nominated by you should be submitted for the approval of the Department. The amount of salary should also be stated.

I shall be pleased if you will give this matter your early attention.

Your obedient servant,

A. F. MacKenzie,

AND HOSPITALS
United Church
Brandon, Manitoba

151-12-1

R

Brandon Industrial School,
December 24th, 1928.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,-

Re a teacher for Kispiox:

Replying to yours of the 11th No. 151-12-1,
Mrs. Stickle is not available. I am in correspondence
with Miss Eva M. Ray of New Westminster. She has a
British Columbia certificate and nine years' experience
as a teacher, also a business education. She is very
well recommended. I would be pleased to nominate her
to fill the vacancy caused by the resignation of Miss
L. Morrice.

Yours respectfully,

T. Ferrier

Ottawa, July 8, 1929.

Reverend Sir:

With further reference to your general letter of the 25th ultimo, nominating teachers for the Indian day schools under the United Church, I regret to state that the Department can give but temporary approval for the appointment of Miss Helen Earl at the Kispiox Indian Day School. It is my opinion that Miss Earl would make a good field matron or social worker on an Indian reserve; but her qualifications for the classroom exercises are such, that I would urge you to transfer her to other work at the first opportunity. The Kispiox School is a fairly important activity, with a good enrolment, and I consider a strong teacher should be named for the post. The Department approves of the temporary appointment of Miss Earl, at a salary of \$90 per teaching month - her duties to commence on September first, next.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Dear Mr. Ferrier:

I am enclosing a copy of a letter which I have just received from the Indian Agent at Hazelton, B.C. It will explain itself.

You will remember that when you agreed to have Miss Earl re-appointed to the school at Kispiox a year ago it was under the condition that her encumbrancy of the office would continue for only one year. I felt at the time that Miss Earl's work was very satisfactory and it appears that she has done even better work this year.

Kindly let me know if you would approve of her re-appointment for the approaching academic year, and oblige,

Yours faithfully,

yes

April 9th, 1931.

Sir,-

RE: MISS HELEN EARL, INDIAN DAY SCHOOL, TEACHER AT
KISPLOX NEAR HAZELTON

I am informed by the Rev. T. H. Wright, United Church Minister at Hazelton, that Miss Helen Earl may be removed from Kisplox in the near future.

As Indian Agent, I have been in constant touch with Miss Earl and I wish to call your kind attention to the great service Miss Earl has rendered to the adults besides the children of Kisplox.

Miss Earl is doing particularly good work at Kisplox. Her children at the school are well advanced in their studies and the school ranks very high amongst the schools of this Agency. Miss Earl has been instrumental in organizing sport amongst the young people of Kisplox and its good effect is quickly noted. Through her untiring efforts in helping the Indians, both young and old, Miss Earl has endeared herself to the Natives.

May I be permitted to express my disapproval of the transfer of Miss Earl from Kisplox. She is doing good work and is most satisfactory in every way.

Your obedient servant,

(Signed) G. C. Mortimer.
Indian Agent.

P.O. Box 666,
Victoria, B.C.

Dear Sir;

With reference to your 15/1/34876 dated May 23rd I may say that I have forwarded the necessary night letter to Rev. Dr. Osterhout stating that I have no objection to the nomination of Mr. J.T. Burchill as teacher of the Kispiox Indian Day School, provided the Department of Indian Affairs in Ottawa is satisfied. A copy of my night letter is attached for your information.

You will note that I strongly recommend that Mr. Burchill attend the Indian & Rural, as well as the Primary courses, to be given this year at the Provincial Summer School in Victoria. Even in the absence of a British Columbia Normal School training such a Summer School course would make Mr. Burchill's work at Kispiox of far greater value to the children.

I should be glad if you would forward this correspondence to the Department of Indian Affairs in Ottawa for their information.

The delay in replying to your letter was due to my absence from Prince Rupert on an inspection tour up the Nass River.

Your obedient servant,

Gerald H. Barry.

The Indian Agent,
Sabile Agency,
Hazelton, B.C.,

Dear Sir:-

I herewith enclose a letter from Dr. H. C. Wrinch of Hazelton, which speaks for itself.

Last winter for a considerable time I was not feeling quite well and was under Dr. Wrinch's care, but succeeded in carrying on my school work in spite of that.

It has been my intention for some time past to leave for Vancouver on May 7 to attend the sessions of the B.C. Conference of the United Church, to which I have been appointed by my Presbytery, and with that in view I have been teaching Saturdays and during the Easter holidays so as to make up for the sixteen days required for my trip to Conference.

In view of the enclosed letter I respectfully submit this my application for sick leave of absence for the remainder of the school year as from May 7. According to Circular 180-48 received from Mr. A. F. MacKenzie the Academic Year 1935-1936 contains 193 teaching days when the four general holidays are deducted. On May 6 I shall have taught 173 days thus leaving only twenty school days to be supplied.

I shall be very grateful if you will give this matter your kind consideration and grant me this leave of absence as suggested in Dr. Wrinch's letter.

Yours very truly,

J. J. Burchill

Dear Mr. Burchill:-

With regard to your condition of health, I consider it necessary to advise you that the very strenuous work you have carried on continuously since last summer has been a heavy strain on your constitution and particularly upon your nervous system.

I am of the opinion that in order to avoid what might be a very serious nervous breakdown, it is advisable that you arrange, with as little as possible, to take from six to eight weeks of rest and entire relaxation.

Please give this matter careful consideration. I hope you will find it possible to get this entire change without any undue delay. I am satisfied you will find it most beneficial.

Yours very truly,

June 14th,
1934.

Dear Sir: Re: Kispiox Indian Day School.

The Indians at Kispiox have been agitating for a number of years for a missionary-teacher. The British Columbia Conference at its recent session nominated Rev. J. T. Burchill, M.A., who has been supplying at Port Essington during the past year, for that position.

Mr. Burchill is a Master of Arts of Dublin University and was for a number of years a missionary in Honduras. He has been in British Columbia for five or six years and has taught successfully in Columbian College, New Westminster, and a private school for boys. I do not know whether his certificate would be accepted by the British Columbia Department of Education or not. There is a letter from him to-day in which he expresses himself as willing to spend July and August mastering the curriculum of the public schools in British Columbia. The fact that he conducted a very successful night school in Port Essington last year would seem to indicate that he has the ability to teach elementary subjects. He has a wife and three children and is desirous of moving to Kispiox on the 1st July, if his nomination as teacher of the day school is satisfactory to the Department.

I have not met Mr. Burchill personally, but Dr. Barner, our Superintendent of Indian Missions, visited him in Port Essington and was very favorably impressed.

I sincerely trust that this nomination will meet with the favor of the Department and that the salary allowed will at least be as much as Miss Earl was receiving.

Yours very sincerely,

Kenneth J. Beaton

EXD.

Ottawa, May 6, 1936.

Dear Sir:

With reference to your letter of the 29th ultimo, the Department understands that Rev. J. T. Burchill, teacher of the Kispiox Indian Day School, will be absent from the school, through illness, for the balance of the academic year, and that Miss Westman will take over his duties without cost to the Department.

In view of Rev. Mr. Burchill's condition, this arrangement is approved, but you should point out to him on his return, as well as to the teachers of the other Indian day schools in your Agency, that the schools should not be kept open during holidays or Saturdays without the express permission of the Department. The instructions contained in the circular issued yearly regarding the dates of opening and closing of Indian day schools should be adhered to strictly, unless special permission has been obtained from the Department to deviate from the regulations that are contained in the circular.

Yours truly,

A. F. Mackenzie,
Secretary.

Sir,-

re - Rev. J. T. Burchill, Teacher of the
Kispiox Indian Day School.

I beg to enclose herewith a letter received from the above named gentleman who, apparently, is suffering from a near nervous break-down in health. I am also enclosing a report from Dr. H. C. Wrinch dealing with the matter. Both letters are self explanatory.

If the Department approves of the wishes of Mr. Burchill, arrangements have been made by Mr. Burchill for Miss Westman, Field Matron, to take over his duties for a period of twenty days with no cost to the Department.

I am of opinion that Miss Westman is quite capable of carrying on during the absence of Mr. Burchill.

Encls.

Your obedient servant,

GCM/SM.

G. C. Mortimer,
Indian Agent.

Dear Sir,-

re - Resignation of the Kispiox Indian Day
School Teacher.

I enclose herewith a letter received from the Rev. J. W. A. Stinson tendering his resignation as teacher of the Kispiox Indian Day School, to take effect on March 11th or, at the latest, March 14th, 1938. The letter is self explanatory.

The Indian Commissioner for B.C. has already been informed of this pending resignation and, no doubt, has taken the necessary steps to obtain a suitable teacher to temporarily fill the vacancy until a permanent appointment is made.

Your obedient servant,

G. C. Mortimer

Gentlemen, -

It is with regret that
I do hereby present my resignation
to you as Teacher at

Kispiox Indian Day School, B.C.

Resignation will take
effect on March 11th. If necessary
however I will be available for
one more day, that day being
Mar. 14th.

Due to the fact that we
expect to sail for China on Mar. 19th
it is necessary that we leave here
not later than Mar. 14th.

I have appreciated more than I
I can say the way that your Department
has co-operated and assisted me in the
discharge of my duties and wish for you
all encouragement and continued
success.

Gratefully Yours,

John W. Stinson

Mr. R. A. Hoey,
Superintendent of Welfare and Training,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Mr. Hoey:

RE KISPIOX

You will know that for some time we have been trying to get this position filled in a way that will be satisfactory both to your Department and to our Board.

I beg to advise that Mr. Burchill is leaving and in his place we are nominating Rev. J. W. A. Stinson, B. A., B. D. Mr. Stinson is a recent graduate of the University of Toronto and Emmanuel College, and was actually on his way to serve our Mission in West China when the trouble out there caused the Foreign Mission Board to hold him over in Vancouver. It is quite unlikely that he will be proceeding to China this year, and consequently the Board of Foreign Missions is willing to release him for service in Canada for one year. I know Mr. Stinson personally, and can assure you that he would be in every way a fit person to take charge of the work at Kispiox, including the teaching.

In addition, Mrs. Stinson is a Teacher, and would, no doubt, be of assistance to her husband.

I hope that you will find it possible to agree to this nomination in spite of the fact that Mr. Stinson is, perhaps, not exactly qualified from a pedagogical point of view. I feel sure that one who has a missionary spirit and, in addition, personal and academic qualifications far beyond the average, will make a success of this work. I shall be glad to hear if your Department approves of the nomination.

With best regards, I am

Yours sincerely,

Rev. Dorey

EX'D.

Ottawa, August 6, 1937.

- Re: Rev. J. T. Burchill -

Dear Mr. Hansen:

I desire to acknowledge receipt of your letter of July 30th and also certain correspondence relating to the dismissal of Reverend J. T. Burchill from the Kispiox Indian Day School, enclosed therewith.

The records here indicate that Mr. Burchill was appointed teacher at the Kispiox Day School on June 25th, 1934, and was nominated for the position by the then Associate Secretary of the Board of Home Missions of the United Church of Canada. The appointment was made for the academic year 1934-35.

It was noted by the Department at that time that Mr. Burchill had no professional certificate recognized as valid in Canada, nor had he any previous experience in teaching at an Indian day or residential school.

Inspector Barry's first report on his work at the Kispiox School is dated September 12th, 1935. Mr. Barry, in this report, expresses the opinion that Mr. Burchill was rather erratic in a temperamental sense and very severe in his discipline. Mr. Burchill admitted to the Inspector at that time that he used the strap frequently. The Inspector, however, was anxious that this teacher should be given an opportunity to make good, and his specific recommendation to the Department was that a close check be kept on the actions of the teacher during the year.

The next report of the Inspector on this school is dated September 15th, 1936. The Inspector, at that time,

Encl.

was profoundly

Olof Hansen, Esq., M.P.,
S m i t h e r s ,
B. C.

Indian Affairs. (RG 10, Volume 6396, File 819-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

was profoundly dissatisfied with the progress of the pupils and expressed the opinion that Mr. Burchill was in a very nervous condition and, in his judgment, on the verge of a physical breakdown. In view of these facts, the Inspector recommended that the United Church authorities be asked to replace Mr. Burchill at the earliest possible moment.

The Acting Superintendent of Indian Education wrote at that time to the Associate Secretary of the Board of Home Missions of the United Church of Canada, sending forward to him a copy of Captain Barry's report. The Secretary's reply is dated October 15th, 1936, and, in this letter, the Secretary states: -

"I appreciate the trouble which you have taken to copy Inspector Barry's report concerning the recent inspection of the Kispiox Indian Day School. I am inclined to think that, for once, Mr. Barry is absolutely right, but you are well aware of the great difficulty we have in securing men of the right type for that particular school. I do not believe that anything can be done about it before June 30th."

Inspector Barry's next report is dated May 25th, 1937. In this report, the Inspector states: -

"The teacher was ill with nerves in May and June, 1936, and was granted sick leave. He was absent from the school at the time of this inspection and I did not see him.

There is nothing on record here to indicate that Mr. Burchill obtained permission to leave his school at that time, from the Department, the local Indian Agent or the office at Victoria.

In his recommendations, the Inspector takes a strong stand that, in the interests of the school and in the interests of Mr. Burchill, himself, a change of teacher at Kispiox should be given careful consideration by the Department.

The subject

Indian Affairs. (RG 10, Volume 6396, File 819-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

The subject matter of the Inspector's reports has been discussed, by letter and personally, with the United Church authorities. The Associate Secretary of the Home Mission Board took the position very definitely, when the matter was last discussed with him, that so far as he was personally concerned, he was prepared to abide by the recommendations contained in the Inspector's report. He had in mind at that time not only the Inspector's report on the Kispiox School but other reports, the subject matter of which had been brought to his attention at that time.

It is just possible that a great deal of the difficulty has arisen as the result of Mr. Burchill's physical condition. In a letter addressed to him dated April 25th, 1936, Dr. H. C. Wrinch, of Hazelton, states:

"I am of the opinion that, in order to avoid what might be a very serious nervous breakdown, it is advisable that you arrange with as little delay as possible to take from six to eight weeks of rest and entire relaxation."

Mr. Burchill objects, as I understand it, not so much to his dismissal but rather to the procedure followed by the departmental officials with respect to his dismissal. I may state, by way of comment, that it has never been the policy or practice of the Department to supply teachers in charge of our Indian day or residential schools with copies of Inspectors' reports. These reports are very carefully prepared candid documents, and have always been looked upon by the Department as strictly confidential. Provincial Departments of Education have learned from experience that an adverse or critical Inspector's report supplied to a teacher frequently militates against, rather than contributes to, his or her success in a school. British Columbia may be an exception, but the Departments of Education in most of the Provinces do not supply teachers with copies of Inspectors' reports. Copies, however, are sent to Secretaries of Trustee Boards. Inspector Barry is one of our senior officials, particularly well qualified to pass

judgment

Indian Affairs. (RG 10, Volume 6396, File 819-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

judgment on the work of a teacher. He occupies a very exacting position and is called upon to work in close co-operation with the church authorities, the teachers in charge of schools, the Indian population and the general public. I am convinced that, in his recommendations from year to year, he is actuated by no motives other than a desire to see capable, fully qualified and successful teachers in charge of the schools for the progress of which he is responsible.

Mr. Burchill, in paragraph 11 of his reply to Mr. Osterhout's letter of October 26th, 1936, refers to Indian Agent Mortimer and to his alleged hostility to the teacher from the time of his first arrival at the school, and states: -

"It is clear that Captain Mortimer wants a lady teacher at Kispiox and has gone so far as to offer the school to Miss Tretiak several times lately."

Mr. Burchill should know that the Department has never at any time permitted Indian agents to nominate teachers for Indian day schools, and this also applies to Captain Barry. These appointments are made at all times by the Department and the Department accepts full responsibility for the appointments when they are made. In the case of the Kispiox and a number of other schools, we extend to the United Church an opportunity to nominate teachers for any positions that may be vacant, but the Department has never felt itself bound to accept such nominations. We frequently insist that two or three names be submitted in the case of a vacancy, so that the officials may have an opportunity to pass judgment on the qualifications and fitness of the applicants.

I do not know that there is much that I can add to the views I have already expressed. Reference has been made to Mr. Burchill's health. In addition to this, he appears to be a very highly strung, temperamental and somewhat erratic individual. It is just possible that while he may be eminently qualified for educational work

in an advanced

Indian Affairs. (RG 10, Volume 6396, File 819-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

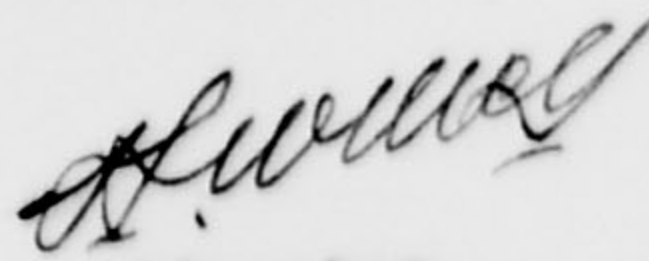

CANADA

in an advanced school, he did not find the work at Kispicx sufficiently challenging. It is significant and worthy of note that we have experienced a great deal of difficulty the last two or three years with male teachers who have been given positions at elementary Indian day schools. The average male teacher seems to lack the necessary powers of adaptability for this work. On the other hand, female teachers, with the same or lower qualifications, are, with very rare exceptions, outstandingly successful.

I want to thank you very heartily for the courtesy that prompted you to bring this matter to my personal attention.

I am returning herewith the correspondence enclosed with your communication.

Yours very truly,

Director.

The Superintendent of Education,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:

I beg to inform you that the following resolution was passed at a meeting of the Prince Rupert Presbytery of the United Church of Canada Feb. 18th, 1937:

"Whereas the Dept. of Indian Affairs has requested the removal of Rev. J. T. Burchill B.A., from his position as teacher of the Indian Day School at Kispiox, B.C., owing to an unfavorable report by the inspector;

And, whereas the services of Mr. Burchill, as a teacher, are eminently satisfactory to the people and pupils of Kispiox with whom he is deservedly popular;

And, whereas we consider that such an unfavorable report does not give a fair estimate of his work as a school teacher;

And whereas, under similar circumstances, a teacher under a provincial inspector in B.C. has the right to appeal for an independent investigation;

And, whereas he is a university graduate with previous successful teaching experience;

And, whereas we believe that the services of Mr. Burchill are an inestimable value to the Kispiox school;

And, whereas men of such high qualifications cannot be attracted to such work unless they are assured of protection under similar circumstances;

Be it resolved that this presbytery of Prince Rupert in the United Church of Canada request the Department of Indian Affairs to have T. W. Hall of Prince Rupert, Provincial Inspector of Schools, inspect the school at Kispiox and make an independent report;

Further be it resolved that no dismissal be made until this report is received and duly considered;

Further be it resolved that copies of this resolution be sent to the Home Mission Board of the United Church of Canada, the Department of Indian Affairs, and the Member# of the Dominion Parliament for Skeena.

Yours truly,

R. J. Love
R. J. Love, Secretary,

Mr. R.A. Hoey,
Supt. of Welfare & Training,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Canada.

My dear Mr. Hoey:

RE: TEACHER, KISPLOX, B.C.

No doubt Captain Barry has informed you that as Rev. J.W.A. Stinson has to leave Kisplox for the Foreign Mission field on March 15th, Miss Doris Mary Bews has been sent up as teacher for the balance of the school year. We have just received word of this from our Superintendent, Dr. Osterhout.

Miss Bews has a First Class Permanent Certificate for the Province of Saskatchewan and has had 9½ years' experience in rural and town schools, both public and high school work, with special training in playground activities and physical exercises, music, typing and shorthand.

Re Payment of Salary Grant: As this appointment is, for the present at least, temporary, I presume your Department would prefer to pay the grant through this office, and would suggest that the cheques be made payable to our Board, from now until June. At Dr. Osterhout's urgent request, we are advancing today the amount of the first month's salary, \$90.00.

We are sending forward also a cheque for the salary of Mr. Stinson for the half of March, so if the grant from your Department for this period has not yet been forwarded to him, I would suggest that it also be paid to our office. If it has gone to Mr. Stinson, he will endorse and return it. He sails from Vancouver on the 19th.

Believe me,

Very sincerely yours,

EX'D.

Ottawa,
March 14, 1938.

Reverend Sir:

With reference to your letter of the 9th instant I am arranging to have cheque for \$45.00 forwarded to you. As you are aware present regulations require that all salary cheques be drawn in favour of the person to whom they are payable but in view of the special circumstances in the case of Reverend Mr. Stinson an exception has been made from the regular procedure.

It will be necessary, however, to forward Miss Bews' cheque direct to herself and a cheque for \$45.00 will be forwarded to her at the end of March in payment of salary for the last half of that month. Her April and June cheques will be forwarded at the end of each month. No doubt you can arrange to have her endorse these cheques and return same to you.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

With reference to your letter of the 7th instant the Department had already been informed regarding the change of teachers at the Kisplox Indian Day School. The appointment of Miss Doris Mary Bews as teacher of this school to replace Mr. Stinson for the balance of the current academic year is approved. She will be allowed salary at the same rate as the preceding teacher; namely, \$90.00 a teaching month.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Memorandum:

REPRESENTATIVE OF THE TREASURYRe: Kispiox Day School No. 819.

Reverend J. W. A. Stinson, teacher of the above-mentioned school, is giving up duties on March 15. Payment of one half month's salary is due him and in this connection I enclose copy of letter dated March 9 received from Reverend Geo. Dorey, D. D., Associate Secretary, Board of Home Missions, United Church of Canada. In view of the request contained in the last paragraph of Reverend Dr. Dorey's letter I enclose voucher for the amount due for Mr. Stinson's salary for the half month of March and would appreciate if you would forward cheque to the Board of Home Missions.

To succeed Mr. Stinson the Department has approved the appointment of Miss Doris Mary Bews. She will be allowed salary at the same rate as Mr. Stinson; namely, \$90.00. She will begin duties on March 16 and should be allowed a half month's salary, or \$45.00, at the end of March. A cheque for this amount should be forwarded to Miss Doris M. Bews, Teacher, Kispiox Indian Day School, Hazelton, B. C. I enclose copy of letter of appointment. Staff questionnaire will be forwarded as soon as it is received from the Agent.

Philip Phelan,
Chief, Training Division.

June 11th, 1938

Dear Dr. Dorey:

There is a strong feeling on the part of our workers on the Upper Skeena that there should be two teachers at Kispiox and I believe that is felt by others who are related to the education of the Indians in the North.

Miss Doris Bews as you know has been supplying there for a few months and has given excellent service. Mr. More has volunteered as a teacher for that school in conjunction with the work of the Mission and at my request he visited the field recently. While he is not endeavouring to escape any of the work involved in the school teaching he feels that to do justice to 66 students with a prospective addition of a dozen more in September that he should have an assistant, otherwise he says it will be quite impossible to retain the interest of the more advanced grades.

In order to do this, it will be necessary for the Department to add another room to the present building and I believe the Indian Agent has suggested that the wood-shed might be utilized with some alterations for that purpose. Would you be good enough to take the matter up with the Department at Ottawa, to see if as an emergency case they could provide the small amount necessary for this added accommodation.

I am sure it will give fine results if both Miss Bews and Mr. More can be retained as teachers in Kispiox where there is already awakened a keener interest on the part of the children and also on the part of their parents than has been manifested for many years.

Thanking you for your co-operation in this matter at an early date and with warm regards,

I remain,

Yours sincerely,

Signed - S. S. Osterhout.

Ottawa, Ontario.

June 28th,
1938.

Dear Mr. Hoey:

Re: Kispiox Indian Day School

I beg to enclose copy of a letter which has come from Dr. Osterhout regarding the need of a second teacher at Kispiox. I may say that I was there at the beginning of May and would strongly recommend that, if at all possible, a second teacher be appointed. This village is making some progress, but the school is not the best part of the village.

I gathered that the Agent, Captain Mortimer, had strongly recommended the appointment of a second teacher, and that it would be possible to divide the school itself into two parts, without much expense. In any case, you will soon need a better school building at this point. It is not at all the same kind of building as you have at Port Simpson and Campbell River.

Yours sincerely,

GD.MLT

Ottawa, Ontario,
July 6, 1938.

Dear Sir:

The Department is in receipt of a letter from the Associate Secretary of the Board of Home Missions of the United Church of Canada in which he states that it would be advisable to appoint a second teacher at the Kispiox Indian Day School. We are advised that there will likely be at least 66 pupils for the next academic year, and possibly 75. Do you consider that there will be this number who will attend the school regularly during the academic year 1938-39?

We have also been informed that if a second teacher is appointed, the present wood shed might be utilized for a classroom. Of course, some alterations would have to be made.

In preparing our estimates for the current fiscal year, no provision was made for a second teacher at this point and it will be difficult to secure the necessary funds. However, I would appreciate your advising me as soon as possible regarding your views in the matter, and in the event of your recommending a second teacher for the coming academic year, you might let me know the approximate cost of making the alterations to the wood shed. In the event of a second teacher being authorized, will it be necessary to purchase new desks? Any information that you might have available should also be forwarded for our consideration.

Re: Kispiox Indian Day School

Dear Dr. Dorey:

I have for acknowledgment your letter of the 29th ultimo, in which you seek information with respect to the policy of the Department in providing living accommodation for Indian day school teachers.

The records here indicate that it is not the policy of the Department to provide living accommodation for teachers, and no living accommodation has been provided on a number of the reserves in eastern Canada. It has been our policy recently, however, to provide living quarters when constructing schools on isolated reserves or on reserves where teachers may find it impossible to secure board and lodging. In a number of cases the teacher acts as missionary and in such cases living accommodation is invariably provided by the church. As a rule salaries are not influenced by living accommodation or lack of living accommodation. The experience of the teacher, the enrolment at the school, its accessibility, etc., are all factors that are usually reviewed by the Department before the salary of the teacher is decided upon.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
O t t a w a, Ontario.

Dear Sir:

Re - Kispiox Day School

I understand that a second teacher is being appointed. We have had a request from that point to spend some money in fixing up the missionary's residence, so that accommodation can be found for the teacher. Is it the policy of the Department to provide quarters for teachers in such circumstances? Or is the salary which you pay on the same basis as that of other teachers who provide their own living quarters out of it? I should be glad to know just what the rule of the Department is.

Yours sincerely,

[Handwritten signature: Geo. Dorey]

Dear Doctor Dorey:

I have your letter of the 17th instant in connection with payments made to Mr. Vannatter and Rev. Mr. More. There are so many regulations in effect at the present time covering payments of National Defence tax and cost-of-living bonus that practically every case has to be considered separately. I trust that the enclosed statement will explain the matter satisfactorily to you.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Doctor Dorey:

Re: Kispiox Indian Day School

I desire to acknowledge receipt of your letter of the 23rd instant, in which you nominate Miss Ida M. Pearson of Terrace, B.C., for the position of teacher of the junior room at the above-noted school. Miss Pearson will be allowed salary at the rate of \$85.00 a teaching month, plus cost-of-living bonus which, at this date, amounts to approximately 17%.

In view of Miss Pearson's age it might be well to have this appointment made on a temporary basis. I make this suggestion in order that we may avoid misunderstanding and a certain amount of friction later.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Mr. Hoey: Re - Kispiox Indian Day School

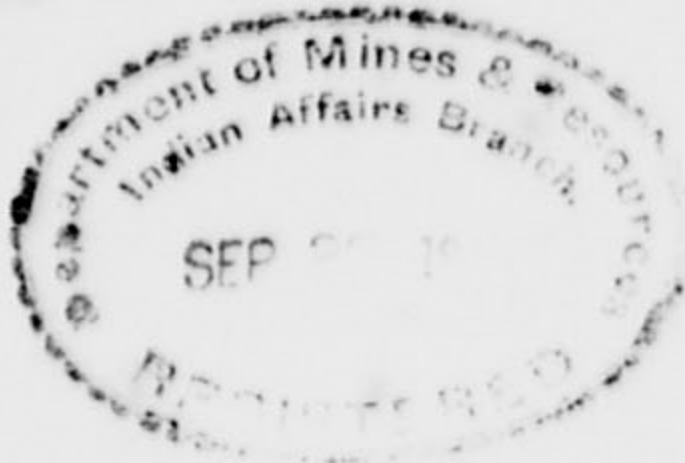

You wrote us on September 16th, stating that Mrs. Vanderveen found herself unable to accept the appointment to this school. In her place we are nominating Miss Ida M. Pearson, of Terrace, B.C., who holds a second-class B. C. certificate. She has had thirty-five years' teaching experience. Miss Pearson is somewhat older than we would normally recommend, as she is over sixty-five, but, under the circumstances, I do not think we can do anything else.

Will you please let us know what salary will be allowed. I rather think that the salary paid to Miss McDames was \$5.00 less than usual.

Yours sincerely,

Attention of Mr. R. A. Hoey

August 24th,
1942.

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

My dear Mr. Hoey: Re - Kishpiox Indian Day School

We beg to nominate, on a temporary basis, Mrs. Agerta W. Vanderveen, Essondale, B.C., as teacher of the junior room in the Kishpiox Day School. Mrs. Vanderveen, who holds an Ontario teacher's certificate dated 1906, is the mother of Miss Charlotte Vanderveen, who taught in the Indian day schools at Skidegate and Campbell River. Rev. Mr. Bunt, our Superintendent, states that he has discussed this nomination with the Commissioner, Major D. M. MacKay, who, owing to the very serious shortage of teachers, is quite agreeable to it.

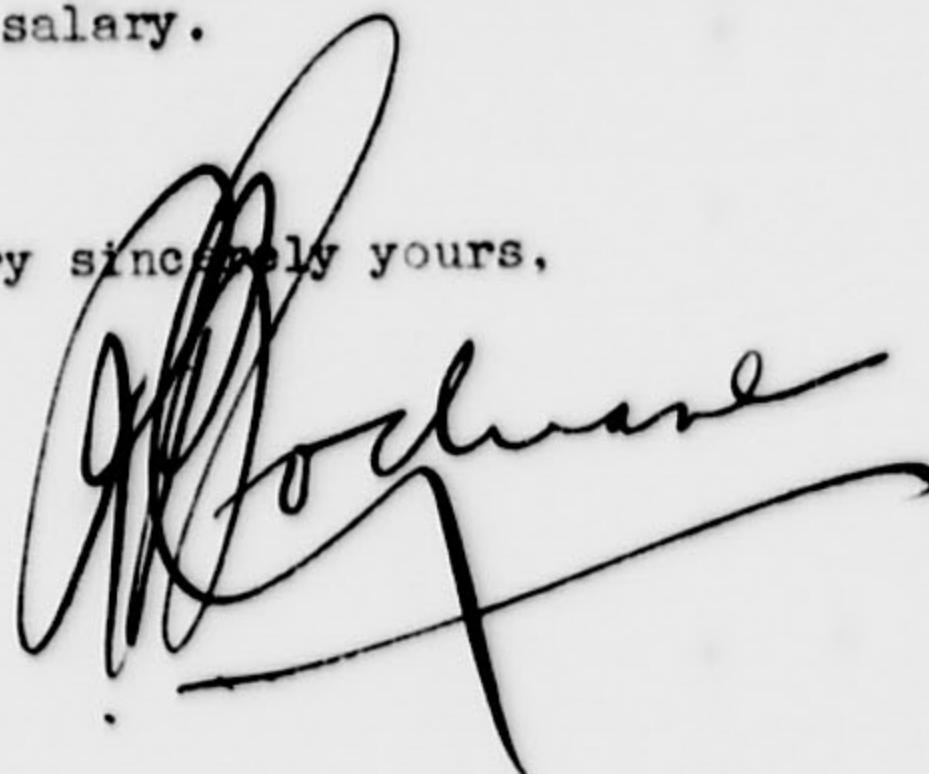

Mr. Bunt asks me to request that the Department pay Mrs. Vanderveen a salary of at least \$85.00 a teaching month. The previous teacher, Miss Annie McDames, received only \$80.00, but she did not hold a teacher's certificate.

I hope that the Department will approve of Mrs. Vanderveen's appointment, and will also see its way to agree to the request regarding salary.

Believe me,

Very sincerely yours,

RBC.

Dear Doctor Dorey:

With reference to the Kispiox Indian Day School, I wish to refer you to your letter of September 26, 1942, in which you stated that you asked Mr. Bunt to tell Miss Pearson that her appointment would be for one year only. She did not resume duties at this school on September 1 and consequently there is no teacher in the junior room. It would be appreciated if you would nominate a successor to Miss Pearson.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Hazelton, B.C.
February 1, 1943.

REPORT ON BABINE AGENCY FOR MONTH OF JANUARY, 1943.

SCHOOLS

Due to the extremely cold weather during a good part of the month - ranging from 20 to 45 degrees below zero - many pupils have been sick, and the attendance at some of the day schools has been small. The schools visited were: Hazelton, Glen Vowell and Kitsegukla. Mrs. Amyot, teacher of the Moricetown Day School, is still in the Wrinch Memorial Hospital, Hazelton, having been dangerously ill since January 3. Consequently, Moricetown Day School has been closed throughout the month of January. Miss Pearson, teacher of the junior room at Kispiox, has been away from school one week, suffering from pleurisy.

Dear Mr. Hoey:

Re - Kispiox Indian Day School

We are advised by our Vancouver Office that Miss Pearson is willing to teach the Kispiox Junior Room for another year. We have no one else in mind. Your Agent at Hazelton says that it is essential that they have a second teacher in the school, and we should be glad if Miss Pearson would be appointed for another year.

If this nomination meets with your approval, would you wire Mr. Mallinson, who has I think been in touch with Miss Pearson.

Yours sincerely,

Mr. S. Mallinson, Indian Agent, Hazelton, B.C.

With reference to your letter of the 11th instant, the following information has been obtained:

The net salary paid to Miss Pearson for November is computed as follows:

Salary \$85.00, plus bonus \$14.45	\$99.45
Less Retirement Fund deduction made from September cheque No. 60828, issued to Miss Pearson but which was returned as she did not teach	4.25
	<u>\$95.20</u>

<u>November deductions</u>	
Retirement Fund	\$ 4.25
Income Tax	<u>14.95</u>
	<u>19.20</u>
Net salary...	<u>\$76.00</u>

As you know, when Miss Pearson finally leaves our employ the amount to her credit in the Retirement Fund, with interest, will be returned to her.

R.A. Hoey,
Supt. of Welfare & Training.

Indian Affairs. (RG 10, Volume 6396, File 819-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Mr. Phelan

Miss I.M. Pearson,
Teacher, of Junior Room, Kispiox I.D. School.

The net salary paid to the above-noted for November is computed as follows:-

Salary \$85.00, plus bonus \$14.45	\$99.45
Less Retirement Fund deduction made from Sep. ch. No. 60828, issued to Miss Pearson but which was returned as she did not teach	4.25
	<u>\$95.20</u>

November deductions

Retirement Fund	\$4.25	
Income Tax	<u>14.95</u>	19.20
		<u>75.00</u>

Net salary 75.00

The Retirement Fund deduction of \$4.25 from the September cheque was
left to the credit of Miss Pearson in the Retirement Fund and deducted from
her gross salary for November.

Re - Miss I.M. Pearson
Teacher of Junior Room, Kispiox I.D. School

In my letter of November 8 last, I advised that Miss I.M. Pearson commenced duties as Teacher of the Junior Room, Kispiox on Nov. 1st.

Miss Pearson has received her salary cheques for Nov. and Dec. which differ in amount, the particulars of which are,

Nov. Bonus-14.45	Gross-95.20	Ret. Fund-4.25	Income Tax-14.95	Bal. \$70.00
Dec. " 14.45	" 99.45	" 4.25	Income Tax-14.95	Bal. \$80.25

It would appear that the amount of the Dec. cheque is correct and I should be glad if you would kindly advise me why the Nov. cheque is for a lesser amount?

I enclose herewith Mr. Indian Agent Mallinson's letter of June 18th and letter dated June 16th from Reverend A. Rutherford tendering his resignation as teacher of the Senior Room at the Kispiox Indian Day School. I am requesting Mr. Bunt of the Home Mission Board of the United Church to nominate a teacher to replace Mr. Rutherford and would recommend that in the meantime his resignation be accepted.

Ottawa, June 27th, 1945.

Dear Doctor Dorey:

Indian Commissioner MacKay has just forwarded to this office the resignation of Reverend A. Rutherford as teacher of the Senior Room at the Kispiox Indian Day School. In his letter Mr. Rutherford states that the reason for his resignation is the necessity of taking his family to a point where there is High School accommodation.

Major MacKay advises that he has requested Mr. Bunt to nominate a teacher for this school for the coming academic year.

Yours truly,

Philip Phelan,
Chief, Training Division.

Schools

The Kitsegukla Indian Day School, which has been closed since the Christmas holidays, was obtained at the beginning of September, Mrs. B.M. Kitchenmaster being the teacher appointed.

The Hazelton, Kispiox (two rooms) and Kitwancool Indian Day Schools are closed from a lack of teachers, although the last named school may again be opened shortly by the last teacher who, from a health point of view, is unable to continue in her new appointment.

EXD.

Dear Mr. Bunt;

Inspector Coleman has just returned from Hazelton where he installed Mr. J.V. Boys as Indian Agent, who was transferred from the Kootenay Agency to replace Mr. S. Mallinson, who has retired.

In the course of his tour of the readily accessible schools with the Indian Agent he visited Kispior and describes the school room as indescribably filthy. In view of this report it is felt that Mr. Neale's services should be dispensed with and no transfer considered.

It would be appreciated if you would kindly nominate a successor, also a teacher for the second class room.

Yours faithfully,

D. M. MacKay,
Indian Commissioner for B.C.

Major D.M. Mackay,
Office of Indian Commissioner,
Vancouver, B.C.

Dear Major Mackay:

Re: Kispiox Day School

Last evening I was in Kispiox taking part in a Thanksgiving service, following which strong and urgent representations were made regarding the school. It is too bad that so many children are running around without any teaching being done.

Our minister at Hazelton, and his wife, have made an offer which is worth serious consideration. They are prepared to move out to Kispiox right away and to open one room as soon as arrangements can be made to do so. If there seems need of the second room being opened, they would also undertake that at the beginning of either December or January. It is to be understood that teaching is to be on the basis of four days a week, Tuesday to Friday, inclusive, and that when our annual Conference meets in May, they will be free to attend. For this they would expect to be paid four-fifths of the usual salary, plus bonus and whatever else may have gone with the salary at that school.

I discussed the plan with Mr. Boys, Indian Agent, and he will be writing you giving his approval.

Our minister's name is Rev. R.J.D. Morris. He is about 25 years of age and a graduate of U.B.C. Mrs. Morris is a few years younger, a Vancouver girl with Grade 12 standing. Both of them have had wide experience in Vacation School work and Young People's Leadership, are musical and greatly devoted to making a contribution to our Indian Mission Work. I have no hesitation in recommending the appointment, on a temporary basis, of Mrs. Morris to the school, and if necessary, later on would make a similar recommendation re Mr. Morris. If the proposal meets with your approval, would you communicate direct with your Department and with Dr. Dorey, as I may not reach my office before early November.

I want to repeat, that I am not asking the Department to change its policy re employment of only certificated teachers. I am merely passing on to you what I consider a splendid offer for help in an emergency, and will abide by your decision.

W.P.B.

Most sincerely yours,

W.P. Bunt

D.M. McKay Esq., Indian Commissioner for B.C., Box 70, Vancouver, B.C.

Re. Kispiox Indian Day School

I have been approached today by the Rev. R. Morris, minister of the United Church, Hazelton, B.C., who offers to open the Kispiox Indian Day School for four days each week until next June, or until a permanent teacher can be found. The Rev. Mr. Morris would move out to Kispiox with his wife and occupy the United Church residence. He would be prepared if necessary to open a two roomed school but I suggest that at first one room be opened until we can ascertain what enrolment might be expected. This first room would be taught by Mrs. Morris, who, though not a qualified teacher, has full high school education. Mr. Morris would later teach a second room if necessary, also on a basis of four days a week.

The School room last used is in need of re-decoration and repair and I suggest that this be re-painted, floor oiled and the outside toilets re-located and repaired. I propose to visit Kispiox today to organize this work and will submit an estimate of cost for your approval by the next mail.

I recommend employment of Mrs. Morris.

J.V. Boys,
Indian Agent.

Pri*
I am forwarding Mr. Indian Agent Boys' letter of October 23rd and a letter dated October 22nd from Rev. W. P. Bunt, in connection with the proposed employment of Mrs. R.J.D. Morris, the wife of the local United Church minister, at the Kispiox Indian Day School.

I may say that we have found it impossible to secure teachers for this two-room school and even though Mrs. Morris is able to keep the school open for four days a week only, it is considered that we should take advantage of her offer and that we should, if necessary, open the second classroom with Rev. Morris as teacher until such time as qualified teachers become available. I would recommend approval of Mrs. Morris' appointment at an all inclusive salary of \$90.00 a teaching month for her services four days a week.

The question of repair and redecoration of the classrooms will be the subject of a separate communication.

Dear Dr. Dorey:-

We have just received a letter from Indian Commissioner MacKay enclosing a letter which he has received from the Reverend Mr. Bunt.

Owing to the difficulty in obtaining a teacher for the Kispiox Day School, Mr. Bunt recommends that we employ Mrs. Morris, wife of the Missionary, Rev. R.J.D. Morris. Mrs. Morris is prepared to teach on the basis of four days a week, Tuesday to Friday inclusive.

Indian Commissioner MacKay approves of this arrangement and suggests that we allow Mrs. Morris salary at the rate of \$90. a teaching month. Please let us know if you have any objections to the arrangements suggested above.

Yours truly,

Bernard F. Neary,

Dear Colonel Neary:

Re: Kispiox Day School
Your File 151-12-1 (WT 1)

I have your letter of November 5th.
The arrangements are not only satisfactory but very
much appreciated.

Yours sincerely,

GD.MLT

Kispiox Indian Day School

Reference your 1-11-2, October 30, 1946.

The Department approves the appointment of Mrs. R.J.D. Morris as teacher of the senior room at the Kispiox Indian Day School. It is understood that she will teach four days per teaching week only. Therefore her salary will be at the rate of \$90.00 per academic month.

I enclose the necessary forms for completion by Mrs. Morris and return to this office as soon as possible. Please emphasize to Mr. Indian Agent Boys that Mrs. Morris will not be taken on the payroll until these forms have been completed and returned to this office.

I am enclosing an extra application form for completion by the Reverend Mr. R.J.D. Morris, in the event that you wish to give further consideration to the proposal that he be hired as teacher of the junior room at this school.

Bernard F. Neary,
Supt. of Welfare & Training.

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

With reference to your letter of the 30th ultimo, the Department approves the appointment of Mrs. R.J.D. Morris as teacher of the Kispiox Indian Day School.

It is noted that she is prepared to keep the school open four days a week. Under these circumstances, her appointment should only be considered temporary. Salary will be allowed at the rate of \$90.00 a teaching month.

Please have her complete and return a T.D. 1A Form and Staff Questionnaire Form. If she uses the T.D. 1A Form, it will relieve her from income tax for the balance of the current calendar year as she will not receive sufficient salary during that period to make her liable for income tax.

If she continues to teach after Jan. 1, 1947, it will be necessary for her to forward a T.D. 1 Form early in January.

Dear Colonel Neary: Re: Kispiox Indian Day School

Following my letter of the 14th, in which I mentioned that Miss M.A. Currie, teacher of the senior room at Port Simpson, desired a transfer to another school, I am now in receipt of word from Mr. Bunt that Miss Currie is willing to go to Kispiox. I am therefore writing to ask if the Department will approve her transfer to the senior room at Kispiox; duties to begin with the new term following the Christmas holidays.

Will you please notify Rev. W.P. Bunt (807 Dominion Bank Bldg., Vancouver) by air mail regarding this, so that he may communicate immediately with Miss Currie at Port Simpson, sending a copy of your letter to this office; also stating that salaries will be allowed.

MIT

Yours sincerely,

George Dorey

Education

Kispiox two roomed school would have been closed but for the United Church Missionary's wife, Mrs. Morris, jumping into the breach four days a week and so far as can be judged did an excellent job. It was arranged that if the class became too large for her to handle her husband, a splendid young fellow of outstanding ability in his field, would assist her. However, Miss Currie of the Port Simpson School, long recognized as an inferior teacher, fell out with her colleague and she was loaded on to this unfortunate Agency, a blow that would have been softened somewhat if she had been sent to the vacant Kitsegukla. I met her the morning of her arrival and I think the time was something less than five minutes before she started off with a series of ultimatums.

INFORMATION FOR THE EMPLOYEE

8. Dependents. Taxpayers may claim as dependents only—

- (1) A person wholly dependent on the taxpayer for support and of whom the taxpayer has, or immediately before such person attained the age of twenty-one years did have, in law or in fact, the custody and control.
- (2) Sons and daughters (including illegitimate sons and daughters) or sons-in-law or daughters-in-law, brothers and sisters or brothers-in-law or sisters-in-law, and grandchildren, if under eighteen years of age, or under twenty-one and attending school, or over eighteen years of age and incapable of self-support.
- (3) Parents, grandparents, parents-in-law, or grandparents-in-law, incapable of self-support.
- (4) a daughter or sister under twenty-one years of age training as a nurse in a public or provincially licensed private hospital.

9. If Child under 16 and not Registerable for Family Allowances. A taxpayer may claim an exemption of only \$100 for a wholly dependent child "that was or might have been registered under The Family Allowances Act, 1944, so that an allowance under the said Act was or might have been paid in respect of the last month of the taxation year." With a few exceptions, every child under 16 years of age may be registered and receive payments under The Family Allowances Act. Therefore, Form T.D.1 provides that only the \$100 exemption may be claimed for any dependent shown in Item 5 as having been born after November 1931. There are isolated cases, however, of children under 16 years of age who are not registerable for family allowances. An employee supporting such a dependent child is entitled to claim the \$300 exemption for tax deduction purposes. Therefore, an employer receiving a T.D.1 form in which an employee claims the \$300 exemption for a child under 16 years of age may make deductions accordingly but he must immediately refer the T.D.1 form to the District Inspector of Income Tax for confirmation, accom-

panied by a declaration signed by the employee outlining the facts which substantiate his claim that he is the sole support of a child who is not eligible for registration under The Family Allowances Act.

10. **If Income of Spouse in Excess of \$250.** A taxpayer is not entitled to claim married status if his (her) spouse will have an income of more than \$750 during the calendar year. If the spouse will have an income of more than \$250 but not more than \$750, the exemption permitted for married status must be reduced by the amount by which the income of the spouse will exceed \$250 (e.g., if the spouse's income will be—say \$600, then \$350 should be entered in Item 6(B) (2) (i.e., \$600 less \$250). If the spouse's own income for the calendar year will be not more than \$250, Item 6(B) (2) will be left blank and the full marital exemption of \$750 entered in Item 6(B) (3).
11. **"Self-contained Domestic Establishment"** means a dwelling house, apartment or other similar place of residence, containing at least two bedrooms, in which residence amongst other things the taxpayer as a general rule sleeps and has his meals prepared and served. (See Item 16).
12. **Change in Status or Dependents.** If during the year any change occurs in the status or dependents of an employee, the employee must complete and file with his employer an amended Form T.D.1.
13. **Effect of Failure to File Form T.D.1.** In cases where Form T.D.1 (Revised for Jan. 1947) is not completed and filed with the employer, deductions from all salaries or wages paid on or after January 1st, 1947 must be made as if the employee were a single person without dependents even though the employee may have filed a previous Form T.D.1. Single persons without dependents need not file this form.
14. **Filing of Income Tax Return.** In addition to filing this form you must file your Income Tax Return Form T.1 Special or T.1 General for the calendar year on or before 30th April of the following year.

INSTRUCTIONS TO THE EMPLOYER

15. **If Form T.D.1 Not Filed By Employee.** Any employee who fails to file a completed Form T.D.1 (Revised for Jan. 1947) must be regarded for tax deduction purposes as a single person without dependents and deductions made as per column 1 in the Table of Income Tax Deductions (1947).
16. **Employer to Scrutinize Claims by Single Persons for Married Status.** The definition of a "Self-contained Domestic Establishment" contained in Item 11 indicates clearly that a taxpayer is not entitled to claim Married Status by reason of supporting a dependent therein unless the dependent actually resides with the taxpayer. Therefore, employers are instructed to check the address shown under Item 4(B) or 4(D) with the taxpayer's own address in Item 2 (which should show where he is actually living at the time of making the declaration) and in every case where the addresses are not the same the employer must make deductions as if the taxpayer were a single person, with or without dependents as the case may be.
17. **Employer's Responsibility Regarding Form T.D.1.** The employer will have regard to the instructions contained in Item 16 above, will check the employee's computation of the total exemptions in Item 6 and will otherwise make certain that the form is fully completed. He will also delete as a dependent under Item 5 the name of any person whom the employee has already listed in Item 4 unless the claim for married status came within paragraph (B) thereof. If the employer has reason to believe that any of the information on this form is incorrect or false, he will not act upon the declaration until the employee has made the appropriate confirmation or correction. In case of doubt, the matter should be referred to the District Inspector of Income Tax.

18. **Action upon Receipt of Amended Form T.D.1 during Currency of Year.** Employees are required to file an amended Form T.D.1 if any change occurs in status or dependents. The employer should give immediate effect to a change from "Single" status to "Married" status and to an increase in the number of dependents. A change from "Married" status to "Single" status (e.g., where the employee becomes a widower) should not be made effective until the first pay period in the next calendar year because the employee will still be entitled to claim "Married" status for the whole of the calendar year in which the change took place. Similarly, a decrease in the number of dependents should not generally require a change in the deductions until the following calendar year with one important exception due to the provision that a taxpayer may not claim as a dependent any person who has an income in excess of \$400 during the calendar year. If, for example, a son who was previously supported by an employee and was claimed as a dependent on Form T.D.1 takes up employment from which he will earn over \$400 during the calendar year, immediate effect should be given to the amended form T.D.1 as otherwise the employee will be left with a substantial balance of tax to pay with his return on Form T.1 Special or T.1 General.

19. **Further Information or Forms** with respect to deduction of tax may be obtained from any District Inspector of Income Tax.

Completed Form T.D.1 must be Kept on File by the employer in order that they may be available at all times for payroll inspection by officers of the Taxation Division.

CLAIM FOR MARRIED STATUS OR DEPENDENTS

(Effective in respect of all Salaries and Wages paid on or after 1st January, 1947)

File this revised form with your employer prior to 31st December, 1946, as otherwise your employer must make tax deductions as if you were a single person without dependents (See Items 13 and 15). You must file a new Form T.D. 1—(a) with each new employer, (b) when there is a change in marital status, (c) each time there is a change in the number of your dependents (See Items 12 and 18) or (d) when any other changes take place that would increase or decrease the total exemptions to which you are entitled by \$100 or more.

1. Name of Employee MORRIS (Surname or Family Name) MISS CATHERINE LAE (USE BLOCK LETTERS) (Christian or given names)

Employee's Unemployment Insurance No. 110010N, B.C.

2. Address Department of Indian Affairs, Ottawa (Give full address at which you are now living)

3. Name and Address of Employer Department of Indian Affairs, Ottawa

4. CLAIM FOR MARRIED STATUS—Taxpayers who do not come within (A), (B), (C) or (D) below are "Single" for Income Tax purposes. ("Single" persons NOT claiming Married Status but claiming Dependents, use Item 5.)

I claim "Married Status" as—

Put X in the one proper square.

(A) ☐ a married person, whose spouse is **not** in receipt of over \$750 from any source during the year and who lives in a home which I maintain or whom I support (other than by payment of alimony or separation allowance) and who is resident in Canada, in the British Empire, or in an allied country.

(Name and address of spouse)

(B) ☐ a person, who is (a) unmarried or (b) a married woman not supported by my husband or (c) a married man separated from my wife, who supports a dependent coming within (2) of Item 8 on reverse side (or a nephew or niece coming within (1) of Item 8) in a "Self-contained Domestic Establishment" (See Item 11) in which I employ a full-time housekeeper or servant.

(Name and address of dependent)

(Age)

(Relationship to taxpayer)

(Name and address of housekeeper or servant)

(C) a person, who is (a) unmarried or (b) a married woman not supported by my husband or (c) a married man separated from my wife, who supports (other than through the payment of alimony or separation allowance) a son or daughter (or a son-in-law or daughter-in-law)—

- ☐ (1) under the age of eighteen years.
☐ (2) under the age of twenty-one years and attending an educational institution.
☐ (3) dependent on account of mental or physical infirmity.

(Name of dependent son or daughter)

(Age)

Name of educational institution if (2) above applies

(D) an unmarried person (or a married person separated from my spouse) claiming a status equivalent to a married person for the following reasons:

- ☐ (1) I maintain a "Self-contained Domestic Establishment" (See Item 11) and support therein a wholly dependent relative connected by blood relationship, marriage or adoption.

(Name and address of dependent relative)

(Age)

(Relationship to taxpayer)

- ☐ (2) I am a minister or clergyman in charge of a diocese, congregation or parish, and maintain a "Self-contained Domestic Establishment" and employ therein a full-time housekeeper or servant.

5. CLAIM FOR DEPENDENTS—You may claim as dependents ONLY those persons described in Item 8 on reverse side.

I have the following persons wholly dependent upon me, who will not receive an income of their own in excess of \$400 during the year and who are resident in Canada, in the British Empire, or in allied countries:—

NAME AND ADDRESS OF DEPENDENT NOTE.—Claim for dependent qualifying you for "Married Status" must be made in Item 4. Do not list such dependent again unless the claim comes within Item 4(B).	Date of Birth		Relationship to Taxpayer	If over 18 years of age, state whether at school or mentally or physically unfit.
	Month	Year		

6. SUMMARY OF EXEMPTIONS—

(A) Basic Exemption (May be claimed by every taxpayer) \$ 750.00

(B) (1) Marital Exemption—\$750. (May not be claimed unless Item 4 completed) \$

(2) Subtract: Excess of spouse's estimated annual income over \$250. (See Item 10) \$ (3) \$

(C) Dependents Exemptions (May be claimed only for dependents listed in Item 5)—

(1) Children with birth dates after November 1931 (See Item 9) at \$100.00 each = \$

(2) Other dependents (including children with birth dates prior to December 1931) = \$

at \$300.00 each \$

(D) TOTAL EXEMPTIONS \$

NOTE: The dates "November 1931" and "December 1931" in Items (C) (1) and (2) above are applicable to the year 1947. For a form filed in respect of a year subsequent to 1947 these dates should be advanced accordingly.

7. I HEREBY CERTIFY that all the information given by me on this Form, and in particular the information concerning the number of dependents and marital status is correct in every respect. Further, I undertake, in accordance with the law, to immediately notify my employer by the filing of a new declaration on Form T.D.1 as soon as any change takes place in the facts above given.

Date December 7, 1946

Signature Catherine M. Morris

EMPLOYER MUST RETAIN THIS COMPLETED FORM FOR INSPECTION BY OFFICERS OF THE DEPARTMENT.

6. SUMMARY OF EXEMPTIONS—

(A) Basic Exemption (May be claimed by every taxpayer) \$ 750.00

(B) (1) Marital Exemption—\$750. (May not be claimed unless Item 4 completed) \$

(2) Subtract: Excess of spouse's estimated annual income over \$250. (See Item 10) \$ (3) \$

(C) Dependents Exemptions (May be claimed only for dependents listed in Item 5)—

(1) Children with birth dates after November 1931 (See Item 9) at \$100.00 each = \$

Number

(2) Other dependents (including children with birth dates prior to December 1931) at \$300.00 each = \$

Number

(D) TOTAL EXEMPTIONS \$

NOTE: The dates "November 1931" and "December 1931" in Items (C) (1) and (2) above are applicable to the year 1947. For a form filed in respect of a year subsequent to 1947 these dates should be advanced accordingly.

7. I HEREBY CERTIFY that all the information given by me on this Form, and in particular the information concerning the number of dependents and marital status is correct in every respect. Further, I undertake, in accordance with the law, to immediately notify my employer by the filing of a new declaration on Form T.D.1 as soon as any change takes place in the facts above given.

Date Dec. 7 1946

Signature Catherine M. Morris

INFORMATION FOR THE EMPLOYEE

8. Dependents. Taxpayers may claim as dependents only—

- (1) A person wholly dependent on the taxpayer for support and of whom the taxpayer has, or immediately before such person attained the age of twenty-one years did have, in law or in fact, the custody and control.
- (2) Sons and daughters (including illegitimate sons and daughters) or sons-in-law or daughters-in-law, brothers and sisters or brothers-in-law or sisters-in-law, and grandchildren, if under eighteen years of age, or under twenty-one and attending school, or over eighteen years of age and incapable of self-support.
- (3) Parents, grandparents, parents-in-law, or grandparents-in-law, incapable of self-support.
- (4) a daughter or sister under twenty-one years of age training as a nurse in a public or provincially licensed private hospital.

9. If Child under 16 and not Registerable for Family Allowances. A taxpayer may claim an exemption of only \$100 for a wholly dependent child "that was or might have been registered under The Family Allowances Act, 1944, so that an allowance under the said Act was or might have been paid in respect of the last month of the taxation year." With a few exceptions, every child under 16 years of age may be registered and receive payments under The Family Allowances Act. Therefore, Form T.D.1 provides that only the \$100 exemption may be claimed for any dependent shown in Item 5 as having been born after November 1931. There are isolated cases, however, of children under 16 years of age who are not registerable for family allowances. An employee supporting such a dependent child is entitled to claim the \$300 exemption for tax deduction purposes. Therefore, an employer receiving a T.D.1 form in which an employee claims the \$300 exemption for a child under 16 years of age may make deductions accordingly but he must immediately refer the T.D.1 form to the District Inspector of Income Tax for confirmation, accom-

panied by a declaration signed by the employee outlining the facts which substantiate his claim that he is the sole support of a child who is not eligible for registration under The Family Allowances Act.

- 10. If Income of Spouse in Excess of \$250.** A taxpayer is not entitled to claim married status if his (her) spouse will have an income of more than \$750 during the calendar year. If the spouse will have an income of more than \$250 but not more than \$750, the exemption permitted for married status must be reduced by the amount by which the income of the spouse will exceed \$250 (e.g., if the spouse's income will be—say \$600, then \$350 should be entered in Item 6(B) (2) (i.e., \$600 less \$250). If the spouse's own income for the calendar year will be not more than \$250, Item 6(B) (2) will be left blank and the full marital exemption of \$750 entered in Item 6(B) (3).
- 11. "Self-contained Domestic Establishment"** means a dwelling house, apartment or other similar place of residence, containing at least two bedrooms, in which residence amongst other things the taxpayer as a general rule sleeps and has his meals prepared and served. (See Item 16).
- 12. Change in Status or Dependents.** If during the year any change occurs in the status or dependents of an employee, the employee must complete and file with his employer an amended Form T.D.1.
- 13. Effect of Failure to File Form T.D.1.** In cases where Form T.D.1 (Revised for Jan. 1947) is not completed and filed with the employer, deductions from all salaries or wages paid on or after January 1st, 1947 must be made as if the employee were a single person without dependents even though the employee may have filed a previous Form T.D.1. Single persons without dependents need not file this form.
- 14. Filing of Income Tax Return.** In addition to filing this form you must file your Income Tax Return Form T.1 Special or T.1 General for the calendar year on or before 30th April of the following year.

INSTRUCTIONS TO THE EMPLOYER

- 15. If Form T.D.1 Not Filed By Employee.** Any employee who fails to file a completed Form T.D.1 (Revised for Jan. 1947) must be regarded for tax deduction purposes as a single person without dependents and deductions made as per column 1 in the Table of Income Tax Deductions (1947).
- 16. Employer to Scrutinize Claims by Single Persons for Married Status.** The definition of a "Self-contained Domestic Establishment" contained in Item 11 indicates clearly that a taxpayer is not entitled to claim Married Status by reason of supporting a dependent therein unless the dependent actually resides with the taxpayer. Therefore, employers are instructed to check the address shown under Item 4(B) or 4(D) with the taxpayer's own address in Item 2 (which should show where he is actually living at the time of making the declaration) and in every case where the addresses are not the same the employer must make deductions as if the taxpayer were a single person, with or without dependents as the case may be.
- 17. Employer's Responsibility Regarding Form T.D.1.** The employer will have regard to the instructions contained in Item 16 above, will check the employee's computation of the total exemptions in Item 6 and will otherwise make certain that the form is fully completed. He will also delete as a dependent under Item 5 the name of any person whom the employee has already listed in Item 4 unless the claim for married status came within paragraph (B) thereof. If the employer has reason to believe that any of the information on this form is incorrect or false, he will not act upon the declaration until the employee has made the appropriate confirmation or correction. In case of doubt, the matter should be referred to the District Inspector of Income Tax.

- 18. Action upon Receipt of Amended Form T.D.1 during Currency of Year.** Employees are required to file an amended Form T.D.1 if any change occurs in status or dependents. The employer should give immediate effect to a change from "Single" status to "Married" status and to an increase in the number of dependents. A change from "Married" status to "Single" status (e.g. where the employee becomes a widower) should not be made effective until the first pay period in the next calendar year because the employee will still be entitled to claim "Married" status for the whole of the calendar year in which the change took place. Similarly, a decrease in the number of dependents should not generally require a change in the deductions until the following calendar year with one important exception due to the provision that a taxpayer may not claim as a dependent any person who has an income in excess of \$400 during the calendar year. If, for example, a son who was previously supported by an employee and was claimed as a dependent on Form T.D.1 takes up employment from which he will earn over \$400 during the calendar year, immediate effect should be given to the amended form T.D.1 as otherwise the employee will be left with a substantial balance of tax to pay with his return on Form T.1 Special or T.1 General.

- 19. Further Information or Forms** with respect to deduction of tax may be obtained from any District Inspector of Income Tax.

- 20. Completed Form T.D.1 must be Kept on File** by the employer in order that they may be available at all times for payroll inspection by officers of the Taxation Division.

Your File 151-12-1 (W.T. 1)

With reference to Mr. Neary's letter of January 7th in connection with salary for Mrs. C. M. Morris, teacher at the Kispiox Indian Day School, Inspector Coleman has confirmed that Mrs. Morris commenced her duties on December 2nd, 1946.

We have no record of staff questionnaire or other forms having been forwarded from this Office and presume that Mrs. Morris sent them direct to Ottawa. T.D. 1 Form, completed by this teacher, is enclosed but it will be noted that she is unable to claim "Married Status" for tax deduction purposes inasmuch as her husband is apparently in receipt of an income in excess of \$750.00.

Hazelton, B.C.
January 26th, 1947

Major D.M. Mackay, Indian Commissioner for B.C., Vancouver, B.C.

I enclose herewith application of Mrs Catherine Morris, teacher at Kispiox Indian Day School, for leave of absence in order to represent the Hazelton congregation of the United Church at a meeting of the Presbytery of the United Church to be held at Prince Rupert on the 4th to 7th proximo.

As you know, her husband is the United Church minister at Hazelton and will no doubt be attending. In view of the fact that Mrs Morris is accomodating us in the matter of teaching at Kispiox I do not see how we can very well refuse the request. However, your instructions in the matter will be appreciated.

(James Coleman)
Inspector of Indian Agencies.

Dear Mr. Coleman:

I have been requested by the Hazelton congregation of the United Church to be their representative at the forthcoming meeting of Prince Rupert Presbytery, United Church of Canada.

To attend this meeting I would have to be away from Tuesday, Feb. 4 to Saturday, Feb. 7, and I should like to request leave of absence from my duties as teacher of the junior grades, Kispiox Indian Day School, for this period.

Yours sincerely,

Catherine Morris.

Memorandum:-

REPRESENTATIVE OF THE TREASURY

Re: Kispiox Indian Day School No. 819

In memorandum of January 7th, you were advised that Mrs. C.M. Morris was in charge of the above mentioned school for the month of December only.

At that time we overlooked the fact that this is a two-room school and although Miss Currie has been transferred to the school (see memorandum of December 18th, 1946), Mrs. C.M. Morris has continued in charge of the second class room.

She should, therefore, be paid for the month of January at a rate of \$90.00 a teaching month and her name should remain on the pay list until further advised by this office.

for Deputy Minister.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa

I am enclosing copies of School Inspector Davey's reports covering his inspection of the Kispiox Indian Day School, Babine Agency, on May 27th.

Information provided indicates that the services of Miss Currie have not been satisfactory at this school any more than they were at the Port Simpson Indian Day School last year. It is considered that the United Church Home Missions Board should be advised that we do not consider her a suitable person to teach in Indian Day Schools and asked to nominate a qualified teacher to replace her and also one for the junior room at Kispiox as it is understood that Mrs. Morris will be leaving the district and that her services will not be available next year.

Major D.M. McKay, Indian Commissioner for B.C., Vancouver.

I enclose herewith copy of a letter received from Mrs. R.J.D. Morris, teacher of the Junior Grade at Kispiox Indian Day School, requesting leave from May 13th to 23rd inclusive. If this application receives your favourable consideration, it should be possible to have the Junior students looked after in the Senior Room for the time that Mrs. Morris is away. At the present time, owing to sickness and the departure of Kispiox Indians for pre-fishing activities at the coast, this class has dwindled to a very small proportions.

I would recommend that this application be granted.

Mr. J.V. Boys.
Indian Agent,
Hazelton, B.C.

Dear Sir:

I would request permission to close the junior room of the Kispiox Day School for eight school days, from May thirteenth to May twenty-third, inclusive.

During this time it is necessary for me to be in attendance at the United Church Annual Conference being held then in Vancouver.

It is my sincere hope that through my report of the native work in our fields we might locate and interest one or more certificated teachers; who would be willing to serve in some of the points where the schools have had to remain closed, and where the need for them is so desperate. Hoping in this way that it will be time well spent.

Yours truly,

Catherine M. Morris.

Ottawa, September 18, 1947.

Major D. M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, British Columbia.

Kispiox Indian Day School

Ref. your O-11-2 of September 15.

The Department approves the appointment of Mr. Leonard D. Leighton as second teacher at the Kispiox School at a salary of \$1,000.00 a year. It is noted that while Mr. Leighton is a graduate of the Anglican Theological College at Vancouver, he has had no teacher training.

It is presumed that Mrs. Morris has given up duties and that the staff at this school for the current academic year will be:

- (a) Mr. R. E. Woolam -
Reference our letter of August 18.
- (b) Mr. Leonard D. Leighton.

A staff questionnaire and T.D.1 form should be completed and returned by each of these.

Philip Phelan,
Chief, Training Division.

Ottawa, June 27th, 1947.

Dear Doctor Dorey:-

Kispiox Indian Day School

Inspector Davey makes the following comments about Miss Currie in his inspector's report dated May 27th, on the above school:

"The discipline in this room is poor. The pupils show little respect for the teacher and this has reduced considerably whatever progress the pupils might have made during the five months this teacher has been in charge. These problems in discipline arise from the failure of the teacher to supply the pupils with sufficient work to keep their time fully occupied, from her personality which fails to command the respect of the pupils, and from her unsuitable methods of punishment.

"There is a considerable lack of books, particularly reading material. This is due to the same reasons that are to be found in the other class of this school; poor mail service, non-receipt of the first copy of the Bulletin, and the fact that this teacher did not take over this class until January of this year.

"The reading of most of the pupils is poor and many of them are attempting material which is too difficult for them. A more varied and more extensive language programme is greatly needed in this school. This teacher lacks initiative in developing the language work."

On the other hand, Mrs. Robert Morris who is teaching in the other room on a five day per week basis is doing a satisfactory job and Inspector Davey is pleased with her efforts.

In his covering letter, Major MacKay intimates that the services of Miss Currie have not been satisfactory at this school any more than they were at Port Simpson Indian Day School last year. He has recommended that you be advised that we do not consider her a suitable person to teach in Indian day schools.

Therefore, we would request that you nominate a qualified teacher to replace her and also one for the junior room at Kispiox. It is understood that Mrs. Morris will be leaving the district and that her services will not be available next year.

Yours sincerely,

Bernard F. Neary
Supt. of Welfare & Training.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

I am enclosing copies of School Inspector Davey's reports covering his inspection of the Kispiox Indian Day School, Babine Agency, on May 27th.

EXTRACT
151-12-1

Information provided indicates that the services of Miss Currie have not been satisfactory at this school any more than they were at the Port Simpson Indian Day School last year. It is considered that the United Church Home Missions Board should be advised that we do not consider her a suitable person to teach in Indian Day Schools and asked to nominate a qualified teacher to replace her and also one for the junior room at Kispiox as it is understood that Mrs. Morris will be leaving the district and that her services will not be available next year.

Inspector Davey informs me that he discussed with Mr. Indian Agent Boys the lack of suitable reading material and other school supplies at the Kispiox School and that a requisition recently submitted provides for these requirements.

Attention of Colonel B.F. Neary,
Superintendent of Education

July 19th,
1948.

Indian Affairs Branch,
Department of Mines and Resources,
O t t a w a, Ontario.

Dear Colonel Neary: Re: Kispiox Indian Day School

I beg to nominate as teacher in the above named Indian day school, for the academic year 1948-49, Mr. Alex. Hazard, who holds a first-class Elementary B. Certificate from Vancouver Normal, 1948. Mr. Hazard is a married man, forty-three years of age. Our Superintendent, Mr. Bunt, states that this nomination has the approval of Inspector Davey, and I hope the appointment will be confirmed by your Department.

Mr. Bunt has not forwarded an application from Mr. Hazard. I shall ask him to have this matter attended to without delay, if the application has not already been submitted through Inspector Davey.

We shall be glad to know what salary will be allowed in this case.

Yours sincerely,

JRL

AIR MAIL

Mr. J.V. Boys,
Superintendent, Indian Agency,
Hazelton, B.C.

Rocher Deboule Indian Day School
Kitwancool Indian Day School
Kispiox Indian Day School
Ref. your 0-11-2(151) of October 13

We have contacted our Chief Treasury Officer with reference to salary cheques for the teachers at the above schools in your superintendency.

Mr. George Thiessen, teacher at the Rocher Deboule Indian Day School, was sent his first salary cheque on October 11, 1949. We were advised by you in a letter dated September 21, 1949, that he had commenced teaching duties on September 15. It is presumed that he has now received his first salary cheque.

A cheque was mailed to Mr. H. Schroeder, teacher at the Kitwancool Indian Day School, on October 4, 1949. On October 7, 1949, we received a letter from Mr. Schroeder advising us that he had received his Second Class Certificate. We, therefore, reclassified him as a Grade II teacher, and he will be paid at this new rate effective September 1, 1949. His salary cheques will be adjusted accordingly. Salary letter have been sent to Mr. Schroeder quoting both old and new rates.

On October 8, 1949, we received the necessary T.D.1 forms for Mrs. J.M. Hogarth, teacher at the Kispiox Indian Day School. In answer to our Army Signal we were advised of the date Mrs. Hogarth commenced duties and immediately sent a memorandum to Treasury appointing her effective September 1, 1949. Her cheque will be mailed to her during the course of the next week.

Hazelton B.C.
Oct. 12th 1914

Dear Mr. Loring -

I am sorry to again trouble you re. matter of Salary for this quarter. On thinking it over I am greatly worried and hope you will not mind me explaining my position more fully.

I came on to Kispitox as soon as possible after receiving the appointment. The journey was quite an expense (\$140⁰⁰), but with the understanding that my salary was to be \$500. I borrowed the amount from a friend, hoping to refund it within the year. Then if possible I wanted to send something home, to my mother, as things are very dark because of the war, but should I lose this quarter, I shall have very little when my board is paid.

Please forgive me if I am wrong in expecting it, but it seems hard to lose all for the absence of fourteen school days, when the delay was unavoidable.

Thanking you for kindly interest already shown

Very Sincerely

Gertrude Martin

26-10-14
 No. of School days in quarter 66,
 No. days school was open 7,
 Sundays 59,
 Grant asked for \$16.20

"Treasurer, Methodist Mission Rooms,
 Toronto, Ont."

Remarks:

Regarding the foregoing, I beg to state that the above school did not open till the 22nd of September of this quarter through the inability of the teacher (Miss Gertrude Martin) sooner to get to her post, which was vacated by Mrs. A.L. Fakeley at the end of previous quarter.

Miss Martin is a graduate of the local hospital, and makes an excellent teacher and energetic worker; and is much perturbed because of the expenses in coming from her home, and only the sum of \$16.20 amounting as salary. In respect thereto, I beg to enclose herewith Miss Martin's letter to me, dated the 12th of October, and would recommend to the Department a favourable consideration of her position in the premises, and in view of the children having been very late in coming in.

I HEREBY CERTIFY that this Voucher is correct.

Remarks :

AUTHORITY.

139209-1. Aug: 5th, 1921.

Miss Drysdale, the Teacher, was sick a good deal during this Quarter, and, in my opinion not strong enough to continue the work.

I do not anticipate her continuing the duties when the School opens in September, as she has returned to her home in Winnipeg, Man.

This School requires a Teacher, physically strong and of mature age, as a large number of the pupils are over 11 years old.

I HEREBY CERTIFY that this Voucher is correct.

NOTE.—The number of school days in the quarter and the number of days for which payment is asked should be stated; payment will only be made for days school was open and authorized holidays.

~~John H. Sansum~~
The Secretary,
Dept. of Indian Affairs,
Ottawa.

Sir:

As I intend to make a brief visit to England this summer, and have only limited means, so that I must obtain every dollar that is due me, I wonder if you would do me the favour to forward my summer term cheque slightly in advance. I intend to leave Hayelton on the 24 June, and would like to receive my cheque by the 26th June.

I trust you will find it convenient to render me this service,

Yours truly,

John H. Sansum.

Sir,-

In reply to your letter of the 27th ultimo, requesting that your June quarter cheque be forwarded by the 20th instant, I beg to say that the salary of the teacher at the Kispiox School is paid to the Treasurer of the Methodist Missionary Society, Toronto. I am writing to him today, requesting him to forward you your cheque by the date mentioned and advising him that we will forward to him our cheque in due course.

Your obedient servant,

Russell T. Ferrier.
Supt. of Indian Education.

Wm. L. Giffen
Ottawa, June 7th, 1926.

Reverend Sir,-

The Department is in receipt of the following letter from Mr. J.L. Sansum, Teacher of the Kispiox Indian Day School:-

"As I intend to make a brief visit to England this summer, and have only limited means, so that I must obtain every dollar that is due me, I wondered if you would do me the favour to forward my summer term cheque slightly in advance. I intend to leave Hazelton on the 24 June, and would like to receive my cheque by the 20th June.

I trust you will find it convenient to render me this service."

As you are aware the salary of the above teacher is paid to the Treasurer of the Methodist Missionary Society.

Wm. L. Giffen
I should be pleased if you would arrange to forward Mr. Sansum his June quarter cheque so that he will receive it by June 20th and we will forward our cheque, in due course, to the Treasurer.

Your obedient servant,
Russell T. Ferrier

1926.

Dear Mr. Ferrier:-

I have your letter of June 7th, in which you express the wish that we would arrange to forward to Mr. Sansum his June quarter cheque, so that he will receive it by the 20th. You intimate that you will forward our cheque in due course to the Treasurer.

The last remittance to Mr. Sansum was sent on April 16th, 1926. It was for \$235.00. He has previously been paid \$665.00. This makes a total of \$900.00, which is the salary in full for which he was entitled for the year 1925-26.

Trusting this explanation will be satisfactory to you,

I am,

Faithfully yours,

C. E. Manning

Ottawa, June 18th, 1926.

Sir,-

In further reference to your letter of the 27th ultimo, I beg to say that the Department is in receipt of a letter from Rev. C.E. Manning, General Secretary, Home Missions, to whom we wrote on receipt of your letter.

He advises that on April 16th, last, you were forwarded by the Missionary Society, a cheque for \$235.00. They had previously forwarded to you \$665.00. This makes a total of \$900.00 which is the salary in full to which you are entitled for the school year 1925-26.

In view of Rev. Mr. Manning's letter, the Department cannot understand why you wrote to us requesting your June quarter salary.

Your obedient servant,

Russell T. Ferrier.
Supt. of Indian Education.

Sir,-

On the nomination of Rev. T. Ferrier, Superintendent of Indian Schools and Hospitals for the United Church, the Department is approving of the appointment of Miss Eva M. Ray as teacher of the Kispiox Indian Day School at a salary of \$100 a teaching month. It is understood that Miss Ray began duties on January 7th last. Please give her every possible assistance.

Your obedient servant,

A. F. MacKenzie
Acting Asst. Deputy and Secretary.

Sir:

I have your letter of the 3rd instant, announcing the resignation of Miss L. Morrice, teacher of the Kispicx Indian Day School. I am writing to the church authorities, with a view to securing a nomination from them in the immediate future. If an appointment is not made so that the new teacher can commence duties right after the Christmas holidays, you may appoint a temporary teacher at \$5.00 per day, until such time as a permanent appointment is made.

Your obedient servant,

J. D. McLEAN

J. D. McLean,

Ottawa, July 8, 1929.

Reverend Sir:

With further reference to your general letter of the 25th ultimo, nominating teachers for the Indian day schools under the United Church, I regret to state that the Department can give but temporary approval for the appointment of Miss Helen Earl at the Kispiox Indian Day School. It is my opinion that Miss Earl would make a good field matron or social worker on an Indian reserve; but her qualifications for the classroom exercises are such, that I would urge you to transfer her to other work at the first opportunity. The Kispiox School is a fairly important activity, with a good enrolment, and I consider a strong teacher should be named for the post. The Department approves of the temporary appointment of Miss Earl, at a salary of \$90 per teaching month - her duties to commence on September first, next.

Your obedient servant,

A. F. Mackenzie,
Acting Asst. Deputy & Secretary.

No action.

Ottawa, May 6, 1936.

Dear Sir:

With reference to your letter of the 29th ultimo, the Department understands that Rev. J. T. Burchill, teacher of the Kispiox Indian Day School, will be absent from the school, through illness, for the balance of the academic year, and that Miss Westman will take over his duties without cost to the Department.

In view of Rev. Mr. Burchill's condition, this arrangement is approved, but you should point out to him on his return, as well as to the teachers of the other Indian day schools in your Agency, that the schools should not be kept open during holidays or Saturdays without the express permission of the Department. The instructions contained in the circular issued yearly regarding the dates of opening and closing of Indian day schools should be adhered to strictly, unless special permission has been obtained from the Department to deviate from the regulations that are contained in the circular.

Yours truly,

A. F. MacKenzie,
Secretary.

Memorandum:-

REPRESENTATIVE OF THE TREASURY

Re: Kispiox Indian Day School No. 819

In memorandum of January 7th, you were advised that Mrs. C.M. Morris was in charge of the above mentioned school for the month of December only.

At that time we overlooked the fact that this is a two-room school and although Miss Currie has been transferred to the school (see memorandum of December 18th, 1946), Mrs. C.M. Morris has continued in charge of the second class room.

She should, therefore, be paid for the month of January at a rate of \$90.00 a teaching month and her name should remain on the pay list until further advised by this office.

for Deputy Minister.

British Columbia,

Babine Agency,

Hazelton September 28

Sir,

I have the honour to submit herewith another
a petition of Messrs. H. H. Pierre, teachers of the St. Joseph's
Day School, and in compliance with your letter of 19th,
dated 26th inst., present the same herewith in duplicate
for a grant of \$500.⁰⁰ for the erection of a school house.

In regard thereto must state that the cabin in-
-provided for the purpose, then, is entirely too small,
and unsuitable and unhealthy as well, because of its size
and should the aforesaid sum be available, I
recommend the granting of these means to enable them
to erect a proper school house which would require
the sum asked for.

I have been looking over the ground
and if the school house be built, it be adjacent
the teacher's contemplated residence, and to be
in line on a small plateau toward the north from
church and be almost centrally located to the village.

Regarding the application of Mr. Pierre's for
re-imbursed for rent paid for the cabins used for
school purposes, I found, on investigation, to be
instead of \$10.⁰⁰ as formerly set forth, and I
honour to enclose herewith the correct
former amount.

I have the honour

Your Obedient

A. W. Vowell, Esquire
Superintendent of Indian Affairs, B.C., &c., &c.
Victoria, B.C.

Inverness, B.C.

July 12/02.

236452

Mr. Loring.

Dear Sir

As you are the Indian Agent for the Upper Skeena, I desire to place before you the great need of a suitable building to carry on the Day School at Kishpiaz Village. Since its commencement you know how the children and young people have made good progress in studies, and yet the work has not been nearly as efficient as it ought to have been through lack of a proper school house. We therefore ask the Indian Department through you to give us a grant to aid in erecting a suitable building. Kishpiaz is the largest Village on the Skeena and is more deserving of help than some other smaller places where a grant for a school building has been obtained. The size of building should be 26×15 and the sum of \$500.00 would cover expense. During the past two years I have paid out of my own pocket the sum of \$10.00 as rent for the school to teach the school. I therefore ask the Indian Dept. to kindly refund that sum to me.

Yours truly
W. H. Pierce

Department of Indian Affairs,

OTTAWA, 30th December, 1902

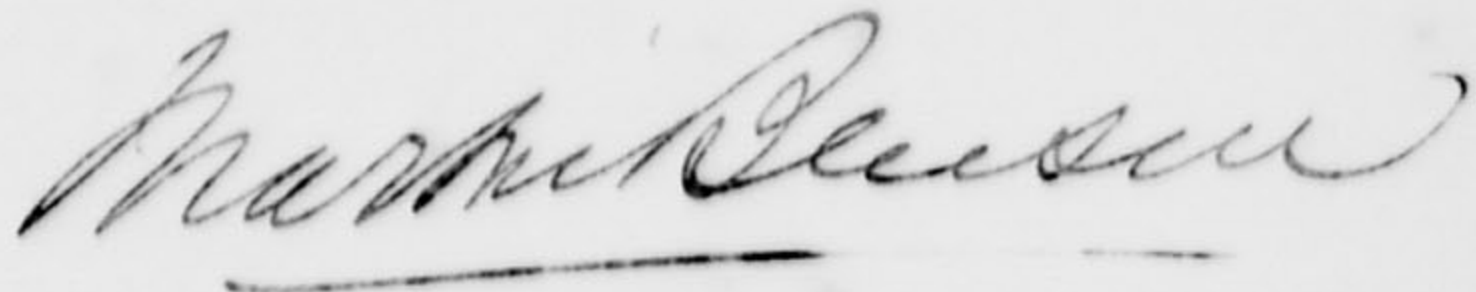

The Deputy Superintendent General:-

Mr Indian Supt. Vowell forwards an application from Rev. S. H. Pierce, teacher of the Kishfiah Indian day school asking for a grant of \$500 to erect a suitable building for the school. Mr Agent Loring and Supt. Vowell both recommend this application to the favorable consideration of the Department.

This school, which is conducted under the auspices of the Methodist Church, had been in receipt of a salary allowance of \$300 since December quarter 1895. We have no record that anything was contributed by the Department for buildings, but since the receipt of Mr Vowell's letter, accounts have come in from Mr Pierce for rent at the rate of \$12.00 per annum for the building used for school purposes.

The Census Return shows that there are 50 children of school age on the reserve 26 of whom were enrolled with an average attendance of 16.

It appears to me that this school is entitled to the consideration asked for.

Memorandum:

Deputy Superintendent General.

In reply to your memorandum of the 1st instant, I beg to say that in the past the Department has only paid the yearly grant of \$300.00 to the Kishfiox Indian Day School. There are no funds available wherewith to make the grant of \$500.00 asked for to erect a school building. On the 22nd ultimo, Mr Superintendent Vowell forwarded vouchers for rent of a school building from the 1st October last at the rate of \$12.00 per annum. Mr Vowell had no authority for submitting these vouchers for payment.

I may add that the Department makes a yearly grant to a large number of day schools in British Columbia (the grant in almost every case being \$300.00 per annum) but day schools buildings have not been erected by the Department. The church authorities under whose auspices the different schools are conducted have in each case provided the necessary school building.

A handwritten signature in dark ink, appearing to be "R. W. H.", written in a cursive style.

695 C /4

Sir,

With reference to your letter of the 16th ultimo, with enclosures, I beg to inform you that the Department can not accede to the request of the Revd W.H. Pierce for a grant of \$500.00 ~~xxx~~ to erect a school building for the Indian Day School at ~~Kinaxax~~ Kishfiaw. All that the Department can do is to continue the grant, hitherto paid, of \$300.00 per annum for the payment of the salary of a teacher. And in this connection I may say that the church authorities under whose auspices the different school buildings are conducted have in ~~the same~~ each case provided the necessary Day School building.

I observe that you forwarded with your letter of the 22nd ultimo, No 44 D /4 vouchers Nos 576 and 579, for rental of a building in which to conduct the above mentioned school. This outlay was unauthorized, and I regret to say the Vouchers can not be paid, as there are no funds wherewith to settle the same.

Your obedient servant.

Secretary.

July 14th 1904.

In your reply refer to

No.

Ref.: Your Letter of 6th of June 1904 No. M-4. 160.

also to date of this letter.

Sir,

I have the honour to acknowledge herewith the receipt of your letter in reply to mine of the 30th of April last, enclosed therewith one dated the 27th of the latter month from Rev. Mr. St. Pierre, to me informing me of the urgent need of suitable accommodation to carry on the Indian Day School work at Hazelton and asking that the Department aid him in the matter to the extent of paying the rental of a suitable house for six (6) months of the year at the rate of \$5.⁰⁰ per month.

On the information received, I have the honour to reply that I cannot but sustain the opinion, that Rev. Mr. St. Pierre himself - now absent on the coast - be baffled to know what he proposes to follow should the Department allow the expenditure asked for, and the period of six (6) months expire, as in that respect he previously has applied for assistance to the same purpose to the missionary society he represents.

I have the honour to be,

262589

Sir;

I have the honor to acknowledge the receipt of your letter of the 30th of April last enclosing one to you dated 27th of the same month from Revd. W.H. Pierce informing you of the urgent need of suitable accommodation to carry on the Indian Day School at Kispiox and asking that the Department aid him in the matter to the extent of paying the rental of a suitable house for six months at the rate of \$5.00 per month.

As the matter as it stands at present cannot, in view of the paucity of information existing, be intelligently placed before the Department, I would ask you to state what it is proposed to do at the expiry of the term of six months for which assistance is asked.

Does the teacher at the end of that time hope to have a new school building in readiness or if not does he expect to have funds enough of his own or of the missionary society he represents to carry on school work unaided by the Department? So many details enter into the consideration of the subject that it is felt the matter cannot be placed before the Department until you have answered the questions herewith asked.

Your Obedient Servant,

A.W. Vowell,

Indian Superintendent, B.C.

W. F. Laidlaw, Esq.,

Hazelton,

Dear Sir,

Herewith I enclose to you the estimates for an Indian Day School. I would be much pleased if you can see your way to approve of them as Indian Agent and send them forward in due form to the Department of Indian Affairs for approval.

I may say that I have paid into the matter of these estimates very closely and I hope that we will soon have a school at Hazelton where it has been so long desired. With a good school house and a first class teacher the children of this locality will have the advantage as they ought to have had long ago.

I need not multiply words as you appreciate the need as much as any one. I am therefore at an early date to hear of the approval of this application.

I remain,

Yours sincerely,

R. Whittington

Rev. R. Whittington, M. A., D. D.
Superintendent.

Vancouver, B. C., August 2nd, 1906.

Hon. Frank Oliver, Esq., M. P.,

Supt. General of Indian Affairs,

Ottawa,

Hon. Sir,

297811
Through the Indian Agent H. B. Loring, Esq., and the Indian Superintendent, A. W. Vowell, Esq., I forward to you estimates for the erection of two Indian Day Schools, one at Kishpax and the other at Kitsegucia. I have strong hopes that both these gentlemen will recommend these grants to your favorable consideration and that to this my application I shall soon receive a favorable reply.

The need at both points is great especially at Kishpax. The village is large, Annual the church has taught for years at this point, the Govt. has allowed the grant but made allowance for a school building. For some time the missionary paid the rent of a house for school purposes himself and later the church has done so. Similarly although the village at Kitsegucia is not so large as at Kishpax the missionary has been teaching children in a house hired by the church.

We earnestly desire to give to these villages the best educational facilities possible and so we hope that both these applications will meet with your approval.

Respectfully yours,

R. Whittington.

SIR,-

In adverting to your letter No.743. X-4., dated the 8th of June last, and in particular to its second last paragraph, concerning a day school building required at Kispiax, Skeena, I have the honour to enclose herewith a letter, in duplicate, in regard thereto of the Revd. Dr.R.Whittington to the Honourable Frank Oliver, Superintendent General of Indian Affairs, Ottawa, and another addressed to myself, dated the 2nd inst., respectively; and as well a plan, in duplicate, showing ground floor and elevation, also a specification, in duplicate, of the required material, giving in the case of each article and items to cover furnishings, toilet, fencing, freight and labour and other incidental charges amounting to a total of \$806.51.

Regarding the foregoing, I find the prices given fair and just and in conformity with conditions here, and beg leave to state that the proposed day school building at Kispiax is urgently required, and the benefit derived will fully justify the means to be applied.

I have the honour to be,

SIR,

Your obedient servant,

Indian Agent.

A. W. VOWELL, ESQUIRE

Sir:-
[Signature]

Referring to your letter of 1st June last, concerning remarks made by Mr School Inspector Green in connection with the need of a new School house at Kispiax Babine Agency, I have the honor to forward herewith letter dated 3rd inst., from Mr Agent Loring, together with the inclosures therein referred to, being an application from Revd. Dr. Whittington, for aid in the sum of \$806.51 wherewith to construct a suitable school building at Kishpiax, and as it is apparent that some provision ought to be made for this purpose, other than that which has been resorted to in the past, I recommend the application to the favorable consideration of the Department.

Your Obedient Servant.

towards Kishpiax; for she looks much to the Government in
her infancy for help. Our people are clearing more land and
started gardening, but no one to teach them how to work
the ground, the land is very good in this Reserve. Two years
ago, I try to teach one family how to milk cow, and one morning
I went over to see what they are doing. To my great surprise
to see the nice cream all over the wood pile, they have taken
it off and they thought it is a dirty stuff, just because they
did not know any better. Will you kindly use your
influence with the Department to get a suitable man
to teach these people how to farm and school them how to
garden.

I have the honour to be

Sir

Yours Respectfully.

The Honorable Frank Oliver, General Superintendent of Indian Affairs

Sir,

I wrote you two years ago respecting the prosperity of the work of God in this mission, and also the great need of a good school house. I embrace another opportunity of addressing you a few lines this year also. Last year at your request through Mr. Loring the Indian Agent a plan for school house was made and send on to you. We have been waiting to hear from the Department ever since. Our need for a good school house is urgent. School attendance is now better than it has ever been, but the teaching is done under difficulties. We are cramped for room. In fact if all the children came to school who ought to, we could not accommodate them. We teach school in the best Indian house that I can secure, but we have to move from one house to another very often. The visit of Rev. A. C. Green School Inspector this Spring made a deep impression upon all the inhabitants, in this Village. All the chiefs and people have written to him, also to Mr. Loring Indian Agent. Telling the of the urgent need of a Boarding School for Kishpiax Reserve. Two weeks ^{ago} half of our people moving down to the coast to work to the Salmon Canneries, they took their children away over twenty of them all school age, they will be away all summer. It is no wonder that they are crying for a Boarding School so that their children should stay all year round & learn like whites. O let not the good Christians in Ottawa feel weary in their well doing

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 35th May, last, applying for a grant for the purpose of building a school-house at Kishpiax, B.C., and in reply I beg to say that the Department has no funds available at present for such a building.

However, when the estimates for next year are before the Department, your application will receive consideration.

Mr. Cadby.

Would it be proper
to send this letter
to the Hon. Secy
for the Interior
July 10/06

To the Honorable, the Minister of the Interior
Ottawa.

Sir -

I had the honor & pleasure of meeting you
on board the "Princess Beatrice" in August
last. Since that time I have had it on my mind
to write you a few facts regarding these Kishpiax Indians.
They are a hard working & industrious people very
anxious to improve and learn anything that will
help them in living a civilized life. I have been
their missionary here for ten years and know of
what I speak. During these ten years we have
carried on a day school and have received a grant
from the government each year. But this school has been
carried on under great difficulties. We have had
no school house and have had to rent an Indian
house from time to time changing about. For this I
have had to pay rent out of my own pocket. The
children have attended well & studied hard, but
you can readily see that it is impossible to make the
progress that should be made if taught under favorable
conditions. There are somewhere about sixty children.

Indian Affairs. (RG 10, Volume 6396, File 819-5, part 1)

PUBLIC ARCHIVES

522971
of school age. All of these have not attended
owing to their heathen life & potlatch. Still the
attendance has been good - The highest average
for any quarter being 29.45. Now the potlatch
has died a natural death & we expect no more
trouble from that source. In fact the heathens
are anxious that their children should learn.
A few years ago we asked the Government for a
grant towards building a school house & they
refused - Later I asked the Government through
Mr. Loring, Indian Agent to pay school rent
& refund what I had already paid out. That too
was refused. Just one year ago ~~asked~~ grant
for a school house was again asked. So far
no word has been received either for or against.
While the Government has been so liberal in building
school houses for other tribes we have been left
without all these years, and our people are begin-
ning to feel it keenly - My purpose in writing these
to you Sir, is to let you know just exactly
how we stand. Wishing you every success in
your important & responsible position.

I have the honor to be Sir
Yours Respectfully
W.H. Pierce

139209

Ottawa, April 7, 1908.

The Deputy Superintendent General,-

In compliance with your directions that I should look carefully into the correspondence relating to the Kishriax school to see what can or ought to be done there, I beg to say that, from Mr. Inspector Green's last report on this school, which was made on May 6, 1907, it would appear that a new building is urgently needed. The Indians are anxious to have a boarding school and are willing to give a site on the reserve and all the assistance they can to make a success of it. There are said to be 70 children of school age and Mr. Green gives it as his opinion that a boarding school at this large village would be very beneficial.

The day school at this point has been in operation for a number of years under the auspices of the Methodist Church and is in receipt of the usual salary grant of \$300. It has been carried on under difficulties, owing to their never having been ~~supplied~~ provided with a school building, and it was to obtain a grant for this purpose that the Rev. Mr. Pearce, the resident Missionary, applied to the Department two years ago, when he was told that, until the report which Mr. Agent Loring had been

asked

Indian Affairs. (RG 10, Volume 6396, File 819-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

asked to furnish was received, no action could be taken by the Department. After that Mr. Loring sent in a plan of a proposed building with a specification of the material required, which showed that it would cost about \$800 to complete a building suitable for the purpose. A note was made ^{for this} ~~taxi~~ year's estimates but, ~~as~~ there has been no additional provision made for British Columbia.

They have an enrolment at this school of 53, with an attendance for December quarter, last, of 31. It seems to me that the school is entitled to encouragement and that a building should be provided, if possible, and that there is no necessity for a boarding school at that point, and Mr. Inspector Conroy, who travelled through this part of British Columbia last fall, agrees with me in this.

Honourable G. Oliver
Minister of Interior
Kishpix, Upper Skeena B.C.
Feb. 4th/08
22973 -
Dear Sir -

I beg to take the liberty of replying to your favour of July 5th received in due time and in which you state that my application for a school building for Kishpix will be considered this present year. I thought that it would not be out of place to write a few more words to you regarding that important matter. If you examine our School Report ending December 1907 you will see how urgent our need is. And during this present quarter the total number of names of school age numbers 65. They all attend regularly, and are pushing ahead, but their progress is greatly hampered through lack of proper facilities. The Pottatch has now come to an end in this village, all the leading heathen chiefs & their families who have long been left behind have this winter forsaken their heathen rites & become Christians. The attendance at school will continue to increase. We have been fortunate too in securing the services of a good certificated teacher. She says that white pupils could not take greater interest in their studies & attend better than these Indians do.

For Minister's information. Nothing can be done until report from Agent Loring.

Sup. H. Powell

139205

The Secretary.

Department of Indian Affairs,
Ottawa, July 14, 1906.

With reference to the letter from Rev. Mr. Pierce, addressed to the Minister, on the subject of the Indian school at Kishpiax, B.C., I beg to say that two years ago Mr. Pierce asked to be allowed to incur an expenditure of \$30 for six months' rental for a building in which to carry on the school. In reply to this application the Indian Superintendent at Victoria was informed that it should have come through the proper channel (The Superintendent of Methodist Missions in British Columbia), it being an exceptional case, as the Department was not in the habit of paying rent for schools or putting up ~~skamls~~ buildings for day schools conducted by religious denominations in British Columbia.

Nothing more was heard from Mr. Pierce on this subject nor was any application made by the Superintendent of Methodist Missions, but Mr. School Inspector Green in his report on this school stated that a school-house was urgently needed, as there was none at Kishpiax, the school being held in an Indian house rented by the teacher at his own expense. On receipt of this report the Superintendent was asked to make enquiries into this and other matters referred to by the Inspector, and on June 8, last, the Superintendent wrote the Department stating that the matter of the school building required for the Kishpiax Indians will be brought to the attention of Mr. Agent Loring, so that he may report fully thereon for the Department's information. There has been no time to receive a reply from Mr. Loring, and the matter is still in abeyance.

File No. 139,209/6

Sir:-

With reference to your letter of the 23rd. of August, 1906, on the subject of a new school-building for the Indian day-school at Kispiax, Babine Agency, B.C. I have the honor to enclose herewith for the Departments information and consideration a letter dated the 2nd inst., received from Mr. Agent Loring with which is enclosed a copy of a letter of the 30th of July last, addressed by the Rev. W.H. Pierce of Kispiax, to this Office, covering a bill of quantities with prices set out, of the various materials which it is purposed should enter into the construction of the building contemplated to be erected.

From what the Rev. Pierce states, it is apparent that great need exists for the immediate erection of a suitable building to carry on the work at Kispiax.

A. W. Vowell, Esq.

Supt. of Indian Affairs, B.C.

Dear Sir,-

I am enclosing you an estimate of a School house for Kishpiax Indians. The need of a suitable building is very urgent. We carry on our School work under great difficulties and it is impossible for the pupils to make make very great progress. There are about Seventy children of school age in the Village. The attendance is good and all are anxious to learn. We have now secured a good teacher, but the inconvenience she will have to put with is so great that I am Afraid she may not care to stay long. Twice before the people have asked the Department and estimates were sent in, the promise from Ottawa was that it would be considered. Nothing more has been heard. The people are much disappointed. We trust the Government will now see their way to comply with our request.

Yours truly

(sgd) W. H. Pierce

Hazelton, September 9th 1908

SIR,-

Supplementary to my letter of even date concerning the building of a school house, etc., at Kispiox, Skeena, I here have the honour also at the same time to advert to your letter No. 743, X-4, dated the 8th of June 1906, and to my reply thereto of August 3rd of that year and the enclosed therewith letter, in duplicate, of Revd. Dr. Whittington to the Honourable Frank Oliver, Superintendent General of Indian Affairs, Ottawa, and another addressed to myself, dated the 2nd of August of that year, respectively; and as well to a plan, in duplicate, showing ground floor and elevation, also specification, in duplicate, of the required material, giving in that case each article and items to cover furnishings, toilet, fencing, freight and labour and other incidental charges amounting to a total of \$806.51, concluding with a recommendation from me concerning the step under consideration about to be taken.

I have the honour to be,

SIR,

Your obedient servant,

[Signature]
Indian Agent.

A. W. VOWELL, ESQUIRE

Superintendent of Indian Affairs, B.C., &c.

Hazelton, September 9th 1908.

SIR,-

I have the honour to state that of late I have been requested by Revd. B.H.Raley, the present Superintendent of Methodist Missions of British Columbia, to enquire what steps, if any, had been taken regarding the building of a school house and appurtenances thereto for the Kispiox Indian day school, in respect to which I enclosed with my letter of the 1st of April 1905 certain specifications and estimates for lumber, and also a plan and tender for lumber thereto attached (all in duplicate) respectively.

This step originated through previous correspondence had as such relative of your letter M-4, 160, dated June the 6th and N-4, 572, dated August 31st 1904, respectively, and emanating of an application made by Revd. W.H.Pierce, of that school, to be allowed to incur an expenditure of \$5.00 pro month for six (6) months for rental of a building for the use of that day school.

I have the honour to be,

SIR,

Your obedient servant,

A. W. Vowell
Indian Agent.
